94th Year — Est. in 1880

Vol. 95 No. 47

15c a Copy

Mrs. Florence Johnson, secretary of the Bus Transportation Committee, Mrs. Mary Anne Sroka, Darcy Russotto, Mary Beth Sroka, Sally Ann Sroka, Peggy Ferguson, Beth Snyder and Cathy Roeder.

Brownies Donate Quilt They Made

On June 27, Brownie Troop 424 presented their own "picture" quilt to the Senior Citizens Bus Committee as their service project for the year. The quilt, along with other handmade articles will be raffled off for the purpose of raising funds to keep the Senior Citizen Bus in operation.

The girls first drew their pictures on a square of paper with special fabric crayons. Next, they ironed their drawing onto a square of cloth. Finally, these squares were sewn together with

other colorful squares and stuffed to make an attractive, gay and warm quilt. This project was done with the assistance of Mrs. Marcia Hietala.

Leaders of Troop 424 are Mrs. Mary Ann Sroka, Mrs.

Ursula Roeder, and Miss Sharon Ferguson.

The quilt was presented to Mrs. Florence Johnson by Mary Beth Sroka, Sally Ann Sroka, Catharine Roeder, Peggy Ferguson, Darcy Russotto and Bety Snyder.

Resident Blasts Town Attorney

A local resident who is already involved in one legal battle with the town is

preparing to start another.

Leonard M. Majeske of Enfield, who has filed a \$13.5 million suit against former Enfield Town Manager C. Samuel Kissinger accused Town Attorney John Adams of "playing politics" and announced that he would "submit a motion for the disbarment" of Adams.

Majeske had filed the suit charging that as Town Manager Kissinger had mispent \$4.5 million in Federal Community Development Act Funds. He also charged that due to this, facilities were built in the town although the Shaker Pines area where he resides lacked sidewalks, sewers and safe streets.

Majeske made the motion for disbarment based on Adams' statement in U.S. District Court that the charges against Kissinger were "spurious".

In a prepared statement Majeske said:

"I resent Mr. Adams irresponsible charge that my arguments are spurious. He is again playing politics or

(Continued on Page 6)

Morrison Evaluates General Assembly

Representative John J. Morrison, Democrat of the 58th District, Enfield, submitted his evaluation of the 1975 session of the General Assembly.

"It was," said Morrison, "a year of mixed emotions and long, tedious hours and agonizing decisions."

The Enfield Representative said he entered the political arena many years ago with the hope and dream of promoting programs to help people. "This year," Morrison said, "I had to swing an ax that not only cut programs but cut deep into my political philosophy and regrettably hurt people. I was however, listening to a larger segment of our population namely the average homeowner and

taxpayer who most certainly deserves consideration."

Morrison did say that there were many accomplishments in the 1975 session that were quite evident among which were improvements in the areas of consumer protection, governmental reform, energy and utilities, election reform, labor relations, education, welfare, human rights, environmental protection, state employees, senior citizens, and urban development.

"It was," said Morrison, "a year of accomplishment and yet a year of regret; a year of smashed dreams, a year of concern, and last but not least, a year of hope... a hope for a better year to come," concluded Morrison.

New Manager To Push Town Industrial Park

Following in the footsteps of Francis S. Tedesco, Earl Wagner and C. Samuel Kissinger, William L. McDivitt has become Enfield's fourth town manager since 1963 when Enfield adopted that form of government.

McDivitt, 32, has been assistant city manager of Toledo, Ohio since November 1972. His present salary is \$24,454 and he is expected to earn \$26,000 in his new post. This will be slightly less than what his predecessor C. Samuel Kissinger, earned. Kissinger resigned his post on April 14 to become city manager of New Rochelle, N.Y. McDivitt will assume the town manager's spot on July 28.

Following Kissinger's resignation, his former administrative assistant, Paul Skowron assumed the duties of town manager. Skowron was reportedly one of the three finalists for the position. These three were chosen from an original field which included 135 applicants from across the nation.

Prior to his appointment as Toledo's assistant city manager, McDivitt had held the same post at Englewood, Colorado. He assumed that position in April 1970. From 1967 to 1970, when he undertook the Englewood post, McDivitt had been personal director and assistant to the manager of Joplin, Missouri.

While assistant manager in Toledo, McDivitt also held

the position of Public Utilities Commission director. In this post he was responsible for Toledo's water division and sewage treatment facilities. McDivitt also was responsible for restructuring the city's sewer rate assessments. Although Toledo's population is more than seven times that of Enfield, McDivitt foresees no problem in that area.

McDivitt will enter Enfield's government with a good deal of experience in this kind of governmental set-up. This is due to the fact that Toledo has a "council-manager" government with the only variance between the two towns being that Toledo has a paid mayor. Unlike Kissinger, who was often accused of dominating the council, McDivitt said that he will respect the council's position in the government and work with it.

McDivitt, who is married, possesses a bachelor of arts degree in the history of economics from the University of Colorado and a masters of arts degree in public administration from the University of Missouri.

McDivitt said his primary goal would be to successfully develop the Enfield Memorial Industrial Park. He said that the park would be accorded "top priority" and that he would seek to

find new tenants for the floundering venture. To this date the Enfield Development Agency has been able to sell only three acres of the 500 acre tract. According to Industrial Coordinator Phillip Forzley this is due to the sagging economy which has caused land parcel sales to drop.

McDivitt noted that another project which he deemed important was the town's \$7 million urban renewal program. He commented that he would work with the Enfield Redevelopment Agency to make the program a success.

The Enfield Town Charter stipulates that the town manager must have a bachelor degree in government or public administration and two years experience in public administration.

Libraries Are Closed Friday

The Enfield Central Library and its branches, Pearl Street Library and John Pickens Library, will be closed tomorrow, July 4, in observance of Independence Day. The libraries are also closed on Saturdays during the summer months.

Pooling Around

All town swimming pools opened Monday for the summer. Pictured here are a group of happy children enjoying themselves on opening day at the Neighborhood Activity Center pool on Main Street, Enfield. The lifeguard staff consists of Jim Gavin, head lifeguard; Jim Biegel, Donna Courchaine and Jennifer Buano.

Assistant Director George R. Mowbray, left, presents a certificate of graduation to Sergeant John F. Manning of the Enfield Police Dept.

Local Officer Completes Command Training Course

Sergeant John F. Manning of Enfield and a member of the Enfield Police Department, completed the three-week Command Training Institute for law enforcement officers held at Babson College, Wellesley, Mass. Graduation ceremonies for the 35 officers attending the Institute were held June 27. The Institute is cosponsored by the New England Association of Chiefs of Police and Babson

College and funded by a grant from the U.S. Department of Justice. The institute offers courses in community relations, decision making, planning, staffing, and other management and human relations subjects. About 2,436 command officers from all the New England states have completed the program since its start in 1967. An additional 300 officers are expected to graduate during the 74-75 program.

Summer School Begins Monday

An educational summer program will begin next Monday at St. Bernard School on Hazard Ave. The four week program will be divided into two areas, mathematics and reading. The program, which begins its eighth year, has been successful in aiding students in the intermediate grades and some in primary grades that have experienced difficulty in these subjects.

The mathematics program will begin at 9 a.m. and continue for an hour. This course will focus its attention on the individual problems that the students have experienced in the

various concepts of mathematics. The reading program, which will meet from 10 to 11 a.m. is arranged to increase comprehension in reading as well as to increase vocabulary and word analysis.

The classes will meet daily, Monday through Friday during the four week program. The programs are available to the children of the Enfield area. Tuition for each class is \$30. The summer program is under the direction of Edward H. Furey. Registration will take place Monday at 9 a.m. at the school.

YMCA Elects New Board Officers

At a recent meeting of the Enfield-Somers YMCA Board of Directors, the 1975-76 officers for the board were elected.

Peter Nemeth, executive director of the Enfield-Somers YMCA announces the nomination of Donald E. Wild as this YMCA's chairman of the Board of Directors; Mrs. Eleanor Mon as the vice chairman; Tom Dacey as treasurer, and Robert Marx chairman of the Program Committee; Ray Vella, chairman of the Finance Committee; and Jackie Kahn, chairman of Public Relations.

Wild is employed at the Aetna Insurance Co. of Hartford and has been actively associated with the YMCA for many years. He is currently a member of the Indian Guide Program in Enfield and is also on the Metropolitan Board of Managers for the Hartford YMCA. He and his wife, Shirley, and their two children reside on Cooper Street in Enfield.

Mrs. Mon is employed by the Connecticut General Insurance Co. as Unit Head for clerical work in Individual Pension Trust. She has been active in the Pittsburgh branch of the YMCA from 1949 to 1958 and was Young-Adult of the Year in the YMCA for 1953-1954. She and her husband, Jerry, and their three daughters are Enfield residents.

Peter Nemeth explained that the efforts of the Board of Directors for the remainder of this year are to strengthen their membership as much as possible. "An increase in membership is only possible when good programming is made available. Our goal now is to offer as many family oriented programs as possible." He further went on to explain that the very popular Indian Guide Program would remain extremely active with the

possibility of introducing Indian Princesses into the program.

The Enfield-Somers YMCA just completed a very successful "awareness booth" at the recent Charity Bazaar held at Enfield Square. The program was accented by an Indian Dance performed in front of a large audience. "The more people that we can introduce to the programs available through the Enfield-Somers YMCA the easier it will be having them become more knowledgeable of how the programs can benefit the entire family" stated Nemeth.

MVD Issues Office Hours

All Motor Vehicle Department offices will close at 7:30 p.m., today for the Independence Day Holiday weekend, Commissioner Stanley J. Pac has announced.

The offices will reopen at 8:30 a.m., July 8, and will be open until 7:30 p.m. that day for the convenience of the public. The remainder of the week, including Thursday evening and Saturday morning, normal public service hours will be in effect.

The offices will reopen at 8:30 a.m., July 8, and will be open until 7:30 p.m. that day for the convenience of the public. The remainder of the week, including Thursday evening and Saturday morning, normal public service hours will be in effect.

Fugitive Pair Nabbed In Bar

Donna Marie Brewster, the convicted slayer of former Enfield School Superintendent Karl D. Lee, was arrested June 30 in a Boston bar. Captured with her in the bar was 18 year old Janet White of Corchester, Mass.

The pair had escaped from a Framingham women's prison for the second time within a month June 29. The women had originally escaped June 17 and surrendered to Boston police on the 22nd. In their second escape they left the prison at about 7 p.m. on the 29th and were apprehended at 1 a.m. on the 30th.

Brewster was one of four convicted of manslaughter in the beating and subsequent death of the 81 year old Lee. She was serving a 12-18 year sentence at the time of her escape as were Iris R. Grice and Deborah Ann Waters who were sentenced with her in the slaying. Also sentenced in the Lee case was Kenneth F. Barnes who is serving a 15-18 year sentence at the state prison in Walpole, Mass.

Grice and Waters had escaped from the same prison on Jan. 22 of this year but were recaptured shortly afterwards.

Ron LaRussa, co-chairman; Barbara A. Viklinetz, general manager of East Windsor Ramada Inn; and Vincent Sferrazza, co-chairman.

Downtown Sidewalk Sales July 10-12

Enfield's oldest retail event will take place Thursday, and Friday, July 10 and 11, from 9 a.m. to 9 p.m. and Saturday, July 12, from 9 a.m. to 6 p.m.

Downtown Thompsonville merchants are preparing for the 14th annual Sidewalk Sales Days, a tradition which has drawn cost-conscious consumers from all sections of Enfield and surrounding towns.

