

ENFIELD STREET.

Schools commence next Monday. C. T. Knight is repairing his house. The low price of eggs has caused a strike among the hens.

Joseph H. Pierce has gone West on business for the Misses Lusk. Howard Button will carry on the Reid farm recently purchased by Wm. Clark.

Three sweet harbingers of spring, mud, blue birds, and pack peddlers, are plenty now. Miss Alice Parsons has commenced her duties as teacher in the King street school.

Frost is out of the ground, and horse radish has become one of the staple articles of the household. The Rev. C. W. Shelton will speak on Mission work among the Indians, at the Congregational church, on Sunday.

Shelton is superintendent of Indian missions under the Missionary Association, and has spent several years on the frontier and on the Indian Reservations. He is a very interesting and instructive speaker.

WALLTOP. The Gleaners Mission circle will meet Saturday, April 10, with Mrs. Norton Abbe. The abutment to Seaside bridge near Samuel Neelans's was badly damaged by the late rains and the bridge is considered unsafe.

EAST WALLOP. School commenced Monday with Miss Waldorf of Warehouse Point, as teacher. Allen Gowdy has exchanged horses with Stimpson & Wardwell.

J. B. Taylor has given up farming and gone to work for Keeney & Sons of Somersville. Henry A. Abbe, an old resident of this place, has given up housekeeping and gone to live with his son, Henry Abbe, in Enfield street. Frederick Abbe of Springfield will occupy the house vacated by Mr. Abbe.

The tobacco crop has nearly all been disposed of, only two crops remaining in the hands of the growers. A good many farmers are undecided whether to raise tobacco the coming season or turn their attention to something else, at all events the acreage will be less than usual.

HAZARDVILLE. It is rumored that John Law is going to Europe this spring. Mrs. Hanschild of Springfield is the guest of Mrs. Winniswetter.

John Bridge is home from the Middletown college during vacation. Charles Ibberson has moved into the Olmsted house, on Main street. Mrs. John Owen has moved into Mr. Atkin's house on E. Main street.

Frank Kent has purchased a farm in Granby and taken possession this week. Schools commenced this week with the old corps of teachers with one exception. Dan Colburn has accepted a position in a sewing machine establishment at Cleveland, Ohio.

George Burbank, our gentral barber, moves into the Olmsted house, as the necessary repairs are completed. The H. P. Co. have been receiving a cargo of coal, which makes delightful times for the teamsters to haul it through the mud.

A. D. Bridge has sent his engine to Hartford for repairs, which necessitates shutting down a part of his shop for the time being. Mr. Sherwood of South Acton, a former employe of the H. P. Co., has moved into the place and taken a position in the "Hollow" on the crackers.

Some time during the past winter Mrs. H. F. Tiffany needed a support for one of her flowers and cut a small branch from an apple tree. On inserting it in the flower pot for that purpose it soon commenced to show signs of returning life and growth, and it now has three large bunches of blossoms. It looks as if she might have some early apples.

The Athletic club gave their exhibition at Institute hall last Saturday evening, according to announcement, and it proved a decided success. The vaulting and turning far surpassed the expectations of everybody, and the songs and plays were exceedingly well executed for amateurs, and demonstrated to a certainty that we have home talent of a high order.

In former times it was customary for carriage makers to put lamps on the carriages they made. Now we seldom see them and are compelled, on dark evenings, to resort to inconvenient devices for carrying a light or take our chances in the dark, sometimes resulting in rather awkward predicaments. As a case in point, a young gentleman of this place was out riding with his lady the other evening, and, passing over a shaded portion of road, the driver, unable to see the track, allowed the horse to pick his own way, in doing which he succeeded in plunging the carriage so deeply into a slough, that in endeavoring to proceed, the harness gave way so as to free the horse entirely from the carriage and drew the driver from the carriage. He gathered himself up, examined, as well as the darkness would permit, the condition of the harness and found it unfit for further service that evening. He started off to procure another, necessarily leaving the lady alone in the carriage and imprisoned by the surrounding mire, the extent of which she could not in the darkness conjecture. During his absence a couple of neighbors came along with a lantern, by the friendly light of which our friend, on his return, succeeded in extricating himself from his unpleasant dilemma. Even a small lamp placed on the carriage by the manufacturer would have prevented the whole trouble.

