THE MONEY ARRIVES

With Which to Pay Norwalk French Spoliation Claims.

IT IS NEARLY \$10,000.

The Lockwood and Selleck Heirs the Lucky Claimants.

Messrs. George B. St. John and Jarvis Kellogg, administrators of the estates of Eliphalet, Buckingham and William Lockwood and James and Hezekiah Selleck, have received notice that the government has sent the money on their allowed French spoliation claims.

The money came to the Central National Bank of this city in the form of a treasury certificate and amounts to nearly \$10,000.

The claim which this money is to pay is for the loss of the schooner Hannah, which was owned by the Lockwoods and Sellecks and captured by the

There are quite a number of Norwalk heirs who will come in for a portion of the money, and Messrs. St-John and Kellogg will call a meeting of all parties in interest when the award will be equitably divided among them

Why He Didn't Go.

A number of passengers on the steamer Harlem, yesterday morning, did considerable kicking because Captain Moses H. Wilson tied up at Dorlon Point dock, for an hour and did not run the boat through the fog. Captain Wilson had not run the Harlem over the course prior to yesterday, and therefore had no log to guide him, and believing the safety of his passengers of more account than a quick trip to New York wisely concluded to wait until the fog lifted. After the Captain has run the Harlem over the course several times and secures a log of her speed etc. he will carry her safely through without delay whatever kind of weather.

Grab Bag Party.

The Woman's Exchange this afternoon will hold a Grab Bag party on the lawn in front of the Central club house if clear, from 3 to 6 o'clock. If showery the party will be held in the club house. The admission is free. The party is given for the benefit of the Exchange and promises to be a most delightful affair. All the ladies should attend and those who have children should make a special effort for their sake. Aunt Melissy will be there and will sing coon songs; a gypsie will tell you your fortune; there will be grab bags in which will be pretty presents and there will be refreshments for sale.

WANTS CHILDREN BACK.

Mrs. Galvan Declares She Can Take Care of

Mrs. Frank Galvan of Bridgeport, mother of the three children who were committed to the county home in this city while suffering from whooping cough, visited the office of the county commissioners yesterday accompanied by her counsel, for the purpose of taking steps to get the children back.

Mrs. Galvan says that the reports sent out about her are all wrong. She says she is earning enough money to take care of the children and she declares that there is no good reason why they should be made wards of the

Stamford Races.

The 10-mile road race of the Stamford Wheel club, held yesterday afternoon was won by J. T. Jacobson of New Haven(2 minutes,) in 28.46. There was a field of 50 starters, but on account of the dust and the extreme heat the time was not considered exceedingly fast. Harry Way of Hartford (2.303,) took second prize; M. Fitzpatrick, Ansonia, 2.30) third prize, and J. W. Linley, Bridgeport, (3.00) fourth. The time prize was won by Arthur Ladue of Matteawan, N. Y., in 28.45.

The feature of the race was the contest between R. M. Alexander of Hartford and Stephen Ezequete of New Canaan, both scratch men, and the latter the winner in last year's race. Alexander won out by about two feet. Neither man succeeded in getting any placed on account of the handicaps.

The special prize to the Stamford rider was won by Phillip Cunren.

THEIR MONEY GONE,

Bridgeport Speculators Looking for Bucket Shop Proprietor.

SUDDENLY SKIPPED.

Took With Them all the Cash of Their Customers.

Bridgeport speculators were treated to a sensation surprise yesterday when it was noised about that the brokerage concerns, James H. Havens & Co. and Thompson & Bishop, located in the Sanford building in that city closed their doors and disappeared with all the funds of their customers.

The disappearence of Broker Thompson occasioned less surprise than that of Mr. Havens. The first is a confirmed roamer and that he spent so much time in that city caused some surprise. Mr. Havens has always been looked upon as a straightforward business man. He had a host of friends who were both surprised and aggrieved to hear of his adventure. In addition to being an active member of the Park City Yacht club, Mr. Havens moved in select society and older heads pictured prizes of any value as they were badly /a bright future for him. It is conceded that he was a keen-sighted and conservative broker. Business reverses are the evident cause for his sudden departure. Over \$5,000 of invested capital went with him.

When the doors of his office were closed Wednesday night everything was evidently all right. The same circumstances prevailed in Thompson & Bishop's office. Yesterday morning, when the regular visitors came around, both places were found closed. This was considered peculiar and inquiries were made at other bucket shops. No one seemed to understand matters. By noon there had been no change and a wild crowd of speculators searched brokers or their operators.

The amount taken by Thompson & Bishop cannot be estimated.

Havens & Co., also had an office in the bank building in this city.

REWARD FOR THE BOOKS:

Sheriff FitzRoy Offers \$100 to Secure Those Owned by the Murdered Postmaster.

Deputy Sheriff Fitz Roy of Greenwich, has offered a reward of \$100 for the return of the books belonging to the late Shadrack J. Close, the murdered Stanwich postmaster.

There may, or may not hinge imthe authorities are making every effort to secure them. 20 men have been at work in the woods and fields of Stanwich searching for them, for several been discovered.

It is proposed to look into the bottom of Putnam lake and in order to do this satisfactorily, a peculiar, reflecting contrivance has been made. Owing to the ripple on the surface of the water, it is impossible to see the bottom from the boat, but by means of a box with a looking glass placed in the proper positions, the bottom of the lake is reflected. This contrivance

will be put in use to-day. It has been thought all along that the old postmaster had no money with him except that in the tin box, and a roll of bills in his inside vest pocket. It appears, however, that money to pay taxes was given to him the day before he was murdered, and this money has not been found.

An unfortunate circumstance con nected with the case is, that owing to the arrests that were made, the people living in the vicinity are afraid to talk for fear of being locked up.

The authorities, however, are hard at work on it and will keep at it until the mystery is all cleared away. -Stamford Advocate.

portant clues in the missing books, and | After the Plunge the Body, Floated and Attracted Attention.

NEW HAVEN, June 16,-A man, who days, but so far no trace of them has has not yet been identified, dived into two feet of water at Hick's bathing house, Savin Rock, at about 6:30 o'clock last evening and was killed. An examination proved that he had struck on his head and fractured his spine.

Immediately after the man made the plunge the body floated in such a manner as to excite suspicion that he was injured or dead, in the crowd that was about Miller's pavilion close at hand, watching the bathers. Officers Butler and Orr of the West Haven police and two young men named Arthur Twitchell and William Clark went in the water and towed the body ashore. Doctors Fuller and Wilson were handy and worked nearly half an hour thinking that there might be some life in the body. When they saw life was extinct they summoned Medical Examiner Barnett. After an examination he ordered the body removed to the morgue.

The dead man is stout and of medium height and apparently about 30 years old. His face was clean shaven and he had dark hair. He left in the bath house a black diagonal coat and trousers and no vest. His hat was a dark derby. His shoes were nearly

The World's Wlieat Crop.

WASHINGTON, June 16 .- The agricultural department yesterday issued a circular giving the substance of reports received by it up to June 10 on the condition of foreign crops. It says that a British commercial estimate tentatively puts the world's wheat crop of 1899 at 2,504,-000,000 bushels, against 2,748,000,006 bushels in 1898, a reduction of 244,000,-000 bushels, or nearly 8.9 per cent. Another estimate makes a reduction of 352, 000,000 bushels.

DEATH OF RICHARD P. BLAND.

LEBANON, Mo., June 16 .- The death of Richard P. Bland, which occurred here yesterday morning at 4:30 o'clock after a long illness, removes an interesting and

prominent figure from public life. As a member of the house of representatives few exceeded Mr. Bland in length of service, and not many were more popular with his colleagues of all parties than he. His first election as a national representative was to the Forty-third congress as a Jackson Democrat. He was assigned to a minority place on the committee on revolutionary pensions and war of 1812, serving with Robert B.

Vance of North Carolina.