According to co-chairmen Ron LaRussa and Vincent Sferrazza, participating merchants will make a special effort this year to offer liberal discounts because of the difficult national economy. "We are striving to combine the personal service for which we are noted with big dollar savings on merchandise for today's shopper", stated the co-chairmen.

In addition to the sales values, the downtown merchants are offering a number of attractive prizes for registrants. A free weekend for two at the Ramada Inn, East Windsor, awaits the first prize winner. Second prize is dinner for two at Chateau De Ville; third, a \$25 savings bond; and fourth, a complete hairstyle by Mr. Alfonso.

Each participating store will also have its own prize. The major drawings will be held at 3 p.m. on Saturday, July 12 at LaRussa's.

A special feature of the sidewalk sales days will be a floral arranging demonstration by Louise on Friday, July 11, from 3 to 4 p.m. at Spaulding Gardens. Also, in keeping with tradition, the Thompsonville Fire Department will man a refreshment stand during the event.

The following stores are participating:

Caronha's Market, Ed's Custom Upholstering, Enfield Community Federal Credit Union, Northern Connecticut National Bank, Vincent's Apparel, Drapery and Upholstery, LaRussa's, Ragno Market & Catering Service, Provencher Carpets, Sentry Glass, Spaulding Gardens and Thompsonville Drug.

200 YEARS AGO

The Continental Congress directs New York to arm and train its militia and to construct and garrison posts in strategic locations to protect the country. (National Park Service — CNS)

Crystal Palace Opening

William Akerman, James Platt, Mrs. James Platt, David Akerman and Mrs. William Akerman participate in recent ribbon-cutting ceremony of the grand opening of the Crystal Palace in the Raffia Shopping Center at 99 Raffia Rd., Enfield. The new restaurant will be open Mondays through Saturdays from 6:30 a.m. to 10 p.m. and from 8 a.m. to 10 p.m. on Sundays. It will serve breakfasts, luncheons and dinners.

At Convention

Anthony Troiano, Sr., left, of Troiano Carwash, 731 Enfield St., Enfield, is shown with international official, William Jurkens, Minneapolis, Mn., at the 1975 convention and trade show of the International Carwash Association. Troiano joined some 3,000 car wash operators and representatives from allied fields in the huge exposition at McCormick Place, Chicago. Convention registrants were updated in car washing methods and equipment and modern practices.

Computer Could Save \$250,000 For Enfield

The town of Enfield is considering purchasing a computer which could conceivably save the town \$25,000 annually for the next

ten years, while doubling the present service. The computer would be used for data processing on such items as: the grand list, tax billings, payrolls and sewer assessments.

The computer and subsequent service program would cost the town \$115,000. Even taking into account a four to five percent inflation

rate and the cost of personnel to run the machine, the town could still expect a substantial return. Financial Director Vincent Santacroce noted that \$30,000 of the bill could be footed by federal grants.

He also said that with its own computer the town would have up-to-date material within their grasp and also that other towns would be able to hook up to the computer and develop programs to fit their individual needs.

If purchased the computer would come from Digital Equipment Co. The Admins Inc., which has developed a new concept for computer programming for municipalities, would assist the town with its program.

During the first year of use the Admins people would develop programs and over the next few years there would be a gradual influx of more town personnel into the program.

The computer could be ready for town use by October 1 and would occupy the space which accounting equipment now uses in the town hall. The Town Council is investigating the proposal and will make a final recommendation within the next several weeks. One point in the program's favor is the fact that no money need be appropriated due to the fact that the money could come from the data processing accounts.

Neecon Corp. Plans To Vacate Enfield

Prior to occupying the Ley Building, Neecon was housed in a similar building which is now leased by Asnuntuck Community College.

According to Enfield Industrial Coordinator Phillip Forzley the case is "still sitting" in Superior Court. Besides the \$4.3 million in damages Dills also wishes to recover a \$100,000 down payment on a 28 acre tract of land in the proposed Memorial park.

In mid-December Dills abandoned his plans for a \$9 million hotel restaurant, recreational, and retail sporting goods sales complex to be known as "The Gallery". "The Gallery" was to have been built on the Memorial Park site.

The Enfield Development Agency, which is named in Dills suit, retracted its commitment to Dills of 150 acres of open-spaced land, which he was to develop into an 18 hole championship golf course. This was also to have been built on the Memorial Park site.

After removing the land from Dills influence the Town leased it to N.J. Giordano Construction Co. of Newington. Finally, the open-land was reorganized under the Enfield Greens Inc. after Giordano's interests had been bought out.

Timothy E. Dills, a developer who is suing the Town of Enfield for \$4.3 million dollars in alleged short-circuited plans for Enfield Memorial Industrial Park, announced that he plans to move his Neecon Corporation out of Enfield.

Dills went on to say that he plans to move his company from a building in Ley Industrial Park to a site in Granby near the Simsbury town line.

Town Libraries To Begin Summer Programs July 7

Sixty five children have registered for the summer programs planned for 1st through 3rd graders, featuring crafts, films and stories, July 7, 10:30-11:30 a.m.

An ample number of mystery fans registered for the mystery films and stories scheduled to begin at 3 p.m. July 7 at Central Library. Two more full length feature movies will be shown each Thursday and Friday at 1:30 p.m. No charge and no pre-registrations needed for these programs.

Over 50 children are registered for the 4 year old

children and up, including those entering Kindergarten in September. Stories and filmstrips will be shown. Included in the films will be many of Dr. Seuss stories. The library has a good selection of children's filmstrips that will be shown throughout the summer.

Mrs. Sue Betko, the town artist, will have two craft programs throughout the summer on Wednesday and Friday afternoons from 3-4:30. All children registered for these programs are 10 years and older.

On July 8, Pearl Street Library at Pearl and Franklin St., a craft and film program will begin at 10:30 a.m. in the community room. Those who haven't registered for this program should do so by calling the Pearl Street Branch Library this week.

On Thursday mornings there will be a beginners knitting and crocheting class under the supervision of branch librarian Anna Pare and Mrs. Elizabeth Albano. This will continue through the summer.

Craft programs at the John Picken Branch Library on School St., Hazardville, will be each Tuesday and Thursday afternoons from 1:30-4 p.m. for area children, under the direction of branch librarian Jeanne Mullen. This library will be closed the last two weeks in July while Mrs. Mullen is on vacation.

From left, are, Phillip Forzley, town industrial coordinator; Mrs. Charles Nirenberg, Deputy Mayor Harold Cadieux, Thomas Henshon of Pearson Systems and Charles Nirenberg, president of Dairy Mart.

Ground Broken For New Dairy Mart

Charles Nirenberg, president of Dairy Mart, Inc., of Springfield, broke from the traditional groundbreaking ceremonies when he initiated his company's first major construction of new corporate and production facilities last Monday in the Enfield

Memorial Industrial Park. In keeping with his concept of creating a rural and farm like environment for his highly automated production and distribution facilities, Nirenberg arrived by horse-drawn wagon, properly attired for the new image in the park. The

traditional hard hats were substituted for a more appropriate head dress.

Dairy Mart Inc., with over 50 retail outlets throughout southern New England, will conduct all its corporate business and training from its new facilities. Milk processing, bottling and distribution, for all its outlets will emanate from a 25,000 sq. ft. modern dairy plant. Another building is being designed to house ice cream manufacturing in the second phase of Dairy Mart construction.

The new facility, designed by McHugh and Associates of Farmington, will be built by Pearson Systems and will look like a New England farm. The complex will be constructed on 7.7 acres in the Park for Industry on South Road adjacent to I-91. The Dairy Mart president has insisted that two massive milk storage tanks be installed and camouflaged to look like silos to complement the "barn-like" architecture of the main buildings. A small fenced in area with a miniature barn will house a small number of farm animals to complete the pastoral scene.

Schedule For Holiday Mail

Fred Hugh Grimshaw, postmaster of Enfield announces the following mail schedules for Independence Day, July 4.

The lobby at the main post office, 89 High Street, will be open for the convenience of post office box holders from noon to 4:45 p.m.

Boxes for the deposit of mail in front of the main office, Hazardville Station, and Enfield Street Station will be collected at 3 p.m.

All Special Delivery mail received that day will be delivered.

Family Picnic To Be Held

On July 27, the Veterans of Foreign Wars Post 1501 will hold a family picnic for area residents. The event will be held at the Weymouth Rd. Fire Station in Enfield.

The outing will run from noon to 7 p.m., rain or shine. Admission is \$3.50 per person or \$7 per family. This includes all food and beer or soft drinks.

Summer Playground Program Announced

All twelve Town of Enfield playgrounds opened for a nine week season on Monday.

The playgrounds will be open from 9 a.m. to Noon and 1 to 5 p.m. for their regular programs. All playgrounds also have supervision from 6 p.m. till dusk. This schedule is followed Mondays through Fridays. All playgrounds are also open Saturday mornings from 9 a.m. till Noon. The playgrounds will be closed tomorrow, July 4.

TOURNAMENTS

Checkers and chess, July 1 to 11; horseshoes, July 14 to 25; badminton, July 28 to Aug. 8; volleyball, Aug. 11 to 15 and frisbee, Aug. 18 to 22.

WEDNESDAY FEATURES

(Starting time 1:15 p.m.) Doll Show, July 9; Pet Show, July 16; Poster Contest, July 23; Peanut Hunt, July 30; Puppet Parade, Aug. 3; Paper Bag Mask & Hat, Aug. 10 and Treasure Hunt, Aug. 17.

DAY TRIPS

Dates to be announced and based on interest. Youngsters must pay their expenses. Fenway Park, Shea Stadium, Mystic Seaport, Basketball Hall of Fame, Sturbridge Village and Boat & Train Excursion (Essex). Others that may have interest will be considered.

INTERPLAYGROUND ACTIVITIES

Interplayground baseball, softball, and basketball games will be organized at all playgrounds for both boys and girls.

ARTS AND CRAFTS

Materials at a small cost along with instruction will be available throughout the entire summer at all playgrounds. An arts &

crafts display will be organized.

SPECIALS

Instructors at all parks will organize hikes, bicycle rides, picnics, swim sessions, tennis instruction, etc. throughout the summer. These activities are based on interest on the various playgrounds. Boys and girls will be able to sign up for these at their respective parks and parental permission will be needed.

EVENING MOVIE PROGRAM

The evening movie program will operate on the following schedule; movies are shown at dusk.

Week of 6-30 and every other week thereafter. Mon., Lafayette; Tues., Memorial; Wed., Parkman; Thurs., Mark Twain; Fri., Kos. Jr. High. (Not July 4).

Week of 7-7 and every other week thereafter. Mon., Enfield High; Tues., Noah Webster; Wed., Hazardville; Thurs., H.B. Stowe; Fri., Nathan Hale.

ANNUAL MR. AND MISS ENFIELD CONTEST

The annual beauty contest will be held at Memorial Park Aug. 12 at 7 p.m. The rain date is Aug. 13. Registration begins at 6:15 p.m. at the park and boys and girls between the ages of 4 and 9 are eligible.

FIELD DAYS

Track and field events for boys and girls in various age brackets. Prize ribbons to winners and free ice cream to all in attendance. Dates will be announced.

OTHER ACTIVITIES

The program is flexible and other activities are added as an interest is shown and as specialists are available.

Obituaries

MRS. JOHN W. STOWINSKI

Mrs. Julia Walaszek Stowinski, widow of John Stowinski, of 35 Moody Road, Enfield, died June 27, at an Enfield nursing home.

