

EHS Graduate Given Substantial Scholarship

The Grant Charitable Trust announced the awarding of 42 William T. Grant Scholarships. The scholarships, named in honor of William T. Grant, Founder and Honorary Chairman of the Board of W. T. Grant Co.,

ationwide retail organization, are made possible by a gift from the Grant Foundation, Inc. They range from \$200 to \$2,500 a year for four years, the amount of the individual awards being based on need as determined by College Financial Aid officers appointed by Educational Testing Service, Princeton, New Jersey.

Fiesta Dance Saturday Night

A dance will be held this Saturday, from 7-12 p.m. at St. Joseph's School on Pearl St. Tickets are \$3 per couple and can be bought at the Neighborhood Center, No. Main St., or at the door.

Music will be provided by Mariano Nieves and his Combo. Special guest star is Luis Gonzalez, famous recording artist.

Native Puerto Rican food will be served. The dance, which is open to the public, is a part of the fund-raising activities being held here in Thompsonville under the direction of the Puerto Rican Parade Committee of Conn., Enfield Local Committee.

The fourth Sunday in Sept. of each year is designated by the Governor as Puerto Rican Day in Connecticut.

Any Conn. town in which Puerto Ricans live has the opportunity to hold their own fund-raising campaign and hold their own Coronation for their queen. The queen and her court chosen by each town is represented in the Conn. Puerto Rican Parade held Sept. 28.

At the end of the parade the name of the queen from each town represented is put into a sealed envelope. One envelope is selected at random and that person is designated the Puerto Rican Queen of Conn.

The Enfield Coronation will be held on Sept. 13 at St. Joseph's School from 7-12 p.m.

Recipient of a substantial scholarship grant is Gary Kenneth Geoffroy, son of Mrs. Roger Geoffroy of 199 Brainerd Road. Gary is a 1969 graduate of Enfield High School and plans to matriculate at the Rhode Island School of Design in Providence.

Competition is open to employment (Continued on Page 3)

Highway Division Work Schedule

During the week of July 21-25, grade 2 paving was completed on Parker St., Williams St., Laurel St., Park Ave., Green Valley Dr., Laurel Park and a portion of Nutmeg Ave., reported Roger Mullin, director of the Dept. of Public Works.

Other work accomplished during this period was the preparation of new roads for paving and cutting out manholes and catch basins; starting excavation of the Barnard School parking lot; finished loaming and seeding on Middle Rd. with the exception of one house; excavated graveled portion of Town Farm Rd. with the exception of fine grading before paving.

Work also completed during this period was the hauling of gravel for Powder Hill Rd. and Town Farm Rd.; completing the installation of the bumper fence (Continued on Page 3)

Receiving Scholarship Check

Donald A. Peltier, manager of Grant's in the Elm Shopping Plaza is presenting a scholarship check to Gary K. Geoffroy in ceremonies held yesterday at the Mountain Laurel Restaurant. To the left of Gary is John J. Cepiel, Grant's operations manager; Mrs. Roger Geoffroy, Gary's mother; and Mrs. Mary Colturi, Grant's personnel manager.

H'ville Boy Dies In Bridge Fall

Bruce W. Russell, son of Mrs. Beverly (MacDonald) Russell of 9 Midway St., Hazardville, and the late Harold E. Russell, died Monday night of injuries sustained earlier in a fall from the old railroad trestle that spans the Scantic River near the DeBell and Richardson plant in Seftico.

According to one of Bruce's many friends, four of them had been swimming and were returning home via the old bridge. Bruce, in order to avoid a bee's nest, stepped close to the edge of the bridge, slipped on a wet railroad tie and fell 30 feet into a tree on the shore of the river where he became wedged. An employee from DeBell and Richardson arrived on the scene and extricated him.

Bruce W. Russell

He was rushed to Johnson Memorial Hospital in Stafford, by Patrolmen Charles Bednarski and William Edgar, and later transferred to St. Francis Hospital in Hartford, where death occurred the same night.

Bruce, had he lived, would have observed his 15th birthday yesterday, Wednesday. He was born in Hartford on July 30, 1954, and would have entered the 10th grade at Kosciuszko Junior High in September.

The funeral will be held tomorrow morning from the Somers Funeral Home with services conducted by the Rev. Edward W. Johnson, at 11 a.m., in St. Mary's Episcopal Church, Hazardville. Burial will be in West Cemetery, Somers. The following friends will serve as bearers: Clifford Ross, Reg McGowan, Mike White, William Hoskins, Thomas Gerick and Brian Ellis.

In addition to his mother, Bruce is survived by four sisters, Joyce and Beverly Russell, at home; Mrs. Stephen Pastula and Mrs. John Falotte, both of Hazardville; three brothers, Mark, Harold E. Jr., and Glenn Russell, all at home; and the maternal grandparents, Mr. and Mrs. James E. MacDonald of East Hartford.

School Board, Teachers To Sign Agreement Tonight

It has been announced by the Enfield Board of Education that the negotiating teams of the Enfield Teachers Association and the Board of Education have come to a mutual agreement concerning the terms of a contract for teachers for the coming school year.

The contract will be signed tonight at 8 in the school administration offices at the A. D. Higgins School.

The agreement ends a long impasse between the board and the teachers which resulted in the naming of an impartial three-member arbitration board several weeks ago in efforts to settle the teacher contract controversy.

The main issue in the dispute

concerned teacher salaries for the coming year. An original offer by the school board to the ETA, proposing annual salaries averaging from \$500 to \$800 was rejected by the ETA.

A compromise agreement was tentatively reached upon recommendation of the arbitration board to add \$25,000 toward the teacher salaries over the sum currently in the town budget.

Large cuts in the school budget for the coming year by the Town Council placed the school board in an uncompromising position concerning the salary dispute.

Other areas of disagreement included requests of the ETA for additional teacher aides in classrooms and a new salary schedule for staff members of the physical education department. The school board had eliminated a request for more classroom aides for teachers in the new budget, amounting to about \$79,000.

Under a new state law, the Town Council is empowered to review and approve the signed contract.

Boudah Is Candidate For Council Re-Election

William J. Boudah has announced that he is a candidate for re-election to the office of Councilman from District 4. Boudah was named to fill the unexpired term of Carl Lundquist last Sept. 1 by the Town Council.

Boudah, in announcing his candidacy for re-election, released the following statement: "In the short period I have served as a councilman, I have participated in some tough de-

William J. Boudah

isions, especially those regarding our sewer program and the new 1969-1970 budget. These decisions may not be agreeable to all but they were made, I believe, for the good of all citizens of the Town of Enfield.

"During the next two years we face great challenges in the areas of Urban Renewal, Industrial Development, and an ever expanding school system. This Council has proven to be equal to these challenges and during the recent past we have seen a drastic decrease in the issuance of building permits for single family homes. I have just

(Continued on Page 3)

Final Registrar Session Monday

All interested town voters will have a final chance to list or change party affiliation and to report any address changes before the coming November municipal election, announced Mrs. Eleanor D'Amato, deputy Democratic registrar of voters.

A session for voters to accomplish the above will be held next Monday from 3 to 6 p.m. in the council chambers in town hall.

It was stressed by Mrs. D'Amato that the session is open to all voters, regardless of party affiliation. She also stressed that it will be the last such session to be held by town registrars before the municipal election in November.

Continue Case Of Local 'Pusher'

Enfield's first case of an alleged drug "pusher", to be recorded came Monday in Circuit Court 13, when Joseph E. Paquin of 180 Elm St., was charged with the sale of marijuana and LSD. The case was continued and Paquin, who is 20, was returned to the Hartford Correctional Center in lieu of \$25,000 bail.

By order of Judge Joseph J. Robert C. Lago, all charges against Paquin will be consolidated and he will be returned to the court on Monday to make his plea.

Enfield detectives arrested Paquin, charging that the prisoner had sold LSD to a 17-year-old youth who created a disturbance. (Continued on Page 3)

Local "People To People" Sponsor Forty-Eight French Students Here

A group of 48 visiting students from France arrived here Monday under a program sponsored by the Enfield chapter of "People to People."

Theodore W. Robbins, president of the local chapter, said 29 area families will host the students through Aug. 3.

Several tours have been planned for the group during this period. On Tuesday, they visited Sturbridge Village in Mass. and toured Hallmark Cards on Wednesday. Today, they will visit the Aetna Life Insurance Co. in Hartford and locally will visit the Mark Twain and Harriet Beecher Stowe schools. Tomorrow they will walk among the tobacco plants at the Haas Company in Hazardville.

On Saturday at noon, the students will have a "swim-in" at the home of Mr. and Mrs. David Chichester at 28 Post Rd. and a "pot-luck" picnic at the home of Mr. and Mrs. Robert Starr at 47 School St., Hazardville, at 5 p.m.

On Sunday, they will attend church services.

Their hosts will plan additional side trips as individuals. The group will leave Monday by bus for Red Bank, N.J., where they will spend one more week before meeting the remainder of their countrymen in Washington. The total number of the group in the U.S. is approximately 200. From Washington, they will return to France.

