About Fourth Class Post Offices.

Of course, Assistant Postmaster General Maxwell is whacking off heads as fast as possible among the fourth class Postmasters, says the Philadelphia Times. He was put there to do it, just as Headsman Clarkson was put there

four years ago. The fact that Clarkson made 1,328 appointments from March 4, 1889, to April 3, of which 825 were removals, logically made a great many commissions expire during the months of March, 1893; but Maxwell hasn't been much more than half equal to his predecessor, as he managed to make no more than 878 appointments from the 4th of March until the 3d of April, only 370 of which were removals.

It will be seen that Headsman Clarkson removed more than two to one for Headsman Maxwell as far as the returns are in; but the howl of the Republicans goes on now all the same, just as the Democratic howl went on four years ago. Although Maxwell hasn't made removals in half the cases where Clarkson made removals in 1889, the only question is whether Maxwell should be criticised for making any removals at all, or for not making enough.

The civil service laws don't take in the fourth class Postmasters, and they are regarded as legitimate party prey as new political power comes along. When civil service reform shall be accepted by all parties whether in or out of power, there will be hope for fourth class Postmasters, but until then, both parties will decapitate them for party ends, and the party that sufters the decapitation will howl about it.

OPERA HOUSE.

The concert to be given in the Opera House Wednesday evening April 19 by the choir of Grace church promises to be a very enjoyable affair. The musi-cal numbers of the programme have been especially selected with great care, and will consist of piano solos, duets, choruses, male quartettes, etc., under the direction of Horace Hills Jr.

The humorous part of the entertainment has been left in the hards of Dr. C. W. Many and it is safe to say will be well looked after. SOUSA'S MARINE BAND COMING.

At the time of the coming visit of Sousa's Band, some new works are to be heard by that gifted composer, John Philip Sousa. He has spent a large part of the winter on a work founded on "The Last Days of Pompeii" which musical critics say is the finest piece he has written. It is in the form of a Suite, the first number being a description of the Gladiators in the house of Burbo and Stratonice. The second number is devoted to the blind girl, Hydia, in which an exquisite Corno Anglaise solo is heard. The third number is a depiction of the destruction in the midst of which is heard the hymn of the Nazarenes, and the Hydia theme is repeated.

Another piece is a Fantasie on the best known church hymns, which will be accompanied by a chime of church bells, said to be very effective.

Mr. Sousa has also made an arrange-

ment of the exceedingly difficult Wagner Overture, "The Flying Dutchman" which has never been done by a military band, on account of its difficulties, and his own arrangement of Liszt's famous Second Rhapsody almost identical with the original or-chestration, which is also very difficult

All, or most of the above, will be placed in the programme of the concert here to be given May 3d at Music

The following great vocal artists will also appear: Mme. Fursch-Madi, and Mme. Van Cauteren, sopranos; Fraulein Behnne, contralto; Albert L. Guille, tenor; Wm. Nertens, baritone; and Sig. Viviani, basso profundo.

towns to clear obstructed roadways. In the Senate the special order of the day was the petition of Edwin C. Senators Pierce and Holcomb, of the contested elections committee, sub-mitted a majority report in favor of Keeney; Senator Holden (Dem.), a minority report in favor of Pinney.

Senator Pierce said the legislature had not the power to go behind the returns, but the courts had; only, how-ever, in the case of special circumstances. This position was the one he took two years ago, and he could not con-sistently take any other course now. Senator Holden said there were precedents to the contrary, and a long de-

He soon soon found himself a fellow boarder of the cashier of the First National bank. In the course of business the paper passed into the hands of the Merchants' National bank, where it was at once found to be worthless. Of the money received from the check \$150 were given to the society.

VICTIMS OF THE STORM

Great Damage to Property by the Force of the Wind.

SEVERAL FATALITIES REPORTED.

Missouri, Kansas, Texas, Nebraska, Indiana and Illinois Visited by the Mighty Blast, which Left Death and Destruction in its Path.