Mr. Bland was successively elected to the Forty-fourth, Forty-fifth, Forty-sixth, Forty-seventh, Forty-eighth, For-

ty-ninth, Fiftieth, Fifty-first, Fifty-second and Fifty-third congresses, but was defeated for election to the Fifty-fourth in 1894. In 1896, however, he was elected to the Fifty-fifth congress as a Silver Democrat, receiving 24,605 against 19,754 votes for T. D. Hubbard, the Republican candidate. During the late congress Mr. Bland held minority places on the committees on coinage, weights and measures and on expenditures for public

buildings.
In the Democratic Fifty-third congress, however, when he was at the height of his career in the house, he was chairman of the committee on coinage, weights and measures and made a conspicuous record by the coinage measures which he introduced and by the speeches which he made

in favor of them. It was in connection with these speeches that he earned the sobriquet of "Silver Dick Bland."

Mr. Bland was the son of a country minister and farmer, and was born in Ohio county, Ky., in 1835. He worked as a farm hand in youth, but went to asked long arough to obtain a tracker's school long enough to obtain a teacher's certificate. In 1855 he went to California and remained in the far west for ten years, teaching school and practicing law. In 1865 he settled in Missouri, where he

Senator Cocke Indicted. CHARLOTTE, N. C., June 16 .- The grand jury in the federal court here has returned a true bill against W. J. Cocke, state senator from Buncombe, charging him with embezzlement and misappro-priation of funds of the National Bank of Asheville while cashier of that institution. The amount alleged to have been abstracted is about \$18,000. Cocke was arrested in Asheville yesterday and gave bond in the sum of \$15,000. In a statement published yesterday afternoon in the Asheville Citizen Cocke denied that

he owes the bank a dollar. Emperor Nicholas Disappointed. LONDON, June 16.-The Odessa correspondent of The Daily News says: Emperor Nicholas, it is reported here, is much disappointed at the prospect of the outcome of the peace conference. In the opinion of his advisers no further hope need be indulged that sufficient success will be attained to warrant the reassembling of the conference. It is understood that neither Germany nor Aus-

tria would accept a second invitation." Kindling Wood Plant Burned. LOW VILLE, N. Y., June 16 .- The extensive kindling wood factory at Castor-land owned by the Standard Wood company of New York was destroyed yesterday afternoon by fire which originated in the kiln. The plant was erected five years ago and cost \$25,000. It is insured with New York agencies, but for what amount is not known. Over 100 hands

were employed.

PAYMENT PROCEEDS.

Cubans Besiege the Officials For the Gratuity.

RATIONS FOR THE WAITING ONES.

Lieutenant Colonel Bisbee Promoted and Ordered to the Philippines. Rivera Reorganizing the Civil Bodies of Havana Province.

HAVANA, June 16 .- Lieutenant Colonel William H. Bisbee of the First infantry arrived here yesterday morning from Guanajay, province of Pinar del Rio, where he has been paying the Cuban troops, to obtain more funds and to confer with Governor General Brooke regarding additional pay days there. With General Brooke's approval, Colonel Bisbee will utilize four days more at Guanajay.

The latest advices from that point regarding the friction between the troops and the alcalde say that at noon the Cubans waited upon the alcalde in a body and demanded return of the arms delivered to him. In order to prevent further trouble he began to make the return, and this operation was in prog-1-se when a dispatch was received from Ceneral Brooke announcing that the work of payment would be continued towhich soon dispersed, the men in some instances redelivering the arms to the alcalde. A short time after another dispatch was received there ordering the issue of rations to all Cuban soldiers

who were awaiting payment.
While Colonel Bisbee was here a cablegram was received announcing his promotion to the colonelcy of the Thirteenth infantry and ordering him, upon the conclusion of his present duty, to proceed immediately to the Philippines. He re-ceived the congratulations of his friends and also withdrew a pending application

for leave of absence. Five hundred Cubans with rifles in their hands have arrived from the country, under the impression that payment was about to begin again in Havana. One hundred marched to General Brooke's headquarters at El Vedado, where Major Kennon of the governor general's staff informed the leader that payment would be resumed as soon as Lieutenant Colonel Randall had returned. He advised them, however, to turn their arms over to the civil authorities, who would give receipts for the same. He also promised that rations would be issued to all until the payments were made. They were apparently satisfied and re-

General Ruis Rivera, civil governor of Havana, continues his tour of the prov ince, reorganizing the civil bodies. In corporations where there are two candidates for the mayoralty he holds elections, which thus far have proved orderly and been carried through with dispatch. Where there is only one candidate, General Rivera appoints him. This course gives universal satisfaction, and the energy and good sense displayed by the civil governor have been everywhere recognized and applauded. His reception has been enthusiastic.

Parks Found Guilty.

ALFRED, Me., June 16 .- Frank P. Parks of Kittery was found guilty of murder in the first degree in killing Mrs. Mary Tarlton of that town in the supreme court yesterday afternoon, but sentence was withheld pending decisions on points of law raised. The murder was cold blooded, and the only apparent motive was robbery. It was admitted by the defense that Parks was intoxicated at or about the time of the murder. Should the verdict stand the extreme penalty would be life imprisonment, as Maine has no capital punishment law.

Turks Attack Servian Villages.

BELGRADE June 16 - A number of Albanian bands, assisted by 2,000 Turkish regular troops, are reported to have attacked a number of Servian villages in the Jaylonitza district. It is added that during the fighting a large number of men were killed and wounded on both sides. The Turks, it is further pointed out, being in superior force, overpowered the frontier guards and now blockade three villages. A force of Servian regular troops has been dispatched to the scene of the conflict with orders to expel

Rear Admiral Schley In Baltimore.

BALTIMORE, June 16. - Rear Admiral Winfield Scott Schley is in this city as the guest of General Felix Agnus. He spent yesterday at Nacirema, the country home of the general, in the Green Spring variey. During the forencon a number of neighbors came over to greet the hero of Santiago and were cordially and informally received. A reception was tendered to the admiral and Mrs. Schley in the afternoon, to which 200 invitations were accepted.

SEABROOK, N. H., June 16 .- The selectmen are trying to locate Lincoln L. Brown, tax collector of this town, who has gone away and whose accounts the officials claim are badly mixed.

About \$1,400 is the reported shortage. The affairs of the tax collector have been under investigation several times during the past few months.

Foul Play Suspected.

TONAWANDA, N. Y., June 16 .-- The police here are investigating the death of Mary Ross, a young girl whose mangled body was found on the New York Central tracks at Maplewood on Sunday. There is a suspicion of foul play. The girl was brought here from an institution at Rochester.

PENNSYLVANIA DEMOCRATS. Two Days' Convention-Mestreza

Named For Supreme Court Judge. HARRISBURG, June 16 .- The contest before the Democratic state convention for supreme court judge ended last evening with the unamimous nomination of Judge S. L. Mestrezat of Fayette county on the twenty-eighth ballot. Charles J. Reilly of Williamsport, per-

manent chairman of the convention, was nominated by acclamation for judge of superior court, and Representative William T. Creasy of Columbia was the unanimous choice for state treasurer. After making these nominations the convention adjourned.

The convention started to ballot at 6

o'clock Wednesday evening for supreme court judge, and, after balloting until 12 o'clock, a recess was taken until 10 o'clock yesterday morning, with no signs of an election. Several ballots were taken during the morning, and then a recess was taken until 3 o'clock, when the balloting was resumed. This continued until 6 o'clock last evening, when the nomination was made.

VENEZUELAN ARBITRATION. First Formal Meeting of Commis

sioners to Be Held Today.

PARIS, June 15 .- A preliminary and informal meeting of counsel engaged in the Venezuelan arbitration took place at the ministry of foreign affairs yesterday. The meetings of the Venezuelan commission will be held in the apartment placed at the disposal of the Spanish

American peace commission. The room where the tribunal will sit is also the one used in the Bering sea arbiday in preparing it and arranging the Divisible Surplus furniture.