Host families for the visitors are:

Karen & Bob Andrews of 58 Hollowbrook Rd., Poquonock; Paul W. Bidwell of 61 Steele Rd., Enfield; David Bland of 1371 Enfield St., Enfield; Donald Butler of 27 S. Stone St., West Suffield; David Chichester of 28 Post Rd., Enfield; Edwin Collins of Powder Hill Rd., Hazardville; Mrs. Chas. Creedon of 31 Stardust Dr., Hazardville; Mrs. Nancy Darby of 3 Thomas St., Thompsonville; Richard Edlund of 302 Abbe Rd., Hazardville; Charles Fratz of 1245 East St., Suffield; and

Also, Joseph Guminski of 18 John St., Thompsonville; E. L. Kirchmeier of 288 Abbe Road, Hazardville; Raymond Langan of 16 Light St., Thompsonville; Frank R. Mack of 10 Tanglewood Avenue, Thompsonville; Rev. John Maurer of 5 Franklin St., Thompsonville; Robert McCord of 37 School St., Hazardville; Phillip O'Donnell of 4 Elizabeth St., Thompsonville; Raymond Paradis of 17 Play Road, Enfield; Mark Pumiglia of 5 Circle Dr., Hazardville; John Ramsey of 13 Riviera Drive, Thompsonville; Robert Robbins of 5 Quaker Lane, Thompsonville; Theodore W. Robbins of 7 Thomas St., Thompsonville; Edward Smith of 5 Thomas St., Thompsonville; Donald Smith of 41 Brook Rd., Hazardville; Robert Starr of 47 School St., Hazardville; Edward T. Webster of 26 Powder Ridge Rd., Hazardville; William D. Wolfson of 13 Tyler Rd., Hazardville; Leroy Wright of 5 Magnolia Dr., Enfield; and Jay Wright of 19 Guild Street, Thompsonville.

New Symbol

The Enfield Chamber of Commerce is, this week, introducing a new symbol. The symbol is a house. The house or home is Enfield's principal business and the homeowner the principal customer of the Chamber of Commerce members. This symbol is featured on an adhesive decal. The decal will be displayed by Enfield Chamber of Commerce members. Chamber President Francis A. Burke, Jr. said "Chamber of Commerce members are investing their time and money in your community. We urge all to look for the new symbol and patronize those stores belonging to the Enfield Chamber of Commerce." E. Payson Smith, right, publisher of the Enfield Press is affixing the new symbol to the main door of the newspaper plant. With him on the left is the president of the Chamber.

Hearing On Sidewalk Dispute August 12th

Attorneys for both sides in a current land dispute between George Raffia and the Town of Enfield, met with Judge John J. Bracken in his chambers at the Court of Common Pleas in Hartford this week.

Raffia had bought suit against the town, claiming that Enfield was trespassing on his property with no legal right to do so. He said the town had started work to build new sidewalks on his property on Raffia Road, and sought a temporary and permanent injunction and \$10,000 damages. The work was stopped

pending disposition.

A hearing will be held on Aug. 12, in the Court of Common Pleas in Hartford, in the dispute. Judge Bracken, it is understood, wishes further information as to how the town established its boundary lines on the east side of Raffia Road bordering hte Raffia property.

The sidewalk, if completed, is planned to accommodate pupils of the Southwood Acres section who must walk to their grade school in the vicinity.

Raffia contends the town (Continued on Page 3)

Gigantic Fireworks Displays To Feature Mt. Carmel Feast

The annual three day Feast of Our Lady of Mount Carmel will begin tomorrow and continue through Saturday and Sunday, according to Joseph Petronella and Antonio Troiano, co chairmen.

The celebration will commence with an outdoor dance at Mount Carmel Park on Park Ave. from 8 to 11 p.m. Music will be furnished by the Broken Reigns.

On Saturday morning, there will be a series of short street parades through the downtown Thompsonville business district. The parade will be headed by La Nuova Band of Springfield,

directed by Antonio Bevevino.

A concert will be presented Saturday evening from 8 to 11 p.m. by the La Nuova Band conducted by Gaetano Misterley of Springfield. Vocalists will render popular Italian and American selection during the program. The vocalists are Ches ter Tenczar, baritone and Dolores Asselin Eugene, soprano.

A gigantic fireworks display will be presented at 11 p.m. which will terminate the activities for the day.

On Sunday, an outdoor Mass will be held at the park at 9 a.m. Father John Benito of New York City will celebrate the

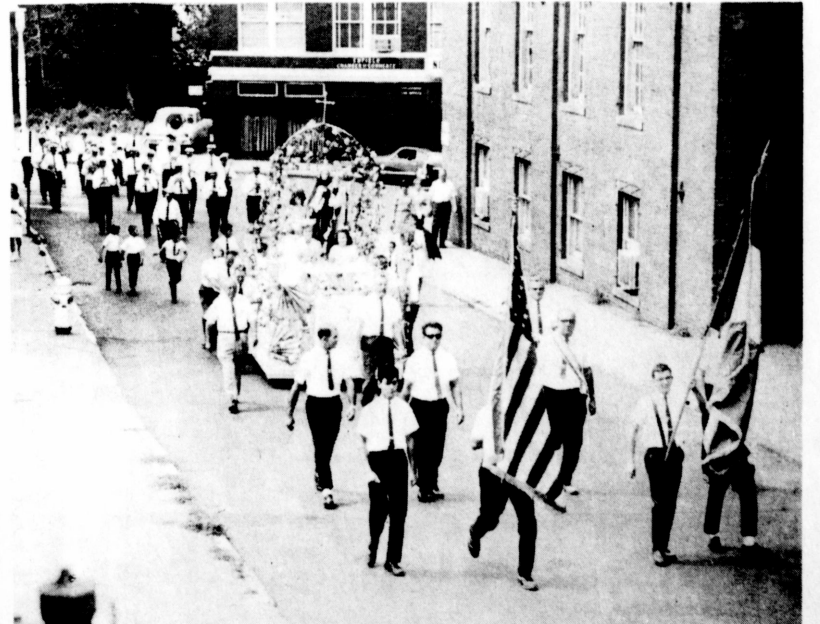

Mass and deliver the sermon in the Italian language. In case of rain, the Mass will be held in St. Patrick's Church.

Following the Mass, another parade will be held through the principal streets of downtown Thompsonville. The procession will be headed by the statue and standards of Our Lady of Mount Carmel. Marching in the parade will be La Nuova Band, members of the local Mount Carmel Society and its auxiliary and the Springfield Mount Carmel Society and its auxiliary. Also marching will be the St. Lucia Society of Hartford.

(Continued on Page 3)

Mr. and Mrs. Theodore Robbins, left, are processing and acquainting the 48 French visitors with their Enfield area host families. The scene is in the Town Hall council chambers last Monday afternoon. Robbins is president of the Enfield chapter of "People to People", sponsors of the program.

Mt. Carmel Society Feast Procession

La Nuova Band of Springfield is shown parading through downtown Thompsonville during last year's annual Mount Carmel Society feast. This year the three-day celebration will begin tomorrow and continue on Saturday and Sunday. Principal events of the affair will be held at Mount Carmel Park on Park Ave. The band is directed by Antonio Bevevino.

Police Explorer Post

Mayor Frank Mancuso is addressing members of the Police Explorer Post during their meeting Monday evening in the police assembly room in Town Hall. To the right of the Mayor is Earl M. Gordon of 77 School St., who will instruct the group in a 5-week standard First Aid Course. Behind the Mayor is Patrick Conley, assistant director of the Post. Seated at the left is Andrew Raiche, director and to his left is Police Chief Walter Skower.

★ EHS Graduates

(Continued from Page 1)
 yeens and sons and daughters of employees of W. T. Grant Co. Winners are chosen on the basis of their scores on the Scholastic Aptitude Tests of the College Entrance Examination Board, and their total high school records both in academic work and

extra curricular activities. Final selection is made by a committee of educators, and winners may go to any accredited four-year college or university in the United States. The program is administered by Educational Testing Service, Princeton, N.J. Since 1957, when the program was inaugurated, a total of 366 William T. Grant College Scholarships have been granted.

★ Sidewalk

(Continued from Page 1)
 should have built the sidewalks on the opposite or west side of Raffia Road for about a half mile to connect with the sidewalk already located at the corner of Prior Road. He also contends that a traffic safety hazard will be created if the walks are built on the east side of Raffia for they would connect with the shopping center with its several driveways leading in from Raffia Road.

The reason for selecting the east rather than the west side of Raffia Road for sidewalk construction, was given by officials as lack of sufficient space on the west side, and drainage problems as well, while the town has, in the opinion of the officials, a right-of-way on the east side.

Atty. Thomas P. Arvantly represents Raffia in the court action, with Atty. John Adams, town counsel, representing the town.