SOMERSVILLE. C. H. Bulkley has purchased a valuable horse of Hartford parties. Mrs. T. Cavanaugh of New York visited at L. W. Gray's last week. Samuel R. Hurlbut has rented the house in which he formerly lived to Mr. Norton. The recent lectures of Mrs. Lillie, at Spiritualist hall, were listened to by appreciative audiences. The subjects pre-

ented by the audiences were adroitly handled. One of the subjects presented for a poem at the close of the last lecture was recited at length, and contained a sermon.

E. Pease, a teacher of experience, has been engaged to teach the school in department No. 1.

George Dexter and his son were badly poisoned by handling dogwood in a swamp the other day.

A company in this place are negotiating for the purchase of the mill at Windsorville with a view to the manufacture of cloth.

Miss Grace M. Hibbard commenced attending school at Springfield on Monday as a preparatory course for admittance to Mt. Holyoke seminary.

Mr. Bilsch, the harness maker, has moved to Somers street. The house vacated by him is occupied by the night-watcher at Keeney's mills.

EAST WINDSOR. N. S. Osborn's mill property remains unsold.

Thomas Bouchier has gone to Hartford to do teaming. Charles H. Wells has moved to the Edward J. Wells place, and Edward J. Wells is now living on the C. H. Wells place.

SHAKER STATION. Elijah Cope of East Longmeadow has bought one of the buildings of the South Family. He is taking it down and will make it into tenements for his men at the quarry.

BROAD BROOK. F. M. Gowdy and family have moved to Melrose. Miss Mena Strunz is visiting friends in Bristol, Conn.

Allen Grant has returned from his trip much leaved in health. Mr. Leary succeeds F. M. Gowdy as station agent at Broad Brook.

The T. Pease & Sons' Co. have just erected the frame of their new barn. Hiram Newsome has leased a farm in Ellington and has taken his abode thereon.

Mrs. James Gilmore, who has been ill for a long time, is very much improved in health. Ernest Lagle, who purchased the farm of Gilbert Allen recently, has taken possession.

The Factory Co. has reduced its time to ten hours and expects this week to begin paying off every two weeks.

The O. and Y. club give the last of their series of dances on Friday night, April 9. Refreshments will be served after the dance.

The Knights of Labor association have bought the old Catholic church property of John Harrington and are using it as a club room.

The schools began on Monday, April 5. Mr. Billings having resigned Mr. Peck has been secured as principal. Miss Flinn has the school vacated by Miss Andrews.

ELLINGTON. The surgical case, where the tips of two fingers, completely severed from the hand of Arthur Hyde's son, were replaced by Dr. Warren, is one of peculiar interest. It is generally held by members of the medical profession that such an operation is impossible because of the difficulty in restoring the circulation, the blood vessels being closed by compression when the injury is received. In this case the tips of the two fingers, nearly an inch in length in one case, were lost in the hay-mow. The father hunted them up, and insisted on their being replaced. Dr. Warren doubted the probability of their growing on again, but acceded to the request. Their natural warmth was restored by placing them in warm water, then they were deftly attached and held in place by adhesive plaster. They are really growing on again, and that the nerves have reunited is attested by the fact that there is feeling in them.—(Stafford Springs Press.

SUFFIELD. John Burke plowed last week for a tobacco bed. Miss Grace Hunt, of Winsted, is visiting in town.

Mrs. Gilbert and daughter are visiting in Orange, N. J. Mrs. Henry Russell returned to New York on Wednesday.

C. F. Loomis is at Winsted. F. P. Loomis returned last Saturday from New York. Watson Pease lost a valuable cow of milk fever last week. W. W. Cooper also lost one.

Arthur Sikes has arrived home from Los Angeles, and brings with him many relics of his trip. J. E. Hastings, of West Suffield, is completing a fine poultry house, two stories high, at a cost of \$200.

Miss Jane Sikes, 75 years of age, is quite seriously ill with pneumonia, and her recovery is doubtful. Newton Austin and wife, from Amsterdam, N. Y., have been visiting their father, T. H. Austin, of Zion's Hill.