Yesterday morning's informal conference adopted a series of rules of procedure. Professor F. de Martens, the umpire in the dispute, who is professor of international law in the University of St. Petersburg and a permanent member of the council of the ministry for foreign affairs of Russia as well as a member of the Russian delegation at The Hague, proposed the rules, to which some amendments were made at the suggestion of other members of the tribunal. The hours of session were fixed from 11 a. m. to 4 p. m., with half an hour for lunch-eon, and it was agreed to hold five sessions weekly after Professor de Martens has finished his work at The Hague, which, he expects, will be about the end of next week. M. Martin, an official of the French foreign office, was appointed permanent secretary of the tribunal.

It is expected that the arguments will be commenced today after a brief inaugural address by Professor de Martens, Sir Richard Webster, the British attorney general, opening the case on behalf of Great Britain. A number of counsel will speak, and the order of speaking is to be left to the counsel

QUEER FLORIDA GOPHERS. Burrowing Turtles That the Natives

Eat Like Epicures Do Terrapin.

"The most interesting creature I ever saw in Florida," said a New York man who spent the winter there, "was the burrowing turtle. This turtle is peculiar to Florida, and it is an important factor in the domestic economy of the cracker population, for the Florida cracker dotes on the gopher-that's what they call this burrowing turtleand thinks it is the finest thing in the edible line that ever existed.

"Another thing that induces the gopher to dig its burrow out of the reach of water is that in those dry and sandy places the rattlesnake and various kinds of hideous-looking lizards are most plentiful, and the gopher is never happy unless its burrow is shared by a colony of either one or the other of these, if not of both. Find a gopher hole and uncover it and you will be sure to find from half a dozen to a dozen or more rattlesnakes, and maybe 15 or 20 lizards of various sizes and colors and degrees of ugliness occupying it with its proprietor. The gopher plainly loves the companionship of these deadly things, although

it is itself as meek and narmless as a

"No dweller in those parts of Florida ever goes anywhere about without a bag slung over his or her shoulder. This is to put gophers in, as some are pretty sure to be found pasturing in the wild grass patches. The moment a gopher is surprised by a person with a bag it shuts itself securely in its shell, and the cracker picks it up and tumbles it into the bag. The gopher is likewise trapped by digging a hole close to the entrance of its burrow and sinking a barrel or box into it and covering the trap with loose twigs. When the gopher comes out and starts on a foraging trip it tumbles into the trap and can't get out. What terrapin are to the high-living epicure, the gopher is to the Florida cracker."

New Precautions Against Counterfeiting Inaugurated by the Government

The art of engraving by means of photographing and kindred aids has now reached such a degree of perfection that the government has been forced to redouble its vigilance to prevent frauds in that direction, says the Philadelphia Record. An old engraver said, in

speaking of this matter:
"This exposure of the recent big counterfeiting conspiracy has worked a change already in the system by which the government has heretofore kept track of dangerous counterfeit-ing methods. Chief Wilkie, I see, says that Taylor and Bredell employed a new system in imitating the \$100 Monroe head counterfeit. He is wrong. The system has been in vogue for many years, and is common to all experts in our line. There are, no doubt, hundreds of engravers who would scorn to do a dishonest act who could make counterfeit plates far better than the ones turned out by Taylor and Bredell. As a matter of fact, the plate that was used to print the counterfeit internal revenue stamps was a very imperfect piece of work, and there are apprentices I know of who could do better. However, they are good enough to fool

the ordinary person. "In the near future the government will require all engravers and those connected with engraving establishments to register at least once a month and to present a list of the work performed by them."

NEW FORM OF KITE.

It Is Scientifically Useful and Can Be Constructed Easily by Amateurs and Boys.

Scientific kite flying has made great progress in recent years. The Youth's Companion has frequently noted the achievements at the Blue Hill observatory in Milton, Mass. Mr. G. A. Frismuth, of Philadelphia, has borrowed an idea from the balloon fly, or "telltale," used on ships to show the direction of the wind, and has constructed a kite consisting of three cones, one within the other. The mouth of each cone consists of a bamboo circle, to which

A little outer bamboo hoop shows where a The weight of the entire construction 1,000 feet registered a pull of 16 pounds. It seems to be an easy form of kite for boys and amateurs to construct.

WANTS A NEW RELIGION.

Government of Japan at Present Much Drawn to Everything English.

It has been stated on pretty good authority that the leading statesmen of Japan are thinking of making Christianity the established religion of the country, says the Evangelist. When the government of Japan was changed and the mikado assumed his kingly authority one of the first steps taken was the endowment and establishment of the Shinto religion. And Shintoism is so broad and comprehensive a belief that it has frequently allowed Christian services to be held in its temples. To the American Episcopal church Karra rarra rarrak Everybody

I know whereof I speak, for I went from active business life to the farm after I was old enough to be relieved from the duty of hard work. On the farm there are no sleepless nights nor care cumbered and anxious days. You are not compelled to be ever on the alert for fear of being overreached or outdone by some tireless competitor. While all around you are in the same business, all are your supporters in business rather than competitors. A friendly rivalry to excel exists, but none of that bitter opposition which would detract or destroy. While strife, competition, and antagonism are business in town, tranquility reigns on the farm, and I want to tell you how delightful this appears to a man after he has spent years on a rough business sea, trying to dodge the rocks and shoals, for here he finds a harbor and an anchorage strong and firm.

The news of fierce fighting in the vicinity of Cavite, in which Lawton seems to have had all he could do to escape disaster, is quite startling. General Otis, it is true, sends a reassuring dispatch, that the enemy are now scattered and in retreat and it is doubtful if they make a further stand, but they have been reported scattered before and this fresh incursion, threatening Manila itself, shows what a very unsatisfactory business it is to fight Filipinos with an inad quate force.

Otis has been trying to keep up the fighting against the more active force of the enemy and has necessarily let the southern army as much as possible alone, having too small a force to strike them vigorously. It is these that have rallied and made their surprising incursion toward Manila Bay. Though they have been driven back again, it is evident that they will not be finally defeated without a sufficient force to pursue them and to garrison the princi-

My skin was almost yellw.eyes sunken, ongue coated, pain continually in back and sides, no appetite—gradually grow, ing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bit ters;' and to my great joy and surp ise, the first bottle made a decided imp ove-ment. I continued their use for three weeks, and am now a well mat. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50 cts., guaranteed at John A. Riggs drug store, 11 Main street.

MEATS FOR OCEAN SHIPS

Ten Tons of Beef and Two of Chickens Besides Sixteen Hundred Birds.

Away down in the bottom of the ship the chief steward has a market of his own, one which he has stocked and from which he draws, thus serving in the double capacity of merchant and customer, writes Helen C. Candee, describing "Housekeeping on an Ocean Steamship" in Ladies' Home Journal. Here is an enormous refrigerator, and is presided over by a steward who is responsible for every pound of meat within it. Before the ship slips from the dock this room is stocked, for a full ship, with 20,000 pounds of beef, 2,000 pounds of veal and 3,000 pounds of mutton. From hooks along the walls and ceiling of another refrigerator hang bunches of birds, very much as dried corn and peppers hang from the rafters of old farmhouses. As many chickens as can be tied together are hung until Mrs. Thaddens Hoyt of Ox Ridge, is 4,000 pounds are stowed away. Ducks are not as popular as chickens, therefore 700 pounds only are providedabout 100 pounds' allowance for each day. Turkeys are liked, and 1,000 pounds must be provided for the demands of the cook. Pigeons, squabs and other small birds, these are reckoned in pieces, and it is calculated that the family which floats across the ocean will devour 1,600 birds.

JAPANESE ARISTOCRACY.

Territorial Lords Surrender Thei Powers to Strengthen a Central Government.