★ Highway Division

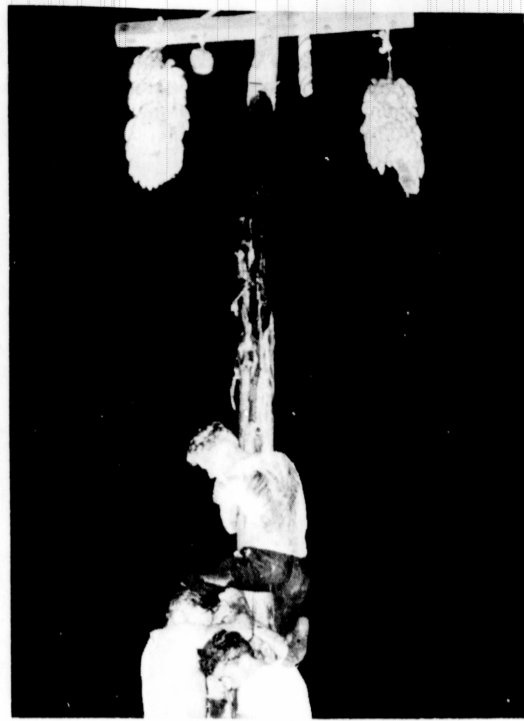

(Continued from Page 1)
 at Neelans-Abbe intersection: installed a stop sign at the intersection and partially completed the backing of curbs. Mullins reported that Vac-all spent the week cleaning the streets in the Whitacres area and that the street sweeper was in operation all week in paving areas and main roads. The work scheduled for the week of July 28 is the paving of Middle Rd., Pearl St., and Pearl St. Extension; using the Vac-all all week in the Whitacres area cleaning catch basins; operating the street sweeper in paving areas and main roads; paint the stop bar at the Neelans-Abbe intersection and finish backing up the curbs; install boxed culvert and culvert pipe across Powder Hill Rd. for drainage; haul gravel to Barnard School; loam and seed Warriner Ave. and install 50 stop signs in Green Manor. Mullins stated the Powder Hill Rd. widening and paving is awaiting the removal of a pole by the utility company. He said the road will be graded prior to paving. Mullins also reported the highway division of the Public Works Dept. is presently staffed by 47 personnel. Included are 17 refuse collectors, 3 mechanics and 27 highway workers.

★ Boudah

(Continued from Page 1)
 read a survey of our actual dollar tax costs for the average single family home and find that while providing better services, our tax costs are lower than most, and barely more than those of other of the seven or eight surrounding communities.

"While I certainly want to keep it that way, we have to allow for the growth of our school as required to meet the ever increasing needs of the children of Enfield. It is to this area to which I will direct my efforts the next two years representing the people of District 4."

Boudah is married to the former Elizabeth Toth of Windsor Locks. They are the parents of two sons, William Jr., 10, and David 9. The family resides at 28 Lancer Drive.

Greased Pole Contest

Aspirants for the goodies and money at the top of the greased pole are having a difficult time reaching for the prizes. The greased pole contest is an annual event of Our Lady of Mount Carmel feast.

★ Gigantic

(Continued from Page 1)
 The evening program will open with a greased pole contest at 6 and another band concert from 8 to 11 at Mount Carmel Park. The grand finale of the three-day celebration will be another gigantic fireworks display at 11 p.m. A midway at the park will provide refreshments, amusements and rides. Park Ave. and

 bance a week ago at the Teen Center. The youth was committed for 30 days' observation to Norwich State Hospital. Pacquin, at the time of the alleged sale, was free on bail awaiting court action on similar drug charges. Marijuana, LSD and over \$300 were found in his possession at the time of arrest, police reported. Pacquin is unemployed.

Luce Lobster Sale

Kim Boucher of 21 Marshall Dr., Thompsonville, is fascinated by the huge 23-pound lobster on top of a GE color console at the Charles A. Luce Co. in Hazardville. Big 10-lb-and-over lobsters are being given away by Charles A. Luce with each major appliance purchased during the 2nd annual Lobster Sale through Saturday. Kim was shopping with her uncle, Howard Krampitz of Enfield St., who purchased a GE color set and of course, took home a lobster for Kim and the family to relish.

HEALTH & SAFETY

Mainly for Mothers

by Carol Hart

Read and Heed for Family Health

Suppose you and your friends tested about 5,000 recipe ingredients? And suppose one recipe resulted from your efforts? You'd be pretty careful to write down the exact measurements, the timing and all the other elements of your perfect recipe to help others to use it, wouldn't you?

The label on your medicine container is just like that recipe, says the Council on Family Health, a non-profit organization sponsored as a public service by leading members of the drug industry to promote home safety and family health.

The development of a medicine requires lots of "recipe testing" by a closely-knit research and production team. It may include botanists, physicists, bacteriologists, microbiologists, physicians, pathologists, pharmacologists, mathematicians, engineers and many others.

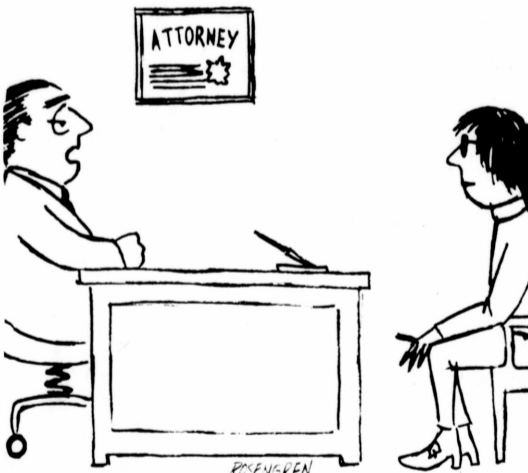

As many as 100,000 substances may be tested in a year to produce 20 new medicines. When a compound is ready to reach you, it has been tested and re-tested. The manufacturer makes up the medicine in accurately measured tablets, capsules or other dose forms. The directions tell you how many tablets, capsules, spoonfuls or drops to use.

Take time to carefully read the label, and any additional information which may be found either on the medicine carton or as a package insert. If you read carefully, you will learn how often and how much medicine is to be used, whether it is for external or internal use, whether to shake well before using, whether to dilute medicine, and any other directions.

You will also learn about any

special precautions you should take, and a description of what the medicine is intended to do. Prescription medicines have the date they were written by the doctor and the name of the patient for whom the medicine was ordered. Such information helps you determine when a medicine should be discarded because of age, and reminds you that it should not be used for any other member of the family.

NEWS OF SOMERS

Reporter: Mrs. Leland Oliver — 749-4551

Taxes - Pay Now, Pay Later

Roy Filler, Tax Collector, will be at Somers Town Hall this month from 8:30 to noon and from 1 to 4:30 p.m.

To make real estate tax bills less distressing, residents may take advantage of the Connecticut custom of tax payments on the installment plan whereby one-half of the bill is paid before Aug. 1, and the rest any time up to Feb. 2, 1970.

After that, delinquent taxpayers will be charged three-quarters of one per cent interest a month from the due date, which equals nine per cent interest a year.

Taxes levied on motor vehicles, however, must be paid in full this month as the tax collector is required by state law to report the names of delinquent owners to the motor vehicle department by Aug. 2. Persons so reported will be unable to obtain vehicle registrations until all taxes have been paid.

Unused or abandoned vehicles which are registered are subject to be taxed for subsequent year unless license plates

are returned to the motor vehicle department.

With regard to the current tax year, bills on the grand list of \$18,627,239 totaling \$1,119,224.33 were mailed the latter part of June. This represents an increase of \$151,452.48 in the levy to be produced over that gained from last year's grand list of \$18,262,137.

The list for the fiscal year 1970 consists of 1,954 real estate bills at \$4,940,817.78; 3,506 motor vehicle bills at \$113,764.27 and 317 personal property bills at \$64,642.28.

Miller reports that on June 30, tax liens were filed on 43 pieces of property and that two demand notices were issued for real estate back taxes which were paid before the auction dates.

Last year Miller received 98.96 per cent of the bills for the fiscal year which ended on June 30. This exceeded by four per cent the tax collectibility prediction made by the finance board.

Variances Granted For Professional Offices

The Board of Appeals has granted variances that will allow two homes at Main Street to be used as office buildings.

Board Chairman Morey W. Smith said the variances will allow Dr. Josephine Rodrique to use a home as a medical office and Town Atty. J. Donald Shannon to convert another home into a building that will house professional offices.

The variances that were granted in an executive session of the board, state that "no changes or alterations may be made to the buildings that would tend to detract from the residential appearances."

Some objection to the request for variances was registered last week at a public hearing by Main Street homeowners who said the variances would constitute spot zoning.

Dean's List Students

David M. Angelica, class of 1970, son of Mr. and Mrs. Joseph A. Angelica, Sr., of 1274 Enfield St., and Stephen J. Tremont, class of 1970, son of Mr. and Mrs. L. Woodrow Tremont of 7 Grove Rd., both of Thompsonville, have been placed on the Dean's List at Trinity College in Hartford.

LOW PUTT WINNER

At the Cedar Knob Golf Course the recent winner of the Golf Tournament for the nine hole Low Putt was Doris Morginson for 15 putts.