Roderick Campbell has recently purchased of Waldo F. Knox the Halsey Curtis farm, in the North district. Miss Celia Rattray has been quite sick of erysipelas, but is better. Her sister, Miss Belle Rattray, of Meriden, is with her.

The pink tea, mentioned last week to take place April 9th, was postponed until next Tuesday—if unpleasant, Wednesday evening.

Mrs. Wm. Holloway has returned after several weeks absence from Shelburne. Mess. Also, Mr. and Mrs. David Reenes from Florida. Have you seen the Goldman Atomizer? Try it! It will save a world of dust, and if your wall paper lasts longer, we will forgive you.

Mrs. A. A. Henshaw and son, who were to leave Florida for home last week, have been detained by the recent floods throughout the South.

The Veteran society, formed recently in Boston Neck, seems to be a secret society, no one being admitted who belongs to other societies.

Ed. Hamson has been quite ill for about three weeks, as a result of his fall from the meat-cart of Weston Stiles, but is now slowly recovering.

In spite of the mud and clouds the weather permitted a good number to meet at the Feather street school-house on Sunday evening. Much credit is due to the friends from the Institute who have kind-

ly carried on these meetings. They will be present again next Sunday evening. A bright little four-year-old boy while repeating his catechism last Sunday, was asked who was swallowed by the whale, replied "Jonas Thompson."

The Agreeables met on Wednesday evening of last week at Mrs. Geo. Parmelee's, and notwithstanding the bad weather a goodly number were present and report a good social time.

Miss Hattie B. Austin, who has been teaching school in Russell, Mass., the past year, and was expecting to return this term, is unable to do so at present on account of ill-health.

Miss Mary C. King has accepted and returned to her former position as teacher in Mrs. J. C. Fitch's boarding-school for boys in Norway. This is one of the best homes for lads in the country.

The prizes awarded at the Boston Neck school last term were as follows: Chas. R. Latham, for best scholarship; Ernest Hatheway, Maggie Doughney, and Kittie L. Mather for best deportment.

The members of the Central hall association held their annual meeting Monday evening at the residence of Mr. Cecil H. Fuller. The old board of officers was re-elected, and attention given to other routine business.

Wm. C. Mather, while engaged in sawing at Cowles' cigar-box factory, last Friday, had the misfortune to saw his fingers. He has been engaged in this kind of work for twenty years and this is the first time he has met with an accident.

On Monday afternoon was held a meeting of the Cemetery society for discussing the feasibility of building a receiving tomb. It was voted to build one at a cost not exceeding \$2,000, at the Centre, in the old cemetery. A committee of five were appointed to carry out the work: Byron Loomis, Geo. Williston, Geo. S. Crane, Dr. M. T. Newton, and Wm. L. Loomis.

A Monson (Mass.) paper records a very pleasant little episode that occurred in the straw works of Fay, Peck & Co., in that place recently. Mr. F. H. King, who for many years has superintended the sewing department, was presented with a handsome gold watch by the ladies of the department, who number about 150. A brief and very appropriate address of presentation was made by Miss S. Lizzie Gilbert, and replied to by Mr. King with much feeling and regard. The parties are known in Suffield.

The Improvement circle met last Wednesday evening at F. P. Loomis's. About thirty were present, notwithstanding the rain. The evening's entertainment was of a little different order than usual. There were recitations, one by Frank Cowles, "What the old woman said about her daughter," also one by Ina Mather, "Mother Hubbard,"—this little Miss was dressed in one of those neat little robes with cap to match, and acted the character very cleverly. The church organ, by the Misses Cowles and Mather, dressed in ancient costume, was highly appreciated. A bountiful collation was served by the hostess, and all declared it was good to be there.

