GEN. SHAFTER RETURNS Commander of the Santiago Army Arrives at Montauk. HE WILL ASSUME CONTROL

A Landing Made Yesterday. The Steamer in Quarantine. Preparations Made by Gen. Wheeler to Receive the New Commander of Camp Wilkoff.

Montauk Point, L. I., Sept. 2.—General William R. Shafter arrived at Montauk yesterday on the Mexico, which sailed from Santiago on August 25. The transport was sighted about dawn. The Mexico had on board besides General Shafter, the members of his staff, including Lieutenant Colonels E. J. McClelland, B. F. Pope and George McC. Derby; Majors Robert H. Noble, John D. Miley and S. W. Grosbeck; Captains J. C. Gilmore and E. H. Plummer. As soon as General Wheeler was notified of General Shafter's arrival he at once proceeded to make arrangements to pay honor to the chief of the American army at Santiago, and ordered a salute of fifteen guns to be fired by the Hotchkiss battery, and Troops M, E, C, H and K of the Second regular cavalry were detailed to escort General Shafter into camp when he should land.

As soon as the Mexico came into Fort Pond bay and dropped anchor Dr. Magruder, the quarantine officer, put out in his boat to inspect her.

General Wheeler and staff were in full uniform to receive the commander of the Fifth army corps. The detachment of cavalry detailed as escort to General Shafter was drawn up in line at the wharf waiting for the general to land, and all the regulars and volunteers who could get away from their camps joined the crowd to give him a very cordial reception.

General Wheeler said that if Dr. Magruder did not find much sickness on the Mexico, General Shafter and staff would come ashore without delay. General Wheeler added that he was, of course, ignorant of General Shafter's plans, but he presumed that he would soon leave for Washington after he landed. In this case General Wheeler said he would probably continue in charge of Camp Wilkoff pending his return.

General Shafter and his staff were landed from the Mexico about noon. They did not wait until the Mexico came up to the dock, but were taken off in the auxiliary gunboat Aileen, which was lying in Fort Pond bay.

General Shafter and his staff were landed at the "floating dock," some distance away from the quarantine pier. General Young being at the pier at the time. The coming ashore at the float of the commander and his staff was unexpected. General Wheeler had the cavalry escort drawn up at the quarantine pier, and the Hotchkiss guns waiting to salute General Shafter. He was not aware that General Shafter was on shore until the party had been driven to the detention hospital in carriages. General Wheeler was a little put out when he learned that General Shafter had landed. General Young was the only officer who accompanied General Shafter to the detention camp.

A swarm of newspaper men and hundreds of soldiers had been awaiting the general at the detention pier. General Shafter appeared to be in good health when he came ashore. On the Mexico, besides the general and his staff, came one company of the First regular infantry. No report as to their condition has been made as yet.

General Wheeler, when informed that General Shafter was ashore, ordered the salute of fifteen guns fired, and these were sent off after General Shafter was out of hearing. It was difficult to get near General Shafter at the detention camp, but the commander of the successful Santiago campaign sent word to the correspondents that he was glad to be on American soil once more, but was sorry to learn that so many of his men had died and were still sick at Montauk.

He said, however, that had the troops remained at Santiago they would have fared much worse.

Soon to Have Trials. Norfolk, Va., Sept. 2.—The latest additions to the navy, the big battleships Kentucky and Kearsarge, now at Newport News, will very soon have their builders' trial trip. The boilers have been in place for some time, the furnaces are ready to receive fire, and the engines were put in place yesterday, being ready for a test.

The huge funnels are being constructed, and as soon as they are in place the trip will be made. That, it is now thought, will be the latter part of this month. The Illinois is to be launched early next month. The fighting turret for this vessel arrived yesterday from Bethlehem, Pa., and lies on a car in the yard waiting to be placed in position on the battleship.

Railroad Wreck. Fulton, N. Y., Sept. 2.—Train No. 5, on the New York, Ontario & Western railroad, known as the Chicago limited, was wrecked at Ingalls Crossing, four miles south of this village yesterday morning.

The wreck was doubtless due to the work of a trainman who threw the switch open at which the train was wrecked as well as two switches to the north of the wreck.

The engineer, fireman and brakeman were killed and a dozen passengers seriously injured.

Italy in Line With Car. Rome, Sept. 2.—It is reported that the ministry will accept the initiative of the czar in the matter of discussing the question of universal disarmament and that Italy will be represented in the conference by Signor Fansa, the Italian ambassador at Constantinople.

COMING BATTLE NEAR OMDURMAN. His Leaders Place Themselves at Our Disposal.

Santiago de Cuba, Sept. 1.—General Cebreco, commanding the Cuban forces at El Cobre, sent word to General Lawton to-day that Maximo Gomez, the Cuban commander-in-chief, had ordered him to place himself at the disposition of the American commander. Included in the letter of notification were warm congratulations to General Lawton upon his appointment to command the department of Santiago. General Lawton's popularity with the Cubans has made the choice of the government in selecting him for the important post he holds singularly fortunate.

General Lawton has also received letters from the Cuban leaders, Generals Lauret and Pedro Perez, in which they say they place themselves under his command pursuant to instructions from General Gomez.

General Lawton said to-day that the action of General Gomez indicates a gratifying change of policy on the part of the Cubans, who have hitherto regarded the American occupation of Santiago, without regard to their claims, with sullen disapproval.