Voter Enrollment Tomorrow

The Registrars of Voters will hold a mandatory enrollment session on Friday, Aug. 1, from 6-9 p.m., at Town Hall, Somers, for the purpose of enrolling registered voters in either political

party. This is not a voter-making session. It is solely for enrolling into either political party persons already registered as electors in the Town of Somers.

New Autistic Chapter Planned

Mrs. Christine McCullough announces that the first annual meeting and conference of the National Society for Autistic Children was held in Washington D.C., recently.

A computerized typewriter, to help these children to read better, was demonstrated at the meeting.

In the near future we are going to organize a chapter in Connecticut and we will be interested in the cooperation of the townspeople. Anyone having

an autistic child may contact Mrs. McCullough for further information.

The principal speakers at the meeting were Dr. Leo Cannara, Dr. Carl Fenichel, director of the League School for seriously disturbed children, and Dr. Bernard Rimland, director of the Institute for child behavior research.

A report was given on the Megavitamin study of autistic children.

Another Fish Story

Wayne Karcz, left, 10, of 57 Church St., going into the 5th grade at Higgins School, caught this fish, a 20-inch carp at Freshwater Pond recently. Helping him hold the heavy fish on the right is Austin Grady, 11, of 82 Pleasant St.

Playground Peanut Hunt Winners

Over 2,000 children took part in the annual peanut hunt sponsored by the town Park & Recreation Department and held at the playgrounds. Each playground had five winners.

Michael Crowley, Walter Piepul, Marita Lapointe, Walter Olechny and Robert Hamborg were winners at Lafayette. Francis Pierce, Debbie Fournier, Frankie Bourque, Lori Binnenkade and Billy Berry won at Hazardville. Peanut hunt champs at Kosciuszko were Tammy Zumwalt, Diana Keene.

Sports Hindsight

by Art Landry

Normally I am the kind of fan who likes to see a slugfest in baseball. Sunday night's game between the Boston Red Sox and Seattle Pilots was no slugfest but it took the record for game protraction for the year.

Surprisingly enough, it was a very exciting game even though the score was low for the first 19 innings or so. The Sox would mount a minor threat only to be put down and then the Pilots would get hot for a couple of batters and then cool off again. Several times it looked as though one team or the other would pull the game out and yet it went on and on and on.

It looked as though Reggie Smith's homer would be enough to win the game, it was so tight, but the Pilots came back with one and tied up. Then the Sox got one in the 14th or so and the Pilots had a man on second with two out in the bottom half of the inning. Son Stephen said at this point, "It's all over, Dad." "You never know," I answered, "a single could tie it up again." Of course a single did happen and my son accused me of wishing it to happen, which I promptly denied, of course.

Then Joe Lehouc came to bat in the 20th with a man on base, smacked a no-nonsense homer to give the local fans a big, deep breath and the thought that they may get some sleep after all. The Sox added one more and the Pilots could only manage a two out homer in their half of the inning to give Boston a 5-3 win.

When sportswriters and sportscasters looked up the records on the longest games ever played they came up with the fact that Boston clubs were involved in all long games. The Boston Braves hold the record in the National League with a 24 inning game while the Red Sox hold the record of 26 innings in the American. Amazingly enough, the pitchers for all clubs involved in these longest games went the full distance. Yes, we do mean that pitchers went 24 and 26 innings without relief.

Today's pitchers could hardly do that. If you can get a pitcher to go nine innings in this day of the superman, you are really doing something. The pitchers were not paid in five figures in those days either. Of course four figures went a lot further in those days too. Four figures today just about puts the food on the table, if you don't buy too many steaks.

This is the age of the specialist. If you have a sore toe, you go to a toe specialist, a sore ear — an ear specialist, etc. etc. There are as many specialists as there are parts of the body, it seems. The same is true in sports, even in baseball. Some players specialize in hitting and some specialize in fielding while some are great fielders, but weak hitters. In the old days of fewer teams you had to do both jobs equally well or you stayed in the minors.

Even the pitchers are specialists. They start a game with the idea that they will stay in as long as possible, which is usually five or six innings, and then go to the showers as a specialist relief pitcher comes in to win the game for them or lose it for themselves.

Football has its specialists too, of course. If a man can kick a ball long straight and through the uprights, he is made a kicking specialist who probably never gets tackled, and if he does the other team probably gets penalized 15 yards for touching him. Of course you must have a special team for offense and a special team for defense.

There are also specialists in the writing field. There are baseball writers, football writers, basketball writers, etc.-etc. We are more like the general practitioner. We write all sports and welcome the challenge. At least it gives us something to do all year round.

Even get back to the Red Sox: Even after 20 innings of baseball they still found themselves 13 games in back of the Orioles as the birds pounded the White Sox 17-0 and allowed the pale hose only two hits. Oh well, I suppose they could have been 14 games out. Will it make a difference at the end of the season? It doesn't look like it, but who can really tell?

Miss Kathleen Marie Blodgett and Robert Sherman Bromage of 755 East St., Suffield, were married July 26 in Sacred Heart Church, Suffield. The Rev. George Butler, pastor, performed the ceremony.

The bride is the daughter of Mr. and Mrs. Raymond Blodgett, of 788 Thompsonville Rd., Suffield. The bridegroom's parents are Mr. and Mrs. Robert Bromage of Berlin.

Carrying a prayer book with orchids and Stephanotis, the bride wore an empire gown of white silk organza accented with Alencon lace and seed pearls. Mrs. Frank Beneski, her cousin, was matron of honor. Bridesmaids were Miss Patricia McHugh, cousin of the bride; Miss Marilyn Bromage, sister of the bridegroom; Miss

Judy Ann Grabinski and Miss Carol Stone. They wore empire gowns of maize faile and carried bouquets of turquoise and white daisies.

Richard Lombardi was the best man. Ushers were Alan Tracy, Michael Cummings, Douglas Meyers and Robert Adams. A reception followed at the Mountain Laurel Restaurant in Thompsonville. Upon returning from a wedding trip to Canada, the couple will live at 773 East St., Suffield, after Aug. 10.

Both Mr. and Mrs. Bromage are teachers in the Enfield school system. The bride was graduated from Southern Connecticut State College, New Haven, and is studying for a master's degree at Springfield College. Mr. Bromage is an alumnus of Springfield College.

Union Services

The Union Summer services Sunday, Aug. 3 and Aug. 10, will be held in Second Baptist Church at 10 a.m.

The Rev. Frederick Knox, minister of Allston Church, Allston, Mass., will be the guest preacher. He is the father of Mrs. Glen Stoddard of Suffield.

The Rev. Glen Stoddard, associate minister of Second Baptist Church, will preach on Aug. 10. He is attending the Conference on Religious Education in Green Lake, Wisc., this summer.

During July, the union services were held in the First Church of Christ, Congregational, and the Second Congregational Church of West Suffield, for two Sundays each.

The last three of the union services, Aug. 17, 24 and 31, will be held in the old First Baptist Church, which is open for just these three services each summer.

Voters May Enroll At Aug. 1, Session

The Registrars of Voters will hold a session Friday, Aug. 1, in the town hall from 6 to 8 p.m. for the enrollment of voters on the party lists before the party caucuses are held to nominate candidates.

According to state law only registered party members may vote in party caucuses.

Savings Bank Opens New Home

The Suffield Savings Bank will hold an open house at its new building at 66 North Main St., this Saturday, from 9 a.m. to 3 p.m., Sydney F. Fuller, bank president has announced.

Brief ribbon cutting ceremonies will take place at 9 a.m. with First Selectman Daniel F. Sullivan and Deputy Bank Commissioner Maurice Ferland participating.

A commemorative gift will be presented to all visitors in celebration of the bank's 100 years of service to the community, Fuller said. Refreshments will be served throughout the day by the Catholic Women's Guild of Sacred Heart Church.

The new home office building will be open for business, Monday Aug. 4, the president said.

The new banking house has been built at the same location

that the Suffield Savings Bank opened for business 100 years ago on July 6, 1869, when the first office was in the general store owned by H. and L. Sackett.

The bank has had five locations, including the new building, all in the Main Street business area. After leaving the store, the bank was located in the old First National Bank building at the corner of Bridge and South Main Streets; then finally in its own building at 6 North Main Street which it has occupied from 1913 to date.

The bank was chartered by the Connecticut State Legislature on July 19, 1869, with 31 charter trustees. Martin J. Sheldon was the first president.

From its Passbook No. 1, opened by Heakiah Sheldon in the name of Mrs. Emma Clara

Teachers Study

Loomis, with a deposit of \$50, the Suffield bank has grown to a bank that today has deposits of more than \$24,500,000 and assets of more than \$27,000,000, with branch offices in Enfield and Windsor Locks, as well as the home one in Suffield.

Present officers are Ernest A. Warner, chairman; Sydney F. Fuller, president; David H. Johnson, executive vice president and treasurer; Bruce A. Charland, secretary and assistant treasurer; John A. Washburn, assistant secretary and assistant treasurer; Lanard A. Krause, assistant treasurer; and David W. Patterson, assistant secretary.