The funeral services of Charles T. Pomroy were attended at the 2d Baptist church on Friday last, and a large number of friends gathered to pay the tributes of respect and sympathy. Rev. Mr. Lockhart conducted the services, and prayer was offered by Rev. Mr. Kelsey. The choir sang two hymns which had been sung in the service of the previous Sunday evening, when the deceased had been joined in singing, and which he had sung with beautiful and very profuse. The young men, his associates, sent a lovely "gate's ajar" and a wreath. The fraternal anchor of choice flowers, inscribed "Comrade." There were besides a pillow and a broken column. The body was enclosed in a casket covered with black broadcloth and velvet, lined with white satin, and open the whole length. The pall-bearers were Levett and Charles Bissell, Bert and Tommy Spencer, Leverett Austin and Albert Spellman. The suddenness of this dreadful affliction ensures the heartfelt sympathy of all the many friends of the sorrowing family. Interment in Woodlawn cemetery.

A horse and carriage was stolen early Tuesday morning from the barn of Sumner F. Sikes, in the northeastern part of the town. As soon as the theft was made known Mr. Sikes started in pursuit, tracking the thief or thieves in the direction of Springfield. Between the bridges the trail was lost owing to the heavy rains that were falling at the time. The horse as described is black with a white stripe on the nose, about ten years old, weighs about 875 pounds, for which he paid \$125 last season. The carriage was old-fashioned, open box, end springs, and leaned forward. The harness was of the old home stamp with new black lines. Mr. Sikes offers a reward of \$50—\$25 for the recovery of the property and \$25 for the conviction of the thief or thieves. About two years ago Mr. Sikes lost a good business wagon in the same manner, and it is thought the same party may have returned Monday night, as they could not be detected before. Measures are being taken for the detection and arrest of the thief or thieves, and the public earnestly hope to see the guilty parties brought to justice.

WAREHOUSE POINT. Miss Carrie Waldorf is teaching school in Enfield, East Wallop district. James Price has been appointed administrator on the estate of the late Capt. John Bush.

Rev. J. H. Fitzgerald of Milford preached in St. John's Episcopal church Wednesday evening. The recent lecture in the Methodist church on the "Life and Labors of John B. Gough," was enjoyed by a good house.

Our amateur photographer, Willie Simonds, has a number of fine views of the bridge, taken at different stages of its building. The popular marketmen, S. McAuley & Son of Windsor Locks, have started a route through this village for the accommodation of their customers.

A 25-foot model of the old ferry boat Agawam, which was built some time ago, when it lay on this shore, will be exhibited at the May celebration in Springfield.

Real estate and house building has taken quite a boom lately. G. M. Dean is laying out the property he recently purchased opposite Ladd's hotel into building lots, making them very desirable.

EAST LONGMEADOW. Henry Lull is giving his barn a fresh coat of paint.

Asher Markham has moved from the Baptist parish to the Center. Miss Belle Pease has returned home after an absence of several weeks, with health much improved.

Jonas Robinson is having a piazza built on the front of his house, and is having a front fence built. The annual town meeting was held Monday, and the old board of selectmen were re-elected. The meeting was adjourned for three weeks.

Miss Eunice Scott, who died in Springfield last week, at the home of her niece, Mrs. Sexton, was an old resident of this place. She was brought here for interment.

Dr. Fisk of Chester, Mass., has located in this place, and will move his family here this week. He has rented a part of Mrs. Alice Taylor's house. Dr. Atwater has returned to Westfield, Mass.

GRANBY. Dwight Newton has moved on to the W. Kendall farm. James Madison takes Chauncey Holcomb's farm this year.

A. C. Greene arrived in town on Friday with 18 very fine horses. M. N. Clark is able to be at the store again after a brief illness.

Mr. Howard will occupy Fred. Harger's house for the coming year. The new tax bill has been passed in H. G. Vlet's hands for collection.

With his increasing practice Dr. Dean contemplates purchasing a horse. Rev. Mr. Campbell will occupy the house lately purchased by Mr. Stanley.

Mrs. H. Case has been under the doctor's care for a few days but is improving now. J. Forsyth has been on the sick list for several days but is in a fair way to recover under the care of Dr. Stratton.

O. D. Case and family arrived in town Friday and will take up their abode here. They will be welcomed by a large circle of friends.

WINDSOR. Hill Brothers have received a car-load of horses. A good glove awaits the owner at the post-office.

Rev. Mr. Douglass will move to Springfield this week. The schools closed April 2d for a two-weeks' vacation.