GOMEZ PROMISES AID. Shelling the Dervish Position—A Sand Storm Interrupts the News. Cairo, Sept. 2.—The telegraph line to the front is interrupted beyond Nasri Island, owing to a sand storm. This will delay the news of the great battle that is expected to occur between the Anglo-Egyptian expedition and the Dervishes for at least a day.

The latest dispatches received described a reconnaissance of the Dervish position near Ereri by the British gunboats. The Dervishes were warlike, sounding their drums and displaying scores of banners. The gunboats shelled the position.

Although frequent glimpses of the enemy have been had during the past few days, Monday's engagement was the first time the two forces were in actual touch. The British and Egyptian cavalry repeatedly charged the Dervish horsemen, who galloped away in the brush.

Strikers Kidnap Mine Officials. Pana, Ill., Sept. 2.—A crisis has been reached in the coal strike situation, and the city is virtually under mob law.

Yesterday afternoon David J. and Louis Overholt, president and superintendent of the Springside mine, were seized on the main street of the city by a crowd of miners and forcibly dragged from their buggy.

The attack was made opposite the Hotel Pana. The Rev. Dr. Millard, a septuagenarian, and lifelong friend of the Overholts, rushed to their assistance and was beaten into insensibility with the butt end of revolvers in the hands of strikers.

He was carried into the office of Dr. Miller and his wounds dressed. His injuries are believed to be mortal.

The kidnapers took the Overholts into the Hotel Pana, where Sheriff Coburn and two deputies attempted to effect their rescue. The sheriff was quickly disarmed, beaten and kicked out of the hotel. The miners then marched south on Locust street, the principal thoroughfare of the city. Two miners, revolvers in hand, headed the procession.

Chance to Re-Enlist. Washington, Sept. 2.—In order to keep the regular army up to the maximum of 61,000 men, the war department will have recruiting officers at all stations where volunteers are mustered out, with a view of giving the men an opportunity to enlist in the regular service.

The time which they have served in the volunteer service will be allowed them as a part of the continuous service in the regular branch. It is estimated that the regular army is some four or five thousand below the maximum allowed by the bill which provided for the increase of the regular army when the war began.

Mr. and Mrs. Charles Fishbeck and children and Mr. and Mrs. Robert Baxter, of Brooklyn, have returned home from a visit at D. M. Corbett's in Re-wa-ton.

LIBERAL OFFER. Sample Bottle of Favorite Remedy Mailed Free to Sufferers.

HARPER'S WEEKLY. will be remembered for its famous "War Numbers" of the Civil War. Its value during the war with Spain will be even greater because of vastly improved facilities. History is being rapidly made. The gravest questions of our time are coming to the front, and every American should have each week an accurate, concise PICTORIAL HISTORY OF THIS WAR. from now until peace is assured. A brilliant staff of artists and correspondents are representing the WEEKLY at the front. Rufus F. Zogbaum, Carlton T. Chapman, Frederic Remington, T. de Thulstrup, W. A. Rogers, Clyde, D. V. Hunt, and others, with a large staff of photographers, are accurately portraying the movements of our army and navy and happenings at Washington and elsewhere. Among the WEEKLY'S correspondents are Frank D. Millet, John F. Bass, and O. K. Davis, in the Philippines, John Fox, Jr., with General Shafter's army, Harold Martin, at St. Thomas, and others. By subscribing now for one year, you will obtain the most important engagements.

SIFTING AND SAVING. The longer you sift the less you save. There is no economy in using a coal stove in summer, no matter how careful you are. A modern VAPOR STOVE will reduce your fuel bill, lessen your labor. You can do anything on a Vapor Stove that you can do on any other stove, and do it better. It makes no dirt, is always ready, and never over-heats the house. STOVE GASOLINE is the most economical fuel you can burn, because there is no waste to it. It is the cleanest fuel you can burn because there are no ashes. Therefore no dust or dirt. If you want to know what real comfort is, get a Vapor Stove. If your dealer does not sell Vapor Stoves and Stove Gasoline, write to the Standard Oil Company, New York City.

EVE'S RAMBLINGS
COMMENT AND GOSSIP AMONG THE WOMEN, BY ONE OF THEM.

A woman may possess wealth untold, she may have the kindest of hearts and the brightest of minds, but unless she has absolute control of her feelings there will be some time in her career as hostess that she will display annoyance or flurry, and the contagion spreading to her guests will cause an otherwise successful entertainment to die out in undisguised failure.
A model hostess must to all appearances be made all of good humor as far as disagreeable happenings are concerned.

Hospitality—that rare gem—is so often pawned by those who regard it as cheap, that after a while they fail to have it thrust upon them.
A woman's horse and a woman's dog are a part of herself and the guest who abuses one or the other will not be likely to be invited again.

The man who proposes marriage to one woman to-day and is breaking his neck to meet another tomorrow does not promise to be a model husband.

AMUSEMENTS.
Shore Acres.

Theatre-goers generally are always glad to hear of the coming of "Shore Acres." No one that has seen this charming comedy-drama, so thoroughly unconventional, so sweet and so poetic in every detail and that realizes the high moral lesson it conveys, marvels at its ever increasing popularity. Like "Rip Van Winkle" and "The Old Homestead," "Shore Acres" has become an American idyl, and its interpretation will always attract the lover of refined stage art. A fine scenic production of this beautiful play will be given at Hoyt's Theatre, to-night.
