Town Joins Mutual Aid Program

Astronaut Apparel

Children of John Fox 6th-grade class at Henry Barnard School learned how an astronaut dresses while travelling into space, recently through the courtesy of Thomas Moore, of the engineering depart-

ment at Hamilton Standard. In the photo from left, Susan Faucher wears insulated thermal gloves, Brian Crouse wears a space suit and Harry Captain wears a thermal undersuit with tubes attached for warmth.

The Enfield Town Council, during its Monday night meeting, authorized Town Manager C. Samuel Kissinger to sign a "Mutual Aid" agreement with three neighboring towns in the event of an emergency.

The three towns are Windsor Locks, Suffield and East Windsor' which are expected to also sign the agreement.

The mutual aid agreement was written to coincide with an air disaster plan recently

drafted by towns surrounding Bradley International Airport in the event of an aircraft crash.

The agreement was drafted by Atty. James Alaimo, police legal advisor for towns comprising the Circuit Court 13 district. It allows for police to cross town lines when summoned for aid. It also allows for any police officer who is injured during an emergency outside his regular jurisdiction, workman's compensation and the reimbursement to other towns for assistance and equipment when responding to an emergency.

Kissinger had high praise for the program saying it is good for Enfield and the area. When asked about the reimbursement, he said it could come from the state, the Federal Government or from a town which is in the state of an emergency.

Revaluation Notice

The next issue (Oct. 29) of the Northern Connecticut Bazaar will contain the complete list of the revaluation of homes in the Town of Enfield, as required by law every ten years.

OTB Site Facilities Being Checked Out

The Commission on Special Revenue and American Totalisator, its Off-Track Betting (OTB) contractor, will immediately begin evaluation of sites for Teletracks and Teletrack branch offices in Connecticut. This follows the Commission's signing of contracts with the New York race tracks last week.

According to John T. McDonald, executive secretary of the Commission, "Any municipality whose legislative body has not approved OTB cannot be considered in site planning." Continuing, he noted that, "Very soon now, we will

finalize our plans for Phase I of OTB. We will be able to consider only those towns whose legislative bodies act immediately."

Under a special act passed by the legislature, municipalities will receive 1/4 of 1 percent of the total money wagered at OTB facilities located within their boundaries of 1 percent of the total money wagered at OTB facilities located within their boundaries, plus 10 percent of the admission price at the Teletracks.

Macdonald urged all those towns that wish to be considered for OTB to contact the Commission on Special Revenue without delay.

The agreement will take effect Nov. 1. Chief of Police of Windsor Locks, James Whitten, who spearheaded development of the air disaster plan, said he will call a meeting soon for the signing of the mutual aid agreement.

He said a meeting will be held Nov. 14 of the eight towns involved in the air disaster plan, for the signing of that pact.

The air disaster plan was tested in Suffield two weeks ago with good results. A more extensive test is planned for later this year which will include doctors and simulated victims.

Amvets Halloween Costume Parade Is Next Wednesday

Amvets Post 18 of Enfield, will hold its Fifth Annual Torchlight Halloween Costume Parade Oct. 30.

The supervised parade will start at 6:30 p.m. at the Enfield Town Hall and will be led by the Centurion

Drum and Bugle Corps. The parade route will be west on North Main Street, south on Pearl St., east on New King Street to the Enfield Intermediate School auditorium.

The parade and sub-

sequent costume judging at the auditorium will be open to all Enfield youngsters up to the age of 18. Prizes and token gifts will be distributed at the auditorium.

Costume judging will fall into the following categories with four prizes being awarded in each grouping.

Category 1 — American Heritage — Costumes reflecting past or current American history, folklore, or patriotism.

Category 2 — Originality — Most unusual, primarily homemade costume.

Category 3 — Most appropriate — Costume that most reflects the spirit of Halloween.

Category 4 — Funniest — Most humorous costume.

Category 5 — Most colorful — Best coordination of colors whether traditional or psychedelic.

Children under ten years of age should be escorted by parents or qualified guardians. Parents unable to provide escorts due to unusual or hardship situations may contact Parade Marshal Robert Rookey at 745-4413 or Amvets Commander William Edgar at 745-1518 for special arrangements, so that their children may attend. If possible children should bring their own flashlights.

The committee consists of Amvets Post Commander William Edgar, Parade Chairman and Marshall

Leaf Collection To Begin Next Monday

The Dept. of Public Works leaf collection will begin Oct. 28 in the vicinity of Brainard Road, reported Roger J. Mullins, director.

During the first week, leaves will be collected on the following streets:

Belle Ave., Thomas St., Arthur Ave., Sharren La., Debbie La., West Forrest Dr., Brainard Rd., Dartmouth St., University Pl., Connecticut Ave., Sword Ave., Booth St., Willard Ave., Carl St., Knox St., Elm Ave. and Roy St.

Mullins requests that property owners place their leaves at the edge of the road the weekend prior to collection. He said once a street is done it will not be recollected until all the streets have received at least one pickup.

In addition to this, said Mullins, the vac-all unit will be assigned, as it has in the past, in the Lakes area working between Shaker Pines and Crescent Lake on alternate weeks.

Repairing Sidewalks

Grover Moree of Hartford and Carmen DeMartino of Wethersfield, tear up section of sidewalk to be repaired on Church Street. The DeMartino Construction Co. of Wethersfield has been contracted by the Town of Enfield to replace bad sections of

sidewalk in the downtown Thompsonville section of town. The crew has already taken care of Alden Avenue and are now working on Church Street with Pearl Street to follow. The work is expected to be completed in about three weeks.

'From Little Acorns —'

Last Friday, the conservation committee of the Enfield Junior Women's Club visited Mrs. Pam Joyce's 1st-grade class at Henry Barnard School where they passed out dirt and acorns for the children to plant. In the upper photo, Joanne Tait gives some dirt to George Scott and in the lower photo, Betty-Ann Reilly does the same to Julie D'Lorenzo.

Owner Of United Paving Co. Charged

Two counts of violation of the state weights and measures law have been charged against Tadeusz Olko, of Enfield, by inspectors of the Department of Consumer Protection, according to Commissioner Barbar Dunn.

A warrant for the arrest of Olko and subsequent appearance in Circuit Court in Windsor, was obtained after Inspectors William B. Kelley and William Slamon of the Consumer Protection Division found asphalt sold by Olko, owner of the United Paving and Construction

Co., Enfield, was short-weighted in two instances of state inspection recently.

One load of asphalt, purchased by an Enfield construction company, was found to be 1500 pounds short-weighted and a load of the paving material purchased at the same plant by a Springfield, concern was found to weigh 1900 pounds less than the amount indicated on the weight slip.

A court date has not yet been set for Olko's appearance on charge of "selling or offering for sale less than the quantity represented."

Motts Supports Ford's Battle

President Stanford Cohen of Motts (Shop-Rite) Supermarkets has mounted an extensive advertising campaign pledging his company's full support to President Ford in the battle against inflation.

"Regardless of political affiliation, one must be please to see we're finally making some moves in that direction," he said. "We will try to hold the price line whenever we can and reduce prices where possible, but above and beyond that Shop-Rite and all its employees will, work smarter, eliminate waste, reduce our

use of energy and increase our productivity."

Cohen said he was inspired to embark on the anti-inflation campaign after listening to President Ford's economic message to Congress. Recently Shop-Rite made the headlines when Sylvia Gottlieb, V.P., Consumer Relations, broadcast a message throughout New England, urging housewives to cut-back on sugar until the price came down.

As an afterthought she said, "Besides it won't hurt our waistslines a bit."

Students Should Learn Flexibility

By DR. DAN McLAUGHLIN

President, Asnuntuck Community College

I have talked before in this column about the word graduated with the emphasis upon the ed. I have said that the ed has indicated to people of my age that we were all done learning once we had completed college, high school or whatever. We know that that is not the case as most of us change jobs quite often and find ourselves in areas that we were not prepared to cope with. I have also indicated in this column that parents have the image that going to college is the only legitimate thing for a young person to do.

At Asnuntuck, students are not 18 and 19 years old. We do have a few of these but most of our people are older. This means that a number of people have found themselves in situations where they needed to learn again after being graduated from some form of education, be it high school, junior high school, college or whatever.

I have just read an article in the National Association of Manufacturers Reports for September 16, 1974 regarding Career Education: Everybody's Business. One of the points made in this article, which I commend to you, is that parents need to reexamine their attitude toward career education for their children.

To attend a college is really a great experience and one that I would hope would broaden anybody's outlook on life. However, when a person attends a college with the thought in mind that they are going to earn more money than their parents, they are in for trouble. However, on the other hand, when a person attends a training institute with money on their mind which would result from a better job, they are also in trouble.

It was my experience in industry that a new engineer was technically good for the company for a period of four or five years. After this time he became obsolete. Companies do not dump engineers after that time, rather, they retain them in a variety of ways. My thought has always been, "Why can't an area work like a company and retrain its people as well as re-educate them for the new jobs and new challenges that exist in society?"

Fortunately, a community college can address itself to this question and take action. But the action taken must be in concert with the parents and people of the area. In other words, we know that the occupations we are currently preparing people to assume will not be the occupations they will hold in the future. Further, the occupations that we know of today that exist in the area and the country will not be those occupations that exist in even five years. New occupations are being born every day and these are occupations that we can't even learn about today. How do you prepare a person for unknown occupations? How do you prepare a person to recognize when their occupation is becoming obsolete? How do you prepare a person to know when their skills in an occupation that

may continue are becoming obsolete? I do not have any nice easy answers, rather, I think we need to look at the words college, education, and life-long learning in totally different ways than we have in the past.

One of the nice things about being with the community college is that I can draw loops. These loops represent recycling which can happen to people, just like what happens to glass and paper right now. I would hope that it would soon happen to aluminum cans. If we can recycle things, why can't we do it with people? It is only our own conceptions that prevent us from doing this! College is for young people only, graduated means that I am done learning. These factors, along with what parents do to their children in terms of college and career education need to be changed. The status of being able to say that my son or daughter is attending college may need to be re-examined. For too long of a time we have forced out of college and other educational institutions those people, students, that were interested in things that the educational institution was not interested in. Students do become bored in school and I would hope that all schools would soon become opportunities rather than mandatory.

As a music teacher, I often encountered the student who had no interest in music but whose parents said you will take music. I once remember a music student of mine that could talk around a lesson for one-half hour and never play a note. He was very clever and I did not catch on to his act until after a number of non-playing lessons. This fellow had no interest in music and did not want to play the horn, rather, it was vicarious living of the parents that insisted that this kid play a horn. How much of this dictates what our younger people are doing in terms of college and after high school experiences is unknown to me, but I think it plays a

Final Plans

Wanda Christian and Janet Misk, of the planning committee of the annual harvest ball, sponsored by St. Joseph's Church in Suffield, go over final plans of the ball which will be held Nov. 16 beginning at 6:30 p.m. with the serving of roast breast of chicken followed by dancing to the music of John Dymerski and "The Villagers".

Local Fireman Is Scholarship Winner

The International Association of Fire Chiefs announced that Thomas B. Kazukynas, of 54 Wilstar Circle, Enfield, is the recipient of a \$250 college-level scholarship. Applicants in the international competition were judged on the basis of those demonstrating merit, desire, and initiative. In addition, previously attained training was favorably considered by the judges.

The competition, open to full-time paid or volunteer members of a state, county, provincial, municipal, industrial or military fire department, has been sponsored by the International Association of Fire Chiefs for twelve years, and is supported by business, insurance and trade associations. Kazukynas' scholarship is endowed by the Raeford Worsted Company, a manufacturer of uniforms for the fire service.

Kazukynas is a lieutenant with the Hazardville Volunteer Fire Department, where he has been a member

for over five years. Educated in local schools, Lt. Kazukynas is a student at Springfield Technical Community College, in Springfield, enrolled in a fire science degree program.

GOP Rally Dance Set For Tomorrow Night

Two state-wide Republican candidates will join Vincent A. Laudone, Republican Central Chairman, as guests appearing at the G.O.P. Rally Dance to be held tomorrow at St. Adalbert's Hall.

Sponsored by the Enfield Republican Town Committee, the festivities will include dancing from 9 p.m. to 1 a.m. and setups and refreshments. A grand old time is planned for Enfieldites as well as those from surrounding towns who are anxious to meet the candidates.

In addition to Laudone, Michael Kenny, candidate for State Comptroller and Senator John J. Zajac, Jr., candidate for State Treasurer will be in attendance.

