Renewal Referendum As Well As Politicians To Be Considered By Voters On Election Day

On Nov. 7, Enfield voters will be confronted with several major issues at the polls. While their choice of presidential candidates is perhaps the most important national issue, their decision to approve or dis-

prove the bonding of the Freshwater Pond Urban Renewal Project will probably loom as the most important local issue.

In an attempt to provide the voter with more information on which to base his decision, the

Town of Enfield is releasing a series of articles dealing with the project. Included in these articles will be the reasons for its coming into being, its history, its possible ramifications, and the other programs and plans to which it is related. Accompanying this series will be additional articles on the history, purpose, and results of Urban Renewal in the United States. Through these articles, the voter will gain more insight into Enfield's own renewal project, how and why it will work, how it will be financed, and the proposed benefits if it is passed in the public referendum on

Nov. 7.

In order to qualify for federal urban renewal benefits, an area must be blighted, deteriorating or a slum. To be classified as such, the area should show evidence of at least two of the following:

- (1) excessive densities
 - (2) obsolete buildings
 - (3) unsafe or deficient street patterns
 - (4) detrimental and incompatible land uses
- In addition at least 20 percent of the buildings in the area must be substandard to a substantial degree.

The following deficiencies

were cited in the Thompsonville Center General Neighborhood Renewal Plan:

- (a) A generally deteriorating appearance.
- (b) Over crowding of structures.
- (c) An excessive amount of mixed and incompatible land uses.
- (d) Structural, economic and functional obsolescence of both residential and non-residential facilities.
- (e) Inadequate open space, school and recreational facilities.
- (f) An inadequate street pattern which presents traffic hazards and serious congestion.
- (g) Inadequate flood protection.
- (h) Inadequate municipal utilities and facilities.

The basic function for the federal urban renewal program is to provide land in a renewal at a price a private developer will pay. The entire process of acquiring a large enough parcel of land clearing and then building on it, has proven to be too expensive and too unsound an investment for a private firm to undertake. The firm has no assurance the surrounding deteriorated area will be likewise redeveloped; and the costs of providing site improvements such as sewers, street improvements, open space, etc. would be unbearable. The federal government undertakes the whole process and acquires large acreages of land to assure a more uniform development. The end product is land which is better facilitated and available at a cost the private developer will pay.

The Freshwater Pond Urban Renewal project will increase tax revenue from \$126,000 to an

It's Still Not Too Late To Register

Secretary of the State Gloria Schaffer has announced that for the first time in history, almost every Connecticut resident can vote for the President and Vice-President of the United States.

Mrs. Schaffer said, "If you missed the deadline for registering to vote and you are at least 18, a U. S. citizen and a resident of your town, you should write or visit the office of your town clerk on or before Oct. 30 and ask for an application for a special presidential ballot."

Mrs. Schaffer added, "If you have any questions about your voting rights, call or visit your town clerk or registrar of voters in your town hall or the office of the Secretary of the State at the State Capitol, Hartford."

"In view of these circumstances, I am amazed to learn that Mr. Vella has been claiming that I have endorsed his bill. Hopefully, this letter may dispel any such delusions."

Amvets Halloween Parade Begins Sunday At 6 P.M.

Saturday evening Amvets Post 18 will hold its annual Halloween adult buffet-dance starting at 7:30 with dancing from 9 to 1 a.m. Costume prizes will be

awarded but costumes not mandatory. Tickets are still available from chairman Moe Poissant and other officers.

Amvets Halloween Festival Parade will be on Sunday. Judging of costumes of all age groups will begin at 4:30 at the rear of Higgins School. Children must be there promptly at 4:30 as once one age group has been judged it will be impossible to consider late entries separately. Judging will be done by many secret judges, Amvet state officers and many local dignitaries. Winners will not be announced until the completion of the parade at the Intermediate School.

The parade will consist of the Amvets Post 18 Colorguard, Enfield Police Explorer Group, Young Romans Drill Team, Centurions Drum and Bugle Corp., Marquis Fife and Drum Corp. of Granby, the Stafford Crusaders Drum and Bugle Corps., Albert Vesce and his antique Packard automobile and a forty-foot American flag.

The parade marshals are Mr. and Mrs. Omer Muchmore, Mr. and Mrs. Leger Starr, Andrew Liucci and last year's king, Harry Captain. Also last year's queen, Dianna Albeiski, and last year's Most Patriotic, Debbie Phelps and Amvet Auxiliary president, Ella Cerrato and Amvet state and local officers.

The parade will start at 6 p.m. from Higgins school on N. Main St. west to Pearl St., south up Pearl St. to New King St., east to the Intermediate School for awarding of prizes in all ages and categories. Winners of the categories of king, queen and most patriotic will receive monetary awards. A Town Managers and Mayors award will also be presented.

All scouting units participating will be a first this year. Special interest will be again extended by the participation of Ronald McDonald and Mr. King of Burger King to help make this event something special to all the children of Enfield.

Chairman Dick Crane and committee remind all to bring their flashlights for a brighter and safer parade.

Tentative Debate Date Is Nov. 1st

A tentative date of Nov. 1 has been established for the debate between State Representatives Vella and Bigos. The date was agreed to between John Fenner, president of the Enfield Taxpayers Association and Rep. Vella's campaign manager, G. M. Legault.

The debate is scheduled for 8 p.m. at Central Library.

"I have been unable to contact the Rigos camp to work out the details," said Legault, "but I wholeheartedly agree with Mr. Fenner that we should proceed on the premise that Rep. Vella's challenge will be accepted."

Legault continued, "Mr. Vella's opponent has made claims regarding his past accomplishments which tend to infer that our opponent's past record is replete with accomplishment when in fact it is saturated with failure in so far as helping Enfield is concerned."

"Take, for instance, his claimed success in bringing a community college to Enfield. He claims he has been working on it since 1967. The years 1967 to 1971 saw the state under the control of a Democratic General Assembly, Senate and Governor with a free spending program that put the state into a \$250 million deficit and still "Stan" couldn't bring the money to Enfield.

"However, during a period of austerity, a Republican Governor and a freshman legislator from Enfield, the college was established.

"Who does Mr. Bigos think he's kidding — the people?" concluded Legault.

Cote And Pilch Endorse Bigos

Democratic Town Chairman Harold Cote, and former Democratic Town Chairman Frank Pilch, issued a joint statement today endorsing the candidacy of State Rep. Bigos for the 59th assembly seat.

The statement follows:

"Stan Bigos has served the people of Enfield for over 30 years. As a member of the Board of Education for 21 years and as a 6 term legislator he has had a major influence in the growth of our community. Whether he was fighting the big drug industry so you could purchase medication at a lower cost, or whether he was fighting for more monies for Enfield, Stan Bigos has demonstrated that he cares deeply about the well being of our community. This is why Democrats of every persuasion are supporting Stan this year.