HIGGINSVILLE, Mo., April 13. - This county was visited on Tuesday by a terrific wind storm which swept everything before it, from the southwest part of the county to the northeast line. Near Page City six deaths have so far been reported. Will Walker, a prosper us young farmer, was at the supper table with his wife and three children when his brick house was blown over, completely burying him and all the children. His wife extricated herself and with great difficulty released him. They were unable to rescue two of the children, who were smothered in the de-bris. The third is fearfully mangled. The wife of J. W. Hutchison, an aged farmer in the same neighborhood, was killed and his house destroyed. Mrs. A. Y. Luke and brother were killed outright and their barns terribly wrecked. Further on Captain Todhunter's barns were demolished and a small negro girl killed on his farm. There are numerous reports and rumors about deaths at Dover and Waverly, but nothing authentic can be secured. In Lafayette county four persons are reported killed. Seven or eight farm houses were totally destroyed. At Rolla ten dwelling houses and barns were blown down. Parker, a hamlet ten miles west of Independence, was almost destroyed. Many houses were completely leveled. The loss of life is believed to be great. At Mayview, several houses were blown down and it is believed several people were killed. The cyclone swept the country northwest of Stanberry. The path of the cyclone was two miles wide. Four farm houses were leveled and other damage done. Several people were killed, among them Mrs. Ward. Her husband and John Shelton were fatally injured. An unknown woman was also crushed to death. Most of the people saw the cyclone coming in time to get in their cyclone cellars. The loss will aggregate thousands of dollars.

The Damage in Kansas.

KANSAS CITY, April 13.—Fierce storms of wind and rain swept over Kansas and Missouri Tuesday afternoon and night, doing an incalculable amount of damage and causing the loss of many lives. In Kansas the town of Parker was laid waste, nearly every house in the place being more or less wrecked, but no lives were lost and few persons were injured. It was also reported that the towns of Willis, Everest and Powhattan were laid waste, but this proved not to be the case, though considerable damage was done. Near Garnet the houses of Walter Hawley and Henry Dykes were completely demolished, but no one was injured. At Walnut many houses were wrecked and several persons injured. The worst is feared from the surrounding country. At Hiawatha a fierce wind crushed in weak store fronts and awnings and threw over outhouses and chimneys. At Powhattan Peter Hoskinson was struck on the head by a flying timber and knocked senseless. At Robinson Owen Pelton was instantly killed by lightning. Much stock was killed by the storm, barns were laid low and hay stacks scattered. Fruit trees were broken and twisted, but they had not yet budded, and there is still

promise of plenty. In Texas and Nebaska.

ALBANY, Tex., April 13.—A terrific wind and hail storm swept over western Texas, laying waste everything in its path. Whole farms, orchards and small grain crops were completely ruined. Not a window pane in the storm's track is left. Granaries, barns, windmills and fences were destroyed. Albany escaped with but slight damage. Many cattle were killed,

but no fatalities are reported.

LINCOLN, Neb., April 13.—Aside from the partial wrecking of the village of Page, in the northern part of the state, no great damage resulted from the storm of Tuesday night. Geneva, the county seat of Fillmore county, suffered the partial demolition of one or two buildings, but no

one was injured.

In Indiana and Illinois. CHICAGO, April 13.—In Illinois a terrific wind, rain and hail storm passed over Rockford, doing much damage in that vicinity. It verged close on a cyclone, breaking windows, tearing up trees and turning over barns and small buildings. At Jacksonville all the streams in the vicinity are out of their banks and bridges are washed away, while fences are floating down stream in confusion. Trees and buildings have also suffered, and many cattle were killed by lightning. In Indiana a terrific wind storm passed over Terre Haute, and did many thousand dollars worth of damage in the city and vicinity. Twenty iron columns of the Vandalia train sheds were blown down and the stone foundation uprooted. At Kokomo the machinery and boiler rooms of the American Straw Board mills were demolished and Robert Douglass, an employe, was crushed to death in the debris. Other workmen had narrow escapes. The building is a complete wreck.