The logs drawn up on the bank east of the bridge look like huge alligators. A thief stole nine of Albert Houghton's chickens last Friday night. Mr. Houghton is hunting for a shot gun.

Thomas Osborn astonished the natives Saturday night with a box filled with white and spotted mice and a large white rat, which enjoyed running under his vest.

The Spencer gun club had their monthly shoot on Saturday and the following scores were made: Cary 22, Minor 21, Bull 19, Spencer 19, Vibberts 14, Cooper 13, Mack 10, Hantoon 10. The weather was unfavorable.

SIMSBURY. The missing records of the Cong. society have been found. Miss May Dunn, of Fairfield, has taken a position in Thompsonville.

Rev. C. S. Salter gave an illustrated lecture on Palestine, Wednesday evening. Miss Sarah P. McLean returned to town last week Friday, after being absent during the winter.

Miss Emmie Vosburgh will teach the spring term in Westgate district, and Miss Etta Shea in the New district. Daniel O. Reed is claimant for the reward of \$100 offered some years ago by the selectmen for the arrest and conviction of burglars.

C. H. Eno has bought of S. F. Holcomb the pasture on the west mountain, containing fifty acres, formerly owned by Tudor F. Holcomb.

Pimples, Boils, And Carbuncles result from a debilitated, impoverished, or impure condition of the blood. Ayer's Sarsaparilla prevents and cures these eruptions and painful tumors, by removing their cause; the only effectual way of treating them.

Ayer's Sarsaparilla has prevented the usual course of Boils, which have pained and distressed me every season for several years.—Geo. Seales, Plainville, Mich. I was badly troubled with Pimples on the face; also, with a discoloration of the skin, which showed itself in ugly dark patches. No external treatment did more than temporary good. Ayer's Sarsaparilla effected.

A Perfect Cure, I have not been troubled since.—T. W. Boddy, River st., Lowell, Mass. I was troubled with Boils, and my health was much impaired. I began using Ayer's Sarsaparilla, and in due time the eruptions all disappeared, and my health was completely restored.—John E. Elkins, Editor Stanley Observer, Albanais, N. C.

I was troubled, for a long time, with a humor which appeared on my face in ugly Pimples and Boils. Ayer's Sarsaparilla cured me. I consider it the best blood purifier in the world.—Charles H. Smith, North Craftsbury, Vt.

Ayer's Sarsaparilla Is sold by all druggists and dealers in medicine. Ask for Ayer's Sarsaparilla, and do not be persuaded to take any other. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Price \$1; six bottles, \$5.

death! all around over land and sea. In the good old ship Mayflower, as a maiden's dower. I came from England's shore. With the Puritan hand to this new land, some two hundred years or more. I have marked the fall, as I stood in the hall of generations from father to son; I timed their birth; the hours of mirth, and the hour their race was run. The lover has sighed, and his promised bride, as the hours flew swiftly past; gazed with regret as their warm lips met at my hands beneath the glass. As years rolled on, and the maiden was won, I have seen them meet as of yore, but not like that night for the lover was tight, as she snaked him in at the door. But all are gone, I'm left alone, there's none left to tell my tale; to a new found home I've lately come, where I was brought from an auction sale. The pendulum's swinging, the bells clear, marks as '70's the life's span; move, in time, I took on. Here will I stay till the Judgment Day, when Gabriel's trumpet doth call; the pendulum's swinging, the bell's clear ring will stop in the old clock in the hall.

In a few weeks it will be so warm that the man who doesn't wear a sponge in his hat will be in danger of sunstroke. Lay in your sponges now before the demand advances prices.

One plank, 9 feet wide and 20 feet long, without knot or blemish of any kind, and another 12 feet wide are among the contributions of British Columbia to the Liverpool exhibition.

"Do you believe in protection?" asked Blosson of Popinjay. "I do, most decidedly," replied the latter. "In fact, I wear a chest protector and a liver pad and two under-vests nine months out of the twelve."

The treasury officials say a paper dollar lasts five years and a silver dollar a hundred years. The retention of the one-dollar and two-dollar bills in the treasury has forced about \$13,000,000 of silver into circulation above the usual amount.