Although we may have some differences on some issues, here is one thing about which we all agree. Stan is a man who has fought for the people of Enfield, and he deserves our support. Stan voted for New Hope Manor, a drug clinic in Somers, for young girls. He supported the striker's benefit bill, and he was able to get a bond appro-

Candidates Responses To League Of Women Voters Questionnaire

In order to assist voters in determining the positions held by the candidates for District Assembly, the League of Women Voters of Enfield mailed to each candidate for District Assembly a questionnaire which asked him to give biographical information and to answer the

following question in 75 words:

What do you consider the three top state priorities and how would you finance them?

Of the 6 candidates for District Assembly, five returned the completed questionnaire to the League of Women Voters.

Con O'Leary, Democratic

candidate for the 60th District did not return the questionnaire.

Responses received are as follows:

58TH DISTRICT

Republican Party Candidate — Sophie A. Guminski, Age — 60. Education — 2 yrs. Business School beyond high school. Occupation — Housewife. Additional Training and experience — Accounting, payroll, secretarial and being involved in politics locally.

1. Busing. I do not approve of subsidizing private busing for the benefit of management and stockholders, but I do approve of each town working out its own busing problem.

2. Income Tax. I am in favor of lowering the sales tax and setting up a moderate form of income tax. I feel that the out of staters should pay their fair share of income tax.

3. Education. I am in favor of establishing a technical training school in this area and also expanding the community college concept.

Democratic Party Candidate — John J. Morrison, Age — 43. Education — Graduate, Enfield High School 1946, Dale Carnegie Courses, 1972, Various Management Courses, Occupation — Connecticut Light and Power Company, Residential Representative. Additional Training and Experience — Town Councilman, Commissioner, Housing Authority, Active in labor unions and labor movement, various civic associations.

1. Education. Rather than burden the Enfield residents with more property taxes, state aid to education could be gained in the form of A.D.M. grants, Equalization Grand List Formula, or Revenue Sharing Plan.

2. Programs for the Elderly should be advanced — more housing units, "Meals on Wheels", and tax breaks for the elderly. More state aid should be directed to the programs for the elderly citizens.

3. Additional state grants needed for the Enfield Memorial Industrial Park and for highway improvement of Hazard Avenue and Elm Street to relieve the present traffic congestion.

59TH DISTRICT

Democratic Party Candidate — Stanley A. Bigos, Age — 63. Education — Northeastern University School of Law. Occupation — Practicing Attorney. Additional Training and experience — 6 term legislator, 21 yrs. on Board of Education, Delegate to the Conn. Constitutional Convention, Alternate delegate to the 1972 Democratic National Convention, Member of Democratic Platform Committee and delegate to state conventions.

1. Local property taxes must

O'Leary Calls For Lighting And Widening Of Route 191

Con O'Leary, Democratic nominee for the General Assembly from the 60th District, Tuesday night called for a major change in the mass transit service provided for the people of Connecticut and particularly for the people of Enfield and Windsor Locks.

Speaking at a coffee hour at the home of Mr. and Mrs. Larry Savoie, 108 Sunset St., Windsor Locks, O'Leary specifically mentioned the "intolerable" condition of Route 191: "It is imperative for the well-being of the people who must use Interstate 91 that the road be maintained in a safe condition. This calls for one immediate action:

Enfield Square Notes 1st Year

As part of celebrating its first year, Toby Tyler at the Circus is arriving at Enfield Square tomorrow with an hour performance starting at 7 p.m. Children will be delighted when they see Toby Tyler, the fat lady and the thin man, old Ben the clown, and Toby's tiny friend Mr. Stubbs doing their circus thing.

The Robert F. Kennedy children's Theatre touring production of Toby Tyler at the circus, presents a unique opportunity to introduce children to a professional theatre production directly from New York City.

Shoppers will find that the show creates the atmosphere of a real live circus. Included in the show are such characters as the thin man skipping enthusiastically about the stage like a stork on stilts and the perennial fat lady who is immensely fat, and the sideshow Barker.

The Robert F. Kennedy Theatre was established in 1969 with a financially and artistically successful production of Peter and the Wolf. It was narrated by Cyril Ritchard, choreographed by Jacques D'Amboise, and performed by members of the New York City Ballet. Presented at New York City Center, the production was videotaped and televised over nationwide television on NET-TV.

Set Clock Back 1 Hour Sunday

You'll be ahead of time but out of step with everyone, if you don't set your clock back one hour at 2 a.m., Sunday. That is the end of Daylight Saving Time, when clocks should be set back one hour. They'll be set forward again in the Spring.

Since the 1967 Uniform Time Act, all states observe Daylight Saving Time except Hawaii, Arizona, Michigan and Indiana. It allows more daylight at the end of the day during the planting and harvesting months, spring through early fall.

One way of remembering what to do with your clock, and when, is to memorize the jingle, "spring forward, fall back". If you don't trust your memory, don't worry, because the next change isn't until next April.

Republican Tag And Bake Show

The Republican Town Committee will sponsor a combination tag and bake sale on Saturday to raise funds for the current election campaign. The sale will be held at the home of Larry Jones who lives on the corner of St. Thomas St. at 159 Elm St. All persons who wish to donate to either the tag or the bake sale are urged to contact Larry Jones at 745-7367.

DAR Good Citizen

Anne Beaupre, center, a senior at Enfield High School, has been selected the school student body and faculty as the 1972 Daughters of the American Revolution Good Citizen. Alan Tracy, assistant principal, said Miss Beaupre was chosen for her outstanding patriotic, leadership and

service qualities. With Miss Beaupre, daughter of Mr. and Mrs. Richard Beaupre of 25 Dale Rd., are Leo Yaconiello, principal, left, and Robert Campbell, right, chairman of the selection committee.

be stabilized and viewed as a principal consideration in the overall tax picture. A reduction in State taxes made possible by cuts in grants to towns is of no benefit to the local property taxpayer. With Federal Revenue Sharing bringing more revenue to the State and towns the first consideration should be the reduction of property taxes. I would like to see the more than \$1 million Enfield will receive this year decrease property taxes before we look for ways to spend it.

2. The area of biggest local expenditure, where people just don't know if they are getting their money's worth is education. I will recommend legislation calling for State review and evaluation of local educational programs so that the results that local taxes produce can be measured.

3. More state aid to education but the aid should not be a uniform grant to all towns, rather it should be distributed in a manner where towns like Enfield will get more than towns which have a broader tax base. I want none of the above priorities to involve any financial outlay.