Michigan Catches It, Too. DETROIT, April 13.—A heavy rain storm and tornado struck Ypsilanti, Washtena county, about 7:30 last evening and swept through its centre, leaving destruction in

its path. Twelve or fifteen of the principal business blocks in the city were demolished

and others had their roofs torn off and otherwise damaged. Several dwellings were also wrecked. No one was killed, bnt quite a number were injured. And Mississippi Also. VICKSBURG, Miss., April 13.—Conductor Thomas, of the Yazoo and Mississippi Valley railway, wires here: The entire town of Robinsonville, Coahoma county, was swept away by a cyclone about 4 o'clock yesterday afternoon. All the stores

some whites are buried in the ruins. Only two houses are left standing. Waterbury has got rid of the piggery that defiled its water supply.

RIOTING FOR FRANCHISE. Belgian Workmen Assail the Police with Clubs and Stones.

BRUSSELS, April 18.—Three hundred miners engaged in the strike at Quaregnon, in the Province of Hainaut, made an attack upon the sheds at the mouth of a pit and smashed every window in them. There were many men working in the pit who had refused to join the strikers, and the mob's efforts were directed against them as much as against the owners of the pit.
All sorts of rubbish, old boards, stone

and dirt were thrown into the shaft, the Intention of the strikers being to imprison the men in the-mines. The mob was on the point of attacking another pit when the gendarmes arrived. The strikers finally dispersed, but further trouble is apprehended.

Immediately after the assembling of the deputies yesterday, an excited crowd gathered round the Palais de la Nation. At 4 o'clock the workingmen near the parliamentary building raised a shout for universal suffrage and made a rush to break the police line. The police were driven back and the mob tried to push up the steps. The mounted reserves charged with drawn swords. The mob met them with repeated volleys of stones, but eventually was forced back and partly dispersed. In the conflict several policemen were struck with stones on the head and many rioters were cut or trampled. As often as they were dispersed by the police the rioters tried to reassemble and fight back with

atones the attacking force.

At Cuesmes, three miles from Mons, 3,000 strikers raided the buildings near the pit's mouth shortly after noon, drove off the guards and officials, and demolished all the machinery, houses and shops. Great activity is shown among the labor leaders. All their efforts are now directed

to bringing about an enormous demonstration against the chamber of deputies for refusing to adopt the bill to establish universal suffrage.

HORE SMITH'S CHANGES. Seven of Eight Chiefs of Divisions Asked to Resign.

WASHINGTON, April 13.—There will very few Republicans in the higher grades outside of the classified service in office under Secretary Hoke Smith in a short time. He is making changes in his department quite rapidly, and is proceeding on a policy of giving the offices to Demo-crats and retaining only a few Republicans in special cases. Nearly all the chiefs of divisions and heads of bureaus in his department will have to go. In the land of-fice there are eight chiefs of divisions whose appointment recess with him, and seven out of eight of them have resigned by request. The recorder of the office, Rev. Mr. Roberts, a negro clergymen, of Indianapolis, who is a presidential appointee, has also resigned by request.

Yesterday the secretary appointed Josephus Daniels, a young printer and editor of North Carolina, to be appointment clerk, vice Toner resigned. He also ap pointed W. J. Little superintendent of the Hot Springs reservation, Ark., at an annual salary of \$2,500.

Postmaster General Bissell is moving very slowly with his changes in his office, and the personnel of the office has not changed much. Yesterday he appointed George A. Howard, cashier of a bank at Carthage, Tenn., chief clerk of the department, vice W. B. Cooley, of Pennsylvania, who resigned to enter business.