She was born in Poland, and lived in Enfield most of her life. She was employed by Bigelow-Sanford Company for 40 years, and retired several years ago. She was a member of Holy Cross Polish National Catholic Church.

She leaves one daughter, Mrs. Victoria Mielnikiewicz of Enfield; one sister in Poland; two grandchildren and five great-grandchildren.

The funeral was July 1 at Leete Funeral Home and in the church with a Mass of the Resurrection. Burial was in Holy Cross Cemetery.

JOSEPH WAGNER

Joseph Wagner, 65, formerly of 8 Carol St., Enfield, died June 27, at Johnson Memorial Hospital in Stafford.

He was born in East Hartford, and had lived in Enfield several years.

He is survived by two sons, Sgt. Hans Wagner, USAF, stationed in Florida, and Seaman First-Class Karl Wagner of the USN; four daughters, Mrs. Sandra Shackway of Tolland, Mrs. Richarr R. Garini of Enfield, Mrs. Michael Turek of Ledyard, and Mrs. Thomas Burke of New Britain; and eight grandchildren.

The funeral was July 1 at Somers Funeral Home with burial in Hazardville Cemetery.

WILLIAM M. ROCKWELL

William M. Rockwell, 81, of 12 Pleasant St., East Windsor, died June 28 at a Windsor convalescent hospital.

Born in Enfield, he lived in East Windsor most of his life. Before retiring in 1973, he owned and operated Leon Rockwell Colonial Hardware Reproductions. He was a member of Wesley United Methodist Church, Warehouse Point.

He leaves two daughters, Mrs. Arthur Hitchcock of Warehouse Point, and Mrs. Harold Madison of Windsor; a brother, Herbert Rockwell of Colchester; a sister, Mrs. Mildred Oliver of East Hartford; four grandchildren and four great-grandchildren.

The funeral was July 1 at J.M. Bassinger Funeral Home with burial in Town Street Cemetery, Warehouse Point.

MARGUERITE L. WELCH

Marguerite L. Welch, 75, of 6 Old King St., Enfield, lifelong resident, and retired 50-year bookkeeper for Connecticut Motor Vehicle Department, died June 27 at home.

She was a communicant of St. Patrick's Church.

She leaves a brother, Robert J. of Enfield.

The funeral was June 30 at Browne Funeral Home, and in the church with burial in St. Patrick's King Street Cemetery.

MRS. IDA TRIGGS

Mrs. Ida Vasseur Triggs, 82, of A20 Bradley Circle, Enfield, died June 26, at Mercy Hospital, Springfield.

The widow of Edward R. Triggs, she was born in Enfield and was a lifelong

resident. She was a Gold Star Mother of World War II and a member of St. Patrick's Church.

She leaves a daughter, Jean C. Triggs of Enfield and a sister, Mrs. James H. Cooney of Manchester.

The funeral was held June 28 at Leete Funeral Home and at St. Patrick's Church. Burial was in St. Patrick's King Street Cemetery.

The funeral was June 27 at Leete Funeral Home with burial in St. Patrick's King Street Cemetery.

MRS. RICHARD NELSON

Mrs. Minnie (Critchley) Nelson, 85, of 75 Cottage Road, Enfield, died June 24.

She was born in Glasgow, Scotland, and lived in Springfield before moving to Enfield 32 years ago.

She leaves her husband, Richard G. Nelson, two sons, Richard G. Nelson Jr. and John P. Nelson, both of Enfield; a daughter, Mrs. Edwin Broughton of Enfield, eight grandchildren, 15 great-grandchildren and one great-great-grandchild.

The funeral was June 27 at Somers Funeral Home with burial in Hazardville Cemetery.

JOHN KOMINSKI

John Kominski, 94, of 154 Pleasant St., Enfield, native of Poland, former longtime Stafford resident, Enfield resident 20 years and retired textile worker for the former Johnson Woolen Co., Stafford, died June 26 in Johnson Memorial Hospital, Stafford Springs.

He leaves six sons, Joseph of Westfield, Mass., Reuben of Monson, Mass., Walter of Enfield, John of Ellington, Edward of Ashford, and Steve of Somers, two daughters, Mrs. Bertha Guay of Stafford and Mrs. Ann Farr of Manchester, 15 grandchildren and seven great-grandchildren.

The funeral was June 28 at Leete Funeral Home and in St. Adalbert's Church, with burial in the parish cemetery.

Carroll Joins

U.S. Air Force

Randy Scott Carroll, son of Mr. and Mrs. Floyd Carroll who reside at 36 Standish St., Enfield, has entered the United States Air Force Delayed Enlistment Program according to Sergeant Everett L. Joy, the local Air Force Representative. Randy will be in the Air Force Reserve until he enters active duty Dec. 2.

A graduate of Enfield High School, Class of 1975, Randy has selected a position in the Missile Maintenance career field.

In Training

Specialist Ronald Libby of Enfield operates a drill press at the 712th Heavy Equipment Maintenance Company's mobile field machine shop while on two weeks annual training with the National Guard in Ft. Pickett, Va. A mechanic in the National Guard, Libby is a civilian employe of Mac's Service Station.

To Study In Europe

In recognition of her endeavors and contributions to Sports and Physical Education, Miss Carol Moriarty, a Physical Education Instructor of Nautilus Dr., New London has been selected to study in Europe this Summer.

Miss Moriarty along with other leading physical educators and coaches, departs for Europe on July 6th for three weeks of study, touring and exchanging ideas with European Sport and Fitness experts. The Physical Education and Sports in Europe course has been organized as part of the

Concordia University — Loyola Campus study-abroad program.

According to Dr. Ed Enos, the Director of the Institute, the 1975 course of study will provide participants with a comprehensive overview of the advanced system of sports and physical education and fitness in Sweden, Germany and other European countries. Also the course will offer an opportunity to pursue independently the application of science and European approach to gymnastics, volleyball, track and field and many other sports.

Checking System

Sergeant John Kulungian of Enfield checks the electrical system of a heavy truck for the 172th Heavy Equipment Maintenance Company while on two weeks annual training in Fort Pickett, Va. Kulungian works in quality control for the Dunham-Bush Corp.

The Police Blotter

The Police Blotter is taken from the arrest and booking ledger, as entered, at the Enfield Police Dept. at Town Hall.

JUNE 24, 1975

Greg Bushway, 17, of 2 Arthur Dr., Enfield, failure to obey traffic control signal and failure to carry license.

James P. Granata, 18, of no certain address, breach of peace.

James F. Single, 18, of 11 Locke Dr., Enfield, failure to obey traffic control signal and operating with unsafe tires.

Richard K. Johnson, 20, of 19 Martin St., Enfield, cultivating marijuana.

JUNE 26, 1975

William Younger, 17, of Covington, Ky., operating with license suspended, operating unregistered motor vehicle and improper use of markers.

Timothy B. Thompson, 19, of East Longmeadow, illegal passing.

William J. Maynard, 16, of 10 Carney Rd., Enfield, larceny 3rd degree.

Efi D. Mosios, 25, of 62 Brainard Rd., Enfield, larceny 4th degree.

Chester Baltuskonis, 17, of 17 Ganny Ter., Enfield, reckless driving.

Hugh Haun, 19, of 4 Tyler Rd., Enfield, operating while under the influence and evading responsibility.

JUNE 27, 1975

Carol Albani, 18, of Windsor Locks, larceny 4th degree.

Ricky W. Commo, 17, of 27 Linda La., Enfield, no motorcycle permit.

Lorraine Edge, 18, of 27 Prospect St., Enfield, operating without license.

Clifford Hemmeler, 19, of 92 Pleasant St., Enfield, disorderly conduct and assault on a police officer.

Frank B. Parisi, 18, of 19 Dover Rd., Enfield, failure to obey traffic control signal.

Erich A. Rehmer, 18, of 4 Nelson Dr., Enfield, operating motor vehicle without license and violation of one-way streets.

Carmella I. Young, 46, of 35 Hartford Ave., Enfield, failure to obey traffic control signal.

JUNE 28, 1975

John M. Grachello, 17, of 2 Poplar St., Enfield, failure to obey traffic control signal.

Edward K. Sousa, Jr., 32, of Hartford, issuing bad check.

Phillip J. Ouellette, 19, of Somers, no tail lights and operating while under suspension.

JUNE 29, 1975

Jay M. Cekala, 19, of 33 Windsor St., Enfield, failure to drive in proper lane.

Bruce E. LeTourneau, 18, of 22 Dunn Rd., Enfield, criminal trespass.

Donald G. McLaughlin, 20, of East Granby, following too closely and unsafe tires.

JUNE 30, 1975

James A. Blanchard, 16, of 11 Southwood Rd., Enfield, disorderly conduct.

Edward Ramos, 17, of 28 Betty Rd., Enfield, larceny 3rd degree.

Walter LeBeau, 29, of 86 Green Valley Dr., Enfield, breach of peace.

Ann Marie LeBeau, 22, of 86 Green Valley Dr., Enfield, breach of peace.

Robert L. Ballard, 22, of 26 Conlin Dr., Enfield, soliciting without a permit.

Johnnie Walker, 37, of Bloomfield, failure to drive in proper lane.

Graduates

Donald Osik was a recent graduate of Central Connecticut State College. He received a B.S. degree in Business Administration with a major in marketing and a minor in psychology. He hopes to become involved in public relations, sales, management, or marketing. Donald is the son of Mr. and Mrs. Eugene Osik, 15 Weymouth Rd., Enfield.

Emerson To Attend

Mary Uricchio, daughter of Mr. and Mrs. Uricchio of 25 Yale Dr., Enfield, will attend Emerson College this fall.

Ms. Uricchio plans to major in Dramatic Arts as a Freshman student.

Lazar Joins

Dean's List

William B. Lazar of Enfield, has been named to the Dean's List for academic excellence for the Spring, 1975 semester at Roger Williams College, Bristol, Rhode Island.

Lazar, a sophomore majoring in architectural technology, is a graduate of Enfield High School. He is the son of Mr. and Mrs. Henry J. Lazar of 67 Steele Rd., Enfield.

Summer Basketball Season Under Way

The Summer Adult Recreational Basketball League got under way this week with Vincent's taking the measure of Good Times 78-59 in the opener. Tim Quish scored 26 points on 13 baskets, Bill Folkins netted 16, Rich Kuhlbars had 12 and Steve Szabon popped in 10 for the winners. Dave Petursson and Steve Angelica netted 15 each, Peter Arnold had 12 and Rich Fenton scored 10 for Good Times.

Finnan's Auto was defeated by The Amvets 79-71. Ken Kalva netted 17 points, Bob Flagg 16, Bob Zawada 12 and Steve Wasileski 10 for Amvets. Russ Tyler popped in 17, Carmen Conte and Dick Murphy 14 each, Jim Hayden 16 and Chuck Harding 10 for Finnan's.

Manchester took the measure of Kelly Trailer 63-53. J. Lusa had 22 points, J. Herm 12 and B. Moffet and Thompson 10 each for Manchester. B. Hoyt netted 21 points and T. Murphy had 9 for Kelly.

Springfield was the victor over Troiano's 77-62. Kennedy had 24, Duquette 12 and Connery 11 for Springfield. Laraway netted 23, Lawton 20 and A. Gwozdz 15 for Troiano's.

Manchester made it two in a row with a win over Good Times 71-68. J. Lusa had 18, Hein and Lindberg 12 each for Manchester. Hughes netted 22, Arnold 14 and Rich Fenton 12 for the losers.