Kenny, a third-year First Selectman in Southbury has lowered the tax rate to a five-year low and has

eliminated Southbury's bonded indebtedness. A graduate of UConn and having served eleven years in the Waterbury School System, Kenney is currently enrolled in the sixth year administrative program at Southern Connecticut State College.

He has been past president and treasurer of Southbury Young Republican Club and is a member of the Lions Club and the Knights of Columbus. Married to the former Kathryn DiMartino, he is the father of five.

Zajac, a native of Middlefield, is a graduate of Meriden High School and St. Bonaventure University. He was a U.S. Army Officer serving in the Pacific Theater and presently is a medical representative for Letterle Laboratories. He is now serving a second term as majority leader of the Senate and as chairman of

the Liquor Control Committee as well as being chairman of the Meriden Board of Tax Review. He is on the board of directors of the Meriden City Savings Bank and is a past Chancellor 4th degree Knights of Columbus, past officer and board of directors Pony League baseball, Polish Knights of the Blessed Virgin, Polish League of American War Veterans, Falcons, Elks are among his other activities. Married to the former Alice Montana, Zajac has 6 children.

In addition to the above mentioned statewide candidates, Pat Piscopo, 6th Congressional District, Helen Berganty, Hartford County Sheriff, Emmalou Kirchmeier, 7th Senatorial District, and John Zdebski, 58th State Representative candidates, will also be on hand to welcome those attending.

Takes High Honors

Vernon Uhlinger of Vern's Power Equipment, 314 North Maple Street, Enfield, was honored recently at the Bolens Dealer Meeting held at the Frost Company of Woburn, Mass., N.E. Distributors of Bolens Equipment. Uhlinger (center) Greater

Enfield Chamber of Commerce Board of Directors Member, was presented the award by Frost Company representative Otis Jolly (left) and Bolens Regional Sales Manager Irwin M. Nagele (right).

Mrs. Grasso Would Further Aid State's Senior Citizens

U.S. Representative Ella Grasso declared that, as Governor, she would move to create a cabinet level post for the Department on Aging as a "too long delayed" first step in providing Connecticut's 305,000 senior citizens with the kind of services they deserve.

An advisory council on the agency would include experts in the field of aging and lay leaders.

Mrs. Grasso spoke at the New Britain Democratic Town Committee's "Tribute to Senior Citizens."

The Democratic nominee for Governor, in outlying a nine-point program also declared she would order the Departments of Transportation and Aging to develop a comprehensive transportation program to insure that the elderly — now often locked in their homes because they have no means of transportation — begin to get the kinds of transportation they need.

Mrs. Grasso said some 25 percent of the state's elderly population are getting services, and that shoring up

the Department on Aging and providing adequate transportation are keys to reversing this problem.

"The fact is," said Mrs. Grasso, "that the present administration has failed to provide the opportunities to meet the needs of the elderly for improved state services. Today only about 25 percent of our elderly are receiving the services the state now provides. That means that 75 percent of the needs are unfulfilled. About 20 percent, or 58,000 elderly, have no basic means of transportation, leaving them trapped in their homes, victims of an administration that provides little help. About 15,000 elderly in this state have no telephone, a communications link that is a vital necessity to the infirm."

Mrs. Grasso charged that the present administration has often ignored the plight of 305,000 elderly of our state.

"Too long," said Mrs. Grasso, "the needs of the elderly have been ignored, too long has this administration delayed a program to deliver services.

In addition to the honored guests, reservations have been received from class members in the Hartford-Springfield area as well as from those residing in Florida, Maryland, New Jersey and Delaware.

On the program will be a Social Hour at 6:30 p.m. with dinner at 7:30 p.m. Comments by guests and classmates will follow at 8:30 p.m.

A special 25th Reunion Yearbook is being prepared listing the highlights in the lives of the 103 members of the Class of 1949.

Several members of the class are on the "Unknown" list. Anyone knowing the current address of the following are asked to notify members of the reunion committee. Current addresses are lacking for Ronald W. Stewart, Ernest Arnold, Sarah Jane (Childs) Warren, Alfred C. Avery, Thomas Richardson, May (Ellard) Ashland, James J. Flynn, C. Claude Brodeur, Richard M. Leary and Marion (Cousineau Scott) Bennett.

The committee includes, Mrs. Audrey (Young) Bliss, Mrs. Joan (Reinhardt) Harrison, Mrs. Claire (Provencher) Hunt, Dr. Gvs. Pappas, Thomas Parakilas, John Cimino, Andrew Siana, Anthony Secondo, Mrs. Rose (Graci) Sokol and Edwin Wenc.

EHS Class Of 1949 Reunion Is Nov. 9th

Members of the Class of 1949 of Enfield High School will be attending their 25th reunion Nov. 9, at the Mountain Laurel Restaurant.

Mr. and Mrs. Carl Angelica — and Mr. and Mrs. Michael J. Ricci will be guests of honor at the affair.

Invitations to class members were mailed out during September. The committee has received 70 reservations as of last week and more are expected to be received in the next week.

Steele Proposes New System For Federal Education Funds

Charging that the present federal formula for allocating vocational education funds to the States "blatantly discriminates" against Connecticut, U.S. Representative Robert H. Steele (R-Conn) has proposed changes in federal law which could bring Connecticut an additional \$3 million in vocational education monies.

"The importance of maintaining and expanding our vocational education programs cannot be overemphasized," the

Second District Representative said. "Our State has over 175,000 students enrolled in vocational education program and yet is still not reaching the 35 percent of our general high school graduates who do not go on to college or some other post-secondary school training. "But continued progress in Connecticut is becoming more and more difficult. Our taxpayers are already overburdened and the Federal government is not now providing the assistance

it should."

Steele noted that in 1972 — the latest year for which accurate figures are available — Connecticut received \$3.2 million from the federal government for secondary and post-secondary vocational education. At the same time, Mississippi received \$7.4 million; yet Mississippi has only two-thirds as many residents as Connecticut and its taxpayers pay an average of only \$728 per year in federal taxes as compared to the \$1664 paid by the average Connecticut citizen to the federal coffers.

Steele called on Congress to revise the law to eliminate these wide disparities. The present law allocates funds on the basis of a complicated formula based partly on population, but more on a ratio derived so that aid to a state is inversely proportional to its personal income level. He called for a formula based more on population, which he estimated would produce \$3 million more a year for Connecticut — thus almost doubling Connecticut's present level of funding.

Kiner Named To PDS Commission

Senate Minority Leader Charles T. Alfano announced his appointment of William Kiner of Enfield to the Public Defender Services Commission.

The commission was created by the 1974 General Assembly and is charged with the organization and administration of the public defender system throughout the State.

Kiner, who will serve a one year term on the new commission, teaches grades seven and nine at the John F. Kennedy School in Enfield. He is president of the Human

Needs and Resources Committee of Enfield, past president of Friendship House, a member of Big Brothers and the Enfield Democratic Town Committee.

"Bill has compiled an outstanding record in the field of social service," Alfano said. "I am sure he will be an asset to the Commission playing a vital role in its mission."

Standard Time Begins Sunday

Daylight Savings Time ends this Sunday so before going to bed Saturday night, turn your clocks back one hour.

Year-round DST went into effect last Jan. 6 as a means of conserving energy, but the public inconvenience that resulted far outweighed the fuel savings benefits. In fact,

only about one per cent in electricity-generating fuel was saved.

Parents of school children especially showed an extreme distaste for winter DST. Now children will no longer have to go to school in the dark glowing in fluorescent-stickered jackets.

large part in some of the problems that youth encounter.

I have mentioned before the dilemma that many young people find themselves in because they cannot tell me, others, and their parents, what career they are going to follow when they graduate from high school, college or whatever. I keep trying to tell them to relax and worry more about what it is they are learning, learning to be flexible, learning to be self-motivated, and learning to lose their fear of change. For the most part, I feel like I am talking to a blank wall because of the very heavy image implanted in the younger person by the parent and others which indicates that going to college will get you a better job.

Hallmark Cards Explains Position

Hallmark Cards, Inc., has released a statement in regard to its application for proposed expansion of a staging and load area at its plant.

The release follows:

"The sole purpose of the proposed expansion is increasing the internal efficiency of the existing plant. Increased production that is processing a larger volume of material through the plant is not contemplated; any

such increase would necessitate a concurrent expansion of the warehousing and processing areas within the plant.

"Traffic conditions on Manning Road will not therefore be adversely affected by the proposed expansion. The problem of industrial traffic within Manning Road is both recognized and fully understood by the Commission, and the Commission likewise recognizes that his problem can be alleviated only by provision of separate road facilities for the industrial acreage and development west of the residential neighborhoods within North Thompsonville Neighborhood.

"The Town Planner is holding discussions with the landowners and plant managers who might be financially involved in the construction of such a road should it be developed, toward assessing the economic feasibility of such a road. Benefits would occur to both the lots plus undeveloped acres abutting the Penn Central Railroad, and to the existing plants on Manning Road. The forbearance and cooperation of all concerned is sought toward resolving this problem. A joint effort will produce a result which is beneficial to both the residential and industrial taxpayer."

Working For Emmalou

Posing with the candidate of their choice, students at Assnuttuck Community College discuss campaign issues, including campaign ethics, with Emmalou Kirchmeier, center, Republican candidate for State Senate. Left to right, Bonnie Corbin, Linda Olsen, a campaign coordinator, Frankie

Smith, a long time friend of Mrs. K's since they worked at the Enfield Press together, and Peggy Gaylor, campaign coordinator. The three young women attended a luncheon with Mrs. Kirchmeier Wednesday at which Gov. Thomas Meskill supported Mrs. Kirchmeier for the senate seat.

He owned and drove a school bus 14 years.

He was a member of First Baptist Church of Suffield and First Church of Christ Congregational, Suffield, Apollo Lodge of Masons and Hartford County Farm Bureau.

Besides his wife, the former Marion Harlow, he leaves a son, John E., and three daughters, Elizabeth, Janice and Mrs. Carol Griffin, all of Suffield; three sisters and two grandchildren.

The funeral was Oct. 22 in First Church of Christ Congregational with burial in Zion's Hill Cemetery, Suffield. Nicholson Funeral Home is in charge.

JOSEPH BALA

Joseph Bala, 80, formerly of 12 Martin St., Enfield, died Oct. 19 in an Enfield nursing home.

He was a retired employee of the Bigelow-Sanford Carpet Co. and a member of the Polish Falcons, Nest 401, the Polish National Home and St. Adalbert's Church.

Born in Poland, he lived in Enfield 70 years. The widower of Mrs. Karaline (Zielinski) Bala, he leaves two sons, Mitchell of Enfield, and Edmond of Newington, two daughters, Mrs. Joseph Bajek of Titusville, Fla., and Mrs. William Radzewicz of East Hartford, 13 grandchildren and eight great-grandchildren.

The funeral was Oct. 23 at the Leete Funeral Home with services in St. Adalbert's Church. Burial was in St. Adalbert's Cemetery.

CHRIS A. L. COBB

Chris A. L. Cobb, 19, of 30 Pleasant View Drive, Suffield, native of Louisville, Ky., Suffield resident 11 years and 1973 graduate of Suffield High School, died Oct. 17 in Hartford Hospital.

She was a freshman at Oglethorpe University, Atlanta, Ga. She was a member of First Church of Christ Congregational and was active in Girl Scout programs and in her high school drama club.

She leaves her parents, Russell T. and Norma (Nisson) Cobb, and a brother, David R., all of Suffield.

The funeral was Oct. 21 in the church with burial in Woodlawn Cemetery, Suffield. Nicholson Funeral Home, Suffield, was in charge.

MRS. FRANK NOVAK

Mrs. Mary (Owezarc) Novak, 90, of 18 Bigelow Ave., Enfield, native of Galice, Poland, Enfield resident 65 years, and widow of Frank Novak, died Oct. 17 in a local nursing home.

She was a communicant of St. Adalbert's Church Enfield.

The funeral was Oct. 19 at Browne Funeral Home and in the church with burial in St. Patrick's King Street Cemetery.

How Else?

What we do as funeral directors has to be based upon human needs and feelings.

How else can it have any meaning?

On The Energy Crisis

Frustration, impotence, disappointment and affront are words being directed at the national administration as it speaks out bluntly to warn Arabs and other oil producers that the tourniquet they are applying on the industrial world is self-defeating.

The main concern of the critics appears to be that jawboning of the Arabs — or fist shaking as the Wall Street Journal recently called it — as overdone and futile. The example frequently used is that on a single day recently President Ford, Secretary of State Kissinger, Treasury Secretary William Simon and Federal Energy Administration chief John Sawhill warned the Arabs of the folly of their course.