Richard Roy, Suffield High School science teacher, has been authorized by the Board of Education to participate in a home study electronics program at board expense in preparation for the electronics course he will teach next year.

The board has also granted a leave of absence to Mrs. Nancy Gleason next year to study for a master's degree in art at Mt. Holyoke.

In both cases the board action is in line with its policy to encourage professional development of its school staff.

Deed For Center Transferred

The deed for 6.23 acres of land, designated as Parcel 4 in the Suffield Center Redevelopment, was transferred on July 25, from the Redevelopment Agency to the Suffield Center Corporation which had been named developer of the land by a town meeting Sept. 19, 1968.

In the transfer ceremony held in town hall, William W. Galvin, Jr., treasurer of the Redevelopment Agency, gave the deed to Meade Alcorn, president of the Suffield Center Corp., who in turn handed Galvin a \$79,500 check for purchase of the redevelopment land.

Others participating in the ceremony were Town Clerk Harold Remington; First Select-

man Daniel Sullivan and Lawrence St. John and Leavitt Ahrens, treasurer and secretary of the corporation.

The deed was signed by Walter Rearick, chairman of the Redevelopment Agency and the first selectman as authorized by the September town meeting.

The sale price was also authorized by the same town meeting. The deed includes the road entering the area from Main Street at the north end of the project which has been built by the Agency, Ahrens said.

The Suffield Center Corp. is a private corporation of residents of the town, which was formed with the object of keeping the development of the center under local control.

Operating under a sales agreement made with the Redevelopment Agency, the corporation started developing the eastern part of the project as a shopping plaza before the deed was transferred.

Roadrunners Nab 1969 Championship

The Royal Blue Roadrunners are the champions of the Suffield Boys' League for the 1969 baseball season. They received trophies at the league's picnic, July 27, at Sunrise Park attended by members of the four teams in the league, coaches and umpires.

Members of the championship team are Matt Forman, Peter Bernani, Rich Mills, Joe Audet, Mark Bedard, Jim Chapdelaine, Mark Christiansen, Walter Drewnski, Mike Dreczko, Tony DeLorenzo, John Parshey, Rich Romeo and Steve Wence.

The champions were managed by Russ Mills Jr., and coached by Ron Radziewicz.

The 10-week season of the Boys' League for boys 13-15 years old closed with an All-Star game played July 22 at the McAllister Middle School, by a team of players from the four league teams versus the Roadrunners. The All-Star team won 10 to 4.

David Padegimas pitched and Kenny Barnes caught for the All-Stars. Pitchers for the Roadrunners were Rich Mills, Matt Forman and Peter Bernani. Joe Audet was the catcher.

Carl Barnes and Wallace Padegimas were manager and coach for the All-Stars.

Russell Mills Sr., president of the Boys' League, thanks all townspeople and other interested supporters who have made possible another successful season.

33 Offices To Fill At Town Election

There will be 33 elective positions to be filled on the ballot in the biennial town election in November.

The charter for a new mayor-town council meeting form of government, which failed to pass in the May 1 referendum, would have reduced the number considerably by eliminating some positions and combining others.

The offices to be filled include First, Second and Third Selectman, Town Clerk, Town Treasurer, Tax Collector, Agent of Town Deposit, all for two-year terms; and three constables for four years. Also to be elected are members of various boards and commissions as follows: three members of the Board of Finance for four-year terms and one for a two-year term; three members of the Board of Education for six-year terms, two members for four-year terms; four members of the Library Board for six-year terms; three members of the Police Commission for four-year terms; three members of the Fire Commission for four-year terms; and two members of the Sewer Commission for eight-year terms.

Both political parties will name their candidates for the town positions in party caucuses to be held in mid-August.

SUFFIELD PERSONALS

Mr. and Mrs. Wilfred Alderman, 95 South Main St., Suffield, are the parents of a daughter, Tammy Lee, born on July 20, in St. Francis Hospital, Hartford. Grandparents are Mr. and Mrs. John Magrassi, 736 Mountain Rd., Suffield, and Mr. and Mrs. Francis Alderman, 1497 Sheldon st., West Suffield.

The Suffield Jaycees are launching a campaign to increase their membership before the 300th anniversary celebration of the town in October, 1970. Any male resident of the town between the ages of 21 and 35 interested in learning more about the Jaycees may contact Joseph Osowiecki, 594 Hill Street.

Landlord Ordered To Make Repairs

As a result of numerous complaints over the past several months, town officials have taken action against a Suffield landlord to complete necessary repairs to two apartment buildings on Thompson Court. The two buildings house eight families.

Written notice was given to Charles Bonelli of Suffield, the landlord of the two particular buildings, following an inspection last week by the Building Inspector's office.

The inspection was taken after complaints were registered by a group of dissatisfied tenants who appeared at the Building Inspector's office earlier last week.

Under the terms of the town Housing Code Ordinance, Bonelli must comply with the written orders to complete the necessary repairs within 60 days upon receiving such notice. A landlord has the right to appeal the town's action within five days of the notice with the Housing Code Appeals Board.

The appeals board is empowered to review the facts of the case and to form its own decision.

The tenants of the two apartment buildings claimed the landlord has procrastinated and refused to make the necessary repairs to most of the apartments for several months.

The housing code enforcement officer, Ernest Busch, said that repairs needed in the apartments include doors and windows and some electrical and plumbing work. Busch was accompanied on his inspection tour by the head of the Building Department, Bertram King, and the town sanitarian, Charles Agro.

Agro said most of the tenements were infested with roaches and fumigation action will be necessary to eliminate them. He also said more refuse containers and covers are needed. Sanitary conditions were found to be in good order otherwise, said Agro.

An open meeting was held last Thursday by the Puerto Rican Neighborhood Council at the Neighborhood Center to discuss the situation. The session was attended by town officials and officers of the PR Neighborhood Council as well as by about 20 adults and several children, most of them concerned tenants.

Record 257 Children Attend Bible School

Faith Baptist Church, Broad Brook Rd., Hazardville, concluded its annual Daily Vacation Bible School last Friday with a new record attendance of 257. The theme of this year's school was "Wonders of the Wonderful Word." The school was conducted by Mrs. M. N. Pearson and her son David. The Pearsons used puppets, magic, special music and the twins, Dougie and Sunshine (ventriloquist dummies).

The attendance grew from 151 to 257 on the closing day.

The purpose of the summer Bible School was to help pupils to become established in the Christian faith in these days of doubt and unbelief.

The motto was "God said it, I believe it, That settles it." The foundational verse was, Psalms 86:10, "For Thou art great and doest wondrous things: Thou art God alone." The theme song was "How Great Thou Art."

The daily lessons were: Monday, God created the universe; Tuesday, God, the Son, became man; Wednesday, God, the Son, was Crucified and Rose Again; Thursday, God, the Holy Spirit, Dwells on Earth Today; Friday, God, the Son, is Coming Back Again.

Due to the tremendous crowd on Friday night for the commencement program, it was necessary to place chairs in the parking lot of the church in order to accommodate the audience. Children from all denominations were welcome and attended the Bible School.

Photograph of children and their instructors is on Page 4B of this issue.

WOOLCO IS FULLY AIR CONDITIONED

Suburban Mall, Hazard Ave. **Intersection 91 & 190 E.**
(at the Somers Exit)

John Luddy, in one of his proudest moments, poses with "Jimmy Boy," triple champion Silver Tabby.

Ponce de Leon must have stopped in Hazardville on his way south to Florida to discover the Fountain of Youth, and his stop must have been within a quarter-mile radius of the corner of Fletcher and Charnley Roads.

on the Fletcher farm, staying on after Mr. Fletcher's death, and still lives there. He raised Holstein-Friesian cattle for a number of years, finally selling out in 1938, but retaining the farm.

Two Golden Wedding anniversaries occur there within the month, from July 17 to Aug. 2. The first, that of Mr. and Mrs. Byron C. Mohrbacher, was observed at their home, corner of Fletcher and Charnley Rds., on July 13.

The original house on the property was built in 1780. It was moved from its foundations to make way for a new house, built in 1870. Later, in 1875, a third house was built. The original house so deteriorated with the years, it was finally torn down.

through Vermont and Canada. Mr. and Mrs. Luddy used a Haynes automobile—"That was a wonderful car," he said.

Perhaps the reason for their young-in-years appearance is that Mr. and Mrs. Luddy have an engrossing hobby — raising, breeding and selling cats, notably long-haired Red Tabby Persians and American Silver tabbies.

Although Mr. Luddy no longer cares for the long motor drives to the cat shows, he still does attend while Mrs. Luddy stays at home, kept there by the non-competing felines, and they still collect awards. Cats that are to be shown must be registered with seven associations in this country in order to be eligible to compete.

Miss Rogers is a graduate of Enfield High School and is employed in the accounting department of the Rourke-Eno Paper Co. Mr. Sacheli, also an Enfield High graduate, is a landscape gardener.

A Nov. 8 wedding is planned.