Vincent's also made it two wins in a row by downing Finnan's Auto 90-72. Kuhlbars scored 24, DePalteau 18, Folkins 16, Tetreault and Greg 10 each for Vincent's. Tyler netted 20 points, Hayden and Murphy 11 each and Doyle 12 for Finnan's.

Springfield also made it two wins by beating Kelly Trailer 89-81. For Springfield it was B. Martin with 32 points, O'Herron 15, Connery 14 and Kennedy 12 for Springfield. Hoyt had 29 points, Aniello 18 and Murphy 18 for the losers.

Troiano's was the victor over the Amvets 61-56. R. Lawton had 21, Scheerer 12 and D. Madej 11 for Troiano's. Zawada netted 15, Flagg 12 and Kalva and Waseliski 10 points each for Amvets.

That was all the action in Division One which is the college division. Action in the high school division is as follows.

Ferri took the measure of Enfield High 68-62. Patenaude netted 21 points and Baskerville had 22 for Ferri. Don Whittle scored 22 and Brion Young netted 10 for Enfield High.

L.B. Haas beat Stafford Springs 62-55. Mitchell scored 18 points and Davis had 16 for Haas. Almond scored 19, Nettle 15 and Kelly 10 for Stafford Springs.

This is the first year that two divisions have been created in the Summer Basketball League. The teams will play in their division only. There will be playoffs and championships within each division.

The Game-Of-The-Week in Division 1 was the game between Vincent's and Finnan's. The player-of-the-week was Rich Kuhlbars of Vincent's.

The Fermi High vs. Enfield High game was picked as the Game-Of-The-Week in Division 2 with Bill Baskerville of Fermi and Don Whittle of Enfield being named Players-Of-The-Week.

Holdover 100-Lap Race At Riverside Saturday

The drivers, owners, United Stock Car Racing Club and Riverside Park Speedway have smoked the peace pipe and action is ready to resume Saturday night.

The wildcat strike involving some of the leading drivers which caused cancellation of last Saturday night's program was settled less than 24 hours later and fans are assured of a star-studded field for the holdover 100-lap race.

In addition to the modifieds, topped by the 100-lapper, the colorful figure-eights will be on the card. Starting time is 7:30 p.m.

Bobby Polverari is leading the pack with 358 points. Two other campaigners, Jack Lecuyer of Springfield and Johnny Lobo of Southampton

are close behind in the super shootout for 1975 honors.

Polverari, Lecuyer, Lobo and Bill Greco of Stratford, all have captured two features this season. Other winners of main events so far have been defending rack champion Charlie Glazier of West Haven, Lou Tabone of Holyoke, Nick Porto of East Haven and Sonny O'Sullivan of Bristol.

Lecuyer and Greco have won the previous 100-lappers this season.

Saturday night's race will be the final one for the modifieds before the annual Riverside 500 championship race July 12. Prior to this week's program, many of the drivers will be forming teams and attempting to qualify for the 500.

Hindsight

With Art Landry

WHAT SPORT IS THIS?

I'll bet that most of you readers think you can name a sport just by hearing the names of a few of the players. I am talking about a professional sport. Let's see how many of you can come up with the correct answer. I actually witnessed this game last Thursday.

Doug Hayes scored 6 points on three goals and three assists. Al Lewthwaite and Ted Greves scored four points each on two goals and two assists each. Need more? Jan Magee, Chuck Medhurst and Bruce Todman each scored three points. Didn't get it yet? Also scoring for the home team were: Larry McCormick, Glen Neuman, Jim Johnston, Al Gordanear, Charlie Henderson and Tim Barrie. No fooling, it really is a professional sport.

If you haven't guessed it by now I'll tell you that the team the above members play on is the Long Island Tomahawks. They were playing the Philadelphia Wings (Not the Flyers). Still don't know what game they play? The game is professional Lacrosse.

The Tomahawks won the game by the score of 14-9 and the action was continuous. They play at the Nassau Coliseum which is also the home of the New York Islanders, the New York Nets and World Team Tennis. This is advertised to be the only major arena in the country which has four major sports calling it home. The tennis team is called the New York Sets.

Offhand you might think that Lacrosse wouldn't be that much of a drawing card but they had 5,185 fans on hand for the game I saw. This Tuesday night they'll be playing the Boston Bulls. The National Lacrosse League also has teams from Maryland, Montreal and Quebec.

Many people have seen college Lacrosse played but the professionals haven't been around very long yet. The game is quite similar to hockey and is actually

played using the same walls and glass as the hockey rink. A special floor is laid over the ice as it is for basketball. Most of the rules are the same except that the game of lacrosse is rougher. Players are forever hitting the man with the ball with their sticks. There are no offsidies in lacrosse. A substitute cannot go on the ice until the player coming off has one foot in the rectangle which is painted in front of each bench. Penalties are pretty much the same as for hockey. The way the pro's play it the game is really exciting. Even Chris Sadowski enjoyed it and he is hard to please. Maybe Hartford can come up with a lacrosse team and help pay for the Civic Center.

LIGHTNING STRIKES AGAIN

Very often we read about someone being killed or seriously injured by lightning. Quite often this happens to athletes. Last week Lee Trevino, Jerry Heard and Bobby Nichols were injured when lightning struck very close to them on the golf course. They were fortunate to get away with their lives. About 150 people are killed annually in the United States by lightning. This seems insignificant out of 200 million Americans but it could happen to you or a loved one. There are some simple rules you should follow to avoid lightning.

1. Stay indoors. Don't go outside unless you absolutely have to.
2. Stay away from open doors and windows, fireplaces, radiators, stoves, metal pipes, sinks and electrical appliances.
3. Don't use plug in equipment such as hair dryers, toothbrushes or electric razors.
4. Don't use the telephone unless you have to.
5. Leave the clothes on the clothesline.
6. Don't work on fences, telephone or power lines.
7. Don't use metal objects like fishing poles and golf clubs. Metal cleats in your shoes make you a prime candidate.
8. Stop tractor work and any work where metal comes in contact with the

9. Get out of the water and off small boats.
10. Stay in your car when driving.
11. Seek shelter in buildings.
12. Stay away from the highest areas wherever you are and stay away from trees.
13. Avoid wire fences, metal clothes lines, metal sheds and open areas.
14. If your hair stands on end or your skin tingles, lightning may be about to strike you. You should drop flat on the ground at once.

I hope you or I never get that kind of charge out of life.

BOWLING

With Art Landry

Are you getting any practice on the lanes lately? With the Fourth Of July here it won't be too long before the Winter leagues start up again. If you have no practice at all you shouldn't expect to do very well at the beginning of the Winter season. Some practice will help. If you practice at least as often as you usually bowl in leagues it will give you a great start.

I took a ball in to be plugged and redrilled this week and Sam Divine tells me that you shouldn't get fitted for a ball after 6 p.m. According to Sam the fingers change during the course of the day and you should get fitted in the morning or early afternoon. I'll see how I make out with the new ball before I make any judgments. Being in the business he should know more than I do about it.

There is a story going around that Sam Divine is a sandbagger. It seems that he has an average of some 204 in the Men's Thursday Nite Scratch League but only 147 in another league. Of course he bowls with his wife in the other league and this could have some bearing on it.

ENFIELD LANES

Tommy Lusardi was the big gun in the Mixed Scratch Doubles as he rolled 233-216-630 for the men. Jim Divine bowled 218-215-624, Ray Eldredge 200 (alternating strikes and spares through the whole game), Sam Divine 226, Charlie Kredar 205, Joe Presto 204 and Denny Hurley 202-201. JoAnn Paluck led the girls and most of the men with 221-210-629.

Cathy Gale bowled 212-520, Millie Eldredge 192-509, Irene Persocki 181, Helen Divine 176 and Gale Kredar 174. Helen and Jim Divine are leading JoAnn and Mike Paluck by a point and Irma Tracy and Tommy Lusardi by three and a half.

Triple Threat is leading Hit Or Miss by just two points in the Wednesday Morning Early Birds Summer League. High-Lows are trailing by three points as they hold down third place. Debi Jablonski is holding high triple for individuals with a 553 series. Ann Boucher had the best game in the league so far as she bowled a 208 game.

Sam Divine has won 17 points while losing just one to lead Bill Andrychowski, Denny Hurley and Ed Krawiec by 6 points each in the Men's Thursday Nite Scratch League.

The New Manager

After sifting through 135 applications, the Town Council has appointed William L. McDivitt, assistant City Manager of Toledo, Ohio, as Town Manager of Enfield.

The appointment fills a vacancy created April 14 when C. Samuel Kissinger, who held the position for seven years, left to become City Manager of New Rochelle at a substantial salary increase.

McDivitt will take over as Enfield's fourth Town Manager in 12 years, at a salary of \$26,000, which is slightly less than Kissinger was receiving at the time he left. His first day on the job will be July 28.

The new Town Manager is 32 and married, and has served in Toledo since November, 1972. Prior to that time he was Assistant City Manager of Englewood, Colo.; and assistant to the manager at Joplin Mo.

A graduate of University of Colorado, he holds a master's degree in public administration from University of Missouri. During the 31 months in Toledo he was responsible for the city's water division and sewage treatment facilities; and he also has had experience as a personnel director, in addition to other duties.

In coming to Enfield McDivitt will work with the same governmental system as in Toledo, both have a council-manager form of government, although Toledo's Council is numerically smaller, and the city of 384,000 has a paid mayor.

McDivitt will assume his new job at a critical period in the economy of Enfield, when unemployment is high; taxes have risen; town and education operational budgets have been harshly trimmed; and there is still unsettled the new salary schedule for teachers which was approved by the Board of Education but rejected by the Council.

McDivitt, with eight years of experience in his chosen field, will have the number one task of extending the industrial growth of the town. This places him in a highly competitive field, with just about every community in the region shooting for the same goal.

He will find Enfield with many advantages to offer in attracting industry; solid support of a very active Greater Enfield Chamber of Commerce which is working toward the same end; and an experienced staff to get him over the transition period until he has absorbed the governmental operations and gets to know his way around.

We welcome him to Enfield.

★ Resident Blasts

(Continued from Page 1)

he is displaying his ignorance of simple mathematical facts.

"In either case, this constitutes just one more reason why I feel Mr. Adams is not mentally or morally equipped to handle the job of town attorney and why I intend to submit a motion for his disbarment."

Meanwhile, District Court Judge T. Emmet Clarie is considering the motion for dismissal filed by Adams. Adams made no verbal arguments in court preferring to rely on his claim that in his written brief he had shown that Majeske had

no case.

Majeske, who is representing himself in the action, was an unsuccessful candidate for the position Kissinger resigned in April.

LETTERS TO THE EDITOR

Fly Colors

To The Editor:

It seems to be the popular thing today to put-down America. With all the political scandals, inflation, unemployment, and hunger that exist today, it is easy to find those who would share the views of a troubled America. Just ask someone in your car-pool, or the guy on the bar stool next to yours; they'll tell you what's wrong with America.

Many of those who are down on America do so just because it's easier to be part of the majority, rather than be among the few in the opposition. Too many of us are reluctant to express our own true feelings, so we mouth the words of others. It's a lonely feeling being a flag raiser in a roomful of people with scissors. Imagine how America feels standing on her own, with fewer and fewer people supporting her everyday. Not only is she belittled abroad, but she has to suffer it right here on her own grounds.