Good for them. It shows, if nothing else, that there is some coordination of effort in Washington. But, beyond this, we wonder what the feelings of Americans could be if their leaders simply took the oil price extortion meekly without saying a word.

The critics also assume that the administration is speaking only to the Arabs and other oil producers. Could it be that the administration also is doing a little missionary work among the American citizens, warning us all that leaner times lie ahead?

It is plain that the United States of America cannot tolerate for long the hemorrhage of dollars to other nations. It also is plain that we cannot in the national interest formulate our policy on the basis of the on-again and off-again benevolence of the Arab nations. Nor can we put all of our chips on the ability of the United States to convince other industrial oil consumers to unite with us against the threat of exorbitant oil prices. When the chips are down, national interests will certainly take precedence over collective efforts.

The ultimate solution to our energy shortage problem lies at home and it rests on the pedestal of self-sufficiency. Whatever the cost, whatever the sacrifice, we must make useable the enormous energy resources of the United States as soon as possible.

Even that, unfortunately, will not gain immediate credibility with the Arabs. It will take some time and some visible effort to show them that we mean business.

What the administration might be preparing us for is the fact that we never will go back to the halcyon days of unlimited use of energy that preceded the Yom Kippur war and the subsequent oil embargo by Arabs.

Or, putting it another way, if we all began to behave as if there still were long lines at the filling stations, we will have taken the first step on the long road toward gaining the attention of the Arabs.

LOOKING FOR BETTER WAYS

Much of our petroleum consumption goes into transportation in the form of gasoline and diesel fuel to run tens of millions of automobiles and trucks. There is no immediate substitute for the internal combustion engine for long haul work. But, nevertheless, electric vehicles with short haul driving ranges of 35 or 40 miles may, to an increasing degree, offer at least a partial solution to gasoline shortages and air pollution problems in metropolitan centers, cities and towns across the United States. There might even be an electric-powered second car in your future.

One of the nation's major electric companies reports that it is using two new electric-run test vans for routine work assignments in its service area. The vans have a top speed of 55 miles per hour and a range of 40 miles when driven at 30 miles per hour. Indications are that they will perform well for light delivery work over short distances. Electric vehicles have another advantage that would work to everyone's benefit. As the company points out, all utilities pay "round-the-clock expenses on multi-million dollar generating plants which during nighttime hours are used relatively little." The batteries that power electric vehicles could be recharged at night, providing a load for generating equipment that would otherwise be spinning uselessly. By leveling out demand, or in industry jargon, "balancing the load," electric companies would realize operating economies that would help hold down the cost of electricity per kilowatt-hour to all of its customers.

The electric industry is one of the nation's outstanding leaders, not only in seeking ways to provide the energy that people need, but also in developing new approaches to using more efficiently the energy the U.S. possesses. Experimenting with the use of electric-powered vehicles is just one of hundreds of approaches being explored for the ultimate purpose of helping to assure that energy starvation never becomes part of America's future.

LETTERS TO THE EDITOR

Supports Vella

To The Editor:

In taking a bi-partisan look at the candidates for State Rep. in the 59th District, I would like to state my observations. Some candidates are never heard from until just before elections, so let's discount all the election time comments and observations and judge them by what they have done the past few years.

Mr. Vella at present is our Rep. in Hartford. Since he has been elected he has continuously involved himself in proposing legislation or actively supporting bills which will help the taxpayer, consumer and our elderly people. Mr. Vella has given us a more active and concerned representation than we have had in a long time from our district.

Mr. Cressotti the past few years has been on our town council. Since his appointment I don't recall ever hearing of him making any proposals or ever taking a strong stand on any of the issues confronting our council.

When Mr. Cressotti announced his candidacy, he made a comment about how our school dept. is operating on a bare bones budget. This is the school dept. that just a few years ago told us we needed a new school on Abbe Rd. This school dept. just a year ago hired 50 people when there were several hundred less students and this year again hired people (how many not revealed) with over 400 more students less than the previous year.

This school dept. which goofed in not getting a proper performance bond to protect themselves and now is in trouble over the cost of a new bus contract. This school dept. which now is trying to tell our town council it's their responsibility. This is the school dept. which seemingly is not concerned what it costs us taxpayers to achieve some of their ideal conditions, which how many of us work under in our fields of endeavor?

If this is what Mr. Cressotti condones it's obvious the taxpayers and elderly are not his main concern.

In summation, do we want a man representing us that is actively concerned about our welfare or do we want someone to just fill a seat in our legislature?

To Cat Lovers

To The Editor:

To cat owners around Laurie Drive, please feed your animals.

I'm sure other women, as well as I am, are pretty tired of refilling plastic bags after cats ripped the wrappings from garbage to get food. Not only is it unsightly and annoying, it's expensive.

I put my garbage in small white plastic bags but also into the larger bags.

I'm on Social Security and that's not enough to live on. So feed your animals and don't let them wander.

Library Adds Toys To Be Circulated

Enfield Central Library now has a display of educational toys in its Children's Department that will soon be available for borrowing by adult patrons for pre-school children.

The purchase of educational toys was made from proceeds of the annual Suburban Women's Book Boxx sale of used books donated by the public. Mrs. Vicki Kress was in charge of the Book Boxx Committee this year.

The reason for adding realia, in the form of educational toys, was to strengthen the dimensions of

public library services to the very young. To help with the development of motor skills and perceptual skills. An aid to self-confidence and experiences in early childhood which lead directly to reading skills and reading readiness. To provide opportunities for children of all levels and backgrounds to have enriching experiences that are limited at present.

Realia are toys, articles and other three dimensional objects that a child handles, investigates or plays with to gain direct experiences and information about his or her environment. Realia can also include games, tools, puppets, globes, puzzles, costumes, props, musical instruments and other

touchable, three dimensional objects.

Toys may be borrowed at the Children's desk for two weeks, 2 cents a day will be charged for overdue toys. Mrs. Charlotte Jones, coordinator of Children's Services, is hoping that mothers will borrow a book relating to the toy that the child takes home. A book on fire engines could go home with a fire engine toy, a book about trucks or truck drivers to be taken out with a truck, etc.

The local library has taken on the appearance of a media center. In addition to books, magazines, microfilm and filmstrips, the library now has a large selection of records.

Praises Press

To The Editor:

There can be no happier day in my life than that day when a kind friend gave me a copy of your fine paper, the "Enfield Press." I read it from beginning to end and it is now one of my treasured possessions. May God bless you for the good you are doing in your publications and for the help I have found in its pages.

I am a leper patient with already deformed hands and feet, almost a complete invalid.

I have 13 children, 5 boys and 8 girls. All attend school except the four older boys and one older girl who were forced to quit school because of our family financial problems and the youngest one who is too young to attend school. I have no parents to help me in my poverty and afflictions.

It would give me great pleasure to see my humble name in print. I should be very glad and thankful for some of your good readers to spare me some love while I'm still in this present life of mine and before kindly death will bring me to our heavenly home.

Praises Morrison

To The Editor:

During every election campaign we are all subjected to an influx of campaign oratory and literature which swamps every voter. The purpose of my letter to the editor is simply to pay tribute to a State Representative who doesn't run around kissing babies, cutting ribbons or playing the public relations game to the fullest. His name is John Morrison and he is the State Representative for the 58th District.

I know personally that Rep. Morrison has served his constituents well on a personal basis without a lot of fanfare. My friend Johnny Morrison has tried to take "the baloney" out of government and by doing so has perhaps lost on the public relations scoreboard. I do hope that the voters of the 58th District elect Johnny Morrison by a large margin to show him that we care as much as he does.

Pare Receives Special Honor

Arthur Pare, of 392 Taylor Road, Enfield, (V.F.W. Pst 2774), has been appointed by National Commander - in - Chief John J. Stang, of LaCrosse, Kans. to serve as a National Aide - de - Camp, for 1974-75.

Stang, head of the 1.8 million member organization of overseas veterans commented, "It is through the efforts of men such as Arthur Pare that the V.F.W. is known as the voice of concerned veterans through the world. Concerned about their communities, concerned about veterans legislation, concerned about the Veterans Administration and concerned about young people and Vietnam veterans.

"Our theme for this year is '105 in '75' which means one thing - membership. Membership is the lifeblood of any organization and numbers are the only thing legislators in Washington really look at. Pare is dedicated to the goals of the V.F.W. and I look forward to working with him this year," concluded Stang.

Vilece - Liguore

Thomas Liguore and Chris Vilece were married Saturday at St. Patrick's Church, Enfield.

Thomas is son of Mr. and Mrs. Joseph Liguore of 49 Belmont Ave. Enfield and Chris is the daughter of Mr. and Mrs. Robert Vilece of 46 Spier Ave., Enfield.

Thomas attended local

schools and is employed by Della Construction Co.

Chris is a graduate of EHS.

A reception was held at Mt. Laurel Restaurant, attended by 200 friends and relatives.

The couple will reside at Georgetown Apts, following their wedding trip.

Potvin - Dube

Mr. and Mrs. Thomas A. Dube

Miss Donna J. Potvin, daughter of Mr. and Mrs. Raymond G. Potvin of Thomas St., Enfield, recently wed Thomas A. Dube, son of Mr. and Mrs. Albert T. Dube of Garnet Rd., Enfield, in a double ring ceremony at St. Martha's Church with the Rev. John O'Connell officiating at the 6:30 p.m. service.

Given in marriage by her father, the bride wore a princess style ivory chantilly lace gown with chapel train. Her veil was held in place by a wreath of fresh flowers. The bride carried a cascade of white mini carnations, stephanotis, babies breath, ivy, and statice of pink, blue, and bettertimes.

The bride was attended by Miss Ann Kelleher, as maid

of honor. Bridesmaids were: Miss Lorry Januszewski, and Miss Jackie Potvin, sister of the bride. All the attendants wore chiffon pastels featuring a bib of multicolored embroidery, with crowns of fresh flowers. Each carried a colonial bouquet of pom poms, matching their gowns, and an accent of multicolored stasis.

Bestman was Alan Dube, brother of the groom. Ushers were: Roger Potvin, brother of the bride, and Danny Dube, brother of the groom.

Following a reception at the Elk's Lodge the couple left on a honeymoon to the White Mountains. Upon their return the couple will reside on Fairview Ave., West Springfield, Mass.

Boston Missionary Speaks On Inner City

One of the greatest challenges which confronts man in the twentieth century is the problem of urban centers. As cities expand and change, the inner city often becomes the breeding ground for tensions and turmoil. "The Inner City — Is there an Answer?" will be the topic discussed as the Rev. Ralph Kee speaks at Somers Baptist Church, meeting at the Kibbe-Fuller School on Oct. 27 at the 11 a.m. Worship Service.

The Rev. and Mrs. Kee, with their two children, are beginning a ministry in the inner city of Boston, Mass. The Kees have been appointed by the Conservative Baptist Home Mission Society for their ministry. Prior to this appointment Mr. Kee was pastor of Bethel Baptist Church in Gorham, N.Y., for seven years. Previous to that time he served as a youth director in upstate New York.

Rev. Ralph Kee

Both Mr. and Mrs. Kee are graduates of Moody Bible Institute of Chicago, Illinois. Mr. Kee is also a graduate of the University of New Hampshire.

At Woodgate

Jane Russell, currently staying at the Chateau de Ville in East Windsor with Sid Raymond in "Catch Me If You Can," is residing at Woodgate Apartments in Enfield during her stay in the area.

Drug Abuse Prevention

The time to start thinking of drug abuse prevention is during a child's early years since it is generally conceded that drug abuse prevention begins at home.

Drug abuse isn't limited to the use of illegal drugs, as some may think and a dictionary definition of the word abuse is "improper use or treatment."

Begin drug abuse prevention in your home by always consulting your physician to determine which medicine, how much and how often to give it to your child. Keep in mind that aspirin, vitamins and cold tablets are classified as drugs, too.

Exert proper control over your child's medication. Keep all medicines out of the child's reach until he or she is old enough to be trusted to use prescribed medicine properly.

Give the medicine to your young child and have him take it in your presence. Never leave the container in the child's room. Stick to the doctor's recommended dosage.

Don't place undue emphasis on the taste or effect of a medicine. The child should have confidence in you and the doctor that the medication is necessary for health and not to be taken as a delightful experience. The National Institute of

Mental Health recommends that you show your child you can withstand a certain amount of pain or emotional upset without turning to drugs or alcoholic drink for quick relief?

Medications are part of our lives and we cannot avoid them. Treat them with care and as a temporary necessity to correct a condition for which your physician has prescribed the particular drug.