Undoubtedly the most powerful and at the same time exclusive aristocracy was that of the Daimos, or terriforial lords of Japan prior to the great social revolution of 1868. There were fewer than 300 of these great lords. Their power within their own provinces was almost absolute, and they dwed merely a nominal allegrance to the sovereign. Yet in 1869 241 out of less than 300 Daimos voluntarily surrendered their powers and their possessions into the hands, of the emperor, in order that a centralized government might conduct the affairs of the empire in a manner more in accordance with those western ideas which the nation was then making up its mind to adopt, and from this surrender the phenomenal progress of Japan as a world power undoubtedly dates. A somewhat similar case may be found in the history of Russia, when in the year 1564, the boyars, believing that the czar, Ivan IV., afterward known as the Terrible, was about to leave them to their own intrigues and domestic strifes, laid all the privileges of their order at his feet to induce him to return. It was from this act of selfabnegation that the traditional autocracy of the Russian empire practically

RIOTS IN CLEVELAND

Sixth Day of the Street Railway Strike.

NONUNION MEN SAVAGELY ATTACKED

Cars Containing Women Passengers Stoned by the Strikers-Conductor and Motorman Injured—Rioters Too Quick For the Police.

CLEVELAND, June 16 .- While the sixth day of the street railway men's strike started peaceably enough, there was serious rioting before nightfall, and three nonunion men were taken to hospitals in consequence. The trouble began shortly after noon near the Lake View car barns on Euclid avenue. A crowd gathered and attacked a car on which several nonunion men were riding with-out police protection. A volley of stones and bricks was huried at the car, and the conductor, James Murphy, who came from St. Louis, was hauled from the platform. Murphy drew a revolver and fired into the air and then took to his The mob then assaulted some of the other nonunion men on the car, injuring them quite severely, but the rioters had disappeared when the police arrived.

Soon afterward another car was at tacked, apparently by the same mob, which had collected in another place. There were several women passengers in the car, but that made no difference. Bricks and stones were hurled through the windows. The women screamed and made a rush for the doors, and all escaped injury. The conductor, Anthony Wuerst, who came from Milwaukee, did not fare so well. A brick struck him in the face, cutting a bad gash, and a stone which hit him on the head rendered him unconscious. The motorman, J. H. Fox also of Milwankee, was hit by a showe of brick and stone and was so badly hur that he had to be carried with Wuerst to the car barns. Both men were subsequently sent to a hospital.

In this case, as in the other, the mob had dispersed when the police arrived. A little later a third car was stopped by a crowd of men who had been conceal ed in bushes at the side of the street Fifteen or 20 men boarded the car, and a desperate fight ensued between them and E. W. Newman and C. W. King, the conductor and motorman, both of whom came from Buffalo. Both men were chased from the car and were beaten with clubs and kicked in a brutal manner. Newman was so badly injured that it was necessary to send him to a hospital after he had been removed to the car barns from a private residence, to which he had been assisted by a lady from the fawn where he was left bleeding and semiconscious by his assailants. mob disappeared before the police arrived, most of the rioters having ridden bicycles, which were concealed in a lot

near by. About 5 o'clock a car left the Lake View barns for town. At the corner of Anndale and Wade Park avenues it was stopped by a crowd of men, who began to hurl bricks and stones. The motorman, whose name is Schryver and who came from Cincinnati, left the car and started to run. He was hit with a brick and badly hurt, but he managed to escape and has not been seen since. J. R. Leatherwood of Cincinnati, the conductor, stuck to the car. He was finally hit in the temple with a brick and dropped to the floor of the car. The crowd then dispersed. Leatherwood finally succeeded in running the car back to the barns, when he became unconscious, and he is now in a serious condition.

The company has offered a reward of \$500 for information which will lead to the arrest of the men who attacked the

Filipinos Flee In Great Disorder Through Imus.

THE MAYOR WELCOMES AMERICANS

The Backbone of the Insurrection In Cavite Province Is Broken-The Fight at Zapote Bridge-Rebels Lose a Third of Their Army.

MANILA, June 16 .- Evidence accumulates that the demoralization of the Filipinos since the defeat of the insurgents at Zapote is widespread. Yesterday morning the mayor of Imus, carrying a gold headed cane and wearing his badge of authority, walked into Bacoor and formally surrendered his town. He was sent to General Lawton at Las

The mayor told General Lawton that the people of Imus were very glad that the Americans had come. He said that the Filipino army consisted simply of Aguinaldo's "band of cutthroats."

The mayor also told General Lawton that the insurgents passed through Imus Tuesday night in utter confusion, carry ruesday night in utter confusion, carrying with them 100 dead and 300 wounded. Thirteen of their dead were burief at Imus. The removal of the Filipino arsenal, cartridge factory and powder mill at Imus was begun on Monday, and was hardly completed when the insur-gents, 2,000 strong, retreated to Buenavista and Das Marinas. The insurgents were in such a hurry to get away from Imus that they were unable to keep watch over their Spanish prisoners, 14 of whom made their escape. The prisoners came to Bacoor yesterday morning, confirming the mayor's statement in this re-

spect.

The mayor added that the rebels were reduced to the smallest supply of ammunition. This statement, however, is surprising. Although the fire of the in-surgents at Zapote was terrific their dead had belts and cartridge boxes half filled

with ammunition.

Apparently the backbone of the insur rection in the Cavite province is broken. Yesterday morning the road was reported clear to Cavite. Inhabitants of Caviteviejo walked to Bacoor to sell supplies. The brief campaign has been more effective than ever General Lawton anticipat ed. A priest at Las Pinas told General Lawton that 4,000 rebels were defending Zapote. Each man swore upon the crucifix that he would not leave the field alive. General Lawton thinks that their defeat under such circumstances accounts for the demoralization of the rebels.

insurgents made the pluckiest stand they have made in the course of the war. The fight at Zapote bridge was terrific. The rebels had 20 foot fortifications, but our men were unprotected.

The short range made it impossible to use artillery, and the mountain guns were fired at 25 yards. The Krag-Jorgensens blew the rebels' heads to pieces like

The official report shows that 121 rebels were buried on the field right where they fell in the hardest of the fight. No search was made yesterday for our deal beyond Bacoor. Imus has not been occupied by our troops yet.

Lawton's Movement Successful.

WASHINGTON, June 16 .- The suc cess of General Lawton's troops in Cavite province has proved much greater than was at first expected. According to a dispatch from General Otis, the victory was the greatest since the beginning of the insurrection. The dispatch, dated June 15, is as follows:
"Success Lawton's troops Cavite prov-

ince greater than reported yesterday. Enemy, numbering over 4,000, lost in killed, wounded and captured more than one-third. Remainder much scattered. Have retreated south to Imus, their captured. Navy aided greatly on shore of bay, landing forces occasionally. Inhabitants in that country rejoiced at deliverance and welcome with enthusiastic demonstrations arrival of our troops. Prominent Filipino friendly to Americans assassinated at Cebu. Inhabitants that locality urgently requested American protection in stronger force. Have sent battalion Tennessee and two guns from Iloilo, which insures peace. Hughes in charge affairs in that section."

Italy Demands Satisfaction.

LONDON, June 16.—The Italian government, says the Rome correspondent of The Daily Mail, has demanded satisfaction from France for the arbitrary arrest at Nige of the Italian general Giarrest at Nige of the Italian general Giletta, taken into custedy there on a charge of espionage. General Giletta, when arrested at Nice on Monday, protested that he was there en a furlough, but the French authorities, whose agents had been watching him, asserted that he had been detected in attempts to examine the fortifications on the frontier. Upon his person over found various plans of fortifications. These, he said, were merely the drawings of a tourist and had no secret character wontever.

NEW YORK, June 10. - Leonard's alway News says today: "All the rail are between New York and Chicago, rising what was formerly know the Joint Traffic association, have desided to advance rates on pig iron, billers, etc., effective July 1 next. This decision is the result of the recent advances in the prices of iron and steel and enables the lines to place the low rates on this commodity on a basis in effect prior to the depression in the iron industry during the past few years."

Admiral Watson Assumes Command. THE C. E. CONVENTION, Extensive Preparations at Detroit

For the Coming International Meet. For the Coming International Meet.