Anglin-Cenic

Miss Maureen Anglin, daughter of Mr. and Mrs. Charles F. Anglin of Putnam Drive, will become the bride of Mark C. Cenci of West Hartford, in September, according to an announcement made today by her parents.

Mr. Cenci is the son of Dr. and Mrs. Vincent P. Cenci of

West Hartford. He attended the University of Hartford and is now with the United Fruit Co.

Miss Anglin was graduated

from St. Francis Hospital School of Nursing and is a staff nurse in the Emergency Room at St. Francis in Hartford.

Miss Maureen Anglin

PRESS PANTRY

This is a time of year when the family freezer, even the freezing compartment of the home refrigerator, comes into its own.

Did you ever think of making double the amount of spaghetti sauce, for instance, that you will need for one meal and freezing what is left over? Any housewife can make her meal preparation easy and save money on food (remember Dolly Bean and her doubling quantities for the night's dinner so she may have appetizing leftovers for next morning's breakfast?) Well, this is even more efficient because frozen foods can be kept for several weeks. Nothing is quite as comforting as knowing one has a good supply of food frozen ahead for those bad moments when a whole tribe of relatives appears unexpectedly. Here are two basic meat mix-

tures that can be cooked and frozen ahead, removed, thawed, and serve as a base for any number of quickly prepared meals. Recipes for each one will also be given either this week or in future columns.

Basic Ground Beef

4 lb. ground beef
½ cup chopped onion
1 tbs. shortening
4 cans (10-oz.) condensed tomato soup
2 tsp. Worcestershire sauce
4 tsp. salt
Saute ground beef and chopped onion in hot shortening. Add tomato soup, Worcestershire and salt. Simmer about 30 minutes, stirring occasionally, until slightly thickened. Divide into 5 equal parts and freeze.

For a quick meal anytime, remove one container and prepare one of these dishes.

Beef Bake

Saute ½ cup chopped celery and 2 tbs. chopped onion in small amount of fat until tender. Thaw 1 portion basic beef mix at room temperature or over low heat. Add vegetables, 3 slices stale bread soaked in water and wrung out, 2 slightly beaten eggs, and ¼ tsp. salt. Spoon into greased, 8-inch square cake pan. Bake at 325 degrees for 30 minutes. Serves 4.

Chili Con Carne

Thaw 1 portion basic beef over low heat. Saute 3 tbs. chopped green pepper in melted shortening until tender. Add ½ cup canned tomatoes, 1 No. 303 can undrained kidney beans, 1 tsp. or more chili powder, a dash cayenne pepper, and the green pepper to basic mixture. Bring to boil and simmer 10 minutes. Serves 4.

Cheese Puff Beef Pie

Thaw 1 portion basic beef mix

over low heat. Add 1 cup canned tomatoes, 1¼ cups diced cooked carrots, 1¼ cups cooked green beans and ¼ tsp. salt. Cook a few minutes. Pour into greased 1½ quart casserole.

Sift 1¼ cups all-purpose flour, 2 tsp. baking powder, ¾ tsp. dry mustard and ½ tsp. salt together; cut in 2½ tbs. shortening; add one-third cup grated sharp cheese, two-thirds cup milk; blend to a soft dough. Drop by spoonfuls over top of meat. Bake 12-15 minutes in 400 degrees oven. Serves 6.

Basic Chicken Mixture

Buy four 4½ lb. ready to cook stewing chickens, cut up. Place chickens in deep kettle. Add 3 quarts hot water, 4 clove-studded onions, 1 cup celery tops, ¼ cup salt, 4 bay leaves, 3-4 carrots. Simmer chicken in water with seasonings, covered, 3-4 hours or until fork tender. Add more water if needed. Cool the chicken and broth quickly. Freeze both for use in soups, casseroles and gravies. Remove meat from bones and dice it. Yield: 12 cups diced, cooked chicken.

Prepare the following sauce:

1½ cups butter or margarine
1½ cups flour
6 cups top milk
12 cups diced, cooked chicken
Salt and pepper to taste
Melt butter and stir in flour. Add milk and cook over low heat, stirring constantly until mixture is thickened and smooth. Add chicken, salt and pepper. Divide into 8 equal portions and freeze. (Cooked turkey may be substituted for chicken.)

To serve a meal quickly and easily try one of these recipes.

Wee Chicken Pies

Defrost 1 portion basic chicken mix. Add ¼ tsp. salt. Cook 4 small carrots, 4 small potatoes, one-third cup diced celery and 8 tiny onions in 1 cup seasoned chicken broth, until nearly tender; combine 2 mixtures and spoon into 6 individual casse-

at all offices / Thurs. to 6 PM

There are still plenty of Massachusetts voters who do not go along with the majority in reassuring Ted Kennedy that "All is forgiven — it could happen to any man," an informal weekend survey by your reporter, reveals.

This Bay State voter will not cast a ballot for Ted Kennedy again, no matter what office he seeks — because:

1. The man who recovered the body of Mary Jo Kopechne after 9-10 hours of delay, has gone on record as saying that had the authorities been notified earlier, the possibility exists she might have been saved. He is a member of the area "save and rescue team" so undoubtedly is trained to observe conditions as they exist. The victim's position in the car, he said, was such it was obvious to him that she had taken advantage of the small pockets of air usually left for a time at the uppermost part of a submerged car. Some persons, he said, have lived even after several hours of such an ordeal.

If this be so, and there seems no reason to doubt it, Senator Kennedy's lack of action following the accident becomes not only "indefensible" but unforgivable to this corner.

2. In his statement to the voters, Kennedy stressed the agony suffered by him and his family, yet failed to include any reference to the equally agonized mother and father of the victim.

The man in public office who gets my vote must have sufficient greatness of heart to consider other men beyond his immediate family circle. This Kennedy has not done if his appeal is to be judged on its merits.

There are other reasons, the story and actions or lack of them, that can be shot full of holes by an able investigator, the many other unanswered questions that have been ignored, the calling together of a horde of legal and other men for advice which it seems an innocent man need not have done — all these leave the story unfinished for a majority of American voters, excluding those Kennedy supporters in Massachusetts.

Freely admitted here, is the fact that the American press can be a severe trial to a man in public life. At the same time, a good reporter is a bulldog when it comes to searching out and reporting hidden facts. My guess is that when the entire truth is learned and told about the tragedy on Chappaquiddick Island, it will be done by an American newsman.

A most annoying incident following the senator's appeal of Saturday night, were the letters from some bleeding hearts to editors, which said in essence that Ted is the last of the Kennedy's so let's give him another chance.

Has anyone counted the Kennedy kids lately? There are 11 in Robert's family: two in John F.'s; three in Ted's with another in the offing, a grand total of 16 plus, enough to sew up the presidency of these United States for the next 50 years if the magic of their name continues to hold. Who can doubt there will be politicians among those sons coming along, and their sons? Kennedy is the last of his generation, true. He most assuredly is not the last Kennedy who will shortly be available for public office — and who says there has to be a Kennedy?

Grandmam says: "Those who play have got to pay."

Mrs. Michael Joseph Blomen

Matthews-Blomen

Miss Mildred Joyce Matthews, daughter of Mr. and Mrs. Connie J. Matthews of Tyler, Texas, and Michael Joseph Blomen, of Thompsonville, were united in marriage in a 2 p.m. ceremony in Antioch Baptist Church in Tyler, on Saturday. Rev. Mr. Norman Davis performed the double ring ceremony, and the bride was given in marriage by her father, Miss Judy Mitchell, soloist, and Mrs. Henry R. Elbert, pianist, provided traditional wedding music.

The altar of the church was beautifully decorated with a tall arched candelabra in mid-center, with pedestal arrangements of white gladioli and Queen Elizabeth roses at either side of the candle arch. Single candelabras were at floor level on each side, with the prayer bench in front.

The bride was clad in a white silk organza gown in empire A-line silhouette. Cascades of re-embroidered Alencon lace fell from the shoulders of the portrait neckline over the molded bodice. The A-line skirt was framed by lace applique, dipping to a circle in back. The chapel length train of silk organza fell from the back empire line. Her veil was a mantilla of Spanish lace and she carried a nosegay of white stephanotis, white roses and leather leaf.

Her sister, Mrs. Norman Gilchrist of Waco, Texas, was the

matron of honor. Miss Patricia Blomen, of Thompsonville, sister of the bridegroom and last year's "Miss Enfield," served as bridesmaid. Both attendants wore beige, empire linen gowns with picture hats of beige straw, and carried arm bouquets of Peace roses.

Walter Littlefield of Marshfield, Mass., was the best man. The groomsmen were Norman Gilchrist of Waco, Texas, and ushers were Mike Gibson of Bryan, Tex., and Charles Wilson of Tyler. Eric Gilchrist was ring bearer.

The reception was held in Fellowship Hall of the church with Mrs. Mike Gibson, the Misses Marilyn Tutwiller of Houston, Pamela Jorgenson of Dallas, Cynthia Wilson and Cathy Buckner both of Tyler, assisting.

For travel the bride wore a coat of white linen over a coral and white empire silk dress with white accessories and straw picture hat. She carried an arm bouquet of Tropicana roses.