A national convention of the Ancient Order of Hibernians will shortly be held in St. Paul, Minn. State Delegate Murphy, State Secretary Cunningham and the state treasurer, with a delegate from each county, will represent Connecticut.

In 1866 three Alabama negroes stole one hundred pounds of cotton and were sentenced to death, their sentence was commuted to life imprisonment. One was pardoned, one died, and one is yet in prison. The cotton was worth \$6. Justice!

The Taunton Gazette wants the boys taught to sew in the public schools. This is a good idea. One of the most dangerous shoals in the course of matrimony will be removed when every man knows how to sew a button on the place where the shingle nail now bears the burden of responsibility.

It is reported from New York that a great speculation in Rio coffee is now in progress. The leader in the "corner," Siegfried Grand, is said to hold nearly 16,000,000 pounds, and his allies, W. H. Crossman & Co., as much more. Opposed to him are the Arbuckle Bros., who have the largest roasting establishment in the country.

Prof. Newton, Beebe, and other Yale astronomers are preparing to take observations of two new comets—Fabry's, discovered at Paris in December, and Barnard's, discovered at Nashville in December. The outlines of both comets are now faintly visible. Fabry's is about 150,000,000 miles off, and Barnard's about 150,000,000 miles. Both are approaching the earth at the rate of about twenty miles a second, and will appear in the highest brilliancy about May 1. It is not improbable that Fabry's comet will be projected on the sun about April 27th or 28th.

A plan, originated among the teachers of Mount Holyoke Seminary, has been formed for a delightful European summer trip, a large part of which shall be on foot, through England, Norway, Ireland and other countries. The trip is to be made during the three months of summer vacation and about twenty of the teachers have arranged to join it.

Owing to the small demand and unfavorable prices for apples in the New York and Chicago wholesale markets the apple growers of Western New York have on their hands this spring over sixty thousand barrels of choice fruit for which they do not expect to find a sale. There are twenty thousand barrels stored at Lyons alone waiting for a market.

Pierre Solidor Milan, who was 98 years old last November, claims to be one of the seven survivors of the wars of the first Napoleon. His papers show that he enlisted in 1806, was in the French Army for ten years and nine months, rose from the ranks to the grade of Lieutenant, and was made a Chevalier of the Legion of Honor. He is the father of sixteen children, and has lived in Philadelphia since 1859.

One danger that threatens the labor movement is thus stated by the New York Times: "Already capital is becoming alarmed and the effect is seen in the failure of that revival of prosperity which the general condition of the country favors. The uncertainty produced by the methods of the labor organizations and the fear of trouble which will be destructive of profit in business will deter capital from venturing upon legitimate enterprises. That which is already in will be driven out or forced to take measures to defend itself. The result will be the loss of profitable employment and increasing distress among laborers."

New England is not to be without elephants this season, even though the Barnum's show skips us. There are several circuses headed this way. The Williamian line company has announced to its 1,600 employees that the ten per cent reduction in wages made last year will be restored May 8th.

A \$10,000 special purse for a 2.50 class is one of the features just added by the Charter Oak driving-park association to the August trotting programme at Hartford.

Six hundred feet of the Hartford river front, including the present docks, have been bought by the New York transportation company, which will build new docks. Edward B. Wright's large barn at Rocky Hill was burned Friday with four horses, several cows, pigs and carriages, and much other property; loss \$3,000, partly insured.

Boring for oil is what agitated New Londoners are arranging for now that the stuff recently discovered in considerable quantities roundabout has been tested with good results. Arrangements have been consummated for the consolidation of the New Haven Palladium (reg.) and the New Haven Morning News (mag.) next week. It is said the consolidated paper will be eight pages.

Persons who have a superstitious dread of Friday will not be pleased to learn that this is a thoroughly Friday year. It came in on Friday, will go out on Friday, and will have fifty-three Fridays. There are five months in the year that have five Fridays each; changes of the moon occur five times on a Friday, and the longest and shortest day of the year falls on a Friday.