Most of all, parents should look forward to setting a good example of living in such a way that drug abuse is discouraged. Encourage your child to enjoy life and to seek out satisfying and varied experiences.

Communion Breakfast

St. Bernard's Rosary Guild of Enfield will hold its Mother-Daughter Communion Breakfast Sunday, Oct. 27, at the Hazardville Firehouse, immediately following the 9:00 a.m. Mass. All women of the parish and their daughters are welcome.

Tickets are \$2.50 for adults, and \$1 for children under twelve, and may be obtained by calling Mrs. Edward Marek, Chairman of the event.

ESCO's Headliners

Alan (Bill Curtin, Enfield) finds himself in the delightful position of being caught between Peggy (Roxanne Jacobson, Longmeadow) and Connie (Elaine Nason, Enfield). They are in rehearsal for the Enfield Stage Company production "Come Blow Your Horn" to be presented Nov. 1 and 2 at Fermi High School at 8:15 p.m. The show will be a benefit for Friendship House in cooperation with local Jaycee's.

Timothy Swan Of Suffield

A twentieth century Suffield musician, Larry Davis of Suffield Academy, has done new research of Suffield's eighteenth century musician, Timothy Swan, composer. Davis will present a talk entitled "Timothy Swan of Suffield - His Life and Music", tonight, at 8 p.m. in the Bissell Trophy Room, Perry Gymnasium, Suffield Academy. In 1974, Timothy Swan built the house south of the Kent Legare Library where he lived and wrote his compositions, "China";

"Poland" and "The Shepherd's Complaint."

The Scantic: Topic Monday

The Enfield Historical Society will meet Monday at 7:30 p.m. at the Enfield Central Library on Middle Rd.

C. Crawford Brewer, a photographer and naturalist will present an illustrated lecture on "The Scantic: Its Watershed and Its Wildlife Within."

The public is invited.

Enfield Juniors Plan "Calico Cupboard Bazaar"

Chair of the junior Women's Club "Calico Cupboard Bazaar" include: from left to right, Debbie Zeppa, Judy Moss and Jane Gness.

The Enfield Junior Woman's Club invites you to come to the "Calico Cupboard Bazaar" on Nov. 2 from 10 a.m. to 4 p.m. at the United Methodist Church on Brainard Rd. You will find the Juniors

clad in their white aprons and colorful bonnets of yesteryear to help celebrate Enfield's Bicentennial. The Bicentennial Committee will be on hand to answer any question on the History of Enfield and to sell Bicentennial Commemorative items. Monies received from the sale of these items will go to fund future Bicentennial projects.

The Juniors will be featuring at the Bazaar a General Store, Plant Shoppe, Stitchery Shoppe, Attic Treasures, Toy Shoppe and the Holiday Shoppe. The Children's Corner is where you can "Grab-in-Santas-Chimney" for the gift or go Apple Bobbing. The kids can also do their Christmas Shopping here for the family.

Mom, bring your children and leave them with the babysitters while you shop, the treat is on US.

The snack bar will be open for donuts, coffee and soft drinks.

American Baptists Plan A Busy Week Of Activities

Announcements for the week at the American Baptist Church include a roller skating event at the Riverside Rollaway on Saturday and a celebration of the Reformation this Sunday. The church bus will leave the parking area at 9:30 a.m. and make one stop at Calvary Presbyterian Church on Saturday enroute to the skating rink which has been reserved for the two church groups. The bus will return at noon.

A celebration of the Protestant Reformation will be held on Sunday in the 11

a.m. worship service at the meeting house, 129 Post Office Rd., Enfield. The Senior Choir will participate with the Rev. Richard T. Purchase, pastor bringing the sermon. Each year this event brings to mind the historical events of Martin Luther's call for reform and with it the challenge of continuing reform in church institutions and in individual lives as well. On Sunday afternoon, youth of the church will journey to Stratford for a fellowship meal and joint youth program with the Stratford

Baptist Church.

Women of the church will participate in the Ecumenical Smorgasboard to be held at St. Joseph's School on Tues. at 6:30. On Wednesday, the Boards of Deacons, and Christian Education will meet prior to the church council at 8:30 p.m. Each Thursday, the Junior Choir, Children of Love and the Senior Choirs will rehearse followed by Bible Study and Prayer at 8 p.m.

Information on all programs is available from the church office.

Consultant, First Baptist Guest

Rev. Warren Simmons, Sunday School Consultant, was the special guest last weekend at the First Baptist Church of Enfield.

Beginning with a Youth Rally on Fri. evening, Simmons met with youth of the church many times throughout the weekend.

Saturday afternoon a Christian Education Workshop was held for Sunday School and Youth workers.

Simmons was also the guest speaker during the morning and evening worship services on Sun. Using many visual aids and educational props, Simmons presented unusual and timely messages.

Coming events at First Baptist include:

Adult Halloween Hobo party on Sat. evening at the home of Mr. and Mrs. Dale Westenbeck, 29 Ridge Rd., Enfield, at 8 p.m.

The Adult Sunday School Class will study "The Priesthood of the Believer" next Sunday beginning at 9:45 a.m. Teacher of the class is Al Washburn.

Beginner Church for the month of October is being conducted by Mrs. Margaret Desmarais.

Sunday School Missionaries for October are Mr. and Mrs. Robert Hayes of Tuma, Ghana, Africa. A special offering will be received this Sun.

St. Martha's Guild Bazaar

The St. Martha's Guild Christmas Bazaar will be held Friday, Nov. 1, from 10 a.m. to 3 p.m., Saturday, Nov. 2 from 1 p.m. to 9 p.m., and Sunday Nov. 3 from 9 a.m. to 5 p.m. at St. Martha's school hall on Brainard Road in Enfield.

Some of the various booths on display will feature hand-made goods; a Christmas boutique; home-made cakes,

candy, cookies, and candied apples; plants; religious articles; and a children's booth.

Santa will be at the bazaar to greet and visit with all the children. Fun, games, and raffles are in store for adults and children.

Chairman Helen Pelkey and co-chairman Judy Moran invite everyone to a delicious buffet to be served

on Saturday and Sunday. The menu consists of kielbasa, sauerkraut, corned beef or rye, hot dogs, sloppy joes, sausage grinders with onions and peppers, ziti with meat sauce, macaroni salad, cole slaw, and sandwiches. Liquid refreshments will also be served every day of the bazaar.

Bake Sale

The Enrico Fermi Band Parents will hold a bake sale on Saturday, at Shop Rite starting at 10 a.m. Mrs. Carmela Callahan is chairman of this sale and is being assisted by Mrs. Claudette Bednoche and Mrs. Bertha Lemay.

Octoberfest Of Fashion

Amid a setting of autumn beauty, Holy Family Women's Guild will present "Octoberfest of Fashions" on Tuesday at 8 p.m. in the church hall on Simon Rd.

Sally Donovan's will provide the women's fashions with Millie Duquette as the guest commentator.

Modeling lovely outfits for the coming winter season with its so many special occasions will be: Mrs. John Dennis, Mrs. John DuBois, Mrs. Thomas DuBois, Mrs. Robert Finnegan, Mrs. Theodore Gawlicki, Mrs. John McCarthy, Mrs. Raymond McGivney, Mrs. Henry Mercik, Jr., Mrs. Arthur Morin, Mrs. Peter Thibodeau and Mrs. Barry Wahl.

Russ and Louise Stevens will provide entertainment for the guests.

Junior League Dance

The Enfield-Suffield Chapter of the Polish Junior League, Inc. of Conn. will hold their annual dinner dance Saturday, Nov. 2, at the K of C Hall in Somers. Dinner will begin at 7 p.m. with dancing from 9 p.m. to the music of Ray Henry's Orchestra. Proceeds from the dance will benefit the scholarship fund. Last year there were five scholarships given to seniors from Enfield, Suffield, Somers and Windsor Locks.

President, Mrs. John

Misek, will serve as honorary chairman; general chairman, Mrs. William Mareski; ticket chairman, Mrs. Chester Waleryszak and Mrs. Vincent Hambuch. The decorations committee includes: Mrs. Frank Urbon, Mrs. Edward Woodruff and Mrs. Peter Targonski.

For reservations call the reservations committee, Mrs. John Pohorylo of Suffield, 628-2749, or Mrs. Stanley Dynia of Enfield, 749-8560.

"Holly Daze" Bazaar Due

Saturday, Nov. 23 St. Mary's Episcopal Church of Enfield will hold an all parish "Holly Daze" Bazaar. The doors will be open from 10 a.m. to 4 p.m. and everyone is welcome. Bazaar Chairman Janet Sparks states that many parishioners have been hard at work on a wide variety of items.

Booth Chairmen include: Dorothy Alexander, Needle and Thread Shop; Roberta Zimba, Knit and Purl Shop; Rosemary Keegan, Yule Shop; Ann Duran, Green Thumb Shop; Judy Brewster, Holiday Centerpieces; Marsha Hietala and Wendy Hietala, Kraft Korner; Carol Holtz, White Elephant; John and Dorothy Cutler, Snack Bar; Kathy Duran, Teen Boutique; Helen Larson and Eleanor Kay, Door Prizes; Carol Warner, Chinese Junk; Ruth Blackmore, Sweet Shop.

There will be babysitting at our Children's Corner so please mark your calendar and bring the whole family.

Harvest Supper This Sunday

There will be a Harvest Supper at the Enfield Congregational Church this Sunday at 5:30 for the benefit of the Killam's Point Retreat Center Building Fund. It will be a turkey supper with all the fixings including pie for dessert. Tickets may be purchased through the church office or by calling Mrs. Paul Langlois, Mrs. Robert P. Davis, or Mrs. Raymond Langan. A program will follow the supper.

Killam's Point is a church retreat center developed by Congregational churches in the Branford and New Haven area on the shore. It suffered a fire this summer. It is dedicated to preservation of the natural environment and was featured in a national magazine this summer.

The Rev. Michael Moore, director of this center and an ecologist, will show slides a part of the program.

Guidelines For Parents

"Basic Guidelines for Effective Parents" will be the title of the second session of the "Help! I'm a Parent," series sponsored by the Enfield Council of Churches at the Calvary Presbyterian Church. The Rev. Harold Jester, director of the Counselling Center in Springfield and a certified instructor in the "Parent Effectiveness Training Program" will lead this session on Wednesday October 23rd. Mrs. Jester is

also a former chaplain in the U.S. Army Airforce and a Methodist minister who serves the Asbury United Methodist Church of Springfield.

Each session begins at 7:30 p.m. and closes at 9:30 followed by a coffee hour. It is open to any interested person in the Greater Enfield area. A slight registration fee is charged covering any or all of the sessions.

Sports Hindsight

by Art Landry

THEN THERE WAS ONE

Three teams started last Sunday's action with perfect 5-0 records and only one survived the combat to come away untouched. Who would have believed that, after six weeks of play, the only unbeaten team in professional football would be the St. Louis Cardinals?

I really should have said the National Football League rather than professional football since I may get a few letters from W.F.L. fans. The W.F.L. is professional football. The only thing is that some fans don't seem to realize it yet.

The Minnesota Vikings went down to defeat at the hands of the Detroit Lions and Greg Landry (no relation). This was the first defeat for the Vikings. The Patriots beat themselves in the first quarter against Buffalo and just found it a bit too much to come all the way back. The Pat's scored on the first play from scrimmage as San Cunningham galloped 75 yards over the middle. It looked great for the Patriots then but Buffalo evened it up pretty fast on a fine drive.

The Patriots then were intercepted deep in their own territory and the Bills took advantage of it for a touchdown. Following the Bills kick-off the Patriots fumbled the ball deep in their own territory again and it was Buffalo 20 - New England 7 in a hurry. The Patriots outplayed the Bills the rest of the way but just were not able to catch up as they finally lost it 30-28.

This Sunday's action will pit the Minnesota Vikings against the New England Patriots at Minnesota and I wouldn't want to try predicting what will happen in this one.

I see the New York Giants and the New York Jets did it again to make their records 1-5. For the sake of the Jets and Giants fans I won't prolong this discussion here. You have suffered enough.

WHALERS LOOK BETTER

The New England Whalers are looking sharper all the time. They finally won their first game of the season 2-1 over the Michigan Stags. Actually I shouldn't say finally since that was only their second game of the season.

They won this one in overtime as they once again came up against some

fantastic goaltending. Gerry Desjardins was practically unbeatable as he stopped 44 shots on goal. This does show that the Whalers are on offense pretty well. Their only trouble seems to be in getting the puck past the goalie. Maybe they aren't faking the first shot enough and just letting it go. This gives the goalie a better chance to make the stop.