DETROIT, June 16.—Independence day, 1899, will find Detroit arrayed in gala attire for a double purpose. Besides the usual accompaniments of the nation's birthday the streets and buildings will be gay with streamers, flags and bunting in honor of the Christian Endeavor hosts, who will be the city's guests for the week following the Fourth of July. On every hand will be seen the official '99 colors, a white and red flag with a sunburst and C. E. monogram in the center. The convention colors, red the center. The convention colors, red and white, will be profusely in evidence. At night electrical effects will contribute to the attractiveness of the scene. Electric devices of welcome will be displayed, not only from the city hall and convention headquarters, but also from the tow-ers of several churches, and all churches used for state headquarters will be decorated with the colors of the states assigned to them.

Systematic preparations for the eighteenth international convention have been in progress for six months past. The energy generated in the headquarters of the local committee has spread to all sections of the city, and through the publication of the Detroit 1899 bulletin to societies of Christian Endeavor all over America. Recent canvasses of the city have demonstrated that all the expected visitors can be cared for, and the Christian Endeavor world's membership of 3,500,000 is expected to be represented in Detroit by some 50,000 Endeavorers. Arrangements have been made to meet all incoming trains 50 miles from the city and care promptly for the arriving delegations.

Kruger Stands Firm.

PRETORIA, June 15.—The volksraad has resolved to accept President Kruger's franchise proposals and refer them to the people before putting them into operation. President Kruger, in thanking the raad, said that in these troublous times they could not know what wa going to happen. England had not made even one little concession, and he could not give more. He reminded the raad that God had always stood by them. War, he asserted, he did not want, but he would not relinquish anything more. In concluding he called them all to wit-ness that though their independence had once been removed God has restored !:

A Hair Slasher.

LYONS, N. Y., June 15.-Rothwell Richman, a barber, who is under arrest at Erie, Pa., charged with slashing a girl's hair, is believed to be the same per-son who was arrested at this place in June, 1896, for the same offense and sent to the Monroe county penitentiary for seven years. Richman comes from Newark, N. Y. In 1896 he was suspected of hair slashing in Newark, but no evidence was produced against him. During the firemen's tournament here in June, 1896, he was caught in the act of slashing the hair of three girls. He was indicted and sentenced, but has not been seen here

They have been in active demand in the markets of the world for nearly one hundred and thirty years, and have never been known to fail to do the work required of them in a safe and satisfactory manner.

No medicine is made with such infinite care as Brandreth's Pills. They are purely vegetable, and are kept for two years before being sold. The same dose always produces the same effect. Brandreth's Pills purify the blood, invigorate the digestion and cleanse the stomach and bowels. They stimulate the liver and carry off vitiated bile and other depraved secretions. They are a tonic medicine that regulate, purify and fortify the whole system. The first two or three doses (one or two taken every night) tell the story. The skin becomes clear, the eye bright, the mind active; digestion is restored, costiveness cured, the animal vigor recruited and all decay corrected.

Brandreth's Pills are sold throughout the world, both sugar-coated and plain.

OVER RIVER SCHOOL.

Elects A. E. Austin Committee-man.

NO TAX LAID.

The Treasurer Reported a Small Balance in Treasury.

The annual meeting of the Over River school district was held Wednesday evening and resulted in the selection of the following o fficers:

Member of Committee-Alfred E.

Clerk-James P. Sheehan. Collector-James K. Keena.

Treasurer--Fred S. Ambler.

Auditors-Samuel Lynes and Frank

Despite the extreme heat something over 100 voters assembled, and the meeting was not devoid of considerable

It was called to order by clerk A. E. Austin and ex-Mayor Arthur C. Wheeler was chosen moderator.

The first business transacted was the reading of the reports of the committee and the treasurer.

That of the former showed 381 children on the rolls and the average daily attendance at the school as being 326. There are 360 books in the school library. The debt of the district was reported as being \$12,250. The receipts for the past year were \$7,905 and the expenses, \$7,818.27.

The treasurer's report showed a balance of \$86.57 in the treasury.

The meeting then proceeded to the election of a committeeman for three years to succeed James W. Storey, who declined to longer serve. ,

The chair appointed Messrs. Francis Leonard, James Keena and Lester Hyatt tellers.

The only names presented in nomination were those of A. E. Austin and Henry Chasmrr both of whom had henchmen distributing printed ballots.

Before the balloting commerced ex-Burgess McMullen started in with a little speech in which he said the person selected ought be a taxpayer, and then he would have to put his hand down in his own pocket whenever-but before the speaker had finished he was

lled to order and sat down	1.
The balloting resulted as	follows:
Alfred E. Austin.	69
Henry Chasmar,	14
James W. Storey,	6
Scattering.	11

Mr. Austin was declared the choice of the meeting. After declinations on the part of

several other gentlemen, James P. Sheehan was elected cierk. F. S. Ambler was elected treasurer

by acclamation, as were Samuel Lynes and Frank I. Jones as auditors

e vote for collector was	*:

Keena's election was made unani-

Then came the all important business of laying a tax. After the Moderator had presented the matter there seemed to be a hesitancy on the part of any one present to speak on the subject.

Finally, in order to start the matter, James W. Story proposed that a tax of three mills be laid. Charles Harty moved to amend by making it one and one-half mills, and at this juncture there was a motion made to adjourn which was carried almost unanimously.

Commencement at Hillside.

The closing exercises of Mrs. M. E. Mead's school will be held on Wednesday evening, June 21, at 8 o'clock. There will be an address by the Rev. Samuel L. Beiler, Ph. D., readings by Mrs. F. W. Norris, and music by the Misses Blake. On Monday evening, June 19, there will be a pupil's musi-

A Steamboat Rumor.

A rumor has been circulating freely in Stamford of late to the effect that Consolidatad Railroad management was planning to establish a steamboat line between Stamford and New York.

A young man about fourteen years old hired a 16 foot 'skiff from Bridgetender John H. Cole. Tuesday afternoon, and said he would be back in three or four bours. He has not re turned the boat yet.

BADLY MUTILATED.

Annual Meeting Last Night A Supposed Tramp Killed by the Cars at Darien.

WOODEN LEG UNINJURED.

The Dead Man Said to Have Come From Bridgeport.

An unknown man, a tramp, who had a pipe and a dime in his pocket, and a wooden leg, fell from a freight train and was killed Tuesday noon, at a point midway between Noroton and Darien. It is presumed that the man was on the extra freight that went through at

The remains were taken to the Darien station on the 2.30 accommdation, in charge of Conductor George Stillman. They were in the baggage car and covered with green ferns pluck ed from the roadside. The unfortunate must have weighed 160 pounds. He was 5 feet 10 inches in height and about 40 years of age. He had a dark moustache and wore ar old suit. There was nothing in his pockets by which he could be identified.

One arm and one leg were cut off the wooden leg escaped injury. Deputy Coroner George Noxon, M. D. was called and examined the remains and undertaker James Birchard of Darien took charge of them. A character named DeForest, claimed to have recognized the dead man as from Bridgeport, with whom he slept in a hay mow, one night recently.

A WISE WOMAN.

Placed Bells in Cherry Tree to Protect th Fruit From Boys.

There is a wise woman living on Academy street near the Over River school. The lady in question has a tree full of delicious cherries, and as some of the scholars who attend the Over River school have a fond liking for cherries she has been greatly annoyed by the disappearance of her fruit. She has tried all kinds of persuasion with the youngsters without result, for as soon as she had disappeared into the house up the tree would swarm the little rascals. The lady has now hit upon a novel method of ascertaining when her cherries are in danger. Up among the branches she has located several bells with numerous strings running in all directions, so that when a youngster climbs the tree the bells peal forth and give her notice. It is said the boys are now looking for another tree where the housewife is not quite so cunning.

Hold Monthly Meeting.

The Norwalk Historical and Memorial Library Association met Wednesday evening in their rooms in the Lockwood building. It was voted to hold an exhibition of Norwalk pictures early in the autumn. The committee appointed to carry out this project consists of Miss Angeline Scott, Mrs. S. R. Weed, Mrs. J. L. Stevens, Rev. C.-M. Selleck, G. S. North; other's are to be added to the committee. The marking of the Ludlow farm has been postponed for a time. Resolutions were voted, on the motion of Mrs. S. R. Weed, on the death of Henry L. Hoyt a charter member of the Association. F. A. Lockwood was appointed committee on files of local newspapers. New members were elected as follows: E. L. Hoyt, Mrs. A. S. Thomas, Miss Carolyne Boerum.