One hundred masked men and boys marched into Poquetannock, a village three miles from Norwich, the other night, hauled a man named Joel Greene from under his bed and rode him on a rail out of town. The complaints against him were that he was shiftless, drunken, and made love to other men's wives. He was warned that if he ever returned to the village he would go out in tar and feathers.

A Groton merchant some time ago built an ingenious burglar trap just in front of his safe. The burglar trying to break open the safe had to step on a secret trapdoor and was precipitated into a pit, from which it was hard to get out. He once caught one man in it. But his safe was sacked of \$100 the other night. One robber fell into the trap and was liberated by means of a rope and his associates.

The steamer Capitol City, which went ashore on Rye Beach, was abandoned Sunday by the wrecking company and she was left to the mercy of the waves which washed over her with fury. The Hartford Transportation Co. have abandoned her entirely, having placed her in the hands of the underwriters. She is insured for \$75,000, and if the insurance companies wish to spend any money in trying to raise her, the company has no objection. Careful examination has shown that the vessel is so badly injured that if raised it would be unsafe to run her again.

Why Do We Have Eggs at Easter. Easter is observed among all Christian people as the anniversary of the great event of the resurrection of Christ. He was dead, but returned to life. The egg is taken as emblematic of a return to life. It is to all appearance dead, but we know that if placed under proper conditions life will come from it. The use of eggs at Easter was adopted from an usage older than our era. It was the custom in very early times to celebrate the return of spring by making presents of eggs.

"Why does not Easter always fall upon a fixed day? Christmas is always on December 25th, why should not Easter be fixed with equal certainty?" Easter must always be on Sunday. It is not a particular date that is observed, but a particular Sunday. How to decide upon the Sunday gave the very early churches much trouble, and there were differences on that account, but the matter was settled at a council held at Nice in the year 325. The rule was adopted that Easter day is always the first Sunday after the full moon, which happens upon or next after March 21st, and if the full moon happens on a Sunday Easter day is the next Sunday after. This gives Easter day a wide range of dates, as it may occur on any Sunday from March 22d to April 25th. —Am. Agriculturist.

Humor of the Hour.

A WESTERN BOY'S LAMENT. I wish I lived away down East, where codfish salts the sea, And where the folks have pumpkin pie and apple sass for tea; Us boys who's livin' here out West don't get more'n half a show— We don't have nothin' else to do but jest to sort of grow, Oh, if I wuz a bird I'd fly a million miles away To where they feed their boys on pork and beans three times a day; To where the place they call the Hub gives out his shiny spokers, And where the folks—so father says—is mostly women folks.

A butcher is known to be very prompt in all his engagements, especially those in which he promises to meet a man. Miss Fussantier drank a glass of milk at Mrs. Crimshaw's last evening. When asked her opinion, she said it was just heavenly. She explained to her man, when she got home, that she said so because it was so blue.

A defective flew—A hen with one wing clipped. A BEAUTIFUL PRESENT.—The Virgin Salt Co., of New Haven, Conn., are making one of the best offers ever made in order to introduce their salt. Go ask your grocer for Virgin Salt and get a pair of Doves beautifully lithographed in ten colors on a large card, nine by ten inches. Virgin Salt is absolutely the cleanest, purest, and whitest salt ever seen or used. Put up in fancy-colored packages lined with enameled paper to prevent salt from hardening. A large package costs only TEN cents.

Foot-racing is said to be a popular amusement among California young ladies. Popular! Well, we should imagine so! Any amusement in which a young lady can cover a lap is bound to be popular.

"Few sons take after their fathers," remarks an exchange. True, but a great many fathers take after their sons. "How are we ever going to get through our spring and summer's work? We are all run down, tired out, before the beginning." So say many a farmer's family. We answer, try Ayer's Sarsaparilla. This is just the medicine you need, and will pay compound interest on the money it costs you.

Our small boy says the leaves of tables are called leaves because you can leave them up or you can leave them down. We never could understand why a woman has to sit on the floor to put on her shoes. But 'tis none of our business.