The Whalers are hustling though and if they keep shooting that much the puck just has to go in once in a while. They had many fine shots in their first game but superior goaltending by the opposing goalie told the story in that one.

The Whalers sent rookie defenseman Alan Hangsleben to the Cape Codders of the North American Hockey League. It was felt by some sports writers that Nick Fotiu would be sent down also but he has weathered the storm so far. Nick has been playing left wing and doing a fair job of it so far. He is a colorful skater and it looks as though he will be around for a while.

YAZTREMSKI TO GO?

A rumor is running round that Yaz will be leaving the Red Sox for California. It is rumored that the Sox want Nolan Ryan in a trade for Yaz. That wouldn't be a bad trade if the Sox can get California to go for it. A young, fairly intelligent, lawyer friend of mine has been anticipating the departure of Yaz for over a week now. Does he know something we don't know or is it just wishful thinking? Methinks it is the latter.

It is also rumored that Hank Aaron may be playing for an American League team next year as a designated hitter. It is said that he has chosen the Milwaukee Brewers for his new home but there hasn't been any confirmation of that as yet.

I'll have to ask my lawyer friend to give me the low down on this bit of information. Maybe he can come up with the inside story on this one.

Lee Is Guest At Lions Annual Sports Night

BILL LEE

On Nov. 6, the Enfield Lions Club is holding its Annual Sport's Night to reward the coaches and players from the baseball-softball teams sponsored by

the Enfield Lions.

Sport's Night Chairman, Bob Vezina, promises an exciting evening to honor the three teams: the Hazardville Senior League, champs of their league who will receive jackets in recognition of this feat; the Enfield Little League and the Petticoat Junior League Girls' team.

The evening will start at 6:30 at the Mt. Carmel Hall with a buffet prepared by Doc Scavotto.

Participating in the evening's events will be several professional sport celebrities including guest speaker Bill Lee, the seventeen game winner of the Boston Red Sox and New England Whalers president Howard Baldwin. Celebrities will be available to sign autographs.

Celtics, The Prize

Enthusiasm plus is probably the best phrase to describe the boy's intramural basketball program at J. F. K. Junior High School managed by Gary LaBreck.

The program has a total of twelve teams with seven boys on each team ranging from seventh to ninth grade. The games are played in double elimination style and any team that suffers two

defeats is out of the tournament.

Team members at the end of the program will receive a certificate of merit for their participation. In addition the winners of the tournament will receive a jacket patch indicating their success. Finally, the champion team will receive a free trip to the new Hartford Civic Center to see the Boston Celtics play the Houston Rockets on Jan. 18, 1975.

Americans Take

East Hartford

The Enfield American C team traveled to East Hartford on Sunday and came away a 14-6 victor.

The game featured outstanding defensive play by both teams. The Americans got on the scoreboard first as Phillip Labonte raced 50 yds. for a touchdown, and quarterback Steve Meunier slammed over for the extra pts., giving the Americans an 8-0 lead. Meunier then scored a touchdown as he went over from 3 yds. out, the extra point attempt failed making the score Enfield 14, East Hartford 0.

East Hartford came back strong as they scored 6 but it was too late as the Americans pulled through and increased their record to 3 wins and 1 loss.

BOWLING

with Art Landry

Andy Jackobek was finally awarded his ring, shoulder patch and certificate last Saturday at Enfield Lanes for his 299 game. Andy left the seven pin on the last ball and so missed the perfect game. This is the closest anyone has come to it at Enfield Lanes. Congratulations Andy.

BRADLEY BOWL

Joyce Brewer was the Bowler-Of-The-Week in the Enfield Emblems with a fine 476 series. Annette Lessard bowled a 175 game and 465 series. Kathy Martin rolled 444, Lucy Small 184 and Thelma Holland 178. Thelma is very punctual as the league's secretary since she mails the league news to me every week. The Stingers are leading Pink Ladies by five and Bacardies and Manhattans by seven points each.

ENFIELD LANES

Sheila Belisle had the best scores in the Tuesday League with 187-484. Marie Kolreg shot 166-463, Lois Latraverse 166-455, Man Veroneau 161, Helen Rossignol 166 and Hildegard Benson 179. Multipliers Plus 1 are leading Missing Link by one and Ding-A-Lings by three points.

Betsy Cannon really blasted the pins this week with 192-497 in the Wednesday Morning Early Birds. Lana Polek bowled 183-489, Mariette Johnson 487 and Ann Simonoko 468. Hit Or Miss is on top of Late Bloomers by a slim half point and Ball Busters by a full point.

Barbara Novick was Kegler-Of-The-Week in the Early Birds League with a 171 game, 477 series and a total of 57 pins over her average. Eleanor Quarterman has high average of 148 with Mary Reilly holding 147 and Marty Griffin 146. Sloe Starters lead Quarterpounders by two and J-Mars by three. A couple of girls are needed to fill out the rosters. The league bowls on Wednesday evenings at 6:45. If interested call President Marie McConnell at 745-

Ray Eldredge really put it all together in the Enfield Merchants as he came up with games of 202-225-236 and a 663 total. Gary Kakluskas rolled 201-244-614. Tom Lusardi bowled 203-205-590, Bob Caparoula 204-577, Dick Michaels 558, Mike Cirillo 200-556 and Jim Rinaldi 202-553. Enfield Sports Center leads Colli-Wagner by three.

Ruth Martin was the big gun in the Enfield Ladies Scratch with a fine 213 game and 523 series. Judy Bemis shot 492, Helen Divine 482, Millie Majewski 202 and Chris Braxauskas 184. Economy Office has the lead by two points over Enfield Lanes and four over Miss Jo's.

Joan Harrison was best last week in the Thursday Women's League with 201-496. Helen Robbins shot 173-495, Carol Sullivan 467 and Roberta Zimba 183. The Buttons lead Les Filles by a half point and the Misfits by one full point.

Ed Avery was high man in the Men's Interchurch with

216-593. Dana Bartley bowled 210-585, Bob Wood 564, Bob Harrison 216-561, Bob Carville 552, M. Levesque 204-549, Phil Haggood 200-534, Jim McCuin 540, Herb Krivacs 205-533 and Larry Avery 532. The Invaders are ahead of the Royals by a half point and the Awols by a full point.

Joe Orefice was the highest scorer in the Fred Gamache Service League with 209-582. Tony Lamagna hit 245-580, Joe Libby 203-207-577, Dick Steadman 201-575, Don Letourneau 225, Bill Carville 220, Paul Handley 211 and Mike Rinaldi 202. Janik leads Boutin & Sons by six points.

Alex Imperatrice had a hot night in the Sunday Nite Mixed with 214-226-638 (nice shooting Alex). Jim Noyes bowled 198-539 and Jack Loney 195-532 for the men. Mariette Johnson rolled 168-473, Phyllis Bouchard 184-452 and Barb Imperatrice 165-445 for the girls. Untouchables are on top of All In The Family by a point and

Lancer Smoker This Saturday

The Enfield Lancers Sports Association announces the second annual smoker sponsored by the coaching staff.

It will be held at the Crescent Lake Firehouse this Saturday at 8 p.m.

Donation is \$5 and tickets may be obtained from any member of the Lancers coaching staff. The money that is raised will be put in the general treasury of the association to help defray the expenses of trophies for the team at the end of the season.

Tankers Release Swim Schedule

Coach Charlie Dougan representing the Enfield Swim Club recently attended an organizational meeting of the North Central Connecticut Swim League to schedule this year's swim meets. This will be the team's second season in the NCCSL. The Wethersfield swim club is the only new entry in the league. Other teams include Manchester, Windsor Locks, Glastonbury, Newington, and Hartford.

The Swim Club's season begins at 2 p.m. Nov. 24 when the Tankers visit the Windsor Locks swim club. In succeeding weeks the Tankers will host Glastonbury Dec. 22, and visit Hartford Jan. 12, 1975. The team will then be at home against Manchester Jan. 26, Newington on Feb. 1 and Wethersfield on Feb. 16, 1975.

League Championships are tentatively scheduled for March.

In order to enable swimmers eight and under to compete in medley and freestyle races, the number of events has been increased to 62.

During the months of October and November the team will practice on Monday and Thursday evenings between 6:30 and 8:30 p.m. Interested swimmers should come to the Fermi High School Pool.

Senior Ponies Play Bolton On Sunday

For the third straight week the Mount Carmel Starrs Junior Ponies and Ponies posted victories. The undefeated Junior Ponies played at home Saturday and beat East Windsor 40-0. East Windsor came to Enfield hoping to create a tie for Junior Pony honors, but touchdowns by Deschenes, Scavotto, Rick Wylot, McCoy and McLaughlin twice, plus extra points by Sean LeRoy and Stu Roberts added up to 40-0 for Enfield. The offense was a team effort, as was the defense with everyone doing their job. Sullivan, Hughes, Roberts and LeRoy really outstanding. For the day Rick Wylot was named offensive player and Mark Sullivan defensive player. On Sunday the Senior Ponies traveled to Lebanon and gained a 42-8 win. With Roy Deschenes, Joe Scavotto, and Bob Dwyer doing the running, and Pete Handley passing, the Starrs offense wasn't to be stopped.

A screen pass to Joe Scavotto was perfectly executed as the whole line led him 40 yards for a TD. The defense led by Pete Handley Ross Kennedy, and Greg Wilby kept Lebanon at bay. Roy Deschenes scored on a 40 yard run, Dwyer added the points, then Dwyer scored on a 5 yard run and again added the points. The rest of the scoring came on a sixty yard Handley to Tom Semanie pass, a 2 yard plunge by Rick Wylot and a 10 yard scamper by Roy Deschenes with Randy Wylot adding the extra points. The defense kept Lebanon in their own territory until the final period when Lebanon scored. Tom Semanie was chosen offensive player of the week, with Pete Handley the choice on defense.

This week the Senior Ponies play host to unbeaten Bolton on Sunday at Mount Carmel field. The Junior Ponies have an open date.

Tigers Taken By Lancers

After suffering their first defeat in 14 games, the Enfield Lancers travelled to the Middlefield Tigers Peckham Park on Sunday, to beat the Tigers 26-0, picking up their fourth shutout of the season.

The temperature of 41 degrees took its toll as the two teams fumbled a total of seven times in the first half. The most important fumble was by the Tigers which was recovered by Lancer Dave Morgan. Two plays after the recovery Mike Taylor went in from the Tigers 14 to make the score Lancers 6, Tigers 0. The score remained the same for the rest of the half as neither team could sustain a drive.

The Lancer attack in the second half was much stronger, on the second series of downs, fine running from Jim Spence put the ball

at the Tiger six where Mike Taylor took it in, the PAT was no good. With the possession of the ball the Tigers tried to get it on, fine defensive play by the Lancer left side held as the Tigers big ball carrier Sal Garetta was injured and unable to continue. With the absence of Garetta the Tigers spirit was broken as Mike Taylor tallied again giving him 18 points for the day. Scott Skogles scored late in the fourth quarter with a good PAT giving him 8 points as the game closed Lancers 26, Tigers 0. The Lancer coaching staff noted the outstanding defensive play of Scott Fieldhouse, Roger Guilmette, Tim Mooney and Norris Rabb. Next week the Lancers host the Vernon Pioneers at Powder Hollow for the closing game of the regular season.

Starrs C Team Beat Dolphins

The Enfield Starrs "C" Team traveled down state and defeated an A & B stocked Lebanon Dolphin Team 16-14.

The middle of the Enfield line headed by Kirk Robichaud, Joe Ashline, Tom Gardner & Tony Fontana started the Starrs off on the right foot by blocking a Dolphin punt that Bill George covered for a TD. Rick Bonini scored the extra point for an early 8-0 lead. The Starrs offense, featuring the running of Maniscalchi, Ucello & Bonini, then moved the ball behind the fine blocking of Jerry Salzarulo, Gardner & Joe Ashline up the field twice but were stopped by penalties and a fumble. On a play before the end of the half the Dolphins scored on a long run to leave the Starrs tied 8-8 at the half.

The second half started with an early Dolphin score and the Starrs were behind for the first time this year. The Starrs offense took over and Mark Maniscalchi knotted the count on a 12 yd. run. The extra point pushed the Starrs into the lead. Fine line play by defense players Jeff Reese, Bill King & Salzarulo, capped by an interception by Mark Maniscalchi, shut out the

Dolphins the remainder of the game.

Joe Ashline, for his outstanding defensive play, and Maniscalchi on the offense were designated as Players of the Week by Coach Mark Duggan.

Tolland Taken By Starrs C

The Enfield Starrs "C" Team traveled to Tolland on Saturday and came home with a hard earned 28-6 victory over the Tolland "C" Team.