Hayes-Roper.

Edward P. Hayes, an employe of the Norwalk Iron Works company and Miss Annie J. Roper were married Wednesday morning in St. Mary's Church, New Britain., Rev. J. Fitzgerald performed the ceremony. The bridesmaid was Miss Annie Cassidy, of of New Britain, and the best man, Michael J. O'Hara, of Stamford. A reception followed the ceremony at the residence of the bride in New Britain. After a short tour Mr. and Mrs. Hayes will begin housekeeping in nicely furnished apartments in South Nor-

Has Disappeared.

Benjamin Usher, married, and who until June 2, was employed nights at the Consolidated freight depot in Bridgeport, at clerical work, has disappeared, and no trace of his whereabouts can be discovered. His wife, who lives with two children at Woodmont, where he owned quite a little property, has not heard from him since the time mentioned.

Uncas Tribe, I. O. R. M. will take place next Tuesday night in the Wigwam Refreshments will be served and a social hour enjoyed after the meeting.

AFTER THE CLUBS.

Liquor Dealers' Associations Want Them to Take Out Licenses.

PENALTY FIXED AT \$50.

It Is Claimed That Clubs Have Interfered With Saloon Business.

The State Liquor Dealers' association claims that clubs have seriously interfered with the saloon business throughout the state, and have requested the legislature to remedy the injustice.

In compliance with this request the committee on temperance has reported to the House a bill that no club or society shall sell or give away to any other persons spirituous or intoxicating liquors without a license first had and obtained the same as in the case of saloons. The penalty being placed at not more than \$50.

The bill is said to have the support of the temperance people of the state. Whether the bill has much of a chance of passing is not known, but it is the unanimous report of the committee on temperance.

Should it become a law it would effect several of the well known and pupular German societies of Norwalk.

SEMI-ANNUAL MEETING.

The Y. P. S. C. E. Elect Officers and Com-

The Y. P. S. C. E. of the South Norwalk Baptist church held its semiannual meeting at the home of George Robins on Seymour avenue last night. The following officers were elected:

Podewell-Troy.

William Podewell and Miss Mamie Troy, a popular young couple of Winnipauk, were married Wednesday morning at St. Mary's parochial residence. Miss Kate O'Brien, of Glenville, a cousin of the bride, was the bridesmaid and William Wood, of Norwalk, the best man. After the ceremony Mr. and Mrs. Podewell took the 11:08 train east. They will return this evening and reside temporarily with the bride's parents. It is said that the announcement of their marriage will be somewhat of a surprise to the friends of the young couple, and to the father of the groom; but it is expected that they will be enthusiastically congratulated upon their return and also receive the parental blessing.

Adazetta, Isaac Bouton's promising rotter, formerly owned by J. E. Adams of this city, was taken to Parkway, L. I., Tuesday, and will start in the 2:25 class of the races to be held in that place this week. Adazetta, is entered in several races at meetings in New York State.

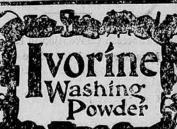

Miss Bessie Corbett entertained a party of friends at her home in Rowayon Wednesday evening. Several of the guests were from South Norwalk. There were banjo and piano selections vocal music and recitations. Refreshments were served.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is enflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Another Negro Lynched.

RALEIGH, June 16.—A special to The News and Observer from Moorehead City, N. C., says: "Wednesday night at about 11 o'clock, near the scene where E. B. Weeks was murdered last week, Lewis Patrick, colored, who had been taken from Beaufort jail the previous night, was killed. Seventy-five shots were fired, and his body was riddled with bullets. The people heard the firing, but nobody was seen. It is supposed that when the mob found on Wednesday morning that they were followed they hid Patrick on Dog island and kept him there until daylight. It is reported that to save his neck the negro implicated other parties, but the lynching party thought he was lying and gave no heed

Ninety Known Dead.

ST. PAUL, June 16 .- System has followed the state of paralysis that at first interfered with the rescue and relief work at New Richmond, and in a few days the loss of life at least will be known with reasonable accuracy. An official list of dead has been compiled by the central committee at New Richmond. There are over 90 names of known dead. There are about 40 more names of those who are reported dead, which are being investigated as rapidly as possible. The great needs were cash and labor, and both are coming in rapidly. Several hundred men will speedily overhaul all the wreckage and bring to light any more bodies of dead that may now be hidden in cellars or elsewhere,

Struck Natural Gas. WATERTOWN, N. Y., June 16. -The Standard publishes this: "Watertown is excited over the discovery of natural gas in the town of Pamelia, adjoining this city and just outside the city limits. The well is on the property of Michael Virkler of Croghan, Lewis county. He owns several building lots in the town, and on one of these a dwelling was in course of construction. Workmen were engaged in drilling for water when they struck a pocket of natural gas, which is now burning, the flame being ten feet high already and very strong.

For Transporting Spaniards.

WASHINGTON, June 16.-A representative of Ceballos & Co., the firm which contractd to carry home the Span-ish prisoners from the Philippines, had a consultation with Quartermaster General Ludington yesterday relative to pay-ment for that service. Claims amounting to about \$1,500,000 are involved. There have been taken home to Spain about 10,000 men, and others are yet to be sent from Manila as soon as their re-lease is procured from the Filipinos. No money has been paid, owing to a failure to adjust accounts. The only data the war department has is that sent by cable from Manila, and the bills of Ceballos & Co. do not agree with the cable advices of the war department. An effort will be made to have more definite information sent from Manila.

Obstruction Tactics In Spain.

MADRID, June 16.-In the chamber of deputies vesterday General Polavieja announced that the Spanish commission at Manila had gone to confer with Agui-naldo regarding the Spanish prisoners in the hands of the Filipinos. Owing to the policy of obstruction adopted by the Republicans, the minister of Finance, Senor Villaverde, has been compelled to postpone the introduction of important financial bills, and the bill approving the cession of the Caroline islands, the Ladrones and the Pelew islands to Germany is likely to be delayed.

Bogus Bonds Sold.

BOSTON, June 16.—Robert Jacobs, charged with the forgery of \$20,000 worth of state of Virginia bonds, was held in \$5,000 until June 22 for a hearing. Jacobs is charged with having obtained money by means of the bonds, which are alleged to be worthless, obtaining \$11,250 from William H. Carey of Boston on 15 bonds of the face value of \$1,000 each and \$6,000 from the First National bank of Lynn on eight bonds. The bonds sold by Jacobs are said to be part of a lot issued by the state of Virginia which were recalled. The prisoner says he was given the bonds upon the death of a relative and supposed they were genuine.

POOR HOUSE ESCAPES.

Norwalk's Town Farm Has a Thrilling Experience.

Joseph Kun, an insane Hungarian et fire to the wash house of the Norvalk almshouse on Saturday and was remated with the building.

Kun was sent to the almshouse from South Norwalk and arrived at the institution at 11 o'clock. He came with instructions from Selectman Merrill to confine him in a cell.

On his arrival he had an unlighted pipe in his mouth and Superintendent Hoyt asked him why he did not light it. Kun replied that he had no match and Mr. Hoyt turned the subject.

He was then removed to a cell in the second story of the wash house, which stands about thirty-five feet north of the almshouse, and locked in. He at once became violent and tried to break his way out, but failed.

At 1.30 o'clock Mr. Hoyt heard some children yell fire. Rushing out of the house he found the wash house in flames. He attempted to reach the cell in

which Kon was confined, but the flames drove him out. Mr. Hoyt then got out the hose and

putting a stream of water on the building, he placed another in the big almshouse and prevented that from catch-At this juncture Augustus Martin

and Jack Tierney, who were in the neighborhood, arrived on the scene and both rendered valuable assistance.

Martin took charge of the hose and soon had the flames in check but not until the wash house was practically destroyed.