Republican Party Candidate — Rosario T. Vella. Age — 37. Education — Enfield High School, Attended American International College. Courses in Business Administration. Occupation — Supervisor, Connecticut Light and Power Co., Accounting Department. Additional Training and Experience — Chairman, Enfield Board of Appeals, 1963 - 67, member, Republican Town Committee of Enfield, State Representative, 1971 - Present: Served on Advisory Council on Unit Pricing, and as Co-Chairman of the General Law Interim Committee on the State Building Code. Member of General Law Committee, Transportation and Government Administration and Policy.

1. Tax Reduction. a) By giving the State surplus back to all the hard working taxpayers of Connecticut and Enfield. b) Revenue sharing will help relieve the citizens of their tax burden.

2. My Lobbyist Reform Bill. "Very few citizens of our state have any conception of how far-reaching the influence of lobbyists is and how much power they wield as a veritable third house of the General Assembly. I respect the Constitutional right of lobbyists to speak their piece, for themselves and their employers. But, the disclosure provisions to which lobbyists are subjected are grossly inadequate, and the area in which they operate should be greatly circumscribed. My bill will bring about much needed reforms in this area."

3. Reform in the formula for the distribution of our Educational A.D.M. grant is another priority. Presently all 169 towns and cities receive an amount of \$210.00 per pupil based on their average daily membership. The inequity in the present system allows the richer towns to receive the same amount as the poorer towns. A reformed formula should consider an equalizing factor whereby the poorer towns would get more aid than those with a higher economic level. Even if the legislature maintained the same appropriation, towns like Enfield would receive a greater amount of State Aid and there would be no additional cost to the taxpayer.

60TH DISTRICT
Republican Party Candidate — Joseph W. Marinone. Age — 44. Education — graduate of Windsor Locks High School. Occupation — President of JOPAT Metal Products Company. Additional Training and experience — Union Steward for 5 yrs., Chairman of Conn. Ethics and Fair Practices Committee of NRA, Member of Zoning Board of Appeals, Chairman Windsor Locks CDAP Housing Committee, Member of Republican Town Committee.
1. Aid to Education. This should be financed by the Gen-

Senator Alfano Proposes Crime Victim Relief Bill

Financial assistance for the victims of violent crime has been proposed by State Senator Charles T. Alfano.

The Senate President, now seeking re-election to his eighth consecutive term from the Seventh District, said he will introduce legislation in the next General Assembly session to establish a criminal injuries compensation commission.

Loosely modeled after a similar system of criminal victim justice established in Great Britain in 1964, the proposed State commission could be petitioned by any Connecticut resident who has suffered physical injury or uncompensated financial loss as a result of being either a victim of violent crime, or as a consequence of trying to stop a crime or attempting to aid police.

"Our system of criminal justice has somehow become turned around during recent years," Alfano said. "We do everything we can to assist the accused criminal, such as providing Court-appointed public defend-

ers, while the victim of crime goes unaided.

"We are so consumed with protecting the rights of the criminal, we overlook those of the victim.

"It seems to me we should strive for precisely the reverse if justice is truly our goal. It is the victim who should have first priority: state punishment of the criminal doesn't help those suffering most from violent crime," he added.

"It's time to put justice into perspective."

Under Alfano's proposal, the criminal injuries compensation commission would investigate claims of those seeking assistance, reviewing both legal background and medical history of case and claimant. One of a team of attorney would then decide if compensation is called for and if so, how much.

In difficult cases or appeals, a three-lawyer panel would hear evidence and make a decision. The commission would also take into account any welfare or court-ordered reparation payments.

Flynn Charges Representative Bigos With "Outright Fumbling"

James E. Flynn, campaign coordinator for State Rep. Rosario Vella, charged that "outright fumbling" by Vella's opponent, Stanley Bigos, on the House floor early this year "cost the people of Connecticut millions of dollars."

The loss resulted, Flynn asserted, from the "watering down" of a measure which would have required the state's physicians to prescribe drugs by their generic as well as their trade names.

Instead of making generic prescriptions mandatory, Flynn said, the bill as passed merely declares it to be "the public policy of this state that generic drugs be prescribed wherever feasible."

The difference between "mandatory" and "wherever feasible," the Vella aide charged, "has to be calculated in the multi-millions of dollars."

And, he added, "the lower the income of people who must buy prescriptions, the more they are the victims of our opponent's bungling."

Flynn asserted that efforts by drug-lobby "dupes" to weaken the generic drug bill "could have been headed off if the representative from the 45th had done his homework before the bill came up for a vote in the House."

"Apparently all of the 177 House members except our opponent knew what the line of attack of pro-drug lobby representatives would be," Flynn said. "But Bigos was tongue-tied when the enemies of prescription-buyers launched their assault."

"He just didn't know how to respond. Every member of the House knew the pickle he was in. It was one of those situations when you feel like climbing into a hole and having it covered over."

eral Fund Revenues, as sales tax, other taxes, and federal revenue sharing.

2. Environmental Protection. I feel this should be financed by the general fund and the private sector jointly.

3. Crime and Drugs. This priority should be financed by the general fund revenues.

Mrs. Mary Thurston of 728 North St., Suffield, a retired state welfare supervisor, has been appointed by the Selectmen to be the town's first social worker. She and her husband, Herman, have lived here 19 years.

Starting Nov. 1, she will have an office in the Emergency Aid Association building on South St., with hours from 9 to 11 a.m. on Monday, Wednesday and Friday. Her telephone, listed under the Emergency Aid Assn., is 668-2522.

The voters unanimously passed the appropriation of \$2,000 to be used by the Selectmen to employ a part-time social worker, at the annual town meeting Oct. 2.

Mrs. Thurston has had 20 years in state welfare work — first as a social worker and the last 6 years as a case worker. She retired from her state job in 1971. She is a graduate of Syracuse University and has also done graduate work at the University of Connecticut School of Social Work.

In her new position, Mrs.

Thurston will be working with all the town's social services agencies; the public health nurse, the school system, and referrals from doctors, she said, to "provide the best available service to the individual, or family, applying for assistance."

Yarn Shop Opens

Mrs. Ronnie Siasinski of 1082 East St., South, Suffield, will open a yarn shop in her home Nov. 1. Yarns, needlecraft, and crewel kits will be for sale; also different sizes of beads to make your own jewelry. The hours will be 10 a.m. to 8 p.m.

151 New Voters

A total of 151 new voters were registered at the final pre-election session Oct. 14, according to Democratic Registrar of Voters Amiel Zak. Of these 43 are Democrats; 34 Republicans; and 74 are Independents.

GOP Women Help Fund Newsletter

The Suffield GOP Women's Club is sending a \$100 check to State Rep. Astrid Hanzalek (R-61st District) to help finance the cost of the recent newsletter she sent to her constituents at her own expense.

The Newsletter contained information on all state laws passed by the last General Assembly session; and also explained the laws and what legislation can be expected for the coming session.