The Starrs offense line led by Dan Liquori, Tony Fontana, Mike Ashline, Ricky Ricketts & Jeff Kaupin opened large holes which enabled the Starrs to jump off to an early 8-0 lead on a TD by Mike Ucello. Extra point was scored by Rick Bonini. Late in the second period the Starrs marched 80 yds. on the running of Jim Wheat, Paul Deschenes & Todd Sidway, capping the drive on a 15 yd. run by Keith Suchy to lead 14-0. The defense work of Gary Bonini, Tim Olschafskie, Tim Sperrazza, John Tomkiewicz & Scott Kaupin kept Tolland bottled up and the Starrs led at the half 14-0. Tolland scored early in the second half to narrow the

Sports Activities At Enfield High School

By LARRY AVERY

The Enfield High School football team won its second game in a row by beating the East Hartford Hornets 19-6. The Raider's soccer team qualified for the CIAC class L tournament with three victories as they shut out East Hartford 5-0, creamed Penney 10-1 and edged Conard 3-2. The Field Hockey team split its 2 games losing to Fermi 2-1 and beating Windham 2-0.

Enfield received the opening kickoff and marched 61 yards in 9 plays to score. Aided by an outside penalty, Enfield got a first down at their own 49. Paul Rogers then carried for 45 yards to the East Hartford 10. Three plays later Joe Dippel scored from 9 yards out. The extra point was no good and Enfield led 6-0.

East Hartford was forced to give up the ball on downs at the Enfield 31. Paul Rogers gave Enfield a first down at the East Hartford 41. Two plays later Greg Franklin gave Enfield a first down at the 21. On the next play Rogers fumbled and East Hartford recovered at its own 12. A bad punt by East Hartford gave Enfield the ball at the Hornets 37. Joe Dippel made a first down at the East Hartford 26. Rogers carried to the 20. A Dippel to Rogers pass gave Enfield a first and goal at the 3. On the next play Dippel scored on a 3 yard bootleg run. The extra point was no good. Enfield now led 12-0. The touchdown came on the third play of the second quarter. The rest of the first half was a battle of punts.

Both teams failed to move the ball on their first series of the second half. East Hartford made a couple of first downs but was forced to punt. The punt was downed on the Enfield 1. Bruce Soderlund gave Enfield a first dow at the 11. On the next play Paul Rogers made a first down at the 31. On this play Rogers suffered a broken collar bone. He was taken to the hospital. He may be out for the rest of the year. A Tim Kelley to Dippel pass moved the ball into Hornet territory. Three plays later John Christ intercepted a Tim Kelley pass and returned it to the Hornet 45. The Hornets drove deep into the Raider territory but Dan Garvey intercepted a Rick Hervey pass intended for Jim Bresson and

returned it for an apparent Raider touchdown. A clipping penalty against Enfield moved the ball back to the Raider 40. On the fourth play Dippel fumbled and East Hartford recovered at their own 40.

On East Hartford's second play Bresson fumbled and Ray D'Amato recovered for Enfield. On Enfield's second play, Greg Franklin gained 40 yards. Three plays later a pass interference call against East Hartford gave Enfield a first and goal at the 2. The touchdown was scored by Dippel from 1 yard out. Greg Franklin kicked the extra point and Enfield led 19-0.

After the kickoff East Hartford moved 65 yards in 10 plays for their only score of the game. Rick Hervey gave East Hartford a first down at the Enfield 40. Two plays later a Hervey to Jim Richard pass gave East Hartford a first down at the Enfield 24. After Hervey lost a yard another Harvey to Richard pass gave East Hartford a first and goal at the Enfield 1. On the next play Steve MacIntosh scored on a 1 yard run. The score came with 51 seconds left in the game. The extra point attempt failed and Enfield now led 19-6.

Enfield ran out the clock to win the game 19-6. Enfield is 2-2-1 overall and 2-1 in the CCIL. Enfield's next game is Saturday at home against the Indians of Manchester High. Game time 1:30.

The Soccer team qualified for the CIAC class L tournament by beating East Hartford 5-0, Penney 10-1 and Conard 3-2. On Tuesday Enfield played against East Hartford. After a scoreless first period Don Whittle scored on a penalty kick at 6:23. Enfield's second goal came at 14:52 as Co-Captain Steve Magora's corner kick floated over everyone's head

into the far corner of the net. The second half belonged to Junior Ed McCoy as he scored three goals. The first one came at 6:02 of the third period as he converted a Steve Magora pass and booted it into the lower corner. Twenty-seven seconds later, at 6:29, McCoy converted another Magora pass. This time he smashed the ball off the leg of a Hornet fullback. Magora's final goal came at 14:43 of the final period as he scored on a header after Paul Wakelin's direct kick hit the cross bar.

Enfield played against Penney of East Hartford on Thursday. Enfield creamed the Golden Knights by a score of 10-1. Ed McCoy was again the star as he tied the school record with 5 goals. The record was held by Enfield's John Blomstrann against Fermi High in 1970. McCoy also had two assists. Enfield's first goal came at 3:23 of the first period as McCoy scored on an assist by Steve Magora. Enfield scored twice in the second period. The first one came at 6:51. The goal was scored by Roger Andersen on an assist from McCoy at 8:56. McCoy scored his second goal of the game with an assist by Dan Sullivan.

Penney's only goal came at 25 seconds of the third period, the goal was by Tim Costello. The assist went to Jim Kirol. Enfield then responded with 6 goals. The first one came 20 seconds after the Penney goal. The goal was by McCoy on an assist by Magora. Three minutes later McCoy scored his fourth goal of the game.

The assist went to Dan Sullivan. Enfield's next goal came at 8:46. It was scored by Don Whittle. Ed McCoy scored his fifth goal of the game and the team's seventh at 9:40. The assist went to Magora. Magora added Enfield's eighth goal at 12:56 and at 13:52 Don Whittle scored his second goal of the game. Roger Andersen closed out the scoring at 10:48 of the final period as he drilled an Ed McCoy pass.

Enfield edged Conard 3-2 on Saturday. Enfield scored 2 goals in the first period the first one came at 2:50 as Don Whittle headed in a corner kick by Steve Magora at 4:55. Steve Magora converted a Dan Sullivan pass for Enfield's second goal. Conard scored its first goal at 9:30 of the second period. The goal was scored by Bob Quinn, assisted by Paul Christman. Conard tied the score at 5:52 of the third period as Dan Poulin scored.

Steve Magora scored the game winner for Enfield at 6:36 of the final period. Enfield is now 8-3 for the year. Enfield plays its final two regular season games today and Saturday. Today Enfield plays against Bulkeley at home, game time 3:30. On Saturday Enfield travels to play their cross town rivals Fermi High. Game time 11 a.m.

On Tuesday the girls field hockey team lost to Fermi 2-1. Lynn Gangone and Diane Teske scored for Fermi while Sue Herter scored for Enfield. On Thursday Enfield shut out Windham 2-0 as Sue Herter and Anne Desrosier scored for Enfield.

Enfield Starrs Rip Glastonbury Warriors

The Enfield Starrs picked up their fifth straight win over a previously unbeaten Glastonbury Warrior eleven at Mt. Carmel Field Sunday by the score of 32-0.

Enfield received the kickoff and Steve Provencher moved the ball to the 16. The Starrs fumbled on the next play and Glastonbury recovered. After two line plunges lost yardage the Glastonbury quarterback tried to pass, but Rick Ballard came out of nowhere and intercepted, bringing the ball to the Starrs' 36. The Starrs moved the ball almost at will against Glastonbury but were stymied time and again by penalties and fumbles. The period ended with the score tied 0-0.

The "B" teams came on and Enfield again moved the ball well but turned the ball over to Glastonbury on the nine-yard-line. Glastonbury was forced to punt after failing to move the ball and Enfield finally sustained a drive with Bob Shewokis scoring from six yards out. Shewokis also added the points after. The initial scoring drive featured the slick ball-handling of Rick Michaels and the running of Shewokis, Vella, Semanie and Olschafskie. The Starrs "B" teamers threatened to score again as the first half ended. Enfield 8, Glastonbury 0.

The Starrs came on in the third period and again were stopped as they continued to fumble and take costly penalties. After exchanging punts the third period ended with Enfield still holding an 8-0 lead. The cold weather accounted for numerous turnovers all afternoon but as the "A" teams took the

field, the Starrs finally put it all together.

Pete DeRose scored on a two-yard plunge with but two-minutes gone in the fourth period. Kyle Reese ran the points-after as Enfield took a 16-0 lead. The Enfield running lacks then just seemed to wear Glastonbury down as DeRose, Liquori, Reese, Ballard and Provencher took turns punching out five and six-yard gains. The blocking up front was exceptional, especially by Underwood, Theofiles, Gumkowski, Cuscavitch, Nestor and Padrevita.

Glastonbury was forced into numerous punting situations and on one bad punt Enfield took over on the visitor's 25. DeRose quickly handed off to fleet-footed Kyle Reese who broke to the outside and scored standing up. Provencher banged in for the points-after making it 24-0, Enfield.

Following the kick-off Glastonbury's quarterback attempted to pass and was caught time and again for losses. Finally he was dumped and fumbled with Enfield recovering on the 29-yard stripe. DeRose then faked to Liquori up the middle and arched a perfect scoring strike to Kyle Reese who caught the ball at the five and waltzed in for the score. Provencher then bulled his way into the end-zone for the extra points, upping Enfield's lead to 32-0.

Players of the week were Jeff Underwood on the "A" team and Rick Michaels on the "B" team. Also earning the coaching staff's praise were Matt Gilhooly, Ed Gardner, John Scavotto, Jim Kelly, John Bryer, Jeff

Foley and Kyle Reese.

Next week the Enfield Starrs travel to Cromwell to try and increase their string of wins. The following week the Enfield Starrs will be at home, playing host to the undefeated East Hartford Moose Club.

Falcons Lose To Windham Whippets

The weather was cold in Willimantic and so was the score so far as the Fermi football Falcons were concerned. The locals came away with a 23-6 loss at the hands of the Windham Whippets.

The Falcons didn't score until the last minute or so of the third period. The teams played without a score in the first period. Windham picked up seven points in the second stanza as Andy Sadlon scored a touchdown on an end run from 13 yards out. Mark Phelps added the extra point on a good kick.

Radcliffe scored a touchdown for Windham early in the third period to make the score 13-0 in favor of the Whippets. Phelps added another kicked point after the TD. An intercepted pass stopped Fermi's drive on the next series and Windham capitalized again as

Quarterback Tom Brown went to the air to Wayne Hoering for a 17 yard touchdown pass play. The point after was missed.

It was at this point that Quarterback Carl Scavotto threw a desperation pass to Mike Rook for an 83 yard touchdown. This was to prove to be the only score all day for the Fermi Falcons.

Mark Phelps wound up the scoring for the game with a field goal to give Windham their 23-6 victory.

The Falcons have been having a difficult season with just one win against five losses. The faithful still turn out though as there is always the chance that this Saturday will be the day that the Falcons find their victory wings once more.

Fermi will be at home this Saturday for a game against Penney of East Hartford.

Mrs. Killeen Appointed To State Post

Senate Minority Leader Charles T. Alfano announced his appointment of Mary Ellen Killeen of Enfield to the Commission to Study Connecticut's Child Welfare System.

The commission was created by the 1974 General Assembly to conduct a comprehensive study of the state's child welfare system and delivery of services. It is

directed by law to report back to the General Assembly in January with its findings and specific draft legislation.

Mrs. Killeen is currently a member of the Enfield Juvenile Review Board and a former member of the Enfield Charter Revision Commission. She is a homemaker and the mother of two sons.

"Partners In Progress"

Faculty, employers and the high schools in the Enfield area are "partners in progress."

According to Enfield High School co-ordinator, Harry Zeroogian, the co-operative work experience is a school centered program in co-operation with selected employers of the community. The program is an important part of the school curriculum and includes both academic courses and job-oriented instruction. Learning at the school and on the job is co-ordinated by a professionally trained person.

VALUES

The inherent values of the co-operative work experience program are many and varied.

The school curriculum is expanded to include on-the-job learning with a co-operating employer.

The meaning of a student's school experiences is increased through practical application.

Students are prepared for the transition from school to work.

Classroom instruction is scheduled in keeping with the occupational preparation needs of the student while on the job.

An avenue of communication, co-operation

and understanding between the school and the community is established.

Opportunities for students to increase their level of awareness about a variety of occupations is available.

Students develop marketable skills.