Mr. and Mrs. Blomen will live in Boston where both are instructors of speech and communications at Emerson College.

Mrs. Blomen received a B.S. degree from North Texas State University and an M.A. from the University of Texas at Austin. She also attended Tyler Junior College and the University of Colorado.

Her husband, who is the son of Mr. and Mrs. Herbert S.

Return From Honeymoon

Sp-5 and Mrs. Charles A. Bomely Jr., who were married in Holy Family Church on July 19, are now at their new home at Fort Belvoir, Va., following their honeymoon in Miami, Fla. Mrs. Bomely, the former Elaine Presta, is the daughter of Mr. and Mrs. George Presta of 30 Standish St. Her husband's parents are Mr. and Mrs. Bomely Sr., of West Stafford. The ceremony was performed by the pastor, the Rev. Francis B. Kerwan. The bridegroom, who has just returned from Vietnam duty with the Army, is now stationed at Fort Belvoir.

Blomen of Thompsonville, received his B.A. and M.A. degrees from Emerson College. He also attended Boston University and Central Connecticut College.

★ Press Pantry

(Continued from Page 2B) roles. Make 1 recipe plain pastry. Arrange pastry over each casserole. Fit just inside rim, fold edge under; crimp. Slit for steam vents; glaze with slightly beaten egg. Bake in hot oven —425— for 20-30 minutes.

Gourmet Acovado-Chicken
Defrost 1 portion basic chicken over low heat. Add 2 tbs. chopped pimiento, 2 tbs. chopped green pepper, ¼ tsp. celery salt, dash cayenne pepper. Cut 3 ripe medium sized avocados in half lengthwise (do not peel), remove seed and sprinkle cut surface with 2 tbs. lemon juice. Cut a small slice off the bottom so avocado will sit firmly without tipping. Place in shallow baking dish. Fill cavities of avocado halves with hot chicken mixture; sprinkle with 4 tbs. buttered fine bread crumbs. Pour enough hot water in the baking pan just to cover its bottom. Heat in moderate—350—oven about 15 minutes. Serves 6.

Next week we will offer more basics with quick preparation recipes. Smart housewives who read this column will save meat

Mrs. William A. Carlander Jr.

Weigel-Carlender

Miss Linda M. Weigel of 22 Bright St., daughter of Mr. and Mrs. C. Henry Weigel, became the bride of William A. Carlander Jr., at a noon ceremony on July 19, in Holy Family Church. The Rev. Roger Grenier officiated at the Nuptial High Mass. Clarence Paulhus was the soloist with Mrs. Daniel McCarthy at the organ.

The bride, given in marriage by her father, was lovely in a traditional wedding gown of peau and lace, with elbow length veil draping from a coronet. Her flowers were a Colonial bouquet of white roses.

Her sister, Mrs. Donald Leut-

jen of Vernon, served as matron or honor. Miss Ann Valenski and Miss Marie Swentnickas were the bridesmaids.

The best man was Richard Chase. Ushering the guests were William Wilkins and John Nasal.

Following the ceremony a wedding reception for some 80 guests was held at the Mountain Laurel, after which the couple left for a wedding trip to Canada. The bride wore a silk print dress with black accessories for the trip.

Upon their return they will make their home at the Willow Brook Apartments in Vernon.

Miss Andrea C. Eliason

Eliason-Sweeney

Mr. and Mrs. Clinton A. Eliason, of 13 Tabor Rd., announce the engagement of their daughter, Miss Andrea Catherine Eliason, to Mr. Barry Eugene Sweeney, of New Britain, son of Mr. and Mrs. Thomas J. Sweeney, of Manchester.

Miss Eliason is a graduate of Our Lady of the Angels Academy, Enfield, and is a secretary at Pratt & Whitney Aircraft.

Mr. Sweeney was graduated from Manchester High School, and is a student at Central Connecticut State College. He is al-

so a Data Control Analyst at Pratt & Whitney.

An Oct. 4 wedding is planned.

Two On Dean's List

James S. Cowhey, son of James S. Cowhey Sr., of 2 Hampton Rd., Thompsonville, has been named to the Dean's List at the Georgia Institute of Technology in Atlanta.

Named to the Dean's List at the College of the Holy Cross in Worcester, Mass., was Francis H. Morrison of 16 Poplar St., Thompsonville, who received 1st honors.

Student-Teacher Of The Dance

Miss Susan Fitzgerald, daughter of Mr. and Mrs. Warren Fitzgerald of Thompsonville, is doubling as an instructor and a student this summer. She is teaching dance to under-privileged students as part of the Humanities program at Connecticut College and takes class at the College's American Dance Festival.

"Life is dancing, teaching, sleeping and eating," she said. "There isn't too much time for anything else, except rehearsing. I've just appeared with

Yvonne Rainer and Group at her concert last Saturday night (July 19) so that kept me really reeling. But that is how I really want it to be. I love dance; whether I'm actually dancing or teaching or watching. It's great."

Miss Fitzgerald is a 1969 graduate of Connecticut College, majoring in philosophy ("There is no dance major, yet."). Her plans take her to New York in the fall.

"I would love to get a job with a dance company, but I

Susan Fitzgerald improvises a dance work around a piece of sculpture during a class at the Conn. College American Dance Festival in New London.

their attention for the length of class. Very few of them had ever had any dance training before which brings up the problem of getting the newcomers interested and keeping the 'old hands' excited. It takes a lot out of me, but I feel that it's all worth while. The more dance nuts we have, the better. I can't think of a healthier mania."

This is Miss Fitzgerald's fourth season at the Festival. "It's a terribly exciting place to be. We have the finest modern dance performers and teachers in New London every summer. In addition, this year there are jazz and ballet classes which have never been given before. The only reason I won't come back again will be that I have a job with a dance company — and that's the best reason in the world!"

Record 257 Attend Bible School

The record breaking 257 children and their instructors, above, were present on the last day of Vacation Bible School at Faith Baptist Church on Broad Brook Road, Hazardville.

commissioned a second lieutenant in the U.S. Army Reserve, Ordinance Corps, in ceremonies July 31 at the Indiantown Gap Military Reservation, Anncville, Penn.

Lt. Bishop, a 1964 graduate of Parsippany, New Jersey High School, received his bachelor's degree with honors, in electrical engineering from Northeastern University in June.

A member of the ROTC program at Northeastern, Lt. Bishop received the Distinguished Military Student and the Professor of Military Science awards.

He will attend graduate school at Northeastern in the fall.

Lt. Bishop is the son of Mr. and Mrs. Henry J. Bishop of Parsippany, N.J. His wife, Nancy, is the daughter of Mr. and Mrs. Harold G. Neelans of Jewel Street, Hazardville.

Bill Introduced To Aid Housing

A bill has been introduced in Congress, which, if passed, will solve serious housing problems facing this town.

The present law has no provision making it mandatory to construct housing in urban renewal areas. Therefore, when substandard housing is demolished it could be replaced by industrial or commercial projects instead of homes.

The introduced bill requires construction of housing units to replace the substandard housing following demolition. It also

Trainees Learn Beauty Care

Enfield has a cosmetic training school, one of the few in this part of New England — Fashion Two Twenty on Enfield Street. Two trainees here are receiving instructions in the arts of womanly beauty care. At the rear left, seated, is Mrs. Barbara Washington, trainee, of Windsor Locks; standing, Mrs. Yolanda Tina, manager of Enfield's Fashion Two Twenty, instructing; and Miss Thelma Conley, secretary. In front, also from left, Mrs. Roslyn Wyde, manager of Fashion Two Twenty in Wapping and Mrs. Jeanne Farrell, trainee, of Ellington.

provides that when a residential area is included in an urban project the substandard housing must be replaced by low and moderate income family houses at least equal in number to the demolished buildings.

"Cities are meant to be lived

in," said US Rep. Lowell P. Weicker, the sponsor of the bill. "And yet, since the end of World War II, living has become a stepchild of structural aesthetics, commercial convenience and industrial efficiency. The emphasis must be on quality environment for people of our cities. Good housing, good education, good recreation and health facilities — these must be built on location. They cannot be shuffled from town to town."

The bill is designed to meet conditions in this town. A redevelopment program for downtown Thompsonville and a request for funds to construct residential units listed for demolition are being held up by governmental red tape.

School System Gets \$72,607

The local school department will receive a grant of \$72,607 in aid for federally impacted towns, it was announced last week by Rep. Thomas J. Meskill.

The amount is \$12,607 more than had been estimated in the school department's budget but it is \$26,102 less than the amount the town could receive if Congress had authorized the money to comply with the federal Health, Education and Welfare Department's basic formula for distributing aid to such towns. Aid for impacted towns is based upon a formula that starts with manufacturing plants that produce primarily for government contracts and draw more than a normal increase population to cause hardships to school systems in the area of such manufacturing concerns.

The total national program, according to HEW, would have cost \$650 million this year but \$187 million was not approved by Congress.

In 1968, the town was granted \$50,000 and in 1967, \$61,132 was granted under the program.