It also included a questionnaire for voters to return to Mrs. Hanzalek on such key issues as government expenses, taxes, environmental legislation, abortion, mandatory jail sentences for first offense drunken drivers, legalizing sale and use of marijuana; a presidential primary for Connecticut; and tighter gun control. The letter was sent to East Granby and part of Windsor as well as Suffield.

St. Joseph's Christmas Bazaar

The St. Joseph Church Christmas Bazaar will be held Nov. 10 from 4 to 9 p.m. and Nov. 11, 10 a.m. to 9 p.m. in the church hall. Mrs. Angela Farrer is chairman.

Polish food and Polish handicraft will be featured. There will also be sewn and knitted articles, woodcraft and religious articles, Christmas decorations and a cake and cookie sale. The Boy Scout Troop 260, sponsored by the church, will have a booth. Refreshments will be available.

A raffle will be held, with the drawing part of the Bazaar. Prizes will be: boy's bike; wall-to-wall bathroom carpeting; clock radio; afghan with two pillows, an electric drill set; 100 gallons of fuel oil; a marble-

top side table, and a live Christmas tree. Tickets at 25 cents apiece or five for a dollar, may be purchased by calling Mrs. Farrer, 668-5379.

Sno-Rangers Plan Pot Luck Supper

The families of the Suffield Sno-Rangers snowmobile club will hold a Pot Luck Supper, sponsored by the church, will be held at 6:30 p.m. at Suffield High School, Suffield. Co-chairmen of this event are Mr. and Mrs. William Hinson.

Reservations can be made by calling Mrs. Hinson at 668-2680. Any members who have not been contacted by Oct. 29 are requested to call the Hinsons for further details.

Jaycees Sponsor Halloween Parade

The Jaycees will sponsor a Halloween parade for children Tuesday, starting at 6:30 p.m. Andrew Kadak, parade chairman, said the parade will begin at the Town Hall and proceed down Mountain Road to the McAlister Middle School. Marching music will be by the High School Band.

Prizes will be awarded for costumes in a variety of categories. There will be three top prizes in each age group. Free refreshments will be provided the children following the awarding of prizes.

In the event of inclement weather, the children are asked to meet at the Middle School gym for costume judging and refreshments.

Introducing the 1973 Beetle:

Re-introducing the 1972 price:

With the price of our new Beetle still under \$2,000,* the Volkswagen Beetle is a bigger buy than ever before.

More warranty, for instance, than you get with any other small car. Twice more: 24 months or 24,000 miles.**

More attention to specific details than ever (and that's quite a lot). More than 1,000 inspectors meticulously scrutinizing more than 5,000 parts. Some two or three times. For us, it's not enough to get it right, we want it perfect.

Volkswagen also has the most advanced automotive service system in the world. A brand new computer is, or soon will be, waiting in our service area. We simply plug it in to your VW, and it checks, via sensors and probes, vital service parts and spells out the results in plain English. That's service.

Maybe all of this explains why VW owners have gotten more resale dollars after three or four years than the owners of any other comparable car.†

Obviously, it's not only the price of the '73 Beetle that reminds you of the good old days. It's also the quality.

Few things in life work as well as a Volkswagen.

*1973 Volkswagen Sedan III suggested retail price, P.O.E. Local taxes and other dealer charges, if any, additional.
**If an owner maintains and services his vehicle in accordance with the Volkswagen maintenance schedule any factory part found to be defective in material or workmanship within 24 months or 24,000 miles, whichever comes first (except normal wear and tear and service items) will be repaired or replaced by any U.S. or Canadian Volkswagen Dealer. And this will be done free of charge. See your dealer for details.

SNETCO Will Provide 'Measured Service' To North Central Region

Southern New England Telephone Company will furnish "measured service" for North Central Connecticut communities in 1973 and 1974, Alfred van Sinderen, company president has informed state Rep. Astrid Hanzalek of Suffield.

SNETCO's "measured service" costs \$4.40 a month for a private line, compared with \$7.30 for regular private line service. Under the "measured service" plan, the first 30 local outgoing calls are included in the \$4.40. Thereafter the customer pays 7½ cents for each additional outgoing local call. Toll calls are always additional. An unlimited number of incoming calls is allowed. There is no restriction as to age or income. Anyone is entitled to the service.

Mrs. Hanzalek discovered SNETCO's "measured service" after an East Granby constituent wrote her recently about budget telephone service for elderly in New York, and asked why a Connecticut telephone company could not offer the same service.

She found that for more than a year residents of Hartford, and parts of Wethersfield had been enjoying this service of SNETCO. She wrote to the SNETCO president saying she understood that when SNETCO was granted a rate increase the areas served by "measured service" would be extended. She added it's bad that all the

Rossi Named Clerk Of Works For Construction

Louis A. Rossi of 6 Nutmeg Ave., Enfield, has been selected by the Board of Education to be Clerk of the Works for the construction of additions to the High School and Vocational Agriculture Center and also renovation of McAlister Middle School. His task is to see that the building projects, which have been approved by the Building Committee and the School Board, are carried out according to the specifications and blueprints, Dr. Malcolm Evans, School Supt. said.

Rossi, who assumed his duties Oct. 16, will be working with the architects, as well as the contractors' project superintendents, and it will be his job to inspect the work, Evans said.

Rossi was superintendent of plant operations at Baypath Junior College, Longmeadow, Mass. prior to his new appointment.

Work has already begun on excavation at the high school, Evans said.

As soon as the relocatable classrooms arrive, probably Nov. 1, the renovations for McAlister Middle School will get underway, Evans said. The middle school students will attend classes in the relocatable units while the main building is being modernized and renovated, he added.

Parents remorseful over child's failure

Parents blame themselves far too much for their children's failures, according to a report by the National Association for Mental Health.

"A parent should concede from the start that their child is not going to be ideal," said Wallace Denton, a Purdue University psychologist.

No Action On Airport Zone Until Spring

Residents of the so-called Airport Zone in Suffield have received assurance that their problem will be fully discussed by the Zoning and Planning Commission and no major action will be taken by the Commission before Spring.

The Suffield Residents for Responsible Planning (SRRP) composed of concerned residents living in or near the 1300 acres north of Bradley Field were represented at a recent special ZPC meeting, at Town Hall Annex, by Fred H. Goodwin, John Fahey and David B. Brew.

The issue, which has been under discussion for several years, is whether or not the 1300 acres should be changed from the present residential zone to a commercial and/or industrial zone.

A committee meeting in 1970 led to a public hearing. At the time, the ZPC favored a zone change, but the opposition, represented by Atty. Peter Sullivan, successfully defeated any proposal for zoning change.

In May 1972 the ZPC mailed a letter and questionnaire to residents of the area and lands adjacent to, or near the area,

explaining what the rezoning meant. George Stewart, ZPC chairman, read the letter to the most recent meeting, and the original questionnaire replies which had been retabulated for clarity.