Even during the terrible depression in the thirties, with gas rationing, breadlines, and unemployment the Americans still remained proud. Flags were flown with honor (not worn as a patch on someone's rear-end), and posters were displayed depicting their patriotism.

This July 4, let's bring back that patriotism! Why can't we talk more about what's right with America? If you want to correct something, you have to believe in it. Believe in America; she was there when our ancestors needed her, now let's be there in her time of need. Johnny Mann has put it into the best words I've ever heard...

... America, Stand Up and Cheer. Let's see the colors flying this July 4, mine will be.

Robert V. DiLoreto
60 Broadleaf Lane,
Enfield

Cemetery Hill; Maj. Gen. Reynolds, USA, killed. U. S. took Culp's Hill, extended line to Round Top. Lee's attacks checked July 2. On July 3 Maj. Gen. George E. Pickett, Maj. Gen. Isaac Trimble and Brig. Gen. James J. Pettigrew with 12,400 men made assault on foot from Seminary Ridge against U. S. center (Hancock); were repulsed with 4,500 casualties. Lee retreated into Virginia; Meade did not pursue. Losses: U.S., 3,155 killed, 14,529 wounded, 5,365 missing; CSA, 3,903 killed, 12,709 wounded, 5,425 missing. Many of the missing were prisoners. Total casualties estimated at 23,049 USA, 20,451 CSA.

VICKSBURG — 1863

Gen. William T. Sherman took Jackson, Miss., May 14. Lt. Gen. John C. Pemberton, CSA, commanding 30,000 men was defeated at Champion's Hill and Black River Bridge, shut up in Vicksburg. He surrendered July 4. Grant paroled prisoners. Gen. Banks with 15,000 men captured Port Hudson July 8, giving U.S. control of the Mississippi River.

Copley News Service

"Er—the President's sorry but he won't accept a collect call"

Motorcycle Course Begins At Asnuntuck

By DR. DAN McLAUGHLIN
President, Asnuntuck
Community College

I have just seen a motorcycle accident and it brings to mind that with the fuel shortage more and more people will undoubtedly be riding motorcycles each successive year. I have had reports that motorcycles sales are up tremendously over what they have been. Again, this figure multiplies every year so I am told.

With all this in mind, it seems strange that driver training is not required for motorcyclists like it is for the driver of an automobile. It took us many years to learn that driver education was a beneficial tool in highway safety. I hope it does not take us that long to do the same for driving a motorcycle. In fact, Asnuntuck will offer a motorcycle training program for totally inexperienced operators beginning July 12. Since the class size will be limited to 20 students, if you are thinking of buying a motorcycle and have not had experience riding on one, please call my office and register for the course immediately. The cost is \$20.

In discussing motorcycle safety with the instructors of our course, who are long experienced motorcyclists, they point out that motorcycle accidents are often caused by those of us that drive automobiles. I found it interesting myself that after observing the training program the first time last year that I became more aware of motorcycles on the highway. I have noticed recently too that most motorcyclists keep their headlights on even during the daylight hours. They are small objects, they have to be in order to get the gas mileage that they do. However, in being small

they are easy to overlook especially if car drivers are not aware of some of their problems.

Last year there was a big promotional program put on by many agencies pointing out the problems motorcyclists face with the automobile. There was much public service time in newspapers, television and even posters were available for organizations to call to the attention of their employees the problems of motorcyclists. This year such programs are lacking, at least if my survey of the mass media is any place near accurate. I wonder how many of us who drive automobiles have noticed motorcycles or even pay any attention to them: It is very easy to forget about motorcycles if you are not a motorcyclist yourself, or you have no one in your family that rides a motorcycle. Motorcycles are certainly here to stay and perhaps it would be well if those of us driving automobiles also went through the motorcycle course.

I am not trying to drum up business for Asnuntuck, or for that matter any other community college offering the course. Rather, if a

person's life could be saved because I spent a few minutes learning about a few of the problems motorcyclists face with automobiles, it would be worth my time. If you recall in 1972, many people were quite concerned about the number of deaths caused by motorcycle accidents. When you think of it, because of the size of a motorcycle, there is not much protection afforded the driver if he or she should be involved in an accident.

Like so many other things, I wonder how long all of this will go on before a crisis situation will be upon us and then we will react. I am glad the founders of our country were actors instead of reactors. I wonder where we would be today if they had sat around and waited for a crisis to develop before expanding and founding the country we live in. Oil is in short supply and we had best begin to accept that fact. When we do, we will undoubtedly see more motorcycles, even perhaps ride one ourselves. Will we become concerned about motorcycle safety and motorcycle driver training only when we ourselves are involved in an accident?

Sports Competition

Spalding Sporting Goods is holding a competition for young athletes, 16 years and younger in two Datsun Funfair contests at Enfield Square today through Saturday. Test your skill at tennis in Spalding's "Sharp Server". If you serve four out of six tennis balls through the target, you will win a can of tennis balls. Basketball talents can be tested in Spalding's Free Throw Basketball Toss. By sinking four out of six baskets you'll win a National or American League baseball... if you make six out of six baskets, the prize is a "Dr. J" basketball. Along with these two activities at Datsun Funfair, you will see the complete line of Spalding's Era I golf clubs plus a display of new tennis and baseball equipment from Spalding.

Saturday's Winner At SS A Big Guess

If there's anything that's certain at the Stafford Springs Motor Speedway on Saturday nights, it is the uncertainty of the outcome in the NASCAR Modified feature.

Action begins at 7:30 p.m. Eight different drivers have snared victory checkers in some 9 weeks of competition, not only shattering all existing track records for different winners in one season, but also making selection of a favorite for this Saturday night's 30 lapper an impossible task.

Ed Flemke, Moose Hewitt, Ron Bouchard, Bugs Stevens, Geoff Bodine, Fred DeSarro, and Bobby Santos all have victories to their credit and all are quick to point out that competition is tight.

"When you look at a starting field for the feature, you used to figure maybe 5 or 6 drivers were capable of winning on any given night", says Stevens, the only double winner in the group. "This year though, you figure three quarters of the field is your strong competition."

Bobby Santos agrees as does former National Champion Fred DeSarro. "It's never been easy to win at Stafford, you really had to have both the car and driver together 110 per cent. Now you need everything together about 200 per cent because if you don't, someone else will."

Heats and consolation races will determine the 26 car starting field for Saturday night's 30 lap feature and Ed Flemke feels that the heats in '75 are just as critical to success as the main event. "Heck, in the past, a lot of time you could play in the heats and put on a show. 6 cars qualify in each heat and last year, if you were running decent, the heat was like a preliminary shake down run before getting down to business in the feature. Now there's 50 cars in 3 heats and believe me, no one is playing any

more!"

In addition to the modifieds, Stafford's two junior divisions, the All American Sportsmen and the Mini Stox will be part of the program making Saturday night a 3 feature 13 race show.

Wins Rensselaer Medal

TROY, N.Y. — Sharon McMahon of 11 Meadowlark Road, Enfield, has been awarded the Rensselaer Medal from Rensselaer Polytechnic Institute. The medal is an honor given the 11th grade student for outstanding achievement in the study of mathematics and science during the junior year at Enfield High School.

One junior from each of approximately 1,300 high schools is selected annually to receive this award. Each school, chosen on the basis of its superior academic standards, determines the selection procedure with the suggestion that the medal be awarded to the junior with the highest combined average in mathematics and science. Each recipient is then eligible to compete for Rensselaer Medal Scholarships.

Established by RPI in 1916, the Rensselaer Medal has been awarded to more than 55,000 students in the interest of motivating them toward higher education and courses in scientifically oriented fields.

Rensselaer Polytechnic Institute, the nation's first college to award degrees in engineering, today is a university of 4,800 students. Its five schools — Architecture, Engineering, Humanities and Social Sciences, Management, and Science — offer more than three dozen degree programs, most of them through the doctoral level. RPI's largest and most widely known schools are Engineering and Science.

Although the temperatures have soared to record heights outside, the Enfield Twin Rinks has proved they are the hottest spots in town. Monday evening saw the debut of the Connecticut Junior Hockey League comprised of the best college-age hockey players in the entire Northeast. Teams representing this area are the Connecticut Senators, with members comprised of Rockville and South Windsor area players, and the Enfield Twin Rinks All-Stars with its talent drawn from Enfield and nearby Springfield area. Other teams include several from the New Haven, Hamden, Amity, and Cheshire areas. Knowledgeable hockey men, including Philadelphia Flyers Scout Walt Atanas, have seen the first several contests and feel that the calibre of play can be compared with Canadian minor hockey Junior Leagues.

Monday evening the Connecticut Senators hosted the Amity visitors in what proved to be a see-saw battle of equals. With the score tied 2-2 late in the third period left wing Brewster Earle of the Senators scored with just 22 seconds remaining in regulation time giving Coach Pete Downey his first win in as many starts.

The big contest of the week was played Wednesday evening when the Enfield All Stars made their home ice debut against the powerful Junior Nighthawks of New Haven. A good size crowd was on hand to watch the locals drop a hard-hitting contest. Enfield's Paul Barry scored the 1st goal of the game and from then on New Haven marched out to a 4 goal barrage. Late in the second period Enfield scored three fast goals by Barry, Kelly, and Flahtery but these proved not to be enough as New Haven scored the game winner late in the third period. Enfield local Mark Angelica came into the game in the second period and played outstanding goal stopping 32 shots in the second and third periods. Over 50 minutes in

EHA Signups This Month

The Enfield Hockey Association will hold player registrations for the 1975-76 season at the Enfield Twin Rinks July 16, from 7 to 9 p.m. and July 19 from 10 a.m. to 1 p.m.

Registrations are for Midget age players 15 and 16 years old, girls ages 10 through 16 interested in a girls league, and all new players ages 5 through 14 who have not previously played for the Enfield Hockey Association.

A \$5 fee must accompany the registration. The registration cost will be deducted from the ice time fee due in September.

The early registration, of new and expanded program participants, is necessary to establish accurate ice time requirements for the coming season.

Additional information may be obtained by contacting John Patsky at 745-2146 or Jerry Bracci at 749-3140.

penalties were assessed as both clubs proved that hockey is definitely not the sport for the weak-willed. Several players had to be assisted off the ice due to minor injuries incurred in this hard-hitting contest.

The games will be played each Monday and Wednesday evening at the Enfield Twin Rinks with all games starting promptly at 7:30 p.m. Modest admission prices are being charged to pay for officials, etc. and further information may be obtained by calling the Twin Rinks at 741-2022.

Samborski Honored

Bruce A. Samborski of 150 Cottage Road, Enfield, a junior at the University of Connecticut in Storrs, has qualified for the Dean's List of the School of Engineering for the spring semester.

Bruce is also a recently elected member to the Connecticut Pi Psi Chapter of the Pi Tau Sigma, the National Honorary Mechanical Engineering Fraternity. He is the son of Mr. and Mrs. Max Samborski.

Miss Burnham Honored

A dinner to honor Miss Elinor Burnham for her many years of service as town librarian will be held July 16 at Suffield Inn.

Anyone interested in attending the dinner is asked to contact Eleanor Fitzgerald, 668-5864; Betsy Hedden, 668-5712, Madge Schmidt, 668-2732 or Shirley Day, 668-2998, before July 11.

Date Changed

The regular meeting of the Enfield Board of Education, originally scheduled for July 8, 1975 has been postponed to Tuesday, July 15, 1975 at 8:00 p.m.

This meeting will be held in the Board Conference Room at the Henry Barnard School.