Teachers and counselors become more aware of the actual world of work conditions.

The co-operative work experience program is intended for all boys and girls, 16 years of age or more, whose previous educational programs for selected students which are designed to meet their needs.

Criteria for selecting students include the following: age, shortcomings of present program; attitude toward the world of work; occupational interests, goals, aptitudes and readiness. Other criteria include: academic ability, emotional stability, personality factors, availability of work stations, ability to work well with others, character, health, and financial need.

Usually the student in the co-operative work experience program attends school during the first part of the school day for about four hours and is at the training station in the afternoon for three or four hours more.

Areas of training include: agriculture, distributive, health, office, service, trade and industry, vocational homemaking.

RESPONSIBILITY

The student's responsibility in this program are many and varied. He must plan, with the counselor and the co-ordinator, an educational program which will meet his needs; he must make decisions for occupational preparation and entry.

The students must maintain acceptable academic standards for both in-school and on-the-job phases of the program.

He must form and maintain acceptable school and job attendance practices. He must promote working relationships with co-workers.

After completion of the work experience program students who have been successful may continue and extend their education and occupational preparation at a wide variety of educational centers. Often additional instruction, education and preparation is advisable to better ready themselves for the world of work, the world of leisure and the world of living.

Fermi Homecoming Saturday

The third annual Homecoming Day celebration of Enrico Fermi High School will be held this Saturday. Festivities will begin at 9 a.m. with a parade up North Maple St. from the Hazardville Grammar School to Fermi High School. Participating in the parade will be students, faculty, administration, education and town officials. The Fermi marching band and the cheerleaders will be leading the parade. In addition, floats constructed by students from each class will be included and will be on

display during the football game.

Upon reaching the school grounds participants and spectators will be able to see a soccer game against Enfield High School beginning at 11. Also at this time, and continuing throughout the day, there will be a tag sale and a bake sale. These will begin at 10 a.m. and continue until 5 p.m. Fermi's football team will be in action against Penny High School starting at 1:30 p.m. During the half-time show the winner of the float competition will be

announced.

Highlighting the day's activities will be an informally attired dance from 8 to 11 p.m. in the school cafeteria. Price of the tickets is \$1.50 per person. These may be purchased in advance in the General Office of the school or the night of the dance at the door from 8 to 8:30.

All students, faculty, and especially alumni are cordially invited to participate and help make this a most pleasant and memorable day.

EHS Undergoes Evaluation

Enfield High School was evaluated by the New England Association of Schools and Colleges last week.

The New England Association of Schools and Colleges is the regional accrediting agency under the Commission on Public Secondary Schools that is officially recognized by the United States Commissioner of Education as the agency to award accreditation to public secondary schools in New England.

The evaluation committee is composed of professionals from schools in New England. The members are selected by the New England Association of Schools and Colleges (NEASC). The school being evaluated may refuse an individual participant but cannot select any representative.

Public secondary schools are evaluated and accredited on the following bases: Philosophy and Objectives, Program of Studies, Guidance Services, Educational Media Services, Library and Audio Visual, School Staff, Records, Administration, Plant and Equipment, School and Community Relations, Financial Support and School Atmosphere.

PURPOSES

Externally, the purposes are to assess the strengths and weaknesses of the school by an impartial group of professionals in order to determine accreditation status. As a result of the

evaluation one of the following may occur:

Continued accreditation may result for a period of one to ten years.

Probation: this temporary status indicates concern that the school is not meeting the Standards of Membership.

School may be dropped from membership.

The entire school community undergoes a self-evaluation process at least one year prior to the visit of the Visiting Committee. The Self-Evaluation is a systemic analysis of the total school in a thorough attempt to determine and report the strengths and weaknesses of the school.

The Self-Evaluation process is perhaps the most important facet of the entire evaluation, as it gives faculty, administration, students, central administration and community representatives the opportunity to discuss, analyze and assess the existing program.

SELF EVALUATION

All facets of the school were analyzed. Reports are presented to the faculty for approval and once accepted, made ready for the Visiting Committee.

The school reviewed and reported on twenty-three distinct aspects of the school. (see attached listing) With few exceptions faculty members were required to serve on 2 sub-committees.

Each staff member was required to submit an

"Individual Staff Report" for the Visiting Committee.

Each department updated curriculum guides that reflect as closely as possible the philosophy and objectives of the school.

Other aspects of the school program must be reviewed and made ready. This includes:

Student Activities
Program of Studies
Teacher Handbook
Students Handbook

Basic to the self evaluation process is the report of each sub-committee to the entire Faculty. This gives the opportunity for each staff member to question, discuss and ultimately accept or reject the findings of the sub-committee. The evaluation procedures, comparable to the research and development programs of industry, have provided tested vehicles to effect needed changes in instructional offerings for young people.

In this day of increased school expenditures and consequent requests for accountability, accreditation extends beyond the pride of the local professional staff. School which earns accreditation can assure local citizens that it has submitted all its programs, procedures and facilities to the scrutiny of outside professional educators and its offerings have been deemed worthwhile.

The full results of the evaluation will be highlighted in the Press as soon as they are available.

Kennedy Drama Guild Presents "Hansel And Gretel"

The Kennedy Drama Guild and Theatre Arts Classes will present their third annual childrens production Hansel and Gretel Friday, Nov. 15, at 7 p.m. and a Saturday Matinee Nov. 16 at 1 p.m.

In the past the group has presented "Winnie The Pooh" and "You're A Good Man, Charlie Brown" and

played to capacity audiences.

This presentation is geared for preschool through junior high students. The group has strived in the past to offer wholesome entertainment for youngsters of the community.

Featured in the cast are Hansel - Mike Dubois and Jim Whitmore, Gretel -

Barbara Roy and Susan Gates, Witches - Susan Van Orden and Pamela Muraszko.

The production is under the co-direction of Miss Gademan and Mrs. Gaj. The cost of the tickets is \$1. Call 749-8301 to reserve your tickets.

VNA Fund Drive Underway

Mrs. Howard Whitaker, Chairman of the Somers Visiting Nurse Association Fund Drive, reports that letters of appeal have been mailed to all townspeople asking for support of this worthwhile home health service.

The Public Health nurse, Mrs. Patricia Skinner, is in Somers weekdays from 8:30 a.m. to 4:30 p.m. and on Saturdays until noon. She may be contacted by phoning the Town Hall (749-8351).

Besides providing for general bedside care, the Visiting Nurse Association provides health education and guidance in the home as well as clinics for glaucoma and high blood pressure screening and vision testing for pre-school children, to mention a few.

It also provides all kinds of equipment for loan such as wheel chairs, crutches, hospital beds and sick room supplies.

This year's Fund Drive goal is set at \$3,000 and all townspeople are urged to be as generous as possible and to mail contributions early to Mrs. Lafayette Keeney, Fund Drive Treasurer, Somers.

AARP Plans Theatre Party

The Northern Conn. Chapter no. 1209, of The American Association of Retired Persons will sponsor a Coachlight Dinner Theater Party, on Wednesday, Nov. 6th.

Reservations for tickets may be made by calling Mrs. Lea Norton, Tel. 623-1524. The deadline for ticket sales is Oct. 30.

Actors Guests Lecturers

In keeping with the custom of bringing practical experience to the students of the Community College, Asnuntuck hosted two of the players from the Coachlight Dinner Theatre as guest lecturers in the Speech and Drama Class.

Performers can give first hand experience to college students just beginning their study of the craft. That is what Mark LaMura and Lindsay Crouse did this week at Asnuntuck.

In a round-table discussion Miss Crouse remarked, "Audiences can be as afraid

of the speaker or actor as he is of them. Maybe more." She made the point that it is the speaker's job to put the audience at ease.

Also addressing himself to audience reaction and nervousness, Mark LaMura said, "A good actor or speaker has to know his 'role' well and feel comfortable with himself."

The two young players said there are no secrets for overcoming nervousness. They agree it is necessary for a good performance. They also counseled their students for a day, that one

has to both respect and like one's audience. By doing that, they said, the audience will respect and like the speaker.

LaMura and Miss Crouse play newlyweds in the Coachlight Dinner Theatre current production "Barefoot in the Park" with Kay Medford.

The speech class is one of the required subjects for graduation. Jerry Mon is the instructor. He is a professional lecturer and former entertainer.

Glaucoma, Pressure Testing

The Somers Visiting Nurse Association will sponsor a Free Glaucoma and High Blood Pressure Testing on Tuesday, Nov. 29 at the Somers Congregational Church Parish House, Main St., Somers from 1 to 4 p.m. Dr. Samuel Himelstein of Enfield will donate his services for testing

Glaucoma which is the leading cause of blindness in the United States.

Blood pressure testing will also be given at the same time. It has been found that high blood pressure puts an extra share of work on the heart and the arteries and shortens life immeasurably.

All adults over 40 years of

age in the area are urged to attend. Anyone younger, having a history of either disease in the family, will also be tested.

If more information is needed, Mrs. William A. Middleton, Visiting Nurse Association Clinic Chairman (749-7900) may be contacted.

Centenary Rep. Here

Ralph Mickelson, director of admissions at Centenary College for Women, is planning to visit area secondary schools, Tuesday, Nov. 5.

His itinerary will include Enrico Fermi High School, Enfield at 8:15 a.m., Enfield High School at 10 a.m., Our Lady of the Angels Academy, Enfield at 11:45 a.m., and at 1:30 p.m. he will

be at Ellington High School. Mickelson's purpose in visiting the schools is to talk with guidance officials and school administrators about any innovations within the program of each high school and about Centenary's course offerings. He will also talk with interested students about the college and be available for private interviews.

Kosciuszko Open House

Kosciuszko Junior High held its first open house of the year last evening. This year parents had the opportunity to meet with individual teachers through appointments. Members of the Student Council were on hand throughout the evening

to greet parents and to assist them in locating teachers and classrooms. As in the past this Open House has been well attended. Another Open House is tentatively being planned for the Spring.

EARC Dance

A fall dance for the benefit of the Enfield Association of Retarded Children will be held Nov. 2 from 9 p.m. until 1 a.m. at the Enfield Elks Hall on N. Maple St. For tickets call Mrs. Cignetti, chairman, 749-3397, or Mrs. Dunakin, co-chairman, 745-7056.

Fund Drive Kick-Off

Nov. 1 is the kick-off date for Suffield Academy's second Annual Gift Fund drive, as announced by its general chairman, Richard Gaull. A 1954 graduate of the Academy and partner in the Gremham and Gaull Insurance Agency in West Hartford, Mr. Gaull explains, "The goal of this fund is to involve an increasing percentage of alumni, parents, and friends by financially aiding the school in three specific areas: scholarship aid to qualified students, an increase in library resources, and an augmentation of faculty salaries. It is their yearly opportunity to show their continuing support of an important institution which has in one way or another touched their lives."

The financial goal of the 1974-75 campaign is \$70,000 with contributions from 800 alumni, parents, grandparents, and friends. John Fuller, Alumni Secretary and a 1962 Academy graduate, is optimistic about meeting this year's goal based on last year's success. Academy fund drives prior to last year were for specific capital expenditures such as for the Kent Legare Library.

Turkey Supper Tonight

The annual Turkey Supper of Second Baptist Church, will be held tonight in Fellowship Hall from 5 to 7 p.m. Tickets are \$3.75 for adults; \$1.50 for children, 5-12 and free under 5. For reservations call 668-7966 or 668-7654.

LWV'S CANDIDATES INFORMATION

The Suffield League of Women Voters is sending non-partisan information about the candidates for office in the state election Nov. 5 to all town residents.

Known as the "Suffield Voters Scoreboard", the two-page information sheet includes qualifications of the candidates for U.S. Congressional District 6; State Senatorial District 7, and State House District 61 and also for Judge of Probate of Suffield. It lists the names of candidates for Registrar of Voters and Justices of the Peace for Suffield for which there is no contest; and the candidates for Sheriff.

The three Congressional Candidates were asked by the local league to answer three questions: 1. What do you propose to do about inflation and unemployment; 2. What legislation would you back to make more housing available for low and moderate income people? 3. What campaign reform measures do you support for candidates for national office? and their answers are printed in the Scoreboard.

Along with the Suffield Scoreboard, the local league is sending the 1974 Election Guide from the State LWV. This includes information about the top candidates on the state ticket; governor, lieutenant governor, secretary of the State; at-

Last year was the first year the fund was in this form with the above goals and a highly organized group of 36 class agents making personal contact with each of their classmates. \$59,793 was raised in this first effort with 441 alumni contributing; an increase of more than 100 percent from previous years. 30 percent of the contributions were for the first time. Mr. Fuller credits the drive's success on the effort of the class agents.