He inherited the publishing house founded by his father and developed it into a vast establishment, where he employed 700 or 800 workmen and printed and bound some 20,000 volumes daily. In 1873 he received a prize of 10,000 francs as the conductor of one of the establishments where the greatest social larmony and comfort prevailed among the employes. He was decorated with the Drder of the Legion of Honor in 1849.

Plunger Partridge Admits Defeat.

CHICAGO, April 13.—At the close of the session on the board of trade yesterday El Partridge admitted that he had been leaten by the crowd. He said he was a loser by more than a half a million, but he till had over \$2,000,000 with which to fight the clique that had pushed him to the wall, and he would make them sweat for it or lose his entire fortune.

The Engineer Killed.

CINCINNATI, April 13.—A bad freight wreck occurred at London, Ind., on the Big Four. A number of freight cars were thrown from a switch to the main track, down which they rnn at a great speed. A freight train under full steam crashed into the opposing one. The engineer, Bob Brown, was instantly killed and several trainmen slightly injured.

Fifty-three Bodies Recovered. LONDON, April 13.—Up to 2 o'clock this morning fifty-three corpses had been taken from the Pont-y-Pridd pit. Ex-Premier Mercier Discusses the Question of Independence.

ANNEXATION WOULD SOON FOLLOW

He Believes That England Would Interpose no Objections Should Canadians Ask to be Absolved from Crown Control-Arguments for Annexation.

WASHINGTON, April 13.—Ex-Premier Honore Mercier, of Quebec, and J. C. Langelier, late assistant registrar of the province of Quebec, arrived in Washington yesterday. Mr. Mercier said that he was

EX-PREMIER MERCIER.

other political measures had nothing to do with his presence at the capital. In response to a request for his views upon annexation Mr. Mercier said:

"I can speak for the province of Quebec alone. There is with us a strong feeling for annexation under certain conditions. The dominating sentiment, however, is for a separation from England and a complete Canadian independence.

"While there are many strong arguments in favor of annexation our independence comes first. It is, in fact, easier to secure independence than annexation. Annexation must be conducted by treaty, and now England would conduct the negotiations. England would necessarily look after England's interest first, but were we independent we could negotiate our own terms." "Do you think that England would op-

pose your independence?"
"No; I do not. I believe that if Canada should ask England to be absolved from the crown control our request would be granted. Once our independence is gained we would then consider the advisability of

union with the United States.
"During my recent visit in England I talked with many Englishmen upon the question of our independence. The general sentiment of the Liberal party was that we should have it. Many Conservatives, too, expresssed the same views.

"There are many cogent reasons for annexation, including the commercial benefits ensuing. Now a Canadian must pay \$30 and then 20 per cent. upon the value of a horse before he can ship it into the United States. This is merely an example. Again, there are a million French Canadians, or about one-half of the entire race, at present in the United States."

Want Secretary Spaulding Removed. WASHINGTON, April 13.—Thomas L. Bunting, ex-congressman from Buffalo, a canned goods packer, is here as a representative of the Tin Plate Consumers' associa-tion, to urge upon Secretary Carlisle and President Cleveland the necessity for the instant removal of Assistant Secretary Spaulding. They hold that Spaulding's ruling on matters relating to the tin plate duty have been made with partisan bias and that he has been instrumental in grossly misrepresenting the amount of tin plate made in this country.

Sawyer Medicine Co:

GENTIMEN: Having little confidence in the extravagant claims made for most of the proprietary medicines of the present day, I seldom give them a trial, but the pleasant personal acquaintance with your senior, Mr. Andrew Sawyer, extending over twenty years, gave me assurance that any statement made by you regarding your medicinal preparations could be implicitly accepted as facts. I have recently been using your Dandelion Compound for indigestion and an extremely billious condition of the stomach and find the results justify all you claim for it; from my own experience I confidently recommend it to my friends as an alterative and tonic and the assurance of many well known people leads me to believe it a blood purifier and Spring medicine of decided value.