Fred Goodwin reported on the results of a door to door survey conducted by his group in the same area. They differed with ZPC in the number of those in favor of the zone change.

Goodwin stressed that residents would want a sufficient buffer strip created between themselves and any land which might be developed commercially or industrially. ZPC regulations allow for a small buffer strip, but Stewart felt this regulation might be modified to provide for a larger strip.

The ZPC is tabling the zone changing proposal until spring, but will plan a study group meeting, involving all interested parties. Stewart invited Goodwin and his representatives to the meeting, tentatively set for during the next few months. Goodwin accepted the invitation.

Amblyopia Clinic Today

The Emergency Aid Association will hold a free Amblyopia test for eyesight of all 3, 4 and 5 year olds today from 9 a.m. to 1 p.m. in the Association building on South St., Suffield.

Parents are requested to bring nursery school children to the building before or after nursery school today. No appointments are necessary. Transportation will be provided for those who need it by calling the EA office between 8 and 8:30 a.m. Mrs. Sumner F. Bissell is in charge of the clinic, one of many public services provided by the Association for the community. She will be assisted by other board members.

Mrs. Bissell stressed the importance of the test for Amblyopia, known as "Lazy Eye", the major cause of preventable blindness found in 4 out of 100 children. Earlier the treatment begins the better, she said. After the age of six, treatment results in some improvement for only a small percentage of the cases, she said. So amblyopia should be detected before a child reaches school age.

Fourth Period Drive Wins For Enfield Americans, 16-6

The Enfield Americans traveled to Windsor last Sunday and beat a big, fired-up Windsor Giant team by a 16-6 margin. Enfield trailed most of the game, but a steady performance by the B-team and the fourth period awakening of a slumbering A-team gave the local boys their fifth win in six starts.

The Giants scored first late in the second period on a nice 15-yard sweep and the conversion attempt failed. The B-teams took the field at this point and Enfield went off at half time trailing 6-0.

The American's B team dominated the play in the third period but were hampered by numerous offside penalties.

Standouts for the B-team were Puleri, Ballard, Provencher, Ledoux and Semanie on offense and Cannone, Conte, Kaman, Liquori and Smith on defense.

With time running short and trailing 6-0 late in the third period the A-teams came back on the field and Enfield really put the heat on the Giant offense as they stopped both the Windsor running and passing attack.

Led by quarterback Fran Duggan the Americans marched 55 yards in nine plays with Ziter breaking off tackle for the final 11 yards. Ziter also took it in for the points after and Enfield led for the first time 8-6.

Their ground game was really great on this drive and featured the running of Handley, Ziter,

Saracino and Duggan.

In the fourth period another Giant drive was stopped and Enfield received the punt and took over on their own 25 yard line.

The Enfield A-team defense stopped Windsor cold in the final period as they picked up only one first down. The defense was led by Scavotto, Douville, Grout, Scott, Reaves, Salerno and Ziter.

The Americans final score came in the last few minutes as they marched the length of the field with Ziter and Handley ripping off big chunks of yardage. Duggan took it in for the score from four yards out. Again Duggan went to Ziter for the extra points and he bulled over, making the score Americans 16, Giants 6.

The coaching staff named as players of the week Don Ledoux on the B-team and Steve Ziter and Joe Scavotto on the A-team.

Next week the Enfield Americans will battle the rough, tough Vernon Shamrocks at the Enfield Street School field. The C team will play at 12:30 followed by the regular game at 2 p.m. The Shamrocks are undefeated in league play this season. All Enfield residents are invited to attend this game. There is no admission charge and refreshments will be available.

The regular season ends this Sunday with the town championships to follow. All three Enfield midget football teams have been outstanding this season with the Enfield Lancers still undefeated. The probable first game match-up will be between the Enfield Ramblers and Enfield Americans with the winner taking on the Enfield Lancers. The format for the town playoffs will be drawn up by the Enfield Jaycees and the Enfield Parents Sports Association.

Chargers, Patriots In League Tie

The Nelson Electric Chargers of Enfield find themselves tied for first place in the Suburban Touch Football League with the Revco Patriots. The Patriots did it the hard way, by beating the Chargers 14-6 last Sunday at Fermi High.

The Chargers had four scoring opportunities in the first quarter but couldn't get the ball across the goal line. A field goal attempt by Carlander from the 35 yard line failed. Minutes later Roger Frangiamore hit Jack Folan with a pass for 30 yards which put the ball on the Pats two yard line. The Chargers were driven back and Gus Carlander tried another field goal from the 25 which again just missed.

The Chargers were again in good position at the start of the second period as they had the ball inside the 10 with a first down. Frangiamore tried a pass over the middle which was intercepted. The Pats started their own drive down the field on short passes aided by some pass interference calls and finally scored six with time running out in the first half.

The Pats scored on another drive in the third period and made a two-point conversion to lead 14-0 at the end of the third stanza.

Frangiamore finally got the Raiders on the board with a 60-yard scoring pass to Chuck Ravosa. Karl Russotto threw a key block to spring Ravosa for the score. With just two minutes left Peturrsson intercepted a pass to give the Chargers another chance. The Pats dropped back into a prevent defense and held the Chargers. Final score: Patriots 14, Chargers 6.

The Chargers will play the Willow Glen Dolphins at Fermi this Sunday at 10:30 a.m. The Broncos will face the Cardinals at 9 a.m. to start the double header.

Enfield Hockey Enrolls 250 Boys

The Enfield Hockey Association registered 250 boys, ages 5-14, in its youth program on Oct. 13 and 16.

The Association announced nine sponsors for the 1972-73 season. They are Hal's Shell, Starr Homes, Barnes Construction, Enfield Lanes, VFW Post 1501, Gonyea's Paint and Hardware, Enfield Sport Center, Society for Savings and Southwood Pharmacy.

All boys registered will be guaranteed at least an hour of artificial ice per week plus practice sessions on the town rinks when weather allows.

There are a few openings left and late registrations will be accepted until these are filled. Call Ben Perrault at 745-4261 or John Nasto at 745-0131 for further information.

Raiders Upset Bulkeley, 12 To 0

By LARRY AVERY

Enfield High's Green Raiders football team took a bus ride to Dillon Stadium last Saturday to face the Bulkeley Bulldogs. The Raiders surprised everyone with a stunning 12-0 upset of the Bulldogs.

The first period was strictly defensive as neither team was able to get on the scoreboard. The teams exchanged punts frequently with neither team seeming capable of mounting an offensive charge.

After the Raiders were unable to get going at the start of the second period and were forced to give up the ball on downs, the Bulldogs started to put it all together. Bulkeley drove from their own territory down to the Raider 11 yard line. The Raiders took over on downs and started to march back but a fumble was recovered by Lettieri of Bulkeley on the Enfield 29. A personal foul penalty and three incomplete passes marked the end of the scoreless first half.