This year's Annual Gift Fund drive shall be kicked-off on November 1st with a letter appeal from Paul G. Sanderson, Jr., Headmaster, and the now 46 class agents.

Board Of Ed. Action

At a meeting of the Board of Education on Tuesday, October 15, 1974, the Board: approved the minutes of the Oct. 1, 1974 meeting; placed on file the financial statements dated Sept. 30, received a report on the Guidance Evaluation Project by Leonard Borsari, project director; tabled action on the request to increase basketball admissions until they receive

Further information; voted to support Miss Gail McKinley's interest in becoming an Exchange Teacher subject to revision of policy no. 4131; received a report of the activities of the Curriculum Council by Gary Kane, Chairman. Mr. Kane reviewed the work of the subcommittees and informed the board that the program for Teachers' Convention day has been formalized. The Board expressed its appreciation for the work that Mr. Kane has done as chairman; and received an update from Dr. Evans on Goals for the year and authorized Dr. Evans and Mrs. Hackenberger to develop proposed goals of the Board. Also, was informed by Dr. Evans of the meeting on grouping policy attended by the members of the administrative staff and representatives of the School of Education from the University of Connecticut. Also, was informed by Dr. Evans of the new federal regulations relative to pupil and parents rights; was informed by Dr. Evans of the Board's responsibility to provide Adult Education; scheduled the next Board of Education meeting for Oct. 29, instead of Nov. 5, because of it being election day; and adjourned to executive session.

"The Annual Gift Fund is one way to show that you believe in independent schools in general, and in Suffield Academy in particular," concludes Mr. Sanderson.

Stony Brooke Park Rules

Park Supt. Roger Loomis said the Conservation Commission has voted to post Stony Brooke Park for no hunting. All unauthorized motor vehicles will be excluded from the park except in the parking areas, and camping will be permitted in established camping grounds only, with Loomis permission.

The Commission has accepted an offer to have the Suffield Vocational Agricultural students prepare a map of begative cover of the park and explore possible trail routes. Boy Scout Troop 66 has already worked on nature trails in the park, which was given to the town by the late Charles S. Bissell with the stipulation that it be used to preserve and enjoy its natural state.

Reception For Kent Director

The Board of Directors of Kent Memorial Library invite the townspeople to a reception for Maxine Beckwith, the town's new professional library director, Nov. 2 from 11 a.m. to 1 p.m. at the library. She and her husband, Carl, also a librarian, live on Hill St.

The library staff now consists of two full-time professional librarians, one full-time and three part-time professionals, a full-time maintenance man and several volunteers.

The library's auditorium and exhibition gallery are used extensively by the community. The Historical Room contains materials concerning Suffield and Connecticut history, as well as town histories and genealogical records.

Ms. Beckwith has planned programs and activities for all ages in town to further use the new building, with Friday morning programs for senior citizens, and projects for children on Saturdays.

Commend Seniors

Five Suffield High School seniors have received letters of commendation from the National Merit Scholarship Corp. They are Theresa Fiors, Julia Medden, Kathryn Lownds, Edward Szweczyk and Mark Winkler.

LWV Meets

The Suffield League of Women Voters will hold two general meetings Wednesday, Oct. 30, at 9:30 a.m. and at 7:30 p.m. at the home of Mrs. Kenneth Lindfors, 70 South Main St. The subject of both meetings will be "Transportation". As part of its state program, the local league has been conducting a transportation study of present facilities and needs, possible alternative forms of mass transportation and methods of financing. The two year study started in 1973 and will conclude in 1975.

Miss Marion Fuller is chairman of the transportation study committee. During its study the first year the committee sent a questionnaire prepared by the league to the residents to determine the need for public transportation in Suffield.

Hearing Appeals

The Suffield Zoning Board of Appeals will hold a public hearing Tuesday at 7:30 p.m. at the Town Hall to hear these applications: Elizabeth S. Lewis, 235 Halladay Ave. Suffield, for a variance in set-back of 45 feet instead of the required 50 feet set-back; and George Vasilocosta, 896 Thompsonville Rd., Suffield, seeking permission to rebuild a structure, destroyed by fire, on a non-conforming lot.

All interested persons may appear and be heard and written communications will be accepted.

GERIATRIC CLINIC

Starting Oct. 31 at 2 p.m. a Geriatric Clinic will be held each month in West Suffield Congregational Church Hall for free blood pressure checking and counseling in Social Services, with Mrs. Jill Stephen, R.N., town public health nurse; and Mrs. Mary Thurston, town social worker, in attendance.

Commission Asks Town-wide Recycling

The Suffield Conservation Commission will seek town-wide recycling as a supplement or alternative to present refuse disposal practices.

At its meeting Oct. 15, commission members said the problem goes far beyond whether or not the town dump must be closed by July 1, 1975. They urged that community-wide recycling of glass, metals and other materials, which presently are being buried in the town land-fill dump, be reviewed.

Recycling now is through efforts of the youth of the town.

At present glass is being recycled, sponsored in the past by 4-H and now church youth groups, with a collection area on Remington Street open at all times.

Paper is being recycled by the paper drives on a town-wide basis four times a year by the town's three Boy Scout Troops.

Commission chairman Chester Kuras said he thought of a self-contained unit for re-cycling, operated by one or two persons.

Commission members will contact the town government and the Concerned

Citizens of Suffield (CCS) and a study will be made of nearby towns and their solutions to the problem.

State Department of Environmental officials have warned repeatedly that a long-range solution must be sought for the problem to fulfill the DEP requirements, with a preliminary plan submitted by January 1, 1975.

SHS Students Judge At FFA

Three Suffield Vo-Ag students were judges at the national Future Farmers of America Judging Contest and Convention this month in Kansas City, Mo. Dan Coutu of Canton judged livestock, George Clurser of Granby judged dairy cattle; and Steve Burk of Windsor judged agricultural mechanics. This is the first time the Suffield Regional Vo-Ag Center at S.M.S. has placed three members on state teams participating in the National competition. They had an opportunity to see and hear President Ford in person when he spoke at the FFA Convention.

West Suffield Supper

The annual Turkey Supper of the Women's Fellowship of the Second Congregational Church of West Suffield, Conn. will be served Nov. 2 in the auditorium. The menu is roast turkey, mashed potato, gravy, stuffing, turnip, pickled beets, green beans, squash and apple pie, rolls, coffee, tea and milk.

Reserved sittings will be for 5, 6 and 7 p.m. For reservations call Mrs. Edward Goodsell, 668-2733 or 668-0333.

Price is adults, \$3.75; children, 5-12, \$1.50; under 5 free. Aprons will be on sale. Co-chairmen are Marge Phelon (Mrs. Richard) and Judy Graham (Mrs. Phillip).

Development Administrative Training

The Development Administrative Training Program (DATP), which is sponsored in this area by the University of Connecticut, will be the subject of a joint meeting of the Suffield Women's Club and Enfield Woman's Club on Nov. 12 at 12:30 p.m. in First Congregational Church on Hight St., Suffield. The Enfield club is the guest club for the program.

Speakers from DATP will explain the program for people from under developed countries who are training for civil service jobs. They are here in this country for about four months, one of which is spent on job training. Mrs. Robert Close, local club program chairman said.

Mrs. Owen Medden of

Suffield will tell what it is like to be a host family for this program.

Mrs. James Reynolds and

her committee will provide refreshments with an international flavor for this meeting.

Africa Comes To Suffield

Africa came to Suffield Columbus Day week-end when Mr. Alphonse Djossouvi of Dahomey was guest of Mr. and Mrs. Leon Waskiewicz, 252 North Main St. Mr. Djossouvi, an administrator with the Civil Service and Labor Department of Dahomey, is a member of a group touring the U.S. to learn more about American community development and social service programs. His visit to Connecticut was arranged by the Auerbach

Service Bureau as part of its international visitor program.

The tour is sponsored jointly by Operations Crossroads Africa, Inc. and the Bureau of Educational and Cultural Affairs of the U.S. Department of State. The twenty-six participants come from 19 English speaking countries in Africa. Mr. Djossouvi has also visited Montana, San Francisco, St. Louis, New Orleans, Washington, D.C. and New York.

this man works in downtown Hartford

This is Charlie Alfano. He's a commuter, like most of us. Living in Suffield and working in Hartford, he's fussed in fuming traffic jams and seethed at city parking problems, too. There's one difference between Charlie and us, though. When he finally gets to downtown Hartford, he doesn't go to a job in industry or insurance. Charlie goes to the State Capitol. Charlie is our state senator. He has been

for sixteen years. In that time we've all seen things get better. Rail service is improving. And commuter bus programs are starting to work. Charlie's seen all this first hand, because he's helped make it happen. He knows there's lots of room for improvement, too, and he wants to make sure that happens.

STILL JOB HUNTING?

In today's world of technical and skilled personnel to be without these qualities means many wasted years of "Don't call us — we'll call you". One word holds the key to a bigger and better future. That word is TRAINED. If you're 17 years or older and have always wanted to be a

MEDICAL or NURSE'S ASSISTANT READ ON —

We offer two of the most comprehensive training programs in both of these fields. We're not a Business School that offers so many programs that you as an individual get lost in the crowd. Our specialty is the Health Services Field. Both Medical and Nurse's Assistant programs include classroom instruction, but you know as well as we do that nothing substitutes for practical experience, so field training at a local hospital or doctor's office is also included.

Many other so called Health Field programs have come and gone, but doesn't it strike you funny that we're still here. An active job placement program is available to all of our grads. And if we do say so ourselves it's the best around. Give us a call at

"A LEADER IN ITS FIELD" PBl11/18

At Press Conference

U.S. Senator Walter F. Mondale, center, Democrat from Minnesota, was in the 6th Congressional district recently to campaign for Toby Moffett, the Democratic candidate for Congress in the district. A Moffett,

Mondale and Mrs. Ella Grasso, Democratic gubernatorial candidate in Connecticut, appear at a press conference in which Mondale characterized himself as a likely presidential candidate in 1976.

Board Of Ed. Action

At a recent meeting, the Somers Board of Education re-elected all three of its officers, including, Patricia Warner, chairman, Charlotte Stopa, secretary, and Virginia Finley, budget committee.

Herbert Legg, a republican, seen as a possible opponent for Mrs. Warner, a democrat, said that he unofficially polled board members but found that he could not muster enough support to unseat Mrs. Warner.

The boards voting procedure requires no formal voting procedure. Each member merely writes a name for each position on a piece of paper.

Mrs. Warner recently came under fire from Republican Selectman Carl Anderson for her stand on keeping board matters secret.

After being re-elected to the chair, Mrs. Warner voted in favor of a motion to make all printed materials given to the board in open session part of the board minutes.

This would release them to the public within 48 hours of a board meeting, providing state law is followed.

A motion, made by Mack passed but was referred to the policy committee for further action on a point of order raised by Mack.

The motion may die in the subcommittee, since Mrs. Stopa, who probably will be reappointed its chairman voted against it.

Mrs. Stopa said her "no" vote was based on her belief, as board secretary, it would be hard to include printed materials in the minutes.

Mack also voted against the motion. He said his vote was "because of past improper representation of events of board meetings as published or broadcast in some media" but did not explain further.

The third vote against Legg's motion was from Mrs. Finley, who said she intended to follow state law on the question of easing information.

DANDY DIVIDENDS

Cash dividends paid to share-owners of companies listed on the New York Stock Exchange totaled a record \$12.5 billion during the first six months of 1974. — CNS

Podiatric Trainee

Joanne Janas, daughter of Mr. and Mrs. Edward Janas, 11 Asnuntuck St., Enfield, is a student in the Pennsylvania College of Podiatric Medicine's one-year training course for podiatric assistants.

Miss Janas graduated last June from Enfield High School. Her interest in a career in the health field was focused on podiatric assisting by 2½ years of part-time work in the office of an Enfield podiatrist, Dr. Frederick W. Shea.

Crab beds closed down in Venice

Crab meat is a favorite with Venetians and it was sold in large quantities in local markets until recently when authorities closed crab fields in the Venice lagoons near Chioggia because they were too near sewer outlets.

The provincial medical office found the water "highly contaminated," causing the city's civil engineering office to order the shutdown. — CNS

Artificial sweeteners dangerous to infants

In view of the sugar shortage in England, mothers have been warned against using artificial sweeteners or sugar substitutes in infant foods or formulas.

Chemicals like sorbitol and mannitol used in some of the sweeteners may cause diarrhea or dehydration in small infants, especially if the mothers overestimate the need for sweeteners and add too much. — CNS
