## Cagers sharpen for Razorback tourney

By BUD POLIQUIN

Now is the time most UConn students have anticipated since early September. The semester break is here - a three week span that will find some of us working for spending money and socializing with old friends. It's a time to review the recently completed semester and await the next. It's a time for travel for some; lounging around for others.

But for the University of Connecticut basketball team, it's a time for little of this and a lot of hoop. The semester break lasts but two days for the roundball players, December 24 and 25, and by the time the rest of the student body reports back to the books on January 14, the hoopsters will have played 11 games!

The Huskies will practice until Christmas Eve and will Rock, Arkansas to participate in Razorback Invitational games, except the Syracuse game, the next evening. contest, are in Storrs.

## Control without Hormones

EMKO is a highly effective spermicide in an aerosol foam that is deposited at the opening of the uterus with an applicator. The foam blocks the sperm while the spermicide kills them on contact.

EMKO contains no hormones and does not enter the circulation system or affect your body chemistry.

You use it only when protection is needed. Apply it in seconds...up to an hour in advance. Won't leak, run, or interfere with sensations.

Recommended by physicians. It is highly effective, but so safe and simple to use you can buy it at drug departments without a prescription.

You don't have to be a junior to spend "Junior Year"at

A "Junior Year" or even a semester at N.Y.U. is now open to sophomores, juniors, and seniors. And one of the best things about spending a year at New York University is spending a year in New York City.

No matter where you are currently matriculated - and whatever your field - N.Y.U.'s College of Arts and Science can add an exciting new dimension to your college career.

You will be able to continue your work in pre-med, predentistry, pre-law. Math. Journalism. Psych. Cinema studies or computer science. Or maybe you'd like criminology, metropolitan studies, the psychology of aesthetics, linguistics, TV news, Hebrew studies, astronomy, archaeology, fine arts. We offer the full liberal arts spectrum. Or education, business, the arts.

After classes, you can savor the special rewards of living in the heart of New York City - the cultural, business, financial, and artistic center of the nation.

Then, after a semester or a year, you can return to your own college to complete your degree.

The program makes an enriching, exciting college experience that you will find nowhere else. For more details, call Dean Mayerson at (212) 598-2425, or mail the coupon below.

## Husky swimmers sweep six events to key victory

Continued from page 1 in 11:14.6.

The Huskies preceded to nationally-touted DelaRama in the 50 and 100-yard freestyles, a first and second to Bob Kirkwood in the 200 and 500-yard freestyles and the final relay to give Amherst its only points.

Captain Greg Wolff and winning the 1,000-yard freestyle sophomore Bruce Sweet were the only double winners for the Huskies as Wolff took the sweep five more events, giving 200-yard individual medley and but two firsts to the 500 free while Sweet won Jesse both diving events.

Diving has proved to be the Husky's strong point with Sweet and Tom Kascak taking first and second in all six diving events this year but one where Brown's All-New England diver slipped in for one second.

Other 1-2 combinations included Dave Darigo and Hal Lawson in the 200-yard butterfly, Tom Barrett and Steve Chaplain in the 200-yard backstroke and Bill Owens and Marc Seleznow in the 200-yard breastroke.

Over in West Point, that bumper crop of freshmen, in losing, managed to turn in a of exciting performances. Rick Weaver again broke the varsity record in the breastroke doing a 2:18.9 over the 200-yard course.

Jay Cilfone won the 50 and 100 freestyles and Rick Lewis won the 200 and 500 freestyles while both joined Pete Sisca and Bryant Bullock in winning the 400 free relay.

Diving depth showed up again as Holly Dunne and Steve Doxsey showed the Plebes how to win off the three and one meter boards.

# The stacked deck

The TEAC 450 isn't your stereotype stereo cassette deck. It's loaded with more features. more flexibility than any other stereo cassette player/recorder under \$1,000. And the 450 only

costs \$429.

To start off, it's

TEAC 450

A 93-mm flywheel has twice the mass of any other TEAC flywheel, dramatically increasing stability of the transport drive element which pulls the tape. In short, you get the quality of reel-to-reel in the convenience

for greater inertia.