Harshman Is Cedar Knob Club Champ

Jack Harshman of Warehouse Point is the 1975 club champion at Cedar Knob Golf Course in Somers. Harshman, a former major league pitcher with Chicago and Cleveland had rounds of 72, 75, 72 for a 219 total, 3 over par, over the par 72 layout to finish with an 8 shot margin over Joe Cerrato and Sparky Sarrisan, both of Enfield, who jointly tied for runnerups with 227 totals.

The winner of the First Division was Paul Haas of Somers by a margin of 3 shots over Enfield's Jim Burt. Winner of the Second Division was Bob Day of Somers with a 5 shot advantage over Enfield's David Pacholski.

Senior Division winner was Oren Babcock of Vernon by a stroke over Jim Winton of Enfield.

Stevens To Drive Midget

If one man has been able to dominate the Stafford Springs Motor Speedway, it has been Bugs Stevens. In less than a decade the former United States National Modified champion has over 50 features to his credit all coming in NASCAR Modifieds.

Stevens will test his knowledge of the track to its limit this Friday night though, when he joins the "Bulldog" Racing Series for NAMA midgets. Slated to wheel the Hop Harrington prepared "Badger", the Rehoboth, Mass. resident will take on a field of over 40 in qualifying heats and trophy dashes in an effort to secure a starting spot in the 11 row 33 car feature.

In addition to the midgets, the track's mini midget division will also compete in heats, consolation and feature to round out the Friday night of open cockpit action.

Friday night's race will be the second time that the Stafford track champion has wheeled a midget and the

first time in 1975. "I ran Hop's car at Thompson in the NAMAR championship and it looked like fun. Stafford is my home track and that should help me."

There will be something for everyone in the "Bulldog" series with badgers, rear engined and the classic upright front engined cars making up the entry list.

Engine makes also run the gamut from the racing oriented offenhauser motors to the air cooled Volkswagen and rotary powered wankel powerplants.

Worcester Mack and Mack trucks have posted point fund money in the Friday night "Bulldog" series with \$1,000 earmarked for the champions, a title that Stevens thinks he is capable of stealing from the regular midget competitors. "I've already won 50 features here, no reason why I can't win 50 more and there's no reason why some of them couldn't come in a midget.

The Enfield Press

Teen Drop-In Center Meets Twice Weekly

The Teen Drop-In Center, sponsored by the Churches of Enfield, began last week at the Enfield American Baptist and St. Mary's Episcopal Churches. Programs so far have included volleyball, frisbee, soccer, Brother Vivekan of the Integral Yoga Institute of New Britain, Poster-making, and a speaker from the Rape Crisis Service of Hartford.

The Teen Drop-In will

continue to be held throughout the summer, from 7 to 10:30 p.m., on Tuesdays at the Enfield American Baptist Church, 129 Post Office Rd., and on Thursdays at St. Mary's Episcopal Church, 383 Hazard Ave.

Future programs will include opportunities for informal sports, crafts, games, discussion, music, drama, and other activities, under the leadership of Mrs.

Margaret Rhoades. Resource persons from each participating church will assist in the program, under Mrs. Rhoades' direction. An Advisory Committee of youth and adults has been meeting to plan activities and programs.

Today the program at St. Mary's will include drama and improvisation. Tuesday, July 8, at Enfield American Baptist, there will be a demonstration of equipment and a film on Hang-gliding, by Gill Healy. Thursday, July 10, at St. Mary's Episcopal, there will be square dancing, with Wayne Barrup as the caller. He will also teach participants the steps to use. Outdoor recreation, starting at 7 p.m., will precede these programs.

There is no fee involved, but donations of 25 cents are always welcomed at each session.

Juniors Seek Host Families

The Enfield Junior Woman's Club in conjunction with Youth for Understanding is looking for a host family for an exchange student who would be attending Enfield High School this fall.

The host family would have to provide meals and lodging for the student. He or she doesn't have to have a room of his own. They must live in the Enfield High School district for the buses.

Three families in the Fermi district have already accepted students. The

family will be allowed to claim an income tax deduction of \$50 per month while the student is with them.

There are at this time three students available: a 17-year old Greek boy who wants to be a doctor and a 17-year old German boy who is very musical, and a Mexican girl who enjoys swimming, music and horseback riding.

For more information contact Mrs. Lee Bonderman, area representative for Northern Conn. 875-0001 or Mrs. John Borski, 745-8253.

Meat Prices Go Up

Retail meat prices have gone up sharply since early April following large price increases for live cattle and hogs. People are asking, "How come?"

Although the Consumer Protection Department has no authority or jurisdiction over prices, we think enough of the subject to publish a response to the high price question from the American Meat Institute, Washington, D.C.

The A.M.I. says the answer goes back to 1974. Last year we had the worst weather in 40 years as a wet spring, summer droughts and early fall freezes caused severe losses in national feed grain crops, especially corn.

The results of that bad weather is what we are now seeing, according to the A.M.I. Less than ample feed supplies forced big cutbacks in livestock feeding, therefore, less meat. Hog farmers have reduced production nearly 20 percent and the number of cattle in feedlots last month was 26 percent less than a year ago.

They say this year's spring weather has been good for pasturelands, encouraging cattlemen to keep their animals on grass rather than sell as much livestock as expected now.

Poultry supplies have diminished, too, as a result of the short feed grain crop last year. Chicken production is down five percent and turkey production down 21 percent. The A.M.I. estimates that the combined production of red meats and poultry so far

this year is three percent less than in 1974.

Meat supplies are directly dependent on feed grain supplies and, fortunately, the present feed grain crop is off to a good start. With normal weather conditions we should have a fall harvest sufficient to encourage an increase in livestock production next year.

There is a time lag, however. Corn can't be converted into meat overnight, so it may be well into 1976 before consumers will find ample supplies of the meat they want and have been accustomed to.

Note 50th Anniversary

Mr. and Mrs. Edward L. Arcouette of 44 Enfield Terrace will celebrate their 50th wedding anniversary July 6.

A reception is planned to be held Sunday, July 6, at the Community Room, Enfield Terrace, Enfield.

Married at the Holy Name of Jesus Church, Worcester, Mass., the couple settled in Enfield. Mr. Arcouette was a carpet weaver with the Bigelow-Sanford Carpet Company before his retirement. Mrs. Arcouette, for many years, raised a number of foster children. The Arcouette's have one son, Edward R., of Enfield, six grandchildren and three great-grandchildren.

The family invites all their friends to attend the reception.

UNICEF Appeals Methodists Combine Services

For the first time in its history, UNICEF (United Nations Children's Fund) declares a World Child Emergency.

The threat of severe malnutrition, or even starvation, faces 400 to 500 million children in poorer countries, C. Lloyd Bailey UNICEF Executive Director said in a special appeal.

Did you know that only one dollar, the average cost of a hamburger, french fries and soda, isn't only one dollar? It can buy a year's supply of multi-vitamins for a child in a crisis country.

\$15 can bring supplementary food and health services to 5 malnourished

children for a month in some developing countries. \$66 can buy a deep well hand pump to provide water for drinking and irrigation in drought-stricken areas.

UNICEF . . . and the children . . . need you. It is estimated that at least \$75 million is needed for special assistance programs through the end of 1976. UNICEF is making a tremendous effort . . . right now . . . to find many new friends for the world's hungry children.

Please take time to send a generous contribution today. There's so much hunger. And so little time.

Send your contribution to the United States Committee for UNICEF, 331 East 38th St., New York, N.Y. 10016.

That family cook-out you have planned for the holiday will taste even better knowing that you are helping UNICEF to feed those hungry children.

Methodists Combine Services

The summer schedule of Sunday morning worship services for the United Methodist Churches of Enfield is as follows:

9 a.m. Morning Worship at Hazardville United Methodist Church, 330 Hazard Avenue and at 10:30 a.m. Morning Worship at the United Methodist Church, 41 Brainard Road.

Both services will be identical and will continue on this schedule through Aug. 31st.

Mr. Mees will be conducting the June 30th and July services and will cover pastoral duties for both churches. During the month of August, Mr. Dahlstrand will be in charge of Sunday services and pastoral duties.

All are cordially invited to attend services at either church each Sunday throughout the summer.

Cub Pack 392 Awards

Final awards for Cub Pack 392 for the year go to the following boys: Wolf, Marc Boudreau and Danny Ouellette; Bear, Robert

Whitty, Brian Gallerani, Donald Whittemore and John Pulaski; Gold Arrow, Robert Whitty, Tad Donaldson, Richard Schwarz, Gary Ciampoli, Marc Boudreau, James Silvestri and Brian Gallerani; Silver Arrow, first, Robert Whitty, William Mothes, Richard Schwarz, Robert Clark, David Emery and Brian Gallerani; second, Robert Whitty, Ronnie York and Brian Gallerani; third, Peter Moore and Paul Rohr; fourth, William Mothes and Robert Renna; Three Year Pin, Joe Glista, Chris Hassler and John Sheridan; Webelo, Robert Whitty, Peter Glista, Thomas Lagasse, Robert Chechile and John Pulaski.

Mark Agrusso. Michael Meyer, David Cooper, Joe Glista and Chris Hassler received their Arrow of Light.

Webelo awards were: Aquanaut, Chris Croteau; Engineer, Joe Glista, Chris Hassler, John Sheridan, Don Leitao, Billy Bolinder, Edward Bemis and Chris Hebert; Sportsman, Ricky Maier. The following leaders receiving their Year Pins were: Cubmaster Ron Boudreau, third; Ron Turcotte, second; Bob Croteau, first; Joe Glista, first; Jack Scougall, second.

Den Mothers receiving Year Pins were: Lillian Chidester, Janet Wessels, Rita Rohr, Maryellen Finnerty, Diane Frederick, Sandy Luke and Dolly Lagasse, first; Irene Chechile, second; Den Leader Coach Donna Gendreau, fourth.

Bicentennial Series On 'Today's' Show

A special Bicentennial Program series, produced by the NBC television news department for the "TODAY" show will begin tomorrow and continue each Friday for 52 weeks.

Each state and the District of Columbia will be the subject of a two-hour TODAY program during the year preceding the 200th Anniversary of the nation. There will also be a single telecast covering U. S. territories.

The first program of the series will originate from Washington, D.C. and serve to promote the entire series. The 50 states will then be saluted in the reverse order of their admission to the Union, beginning with Alaska and concluding with the 13 original colonies.

The final program on Friday, July 2, 1976, will salute one of the colonies with the richest early American history.

Plan now to make a date each Friday with the Today Bicentennial Program from 7 to 9 a.m.

The July 4, 1975 program will be a salute to the nation's capital with a brief history of the Capital and a performance of songs from the American Revolution.

Hay - Laughlan

Announcement has been made of the marriage of Mrs. Clara M. Hay of Enfield and Robert D. Laughlan of Rockville, Sunday in the Hazardville Methodist Church.

The couple were attended by their children; Miss Barbara Laughlan, Rockville, Mrs. Linda Hill,

Vergennes, Vt., Mrs. Marcia Gokey, Enfield, Mrs. Billie Newton, Middlebury, Vt., Albert Laughlan, Enfield, Ct., Ronald Hay, Meridan, and Whitney Hay, Benson, Vt.

Following a wedding trip to Hawaii, Mr. and Mrs. Laughlan will make their home in Rockville.

Home Cooking, French Provincial Style

French provincial cookery may not be as grand as haute cuisine but it has a charm and appeal unequalled by other national cuisines. Provincial cookery has sprung from the regional areas of provinces throughout France and varies accordingly.