The body of Kun was found on the fleor of the cell cremated, nothing but her daughter, Mrs. W. T. O'Brien of the trunk remaining his arms and legs having been burned off. It was removed to the grounds and Medical Examiner Huntington gave permission for its burial.

> It is Mr. Hoyt's theory that Kun set fire to the straw mattress in the cell, and the place being ceiled with yellow pine, the building caught fire at once and Kun was suffocated and failed to call out.

> It is said that Kun has been in the habit of building fires on the floor of his room and had made several other attempts to destroy himself, but this information was not imparted to Mr. Hoyt until after Kun's death.

Judge Curtis Renders a Decision Against Charles R. Helmer.

JUDGMENT FOR \$617.66.

The Case of the Defunct Morning Call Decided.

In the civil common pleas court on Monday a decision in the case of Charles R. Helmer and others against George Lauder was handed down by Judge Howard J. Curtis. Judgment is rendered for the defendant to recover \$617.66 on the counter claim.

Plaintiff who was the publisher of the defunct Morning Call, sued to recover \$1,300 damages for an alleged breach of contract in selling the plaintiff a printing press and the appurtenances of a printing office which were not according to contract. Plaintiff claimed that the press was not in good order, that certain parts were missing and that other parts were given that would not work. Defendant denied all the allegations in the complaint and put in a counter claim for \$750, the amount

The court does not find that the plaintiff's contentions are maintained by the evidence. On the contrary, the court finds that the plaintiff went to the office where the press, was in company with a practical printer and purchased the property with a full knowledge of its worth. The court finds further that the plaintiff failed to meet certain notes which he gave and that the defendant is entitled to recover on

NEW LICENSE LAW.

A Change to be Made on Judge Wheeler's Suggestion.

TEXT OF THE ACT.

The Anomalous Condition of Affairs to be Remedied.

The recent decision of the Supreme Court in the Malmo case, establishing the doctrine under existing law, that the County Commissioners may disregard he judgment of the Superior Court on appeals from decisions refusing to grant licenses to applicants, and the strong denunciation of the anomalous condition in which the law left the courts, is that they were powerless to enforce their legal judgments, has brought about the recommendation from the judiciary committee of the General Assembly, of the passage of a bill which provides as follows:

a decision of the county commissioners made since November 1, 1898, refusing to grant him a license to sell spirituous and intoxicating liquors has appealed, or shall hereafter appeal from such decision to the Superior Court, and said court or any judge thereof, has decided or shall decide upon the trial of said appeal that said person is a suitable person to sell or exchange such liquors, and the place named in his application is a suitable place, and has rendered or shall render judgment accordingly, a copy of said judgment shall be forthwith transmitted by the clerk of the Superior Court to which said appeal was taken to the said county commissioners and the said county commissioners shall thereupon issue a license to said appellant to sell spirituous and intoxicating liquors at said place for the remainder of the license year, and the fee to be paid therefor (except the application be for the removal of a license in which case the full fee shall bear the same proportion to the full license fee for a year as the unexpired portion of the year from the time when said license is granted bears to the full year.)

Section 2. This act shall take effect from its passage.

A DÉADLY TORNADO.

City In Wisconsin Swept Out of Existence.

HUNDREDS KILLED AND INJURED.

Substantial Brick and Stone Structures Are as Chaff Before the Furious Storm-The Search For the Bead and Missing.

NEW RICHMOND, Wis., June 14 .--Indescribably sad are the scenes of deso-lation wrought by Monday night's tornado, that has practically swept out of existence the prosperous little city of New Richmond. Out of 500 houses and store buildings comprising the town fully 300 were wrecked by the storm or destroyed by fire. Almost every family has one or more members among the dead, injured or missing, and little groups are seen everywhere searching, by the light of lanterns or torches, for loved ones who may be buried in the piles of debris on every hand. With frantic energy the search has been conducted all day, and up to 3^a o'clock last night 54 bodies had been found, although the number of dead certainly will reach 100 or more. These have, for the most part, been taken tothe Catholic and Congregational churches, which, although in the very edge of the storm's path, miraculously escapeda

In these temporary morgues the sights are such as to touch the hardest happy as the grief stricken living recognize the bodies, horribly mangled and often dis-membered, of missing dear ones. Whenever any person aggrieved by

The wounded find temporary asylums in the uninjured dwellings on either side of the path of devastation, where doztors and nurses from nearby cities and towns are doing heroic work without sleep or rest. The number injured cannot be told, but will probably reach 400. As many as possible of the injured whose chances for recovery are considered good are being sent to the hospitals at St. Paul and Minneapolis, where they will have better care.

It is the average resident of New Richmond who estimates the loss of life most seriously. They claim that hundreds are missing who were buried in the ruins and there incinerated. One such is C. A. Nelson, who owned the Columbian restaurant, located on Main street. His estimate of loss is 400 dead. He says that when the rainstorm which preceded the cyclone broke not less than 20 persons rushed into his place for shelter. He is positive that not more than four besides himself escaped. The building was a substantial frame structure.

The business portion of the city covered a space of four squares each way and was built solidly of brick and stone. This entire space was swept clear, foundation walls and in some places masses of de-bris alone marking where the business places formerly stood. Trees that had lined the streets of the neighboring resi-dence district were broken clear off or twisted and uprooted. The tornado came up the river from Hudson, where the damage was comparatively slight. Following the general course of the river and the branch of the Omaha road, the storm gained in intensity as it progressed and was at its worst when it struck the business center of New Richmond.

NEBRASKA TOWN DESTROYED. Not a House Left Standing In Her-

man-Many Killed by Tornado. OMAHA, June 14 .- The tornado that struck the village of Herman last evening wrought fearful destruction. A conductor on the evening train from Sioux City passed through the place not long after the storm, and he says not a building is left standing in town. He counted 12 dead bodies lying in the streets. The fatalities will undoubtedly run up to 100, if not higher. A special train has left Blair, the county seat, ten miles dis-tant, for the scene of the disaster, carrying surgeons and all needed supplies. Wires are all down north of Herman, and it is not known how much farther north the storm went, but reports are coming in to the effect that a large portion of the country north of Herman is laid waste. The entire eastern portion of Nebraska is being swept by a terrific rain, wind and electric storm. The streets of Omaha are flooded, and the play of the lightning is fearful.

The Gale Hits Barron.

Storm Does \$200,000 Damage. WINONA, Minn., Junt 14 .- A storm broke over this city at 5 o'clock last night and did damage estimated at more than \$200,000. The damage was done mainly by overflowing creeks, rivulets and rivers, and railroad property suf-fered most. The rain fell for more than

four hours.

Race Riots In Florida. JACKSONVILLE, Fla., June 14 .- A dispatch from Tallahassee says: "Four telegrams have been received at the executive office from the mayor of Dunnellon, a small phosphate mining town near Ocala, urgently requesting Governor Bloxham to send two companies of state troops there to suppress a race conflict.

The first outbreak occurred Sunday afternoon. Then things apparently quieted, but lawlessness was resumed yesterday morning. Governor Bloxham is absent from the capital on a short vacation in east Florida, and his private secretary has so far been unable to ascertain the cause of the trouble. No troops have yet been ordered to Dunnellon."

PHILADELPHIA, June 14.—The formation of the Federal Ink company with a capital of \$18,500,000 is nearly completed. At the present time about 95 per cent of the output is either controlled by the new organization or they have options on the plants. The financial plan is to issue \$3,500,000 preferred stock and \$15,000,000 common stock. None of the works is to be closed, but each plant in the combination will be worked only on that line for which it is considered best fitted.