Enfield picked up three first downs after receiving the second half kickoff and marched to the Bulkeley 36 but another fumble stopped the drive with Stan Denisiewicz recovering for the Bulldogs. Bulkeley still couldn't get anything going and were again forced to punt. Tailback Joe Seeley and wingback Guy Pelletier made some good gains for Enfield as the team drove to the Bulkeley three yard line. Another fumble lost the Raiders the ball and Bulkeley started to move out again.

A fired-up Enfield defense stopped the Bulldogs again and Enfield took the ball back to the Bulkeley 28. Bulkeley took the ball over on downs but the Enfield defense caused a fumble by Ted Jefferson on the Bulldog 44. Mike Kirkorian swept the end for three yards. Pelletier then picked up a first down on a 12-yard run and Steve Binette went 24 yards to the Bulldog five. Pat Riley scored on a two-yard sneak after passing for a couple of yards to Ray Mancuso. The conversion was no good.

Enfield's defense tightened up again and Bulkeley kicked to the Raider 32. Kirkorian started another drive by running it for 22 yards. Seeley gained eight on the next play and Pelletier gained five more. Kirkorian then broke loose from the Bulldog 35 and ran it all the way in for a 35-yard touchdown. A block by Seeley sprung him loose for

the long gainer. Binette's kick for the point was blocked.

Humphries broke up the next Bulkeley drive as he intercepted a pass to give Enfield the ball again. The Raiders were finally forced to punt but the Enfield defense held again as the clock ran out on Bulkeley.

Enfield picked up 250 yards rushing. Kirkorian had exactly half of Enfield's rushing yardage. Enfield picked up 12 first downs to eight for Bulkeley. Enfield had the ball for 55 plays against 57 for Bulkeley.

The Raiders will take on the Fitch High School Falcons of Groton this Saturday at Enfield at 2 p.m.

Mon Transferred

Colli & Wagner Realty announces the transfer of Jerry Mon from its Windsor Locks office to Enfield.

A long time resident of Enfield where he lives in the Hazardville section with his wife and 3 children, Jerry is secretary of the Enfield Safety Council. He also has been active in school functions and is a member of Toastmasters International and the St. Martha Players.

In Windsor Locks, Jerry was a frequent sales award winner and a member of the Greater Hartford Board of Realtors.

DeRose Enrolled At Tech Institute

Fifty New England secondary school science teachers are enrolled in a two-year program at Worcester Polytechnic Institute leading to a Master of Natural Science degree.

They attend sessions once a week during the academic year in mathematics, biology, chemistry, and physics and attend two summer sessions.

They are the eighth group since the plan was inaugurated under auspices of the National Science Foundation in 1958 under the direction of Prof. Richard F. Morton. Enrollees receive tuition, fees and travel allowance from the NSF.

Among those enrolled is Michael B. DeRose of 79 Wilmington Dr., Longmeadow, Mass., a graduate of Enfield High School.

Women's World

Sandra Burns, Women's Editor

Marilyn Pfaltz, left, and Ann Reed, authors of "Ladies Who Lunch", will be the featured guest speakers at the Socially Yours Women's Club continental breakfast Nov. 14 at 9 a.m. at G. Fox and Co. at Enfield Square.

Socially Yours Women Host 'Come To Lunch' Breakfast At G. Fox & Co.

"Come to Lunch" is a welcomed invitation in a women's busy world. On Tuesday, Nov. 14, the Socially Yours Women's Club will sponsor a breakfast and lecture by Ann Reed and Marilyn Pfaltz who have recently published a cookbook entitled "Ladies Who Lunch."

Recipes for easy luncheon elegance are the feature of this book. Breads, soups, entrees, salads and desserts each have their own chapter. There is a large selection of distinctive recipes all with easy to read instructions and all "almost" effortless to prepare. Ranging from delectable soups and featherlight breads to snowy meringues, shimmering chiffons and puffy souffles, the dishes are designed to please the most discerning gourmet. An extra bonus is a menu chapter for every occasion and season.

Both Ann Reed and Marilyn

Pfaltz live in Summit, N. J. Since the success of their first cookbook, "Your Secret Servant: Fix and Freeze Hors d'Oeuvres for Easy Entertaining," they have been in great demand to give lectures and cooking demonstrations. Audiences repeated request for "new ideas for luncheons" prompted their writing "Ladies Who Lunch."

The Continental Breakfast will be held in the Connecticut Room G. Fox and Co., Enfield Square. Tickets will be available at \$1.50 per person to the general public and to all club members until Nov. 10. There will be no tickets sold at the door. Please contact Mrs. Ruth Owens, 749-4683, for your ticket.

Members and guest are requested to use the West Entrance (nearest I-91) of G. Fox and Co. the breakfast begins at 9 a.m. and doors will be open at 8:50 a.m.

Neighborhood Center Invites 'Over 60' Residents To A Halloween Party

The Enfield Neighborhood Center cordially invites the over 60 residents of Enfield to an old-fashioned Halloween Party in their honor. The witching time is 6:30 Monday, Oct. 30. The pot will brew and the goblins will dance in the hallowed halls of the old Circuit Court Building No. 13. Never in all its many years has the court room been so hopped.

The Socially Yours Club will decorate the hall and help to host the evening. A judge will preside over the costumed guests and select the best costumes. Those selected will be sentenced with a prize.

"Toe-tapping music" will be provided by Russ Peterson and

his friends will entertain everyone with their square dancing. Refreshments will be served. It's a first for the Seniors, and it's all free. For transportation senior citizens should call the center.

This will be the undertaking of the Center Staff, Mrs. Gonzalez, Mrs. Dragone and Mrs. Harkins and planned by Mrs. Bolduc.

This will probably be the final social event for the old Circuit Court 13 building as it is soon to be razed to make way for the construction of the new Multi-Purpose building. (In fact it may be the only social event held in the building since the High School moved out years ago.)

Silver Anniversary

Mr. and Mrs. Frank Maylott and Mr. and Mrs. Edward Higginbotham have celebrated their 25th wedding anniversary with a few of their relatives. Both couples are vacationing in Hawaii. Mr. and Mrs. Maylott were married Aug. 23, 1947, in St. Bernard's Church. They have two children, Mrs. Carolyn Austin of Waltham, Mass. and Miss Mary Maylott at home. They also have one grandchild. Mr. and Mrs. Higginbotham were married Oct. 4, 1947 in St. Andrew's Church. They also have two children, Gary and Bruce, both at home.

EHS Students Guest Story Tellers Today

Leo J. Yaconiello, principal of Enfield High School, announced that members of the Children's Literature course at Enfield High School will be guest story tellers at the story hour at the Enfield Central Library today. The story hour programs for pre-schoolers are conducted three times a week under the direction of Mrs. Charlotte Jones, head of the Children's Department at the library.