The province of Bourgogne or Burgundy has produced two of the dishes we find on many French restaurant menus in the United States today—Coq au Vin (chicken with wine) and Boeuf Bourguignon (beef burgundy). This region is known throughout the world for its wines...especially red burgundy which is a key ingredient in Boeuf Bourguignon.

Boeuf bourguignon is made with Planters Peanut Oil, the lightest of the polyunsaturated cooking oils. Peanut oil is favored for both haute cuisine and provincial cookery.

BOEUF BOURGUIGNON

- 1/4 cup unsifted flour
- 3/4 teaspoon salt
- 1/4 teaspoon pepper
- 1-1/2 pounds lean beef, cut in 1-1/2-inch cubes
- 1/4 cup Planters Peanut Oil
- 1 cup chopped onion
- 1 large clove garlic, crushed
- 1 can (8-ounce) stewed tomatoes

- 1 cup dry red wine
- 1/2 cup water
- 2 tablespoons brandy
- 1 beef bouillon cube
- 1 bay leaf
- 2 jars (2-1/2-ounces each) whole mushrooms, undrained
- 12 small white onions, peeled

Combine flour, salt and pepper. Lightly dust beef with flour mixture, reserving remainder.

Heat Planters Peanut Oil in Dutch oven. Add beef, onion and garlic. Cook over medium-high heat until meat is brown and onions are tender, stirring frequently, about 8 minutes. Remove from heat. Add tomatoes, wine, water, brandy, bouillon cube and bay leaf. Return to heat and bring to a boil. Reduce heat to low. Cover and cook about 1 hour.

Add mushrooms and onions. Cover and cook over low heat about 1 hour longer, or until meat and vegetables are tender.

Stir 1/2 cup liquid from beef mixture into 2 tablespoons reserved flour mixture. Add to beef mixture. Cook over medium-high heat, stirring constantly until mixture thickens, about 5 minutes. If desired, garnish with chopped parsley. Makes 4 to 6 servings.

Schumacher-Ekenbarger

Carol Ann Schumaker, daughter of Mr. and Mrs. William Knox of 11 Fairlane Road, Enfield, was married to Adelbert D. Ekenbarger at the Talcottville Congregational Church. Rev. Kenneth Knox officiated at the June 28th ceremony.

Attending as maid of honor was Miss Gloria Schumaker. Bridesmaids were Mrs. Christine Lopes, Miss Deborah Ekenbarger, and Miss Patricia Sawyer. Miss Kerry Knox was flower girl. Serving as best man was Mr. Donald Lopes. Ushers

were Carl Ekenbarger, Mark Ekenbarger, and Harold Crane. Master Frank Snyder was ring bearer.

The bride, a 1974 graduate of Enrico Fermi High School is now attending the University of Connecticut.

Ekenbarger is a graduate of Stafford High School and is employed by Kaman Aerospace of Bloomfield.

Following a reception at The Colony, the couple left on a wedding trip to Bermuda. They will make their home in Willington, Conn. upon their return.

Kokofski - Normand

Miss Linda Anne Kokofski, daughter of Mr. and Mrs. Stanley C. Kokofski of 10 Stanley Dr., Enfield, married Steven Roy Normand, son of Mr. and Mrs. Robert A. Normand of 31 Beech Rd., Enfield, during a ceremony Saturday at St. Adalbert's Church.

The Rev. Adolphe Renkiewicz with the Rev. John White assisting officiated at the Nuptial High Mass.

Given in marriage by her father, the bride wore a formal gown of organza and Chantilly lace fashioned with a stand-up collar, sheer bishop sleeves, an empire waistline and an A-line skirt with an attached cathedral train. The gown was accented with crystals and seed pearls. Her matching cathedral length veil was fastened to a Juliet cap of matching lace. The bride carried a bouquet of white roses, stephanotis and baby's breath.

Mrs. Peter Madden served as matron of honor; Nancy Kokofsky, Ann Normand and Mary Lou Polek were bridesmaids. They were similarly attired in cotton voile gowns of apricot, maize and green fashioned with a halter neckline and a cape jacket with a ruffled neckline. The maid of honor carried a colonial bouquet of yellow roses, apricot daisies and baby's breath; the bridesmaids carried similar bouquets of apricot roses and yellow daisies.

SUFFIELD NEWS

Reporter: Miss Eleanor E. Smith — 668-7709

Preparing Chow

Pvt. Robert Fredericks, left, and Specialist Dan Smith, both of Suffield, prepare food for the 712th Heavy Equipment Maintenance Company at Fort Pickett, Va., while on two weeks annual training. Smith is an employee of Combustion Engineering and Fredericks works for Budget Rent-A-Car.

Chester Kuras Elected

Chester Kuras is now Suffield's First Selectman, having emerged as the victor in the special election for the office held June 25. Kuras, a Republican, had to contend not only with his Democratic opponent, George Butler, but also with J. Henry Zavisza, another Republican, who was the object of a last week write-in campaign by some dissident Republicans.

The vote was 1,368 for Kuras; 1,091 for Butler and 306 for Zavisza. Zavisza had been serving as acting First Selectman, having been appointed by Republican officials to do so, after the death of former First Selectman Daniel Sullivan. His interim term as First Selectman ended with the election of Kuras.

Kuras was sworn in Friday morning by Suffield's veteran Town Clerk, Harold Remington who has been town clerk since Kuras was a year old.

Kuras' term is also a short one — only until the town election of all the town officials in November. But he is a likely candidate by the Republicans for re-election in November.

Butler will now continue to be Third Selectman, as he was when he became the Democratic candidate for the top office, until the November election.

Zavisza was Second Selectman before Sullivan's death last February, but he had to give up that position when he accepted the position of acting First Selectman. The post of Second Selectman has been vacant since then.

Kuras and Butler now will have to choose a second selectman as soon as possible.

All three of the contenders in the June 25 special election, have reason to be proud of their results in the vote: Kuras for defeating a strong Democratic candidate in the year of Watergate, state control by the Democrats and split in

the Republicans locally by the write-in for Zavisza; Butler for putting up a fighting campaign which had the Suffield Republicans concerned that they might lose the top position which they had held for 53 years; and Zavisza, for finding more than 300 backers who would go through the inconvenience of a write-in vote for him.

Suffield Savings Makes Changes

David H. Johnson, president of Suffield Savings Bank, Suffield, announced managerial changes in the bank's Branch system effective June 23.

Donald W. Wood of Enfield, is the newly appointed branch manager of the Enfield-Scitico Office, Green Manor Shopping Plaza, Enfield. Wood joined the bank in April 1974, he has been manager of the Bradley Field Office since it opened in June, 1974.

Gary C. Smith of Windsor, is the newly appointed manager of the Dexter Plaza Office and the Bradley Field Office, both located in Windsor Locks. Smith joined the bank in May, 1972, and has been manager of the Enfield-Scitico Office since September, 1972. Smith was appointed assistant secretary in 1973 and assistant treasurer in the same year.

David W. Patterson of Suffield, has been appointed controller of the bank and will be located in the home office. Patterson joined the bank in December, 1967, and has been manager of the Dexter Plaza Office since 1967. Patterson was appointed assistant secretary in 1968, assistant treasurer in 1969, and assistant vice president in 1973.

Public Golf Course

Peter Gorecki, owner and builder of Suffield's first public golf course, to be known as Fox Grove Country Club, is starting construction of the course. He was awaiting approval of the plans for the course by the Conservation and Zoning and Planning Commissions which he now has received with modifications.

The 18-hole regulation-sized course will be located on South Grand Street near the East Granby line.

Gorecki estimates the first nine holes will be ready to play by 1976 (with a tentative opening day set for Memorial Day 1976). The second nine holes are planned for 1977.

Fox Grove was designed by Michael Ovia of Tall Wood Country Club, Hebron, and Godfrey Cornish of Amherst, Mass., president of the U.S. Golf Course Architects Association.

Plans also include building a clubhouse which will contain a snack bar and a pro shop.

Gorecki, a professional golfer, also was involved in the building of Tobacco Valley Country Club in East Windsor, and the former Fox Grove Country Club in Manchester.

To the present time, the town's one golf course has been the privately owned Suffield Country Club, located west of North Main Street, which was established by the Community Holding Company consisting of some of the town's wealthiest men, in 1927. The club now includes a separate swim club with a pool on the club's grounds, and a tennis club with courts on land purchased by the club adjacent to the golf course.

Anisa Workshop Focuses On Psycho-Motor Competance

A workshop on the development of psycho-motor competence for teachers of children ages 3-8 will be held July 9-11 at the Suffield High School. It is sponsored by the Anisa Project of Suffield Public Schools and the Center for the Study of Human Potential, University of Massachusetts, Amherst. Entitled "Learning to Move and Moving to Learn", the workshop is the last session of nine-day summer seminar on the philosophy of the Anisa model being held at the local high school which started June 30.

A total of 26 Suffield Elementary School teachers and administrators will attend the seminar which is divided into four sessions.

Union Services

Union summer services for two Baptist and two Congregational churches in Suffield and West Suffield, all at 10 a.m. will start Sunday. The schedule is: July 6, 13 and 20 at First Church of Christ, Congregational; July 27 and Aug. 3, Second Baptist; Aug. 10 and 17, Second Congregational, West Suffield; and Aug. 24 and 31 and Sept. 7, First Baptist Church. All are welcome at these services.

To Whom It May Concern

"The vacationer, a church member, was caught in a sudden summer downpour and crawled into a hollow log and fell asleep. When he awoke, he found that the rain had swelled the wood of the log and he was held fast. Try as he might, he could not get out and realized that he might die there. His life began to pass before him. He thought of his unpaid church pledge and felt so small that he was able to crawl out of the log with ease". Don't let this happen to you!

Remember the church has to pay bills during the summer months also. How about paying your pledge up through the summer, before you go on vacation?

SECESSION TALK

First talk on secession from the Union was heard on the floor of Congress on June 4, 1800.

Attending also will be two parent volunteers, an art instructor and two Music teachers.

Richard Lincoln, director of the Anisa Project for the town, said the purpose of the seminar is to help teachers and staff to become confident in the model, because they know its aims and goals and how it addresses major issues in education today.

The philosophical and theoretical basis for Anisa will be discussed.

Approximately 750 children, or one third of the school system, is currently involved in Anisa, and it incorporates two private nursery schools in town, as well as Kindergarten, and Grades 1 and 2. It started with the Kindergarten and nursery schools and then continued to Grades 1 and 2. This year, Anisa has begun expansion into higher grades, Lincoln said, and grades 3, 4 and 5 teachers will also be trained in the Anisa model to accommodate children who have started school with Anisa.

Town teachers have been working with the Anisa staff from the University of Massachusetts closely in the last two years, developing the model and adapting it to the public school system.

The Anisa project is funded by a Title III federal and state grant for the third and last year. Part of this year's \$67,000 grant is being used to offer this summer seminar, which is free to town teachers. Suffield Academy will be housing the Academy attending the seminar.

Lincoln himself is working on his doctorate from UMass, and is writing a dissertation on Anisa. Three other teachers have applied for the master's program in Anisa from UMass also.

Any teacher in the area can attend the workshop for a small fee and for academic credit.

Faculty members for the workshop are: Patricia W. Tanner, an Associate Professor in the University of South Florida. Since January 1975 Dr. Tanner has been a Visiting Scholar at the University of Mass. where she has worked with members of the Anisa staff in developing a comprehensive curriculum in the Psycho-motor area.