3 Town Officials Named To CRPA

The Executive Committee of the Capital Region Planning Agency at a meeting held June 11, made the following committee appointments to the three representatives from Enfield:

Roger Olson has been appointed vice chairman of the agency and will also serve on the Executive Committee, the Public Information Committee and the Program and Finance Committee.

Thomas Moore was appointed to the Health, Education and Welfare Committee and will also serve on the Bylaws Committee. Moore was also selected to serve as the CRPA representative for Model Cities.

David Moriarty was appointed to serve on the Governmental Functions Committee.

Raynor Completes Advanced Course

James W. Raynor, a life insurance representative of Aetna Life & Casualty at Thompsonville, has received a certificate for completing an advanced course on estate planning.

Conducted by Insurance Research and Review Service, the course covers the problems of estate transfer and settlement, impact of taxes, and other aspects of estate planning.

Earlier, Raynor completed a course also conducted by Insurance Research and Review Service that dealt with the application of life insurance protection to a variety of business situations.

Raynor is associated with Aetna's Hartford life division office. He lives at 8 Ann St., Thompsonville.

Walter Cronkite, renowned television newscaster, and Mrs. Frieda L. McCrary, formerly of Thompsonville, chat (probably about the moon shot) at the Foreman's Club in Dayton, Ohio, during the golden anniversary meeting of the Miami Valley Club for Management. Mrs. McCrary, whose parents are Mr. and Mrs. Stanley Legienza of Elm St., now lives in Dayton and is employed at Wright Patterson Air Force Base.

Scouting Around

By Alberta Shanley
749-7527

This past Saturday was Den Mother's Day at Lake of Isles Boy Scout Reservation and we understand that it was most successful despite the unsummer-like weather we have been having.

We visited the camp on Sunday and are pleased to report that we didn't see one Scout or Scouter who wasn't having a wonderful time. The activities are geared so that poor weather need not spoil the vacation.

Troop 93 under the leadership of Scoutmaster Ken MacMullen have just returned from the reservation. Troop 888 just arrived under the direction of Assistant Scoutmaster Roland Goulet and Troop 810 are just starting their second week with Scoutmasters Tom Ottman and Jerry Legault.

Members of Troop 801 have just completed a 50-mile hike on the long trail which runs through the Green Mountain National Park in Vermont. It took six days to complete the hike which was the culmination of a series of shorter hikes which helped prepare the scouts. The boys who participated are Chris Williams, Tommy Moriarty, Chuck Breslin, Dale and Gerry Flood, Joe Blasyk, Ricky Trudeau, Bob Hahn, Fred Fieldhouse, Bobby Wilson, Ron Myers, Jimmy Ruot, Bobby Phillips, Lee Jackson, Keith Boccaccio, Tommy Flood and Ray Gagnon. The adult leaders were Scoutmaster Ron Flood aided by Chuck Williams and Bob Wilson. A sincere thank you is extended by the Scouts to all the parents who provided transportation and to Mrs. Williams who brought a mighty snack for all the participants at the end of the trail.

Boy Scouts and Explorers have been making preparations for a high adventure trip to the mountains of Philmont Scout Ranch and Explorer Base in northeastern New Mexico.

The expedition, representing the Charter Oak Council will consist of 21 boys and two leaders. Attending locally are Scoutmaster George Klucky of Troop 888 and 11 of his Scouts.

They left Enfield last Thursday, pictures were taken, but unfortunately none were printable.

The group will travel to Philmont by White Circle Bus. Enroute to the 214 square mile route, the scouts will visit O'Hare International in Chicago, Colorado Springs, and the USAF Academy.

Arriving at the ranch, the group will meet their ranger who will lead and train them on the trails for the first three days of their 10-day wilderness trek.

On the Philmont trails the Scouts will participate in various programs offered in many mountain camps by more than 400 trained staff members. These programs include earth climbing, archeological study, digging, burro packing and horseback riding. Arriving home on Aug. 15, the Scouts will be counted among the 260,000 other boys who have met the rugged Philmont challenge.

Each boy is proud that "America's ManPower begins with BoyPower." Attending with Klucky are Scouts Roland Goulet, Douglas Chouinard, George Klucky, Gary Danis, Brian Adler, Robert Meyer, Dave Spencer, John Sherman, Bill Magnotta, and John Bousfield. Senior Boy Leader is Albert Soucie.

The Scout Ambassadors from Enfield report that their various

fund raising drives during the past year have finally netted all but a small portion of the total expenses needed for their London trip. The six scouts and two adults will leave Bradley International on Aug. 2, at 8:35 p.m. and will arrive in London at Heathrow Airport approximately 8 a.m. Sunday. They will be met by Peter Sibun, Group Leader of the 6th Richmond Scout Group and the families of the boys with whom they will be staying.

The local group will go directly to the host homes for a short rest followed by a reception given by the Richmond Scout Group.

Starting Monday, the group will tour points of interest in and around London. They will include Changing of the Guard at Buckingham Palace, London Mall, St. James Palace, The Horse Guard Parade, Whitehall, Downing Street, Westminster Abbey, The House of Parliament, Trafalgar Square, Madame Toussard's Wax Museum, Planetarium, Oxford St., Piccadilly Circus, St. Paul's Tower, Tower of London, Greenwich, Gilwell Park, the home of wood badge training, Epping Forest, Scout Shop and Headquarters of Boy Scouts of England, Baden-Powell Homestead, Stratford on Avon, Shakespeare Museums, Eaton, Hampton Court, Trip to Devon, boat ride on the Thames River, Kew Gardens, Ham House, a football, soccer match, a stock car race, a three-day camp-out at Buchmore Park in Kent, Downe Scout Camp which is also in Kent and a visit to Biggin Hill Air Field which is where the RAF took off from to fight the Battle of Britain.

In addition, the group will be guests of the Mayor of Richmond at a small civic reception.

The local Scouts will be bringing with them Letters of Greeting from Governor Dempsey, and the Town of Enfield to the people of Richmond as well as gifts from Stanley Bigos of a

Weekly Fire Report

by Gary Pira

The town's volunteer firefighters responded to the following alarms during the past week:

July 22—4:58 a.m. Box 124, Windsor and Lafayette Sts., false alarm. Thompsonville Fire District. 4:17 p.m. No fire. Two Hazardville units quickly responded to the Roger Bousquet residence, 1 Indian Run. The call resulted when an occupant improperly mixed swimming pool chemicals in the kitchen of the home causing a heavy concentration of chlorine gas odor to fill the single story dwelling. Firemen used their smoke ejection equipment to ventilate the structure of fumes. Hazardville Fire District.

July 23—1:45 p.m. A Town of Enfield's refuse vehicle had its load ignite on Bright St. Employees quickly dumped the burning debris in the middle of the street, and then awaited the arrival of fire equipment and personnel. Hazardville firemen used booster lines to quickly extinguish the smoldering junk and trash. HFD.

July 24—12:35 p.m. Thompsonville firemen investigated gas fumes in the cellar of the Charles Nai home, 25 Joan Dr. Nothing out of the ordinary was found, and it was believed that the odor drifted in through an open window. TFD. 4:15 p.m. Grass and brush fire at 16 Nutmeg Ave. Enfield Fire District.

July 25—3:47 p.m. Burning railroad ties and brush at the end of Fairview Ave. TFD. 5:50 p.m. Kitchen fire at the Frank Stison residence, 61 Kennedy Dr. The blaze, which originated on the stove, was extinguished before Hazardville firefighters arrived on the scene. Volunteers used their smoke ejectors to rid the home of smoke. Damage was confined to the stove and the exhaust hood over the range. HFD.

North Thompsonville's new diesel Mack fire apparatus won a trophy for the best piece of equipment to appear at the Southwick (Mass.) fire dept.

Connecticut state flag and from Tom Meskill of an American flag that has flown over the capitol.

Adult leaders are Bill Lee and Ronald Sullivan Sr.

Meskill Greets Kurley Family

Mr. and Mrs. Joseph Kurley and daughter Cathy, of 36 Hazard Ave., visit with Congressman Thomas J. Meskill, during their recent visit to Washington, D.C.

parade held last Saturday evening.

Hazardville firefighters are already underway preparing for their annual carnival coming to the Green Manor shopping plaza August 13-16. An intense drive is under way by chairman Andrew Whalen to promote the department's raffle by canvassing the fire district neighborhoods with firemen on weekends. First prize this year is a Skidoo snowmobile with a dishwasher and stereo console also to be awarded. Contact any member of the department to procure tickets.

\$2.1 billion in losses last year, its most terrible cost is counted, not in dollars, but in human misery.

Fire claimed 12,200 lives in the country in 1968. Of these, over one-third were children. Many hundreds of fire victims are still recovering from serious, often disfiguring burns. Countless thousands of Americans had payless paydays when fire interrupted their jobs, and thousands of others saw jobs permanently gone when fire wiped out their employers' businesses.

These are heavy costs to pay for an act of negligence or ignorance. Through knowledge and care, destructive fire can be virtually eliminated, so says the National Fire Protection Association.