The Enfield High School students have been learning the techniques of story telling in the Children's Literature course offered for the first time this fall. The course is taught by Mrs. Marie McGarry, who was a children's librarian with the Springfield City Library, before she became school librarian at Enfield High School.

In addition to story telling, the course covers such topics as the nature of the picture book, folklore, the history of children's literature and current fiction and non-fiction for children under ten.

Students in the class also presented an additional story telling program for children in the kindergarten class of Mrs. Linda Milroy at the Prudence Crandall School Library Tuesday.

Church Women Note Birthday At Smorgasbord

The Enfield Church Women celebrated the 30th birthday of Church Women United with a smorgasbord last evening at St. Joseph's School hall. The theme for the event was "celebrating the Coming Age."

Gifts of toys and clothing were brought for the Neighborhood Center children's Christmas party.

Mary O'Neil of St. Patrick's Church and Peg Smith of the Presbyterian Church served as co-chairmen.

Assisting them were: Program and Worship, Sue Whitmore and Marty Newman of the American Baptist and the Hazardville United Methodist Church respectively; Reservations, Dawn Carlson of the Lutheran Church; Publicity, Helen Javorski of St. Adalbert's Church; Registration and Name Tags, Florence Johnson of St. Andrew's Church; Greeters were represented by the United Methodist Church; Hostesses were from St. Patrick's and CYO; Clean-Up, Enfield Congregational Church and St. Patrick's Church; and Set-Up, the Presbyterian Church and St. Patrick's Church.

Human Needs And Resources Committee Launches Programs For Young People With Dance Tomorrow Evening

The Human Needs and Resources Committee in conjunction with Friendship House and the Youth Activities Committee is sponsoring a "Battle of the Bands" dance tomorrow evening at Enfield Intermediate School.

The need to foster a program of activities for the town's growth is essential. The population of Enfield has grown far more rapidly than the facilities of the town can bear.

Enfield is a suburban town with one major problem that pervades many towns — the problem of having many young people with little or no recreational facilities to accommodate them. These youngsters have no place to go and very little to do after school hours. The population of Enfield is 45,000, with half of this number under the age of 21. As concerned residents, we are asking you to help

combat this problem.

Following is a general outline of what the Human Needs and Resources Steering Committee hopes to do: "We would like to set up workshops in those areas that will be of interest to our young men and women. These interest oriented groups would meet evenings or weekends and might include work on electronics, sports, politics, conservation, automotive repair, etc. It is at this point that we need your help. There are some 200 organizations in town, some of whom might be interested in sponsoring a particular activity. I think that we can safely say that once our young people become involved in something that is not only useful, but also of interest to them, crime, accidents, and general boredom will be at a minimum."

"To inaugurate such a venture, young men and women

from our two high schools and two junior high schools, with help from Human Needs and Resources and Friendship House are heading up the "campaign" with a kick-off dance tomorrow."

The first part of the evening's events will be taken up by addresses from Senator Abraham Ribicoff, Congresswoman Ella Grasso, and hopefully Mayor Frank Mancuso. The remainder of the evening will consist of the dance itself, sale of refreshments, and a competition by four bands, with a prize going to the band considered by those present, to be the best of the "battling bands".

If you think you can be of service to our youth, please contact Mr. Ralph Cerrato of Friendship House at 749-6414, or Mr. Bill Kiner of Human Needs and Resources at 745-9440.

There is much that can be done — if only you care!

Mark Twain PTA 'Adopts' Dhanasekaran

The Mark Twain PTA has "adopted" a young boy from India, according to International Relations chairman, Mrs. Carolyn Jones. Dhanasekaran is twelve years old, in the seventh grade, his favorite subject is English, his health is fair and his favorite play is football.

struggled to make a living for his family, but with his meager wages, it was soon obvious that outside help would be needed.

Through a program sponsored by the Christian Children's Fund, the Mark Twain PTA is sponsoring Dhanasekaran for the children at the Mark Twain School. It will be a way for the children to learn of life in other countries, to make a new friend, and to teach Dhanasekaran of life in our country. The benefits for the children are many — and hopefully a little happiness will be brought to Dhanasekaran.

Dhanasekaran has never known the blessings of normal family living. His family background is one of extreme poverty and privation. Then, tragically, his mother died, leaving his father alone to support and care for the family. This man

'Secrets From The Past, Enrich The Present' At Bible Conference

"Secrets from the Past, Enrich the Present" will be the theme of a three-day Bible Conference, which is designed for lay people, Sunday School teachers, and youth will present Old Testament characters and their stories in the light of their relationship to contemporary society.

Purchase, father of the local American Baptist pastor, has served churches in Connecticut, Massachusetts, New Jersey and Maine. He has taught Bible courses at the college level and well known for his inspirational interpretations of the scripture. Sessions will be held on Friday and Saturday evenings at 7:30 p.m., and Sunday at 9:45 a.m., 11 a.m. and 6:30 p.m. Special sessions for children will be conducted by Mrs. Richard E. Purchase of Saxonville on Saturday morning at 10:30 a.m. and during the adult sessions at 11 a.m. and 6:30 p.m. or Sunday.

Participants will be asked to seriously encounter the literature of the Bible in order to understand its application to day to day living.

In contrast to a recent Reader's Digest article which called the Bible "The Book Nobody Reads", the Bible Conference will call for committed study and exploration of these ancient scriptures.

Guest teacher for the series will be the Rev. Richard E. Purchase, pastor of the Saxonville Baptist Church in Framingham, Massachusetts. Mr.

The public is invited to the Conference sessions which will be held at American Baptist meeting house, 129 Post Office Road, Enfield.

A schedule and outline of topics is available by calling the church office at 745-4190 or 745-0221.

Jehovah's Witnesses Attend Bible-Study Convention

The Enfield congregation of Jehovah's Witnesses has returned from a Bible-study convention held in Simsbury this past weekend, according to R. V. Hanson, presiding minister for the group.

He said that the assembly program was based on the theme, "Let Us Serve Jehovah Whole-souled." The feature Bible discourse for the seminar was "Is This Life All There Is?" It was presented to a capacity crowd on Sunday afternoon by F. R. Bartell, district minister for the Witnesses.

The Enfield congregation played a significant part in the operations of the affair, according to convention officials. Richard V. Hanson functioned as stage manager for the convention, handling and arranging props, microphones and stage settings — especially important for the dramatizations that were presented. He was assisted in this function by Douglas Fosberg of the local unit. George Jezek acted as audio engineer for the program. He supervised installation and operation of the public address system, not only in the auditorium, but also in the cafeteria and the closed-circuit TV system in the gymnasium.

