DR. WARNER, IN THE ATHOL BLOCK.

When he located in Springfield seven years ago, some gave him six weeks, some three months, and a VERY FEW, more presumptuous, gave him six months to remain, and yet he remained. months to remain, and yet he remained. Seeing that he was becoming quite popular, something must be done to get rid of him, so they raised a cry that he was an ignoramus, that he gave nothing but Epsom salts. Alas, alas! it failed to produce the desired effect, as the people soon began to find out from personal experience that they had lied (perhaps it would be unchanitable to use the word lied, when so many men advocate that we have, by education, got to such a high state of morality [especially in the New England States], that it would be almost impossible for men to lie), yet, with all propriety, we can say that they had told a gross falsehood. Thus, instead of proving an injury to the Dr., it stead of proving an injury to the Dr., it has been a blessing.

Why do they envy him?

First. Because he does not allow his patients to tell him how they feel, but without a word from them he tells just how they feel and where the difficulty is

Second. Because he advocates that

Fifth. Because he does not boast of what he can do, but is able to show what

he has done. And now that he has completed his new Remedy for the treatment of all Pulmonary Diseases, whereby he will be able to cure all Lung and Throat dif-ficulties that are curable, they will have still greater cause to be envious.

The following testimonial from the wife of the well-known Ebe H. Pardee of West Springfield, (formerly of Westfield) is certainly a remarkable cure: DR. WARNER,—Dear Sir: it is with pleasure that I give you this permission to use my name for the benefit of suffering humanity. Anyone afflicted as I was can call on me it person, or I will answer any letters of inquiry. I was afflicted a long time with pain in my side and back, had liver complaint and that and back, had liver complaint and that dreaded disease so peculiar to females, was habitually constipated. Somers, Conn., April 9th, 1882. I wish to state for the benefit of others afflicted with Spinal and Rheumatic complaints, that I have been a great sufferer for years, seeking relief from skill-ful physicians all to no purpose. Some two years ago I placed myself in the hands of Dr. H. Warner, whose office is in the Athol building, Springfield, Mass. immediately I commenced to improve in about four weeks I was completely cured. Never since have I suffered with the same complaints. Anyone desiring to see me I would be pleased to have them call at any time. Yours Truly, GILBERT A. CHAPMAN.

This is to certify that Dr. Warner has restored me to good, sound health, after being treated by seven other physicians, all to no purpose. I had a severe cough over eighteen months; and was afflicted with palpitation of the heart and kidney trouble over eight years. In six weeks from the time I placed myself under the care of Dr. Warner I was cured. Any person desiring to see me can do so by calling at my residence, 36 Canal street, Holyoke, Mass., and I will answer any letters of inquiry. This certifies that I, Sadie L. Springfield, Mass., a former patient of the doctor. When I arrived there, I was more dead than allve. The doctor received me very kindly and I was about to relate my difficulties, when I was told, "Hold! You came to be treated. It is for me to say what alls you, what your troubles are." And sure enough he did; not in technical language, but in a language easily understood. God himself only knows the gratitude I had for him when he smilingly assured me that in a few short weeks I would be as well as ever. He has kept his word. I am now strong and enjoying the best of health, thank God and Dr. Warner.