Dolbyized. Which means background noise is reduced to the point of true high fidelity. But the remarkable feature that takes this deck out of the cassette class and up to openreel quality is TEAC's new tape drive mechanism. It keeps wow and flutter below an unbelievable 0.07%. How did TEAC do it? With a newly designed capstan having a critical tolerance of 0.15 microns - a perfect roundness that smoothens and steadies tape flow. A new slip clutch has been critically machined to give perfect balance of tension between take-up reel and capstan. A hysteresis synchronous outer rotor motor has the outside revolving

of a stereo cassette deck. And what else do you get with the TEAC 450? The first dual-function Dolby system. Three position separate bias and equalization switches. Two mic and two live inputs with slide control mixing. Full auto or timed stop and shutoff. Large VU meters with LED peak level indicators. High density permaflux heads. Openreel quality preamp. And more. We, at The Sound Company, highly recommend the TEAC 450 stereo cassette player/recorder. It's the perfected stereo cassette deck that serious audiophiles have been hoping would come about for years.

## ALICIA DE LARROCHA

**Pianist** 

Alicia de Larrocha is one of the outstanding pianists of today and could even be considered one of the consummate artists of all time. Everywhere she has played in the United States and throughout the world, she has astounded audiences and critics alike with her superb artistry and her incomparable technique. Critics everywhere have lavished this unassuming, smiling virtuosa with the most extraordinary superlatives. Indeed it is rare when Mme. de Larrocha does not receive a standing ovation and play at least three encores.

She was born in Barcelona, Spain and was a student of Frank Marshall, the successor of the Granados piano school. Mr. Marshall took charge of her piano studies, and the progress made was such that she was allowed to give her first concert in public at the age of five. Today with the mantle of the "Granados Tradition" passed on to her, she is a Director of the Marshall

Academy in Barcelona.

Alicia de Larrocha has been heard in concert many times in the music capitals of Europe, since she first began her tours outside Spain in 1947. Paris, London, Edinburgh, Geneva, Brussels, Lausanne are but a few of the cities whose audiences have cheered her.

In the United States her recitals in virtually every major city, including the Great Performers in Philharmonic Hall, the Hunter College Concert Series and Carnegie Hall in New York, have elicited the warmest praise from her public. Her performances with the New York Philharmonic, the Cleveland Orchestra, the Chicago Symphony, the San Francisco Symphony, among others, have likewise produced an acclaim that makes her one of the finest pianists of the day. From coast to coast she has been cheered as an artist who makes magical sounds on the piano. Miss de Larrocha has been awarded the Spanish Order of Civil Merit, in addition to having received the Medal of "Harriet Cohen International Music Awards" and the "Paderewski Memorial Medal."

REVIEWS

New York:

lofted a throw of 54'10%", o cop the event.

UConn All-American Andy Bessette continued to improve in the 35 lb. weight, throwing a season's best 59'51/2", to win the event. Second place went to the Huskies' John Novak, whose throw of 52'11" was also a season high.

In the 600 yd. run UConn co-captain Steve Hulme, who was sidelined by illness last week, came up with a stellar performance. Hulme together a blazing final lap, to win the event in a time of 1:12.7.

Sophomore Steve Webster freshman Harry Ooms accounted for the remaining Connecticut victories. Webster

## ANTIOCH IS A TOOL

ANTIOCH/BALTIMORE--a college of alternatives in undergraduate and graduate education, a leader in new ways of learning. The Baltimore Center of Antioch College appeals to those who want to affect changes in our society. We offer a wide range of programs:

B.A. in: Human Services . Law, Community and Politics . Social Research and Strategies . Urban Media, including video, photography and film . Creative Writing . Dance . Theatre . M.A. in Media Studies

Antioch/Baltimore's concurrent work/study program is designed to aid students in supporting themselves and complement course work or individual and group projects. Most of our classes are held at night and we award credits for documented life/work experience. Today's colleges and universities must respond to the needs of the communities that surround them. We are committed to making our programs responsive. We attempt to provide financial assistance to students with need. We are considering applicants for Winter and Spring 1974.