"The convention program concluded at 5 p.m. Sunday," Hanson said, "although final assembly activities then included serving refreshments to convention delegates, followed by cleanup of school facilities by Witness volunteer help." He also commented, "The local congregation is returning from the convention with a sincere desire to promote knowledge and appreciation of God's Word, the

Richard V. Hanson

Holy Bible." He also announced that the regular schedule of activities is being resumed at the local Kingdom Hall on North Maple St., Enfield.

Enfield Church Women Represent All Area Churches

No task too small, no task too big — that seems to be the slogan of a small, hardly known group of women in Enfield. Yet the impact of this group's service to the community is tremendous. They call themselves "Enfield Church Women" and represent all the churches of Enfield.

Organized in 1967, the group meets quarterly with officers serving for a term of six months. Participating churches pay a nominal fee of \$2 for postage expenses, but the group depends on contributions for its many projects and there is no fee for services rendered.

This year's program started with the annual Fall Ecumenical Smorgasbord last evening followed by the annual Christmas Party for the needy children of the town, and the Women's May Fellowship Breakfast. The services rendered are innumerable — the women volunteer to drive the elderly to doctors, they collect toys and clothing for the needy, they assist in the hot lunch program

for the older citizens, they collect, sort and store food for the Emergency Food Shelf, they visit the shut-ins, handle crafts programs at the Neighborhood Center, assist with the Big Brother movement, even chaperone field trips.

The present officers of the group are Mrs. Nancy Schadlich, president, and Mrs. Jean Card, secretary. Co-chairmen of the Smorgasbord were Mrs. Mary O'Neil and Mrs. Peg Smith.

JFK To Present Play On Nov. 10

The John F. Kennedy Junior High School Drama Guild will present the Broadway hit "You're A Good Man Charlie Brown" Nov. 10, at 7:30 p.m. Rehearsals are in progress now. The cast includes Allen Decker as Charlie Brown, Denise Perreault as Lucy, Ronald Langdon as Linus, Steve Cunningham as Schroeder, Cathy Moriarty as Patty and Chris Wheat as the lovable Snoopy.

The student producer sare Tim Smyth and Carol Crowley.

Santa Petise and Linda Gademane are co-directors. Thomas Clough and Lawrence Climan sill supply the instrumental music.

The J.F.K. Theater Arts Class has created the setting for the production. Admission is \$1.

Hair Stylist

Nicholas Giaccone, 41 Field Rd., Enfield, left, is presented trophy in recognition of having won the New York State hair styling competition, by Dominic Gulli, 1971 national champion hair stylist. The competition took place in Rochester, N. Y., on Oct. 15. Giaccone operates Plaza Styling Shop, Dexter Plaza, Windsor Locks.

50 EHS Students Becoming Mechanics

Joint state and federal funding through the Connecticut State Department of Education have made it possible to offer a first at Enfield High School. September saw the doors open for over 50 students to become automobile mechanics. Through the office of State and Federal Project Coordinator, Robert Eaton, and under the direction and leadership of Harry Zerogian, coordinator of Vocational Education, and Leo Yaconiello, principal of Enfield High, this program became a reality.

The program instructor, Paul Formanek, trained as an Industrial Arts teacher at Central Connecticut State College, and also had 5 years of practical experience as an automobile mechanic before taking his present position.

ment went into the opening of this course. The Connecticut State Department of Education, besides providing these funds, was also instrumental in obtaining a 1972, fully equipped automobile as a practical working model for the program. The shop itself is fully equipped with the latest in electronic diagnostic equipment.

Students will be required to learn engine diagnostic work, wheel alignment and balancing, lubrication, electrical systems, brakes, and suspension systems.

In addition to state and federal support, local automobile dealers are cooperating to further enhance the program by donating engines and parts to serve as working models. Local interest in the development of this program speaks well as to its relevancy, and the potential job opportunities of its program graduates.

A total of \$22,090 in state and federal funds for the instructor's salary, and shop equip-

Shewokis Graduates From Police Academy

Patrolman Stanley R. Shewokis, of the Enfield Police Dept. recently graduated from the recruit training course at the Connecticut Police Academy in Meriden.

Shewokis satisfactorily completed an intensive four and one-half week course, which included studies in Criminal Law, Laws of Evidence, Laws on Civil Rights, Laws of Arrest and Search and Seizure. The course also included training in firearms and defensive tactics.

To date, 360 policemen and

policewomen have graduated from the recruit training program at the Police Academy, which is conducted by the Municipal Police Training Council (MPTC). The MPTC is a twelve-man board, appointed by the Governor, that is responsible for setting standards of training for all municipal policemen in Connecticut. The Board is comprised of eight Connecticut chiefs of police, the Special Agent in Charge of the FBI Connecticut office, the State Police Commissioner, a professor from the University of Connecticut, and the chief administrative officer of a town in Connecticut.

The MPTC and the Connecticut State Police share the facilities at the Connecticut Police Academy. Since the opening of the Academy in June, 1971, over 1,000 have attended or graduated from special courses at the Academy, including courses sponsored by the MPTC and conducted by the staff from Northwestern University on Police Supervision, Traffic Management, Command courses for chiefs and assistant chiefs, and courses for police instructors.

Shewokis received his diploma at the graduation exercises from Chief Thomas J. Sullivan, chairman of the Council. There was a total of 30 graduates.

Broege Promoted

Roy K. Broege, an Enfield native, was recently promoted to project administrator in the data processing division of Connecticut Mutual Life.

Broege graduated from Conard High School in West Hartford and received his degree in biology from Eastern Connecticut State College in 1967. He was employed as a chemist for Royal Typewriter before joining Connecticut Mutual in 1968. Previous promotions include programmer in 1969 and senior project manager in 1971.

Broege has been active in Connecticut Mutual's Community Chest fund drive for several years and is this year's campaign chairman. He has also been a Junior Achievement advisor for the past two years.

The Broeges have two children and now live in Hartford.

Big Brothers Need Many Volunteers

"Big Brothers of Enfield will make a concentrated effort to recruit many new volunteer Big Brothers," Atty. C. Michael Budlong, president of the local Big Brother agency announced.

"Right now, we have a number of boys eagerly waiting for their Big Brothers. Only through the recruitment of more volunteers can each of these young boys have the Big Brother he needs and wants."

"The Big Brother Program provides a unique child welfare service which combines the friendship of a volunteer (man) aided by a social worker to help a boy who lacks the guidance of a father. The important contribution of Big Brother work is the concept of therapeutic friendship between a responsible male adult and a boy who has no adequate masculine figure with whom to identify. The continued success of the One Man-One Boy program depends on the number of new volunteers we recruit."

"The Big Brother movement complements but does not duplicate the work of group agencies. Sixty-five years of experience has proved that the Big Brother idea, One Man - One Boy, works."

Men wishing to volunteer as Big Brothers should contact Mr. James Rotatori at Big Brothers of Enfield, Enfield Town Hall, 820 Enfield St., Enfield, Conn. 06082.