A PUBLIC BENEFACTOR.—How to launder linen as it is done in Troy, N. Y., has been kept a secret long enough; it can and should be done in every family. The ELASTIC STARCH is the only starch in the United States that is put up by men who have a practical knowledge of the laundry profession. It requires no cooking, keeps the iron from sticking and linen from blistering, while ironing, and gives shirts, cuffs and collars that stiffness and beautiful polish they have when new, which everybody knows, keeps them clean twice as long. Beware of imitations. See that the name J. C. HENNINGSON & BRO., New Haven, Conn., is on every package.

When you see a man walking the slush-laden street With his features all drawn and distorted, A glance of concern at each spot that he meets And reflecting emotions unsorted, A muscular twitch of his ear, and the sap in his eye quite pressing a bubble, You can make up your mind you have hit it on the spot. That's beset with a hole in his rubber.

"Are you pretty well acquainted with your mother tongue, my boy?" asked the school-teacher of the new scholar. "Yes, sir," answered the lad, timidly. "Ma jaws me a good deal, sir."

BUCKLEN'S ARNICA SALVE.—The best salve in the world for cuts, bruises, sores, ulcers, salt-rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Benton & Co. (E. W. Lindsey) druggist.

A private in the army recently sent a letter to his sweetheart, closing with, "May heaven cherish and keep you from yours truly, John Smith." A prevaricating swell may not be the flower of society, yet he is a dandy.

That slight cold you think so little of may prove the forerunner of a complaint that may be fatal. AVOID THIS RESULT by taking Ayer's Cherry Pectoral, the best remedy for colds, coughs, catarrhs, bronchitis, incipient consumption, and all other throat and lung diseases.

Oh, where is the thing We call "Gentle Spring"? The season of thaw and of zephyr? She's singing a psalm In the land of the palm. Where she kicks up her heels like a heifer. Most men like to see themselves in "print," but women don't. They prefer silk or satin.

AN END TO BONE SCRAPING.—Edward Shepherd, of Tuckhammock, Pa., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a pair of my lower legs for eight years; running sores on my legs for eight years; the bone scraped or leg amputated. I used instead, three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and my legs are now sound and well." Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at 25c per box, by Benton & Co. (formerly E. W. Lindsey).

Jack—Grandma, have you got teeth? Grandmother—No, dear; unfortunately I have not. Jack—Then I'll give you my meatus to keep till I come back. "When my wife scolds me," said a hen-pecked toper, "I go right straight and liquor."

A REMARKABLE ESCAPE.—Mrs. Mary A. Dalry of Tuckhammock, Pa., afflicted for six years with Asthma and Bronchitis, during which time the best physicians could give no relief. Her life was despaired of until last October, when she procured a Bottle of Dr. King's New Discovery, when immediate relief was felt, and by continuing its use for a short time she was completely cured, gaining in flesh fifty pounds in a few months. Free Trial Bottles of this certain cure of all Throat and Lung Diseases at Benton & Co.'s (formerly E. W. Lindsey's) drug store. Large bottles 50c and \$1.

A Sluggish Liver Causes the Stomach and Bowels to become disordered, and the whole system to suffer from debility. In all such cases Ayer's Pills give prompt relief. After much suffering from Liver and Stomach troubles, I have finally been cured by taking Ayer's Pills. I was always thin and prompt and thorough in my action, and their occasional use keeps me in a perfectly healthy condition. —Ralph Wesceman, Annapolis, Md. Twenty-five years ago I suffered from a torpid liver, which was restored to healthy action by taking Ayer's Pills. Since that time I have never been without them. They regulate the bowels, assist digestion, and increase the appetite, more surely than any other medicine. —Paul Churchill, Haverhill, Mass.

IN VIGORATED. I know of no remedy equal to Ayer's Pills for Stomach and Liver disorders. I suffered from a Torpid Liver, and Dyspepsia, for eighteen months. My skin was yellow, and my tongue coated. I had no appetite, suffered from Headache, was pale and emaciated. A few boxes of Ayer's Pills, taken in moderate doses, restored me to perfect health. —Waldo Miles, Oberlin, Ohio. Ayer's Pills are a superior family medicine. They strengthen and invigorate the digestive organs, create an appetite, and remove the horrible depression and despondency resulting from Liver Complaint. I have used these Pills, in my family, for years, and they never fail to give entire satisfaction. —Otto Montgomery, Oshkosh, Wis.