Lawrence McCullough, a doctoral student at the Center for the Study of Human Potential at UMass works in developing the psycho-motor and aesthetic areas of the Anisa Model. He has conducted teacher-training workshops on psycho-motor development at the model's sites of implementation. He has a broad background as a teacher and performer in dance, music and theater.

Dr. Daniel C. Jordan directs the Center for the Study of Human Potential and also directs the development and conceptualism of the Anisa Model, a comprehensive, scientifically-based education system. He has worked closely with the Suffield school system, initiating and implementing the Anisa model in the schools here.

New NHSC Doctors Are Assigned Here

DR. MARVIN TENENBAUM

DR. RICHARD A. SEGOOL

Dr. Richard A. Segool and Dr. Marvin Tenenbaum began practice in the Elm Plaza Professional Building, 115 Elm Street, Enfield, July 1.

Dr. Segool was a Senior Resident of Ambulatory Pediatrics at Children's Hospital Medical Center in Boston. Prior to Children's Hospital, he performed his pediatric internship and junior residency in pediatrics at Montreal Children's Hospital. Dr. Segool received his Bachelor of Arts Degree from Grinnell College, Grinnell, Iowa and attended medical school at McGill University, Montreal, Canada.

Dr. Tenebaum was a Chief Medical Resident at the Medical College of Virginia, Richmond. He attended Brooklyn College, Brooklyn, N.Y., where he received his Bachelor's Degree and matriculated at the Medical College of Virginia, Richmond. Dr. Tenebaum is board eligible in internal medicine and an Associate of the American College of Physicians.

Dr. Segool and Dr. Tenebaum will replace Dr. Nason Hamlin and Dr. Corbin Roudebush in the latter two's practice. Dr. Segool and Dr. Tenebaum are both National Health Service Corps physicians.

Police Receive Bonus

Five Suffield police officers will be receiving yearly bonuses from the Police Commission for taking college credits under a new "incentive bonus" plan. A total of \$800 will be given to the five men on a basis of \$100 for every 30 credits they receive.

The Police Commissioners, who will pay the bonus out of their budget each year, said the incentive will help to make a "better-educated, more informed police officer."

Those now attending college, usually taking night courses, are: William Phelps and William Taylor, Central Conn. State College; Robert Williams, American International College; Walter Skowron, Westfield State College; and Lee Smith, Springfield Technical Community College.

Sergeant Bruno Jurkowski of West Suffield types supply forms for the 712th Heavy Equipment Maintenance Company on two weeks annual training at Ft. Pickett, Va. Jurkowski is supply sergeant for the company and works full time with the Connecticut Army National Guard.

Essential Job

Murray Promoted At Ct. M. Life

THOMAS J. MURRAY

Thomas J. Murray, a Somers resident, has been named a company officer and assistant director of data processing operations at Connecticut Mutual Life in Hartford.

A graduate of Enfield High School, he has attended American International College and the University of Hartford. He joined the company in 1967, became a senior systems programmer in 1971, and a systems programming analyst in 1972.

Murray lives with his wife and two sons at South Rd. in Somers.

Injunction Against Hryniewicz

Massachusetts Atty. Gen. Francis X. Bellotti has filed suit in Suffolk Superior Court in Boston, seeking a temporary and permanent injunction against Paul Hryniewicz, president of Mt. Laurel Realty Corp. of West Suffield.

The suit, filed June 24, alleged the company illegally filled in part of Lake Congamond on the border of Suffield and Southwick, Mass. Bellotti claimed the lake is partly within Massachusetts and that the state owns its water.

By filing in part of the lake, Bellotti said, the realty corporation actually shifted the Massachusetts border.

The state also claimed its wetlands law was violated, along with a statute which forbids the filling of a great pond except with special legislative permission.

Only One Bid On Firehouse

The Fire Commission received only one of three expected bids for the completion of the new East St. firehouse.

The originally hired firm, KET Construction Co. of Wallingford, recently walked off the job, leaving all but the foundation incomplete.

The Fire Commissioners asked the three original lowest bidders to submit rebids for the firehouse's completion.

Spazzarini Construction Co. of Enfield; Pre-Designed Structures of Bloomfield and Haagensen Construction Co. of Bloomfield were all expected to return bids, but only Pre-Designed Structures did so. Their bid was for \$83,000, according to Fred Brockett, Suffield Fire Commission chairman. KET Construction's contract had been for \$78,000.

"We were very surprised to get only one bid, Brockett said. He added that Spazzarini had given a second estimate when KET walked off the job, but not in the form of a formal bid; that they had expected him to re-submit a bid. Spazzarini's second price was \$81,255.

Dailey Selected

Timothy Dailey, father of eight, and one of the two candidates recommended by the Somers Democratic Committee to take the seat on the Board of Education vacated when Roger Mack resigned last month until the November elections.

The other candidate was Henry Racki.

Dailey, a resident of Somers, for two years, works with the Bridge Insurance Agency in Enfield. Dailey indicated that he

Racki is a retired Air Force B52 pilot and a self-employed accountant. He will probably be a candidate for one of the four school board seats available during the November election.

sought the seat because "that's where the action is."

Board of Education secretary Charlotte Stopa said the board chose Dailey over Racki because he has been active in school affairs and is better known.

Dumas Joins Air Force

Gary A. Dumas, son of Mr. Robert Dumas, 336 North Maple Street, Enfield, has entered the United States Air Force and reported for active duty on June 25, 1975. A graduate of Enrico Fermi High School, Class of 1975, Gary has selected a position in the Mechanical career field.

After completion of six weeks of basic orientation at Lackland Air Force Base in San Antonio, Texas, he will then receive advance technical training for which transferrable college credits will be awarded.

Engineering Graduate

William A. Shirley of 22 Weymouth Rd., Enfield, has been awarded a Bachelor of Science degree in Chemical Engineering by Rensselaer Polytechnic Institute at the university's 169th Commencement on June 6.

Judy Becomes Therapist Assistant

Judy Patsun, of Somers, has joined the Johnson Memorial Hospital staff as a physical therapist assistant, according to announcement today by Hospital Administrator William A. Stoppani.

Miss Patsun will cover the hospital's physical therapy department on weekends and be on call during the week, working under direction of Dr. Victor Sonnen and Chief Therapist Larry Schieman.

A graduate of the physical therapist assistant program at Springfield Technical College, she was affiliated in training with New Britain Memorial Hospital, and with a Worcester, Mass., hospital.

BANANA DEBUT

On June 5, 1876, visitors to the Centennial Exposition in Philadelphia sampled the first bananas they'd ever eaten.

One of each couple does not want to rent the six rooms. Can you guess which? The husband-wife combinations are Paul (Joe Weber, Enfield) and Janet (Betty Thompson, Manchester), and Richard (Ray Gardner, Andover) and Ann (Elaine Nason, Enfield).

VA Replaces Grave Stones

Worn or stolen headstones or markers may be replaced by the Veterans Administration which furnishes either for unmarked veterans' graves, according to an announcement by Theodore Plamondon, local VFW service officer. Local Bicentennial committees should keep this in mind when sprucing up historical burial grounds, Plamondon suggested.

Replacement stones or markers may be obtained

for veterans of any U.S. war. If the worn headstone was originally a government stone, all that is required is an application requesting a new headstone or bronze marker plus a Notice of Destruction.

If the veteran's stone was a privately-owned one, proof must be obtained that the deceased was in fact an eligible veteran. This information is available at the National or State Archives where records are kept back to the participants in the

Revolutionary War, Plamondon said.

In cases where headstones or bronze markers have been stolen (and this is happening with increased frequency), the application must be accompanied by a police report of the theft.

Stolen bronze markers will be replaced with headstones free of charge. Bronze markers ordered to replace stolen ones must be paid for at the reproduction cost to VA on the day the request is received, Plamondon said.

Maynard Troyer of Spencerport, N.Y. is the latest entry for the July 3 running of the Permatex 150 U.S. National Championship at the Stafford Springs Motor Speedway.

A veteran of the high banks of the Daytona International Speedway, the Permatex 150 will mark Troyer's first visit to the Connecticut half miler in over a year. The former New

York State driving champion will wheel the Nagle racer's Pinto in time trials, heats and the 150 lap main event.

Time trials begin at 7 with racing beginning at 8 p.m.

Over \$10,500 has been posted for the Permatex event with over \$2,000 earmarked for the winner.

This year's Permatex 150 sees the return of the time trials as part of the qualification procedure after several years absence, and Troyer feels that a new track record is definitely in the offing.

"There's no question in my mind that the Modified record (20.80) that Ronnie Bouchard holds will fall, but if the weather and track conditions are right, the track's ultimate record could go too."

USAC "Indy-Star" Gary Bettenhausen of Tinley Park, Ill. holds Stafford's ultimate track record with his 20.58 clocking during the

1967 USAC sprint car race.

Troyer joins an entry list that includes Bugs Stevens, Fred DeSarro, Geoff Bodine, Richie Evans, Sege Fidanza, Roger Griffith, Moose Hewitt, Ed Flenke, Bobby Santos and defending Permatex 150 titlest Jerry Cook.

Time trials will determine the first 10 starting positions in the 150 lap grind with the time trial results reversed for the line up. Reverse time trial handicap heats will determine the remainder of the 30 car starting field.

"You don't want to run in the heats" says Troyer, "but with the way the regulars have been going at it here this year, breaking into the top ten will be difficult."

Eight different winners in 9 weeks of competition have tasted victory making the 1975 Stafford season the most competitive in the track's nine year asphalt history.

Stowell Joins U.S. Air Force

Wayne O. Stowell, son of Mr. and Mrs. Olin Stowell, 3 Howard St., Enfield, has entered the United States Air Force and reported for active duty June 18. A graduate of Enfield High School, Wayne has selected a position in the Mechanical career field.

After completion of six weeks of basic orientation at Lackland Air Force Base in San Antonio, Texas, he will then receive advance technical training for which transferrable college credits will be granted.

Sgt. Everett N. Joy, the local Air Force Representative, coordinated the enlistment. He offers further information at no obligation to those stop by the office at 89 High St., Enfield or by calling 627-0052.

Outstanding Educator

Dr. Edmund B. Sullivan, a member of the College of Education at the University of Hartford is among five educators at the university who have been selected as Outstanding Educators of America for 1975. Dr. Sullivan, prior to his UofH posts, taught for five years on the faculty at American International College, Springfield, Mass. There he was director of secondary education and director of graduate studies in education. During his career, Prof. Sullivan has been a school principal, teacher and college administrator in New Hampshire; North Adams (Mass.) State College; the Newton (Mass.) public schools and Greenfield (Mass.) Regional Community College. He holds a Bachelor of Science degree in education from Fitchburg (Mass.) State College, 1953; a Master of Education degree from Boston College, 1954; and a Doctor of Education degree from Boston University, 1968. Prof. Sullivan is married and has four children.

Doctor Opens Office Here

DR. R. A. NEWMAN

Doctor Richard A. Newman has opened an office at 535 Hazard Avenue (Northern Connecticut

Medical Building), Enfield, to practice Ear, Nose, Throat and Facial Plastic Surgery.

Dr. Newman attended medical school at the University of Louvain in Belgium. He completed his internship at the Reddy Memorial and Montreal Children's Hospitals.

Dr. Newman spent a year in general surgery at Waterbury Hospital. His specialty training was in Ear, Nose, Throat and Facial Plastic Surgery at the University of Connecticut. Dr. Newman will join the staff at the Johnson Memorial Hospital.