BUFFALO, June 14.—A gang of be-tween 30 and 40 stevedores and freight handlers last night about 7:30 o'clock climbed aboard the whaleback Samuel Mather, which was lying at the Minnesota Iron Ore docks, and opened fire on a gang of about 50 iron ore handlers who were working in the hold of the vesset. Between 150 and 200 shots were fired. John Malyek, 30 years old, was shot in the back and is not expected to recover; Joseph Marck was shot in the shoulder, and Mike Smith received a bullet in the right shoulder. The injuries of the two latter men are not serious. Sixteen of the attacking party were arrested. The trouble, was caused by the ore handlers referring to the freight handlers as "scabs." The docks in the vicinity of the scene of the shooting are covered with policemen, and no further trouble

is anticipated. The strike on the docks has extended to the coal heavers at the Delaware and Lackawarina shoots on hundred of these men have quit work. They apparently have no grievance of their own, and it is thought they went out in sympathy with the striking freight Handlers. The housemen employed by the Anchor line also quit work last night. CAVITESWEPT CLEAN

Filipinos Driven From That Province After Hard Fight.

INSURGENTS ARE ARTFUL DODGERS

Several Thousand Warriors Escape Capture Under Cover of the Night, and Many Who Were Fighting Suddenly Become Friendly.

MANILA, June 12 .- The Filipino occupation of the province of Cavite has been broken, and as the result of the present movement the Americans now control the important coast towns of Paranaque and Las Pinas, while a long south line has been cleared.

The insurgents have again proved their facility as dodgers, between 3,000 and 4,000 warriors who seemed destined to be captured having disappeared, the majorfty sliding away under cover of the night after fighting the Americans all day. Some others came to meet our troops with protestations of friendship.

The Thirteenth infantry lost one man killed and six wounded: the Ninth infantry; one man killed and five wounded; the Fourteenth infantry, three wounded, and the First Colorado volunteer regiment, 11 wounded.

Saturday's work was the hardest our army has ever seen. The battlefield stretched out across the entire isthmus from Laguna de Bay to the harbor.

The United States monitor Monadnock and the gunboat Helena shelled Paranaque and Las Pinas all day with the full power of their batteries.

The rebel sharpshooters kept in hiding while the American lines had passed and then attempted to pot stragglers from the trees. Thanks to their poor marks-manship, this was without result.

At the outset the Colorados, the Ninth infantry and the Twenty-first infantry forced the line of insurgent trenches, wheeled to the left and drove the enemy toward the lake. During this maneuver the Filipinos, in concealed trenches on the right, opened an enfilading fire, but the brigade, partly owing to the high grass, had few hit.

The Ninth infantry crept around to the right, flanking the trenches, driving out the Filipinos and killing many of them. The Colorado regiment advanced to the

lake. Two companies encountered trenches on top of a knoll, where the Filipinos stood waist high above a trench, pouring a volley upon the advancing Americans. The Coloradoans charged and drove them out, Lieutenant Colonel Moses being wounded in the arm as he jumped into tha trench.

In the meantime General Wheaton's column advanced one and a half miles toward Paranaque, where the Americans found a strong trench on a ridge, out of which they drove the Filipinos by hard fighting.

The enemy tried to flank the dismounted troops of the Fourth cavalry, accompanying Major General Lawton, and at the same time they made their only advance, throwing a skirmish line to flank the Fourteenth infantry. But they were easily repulsed, the American artillery boming to the crest of the hill and shelling them.

About 3 o'clock in the afternoon General Wheaton's brigade, headed by General Lawton, who, in his white clothing and helmet, on a big black horse, was a shining mark for the enemy's sharpshooters, circled to the south of Las Pinas, encountering a large force of Filipinos in the shelter of the trees. General Lawton had a narrow escape. In the first volley of the enemy the horses of three of his staff officers were shot from under them. The Colorado regiment bore the brunt of this attack and dispersed the Filipinos. Lardly had they finished off that lot, when a large force appeared in the rear, which the Ninth infantry and a part of the Colorado regiment drove away. By this time nearly the whole division was

around Las Pinas. The Americans camped for the night south of the town and in the midst of a heavy rain.

al Wheaton advanced upon Las Pinas with a troop of cavalry, the Twenty-first infantry, the Colorado regiment, part of the Ninth infantry and two mountain gens, crossing two streams and entering

the town without firing a shot.

He then advanced upon Faranaque.

73 The women and children, and, for that matter, many men matter, many men, remained in the No houses were destroyed, though many were torn by the shells from the warships. Everywhere the Americans found white flags flying.

So far as can yet be ascertained the Filipino loss is about 50 killed, about 350 wounded and 20 taken prisoners. The whole country is networked with

trenches, and the enemy skurried from shelter to shelter.

THE CLEVELAND STRIKE The Street Car Company Operates

Cars With Ontside Help. CLEVELAND, June 14.-The officials of the Big Consolidated Railroad company were evidently surprised yesterday by the success which attended the effort to move their cars. While every car Monday was surrounded by a howling mob, there was no disturbance of any kind during yesterday. While this was due in part to the vigilance of the police, who prevented the assembling of crowds, it was mainly attributable to the fact that the strikers made no effort to induce nonunion men to quit. In fact, the strikers remained away from the cars, and they were operated on one line at intervals of about 30 minutes, carrying a few passengers during the latter

part of the day.

There is a feeling on the part of the members of the state board of arbitration that they can bring about a settlement of the differences in spite of the declaration of the directors of the compa ny that they would not arbitrate the main equestion at issue—the recognition of the union.

Bituminous Coal Miners Strike. ALTOONA, Pa., June 14.—Between 3,000 and 4,000 bituminous coal miners in the Clearfield region have gone out on a strike for an increase of $2\frac{1}{2}$ cents a ton in machine mining. All the mines in the region are shut down excepting those of the Berwind-White company, and the miners are making a strenuous effort to close these also. Yesterday over 500 men, headed by a band, marched to the Berwind-White works. The men who refused to quit work were hooted at and derided, but they stuck to their posts. Another effort will be made to close up the entire Clearfield region. Because of the strike the Buffalo, Rochester and Pittsburg railway has abandoned all traffic except the hauling of passenger and local freight trains. 1,000 of the railway employees are out of work.

Improvements For Philadelphia. PHILADELPHIA, June 14.-Mayor Ashbridge has authorized the placing o advertisements for sealed proposals for the purchase of \$5,600,000 of the \$11,-200,000 serial loan of the city of Philadelphia authorized by ordinance of city councils. Tae bids will be opened at the Mayor's office at noon June 26. The loan is to be placed at a rate of interest not to exceed 31/2 per cent and is to be divided into ten series of \$560,000 each. The money is to be used for the improvement of the water supply, completion of the high school, erection of school buildings, paving of the streets and repairs to high ways, equipment and building of Philadelphia museum and for other municipal improvements.

DEATH DEALING STORM.

Over Four Hundred Persons Reported Killed by a Tornado.

MINNEAPOLIS, June 13. - New Richmond, Wis., was struck late westerday afternoon by a tornado in which sev eral persons were killed and many buildings destroyed. It is impossible at this hour to get direct connection with the town.

A messenger has reached Burkhardt from New Richmond and has telegraphed to Hudson for doctors and help, saying that a large number of persons were killed and wounded.

The railroad tried to get out a special train, but was unable to do so on account of washouts.

A dispatch from Hudson says: "One of the most terrific cyclones ever witness ed in this vicinity passed through this county at 5:30 p. m. It formed in a waterspout four miles south of Hudson on Lake St. Croix. It was 20 rods wide and destroyed everything in its track." The latest reports place the number of

killed at over 400.

Heavy Storm In Wisconsin. LACROSSE, Wis., June 13.-The worst rainstorm in 17 years swept over this section Sunday night and yesterday. Nearly five inches of rain fell. It came down in sheets, doing great damage to railroad property. All railway commu-nication except on the C., B. & N. from South Dubuque and the Southern Min-ineso division of the Milwaukee line is cut off. Fifty families in North La crosse were compelled to desert their homes in boats, and the water is still rising. Much live stock was drowned. Nearly every bridge in the Lacrosse river valley is gone.

Jeffries and Sharkey Next. SAN FRANCISCO, June 13.-Tom Sharkey, the pugilist, has received the following telegram from his manager Tom O'Rourke, dated New York, June 11: "Have accepted Jeffries challenge to fight you early in September. You had better come here at once. There is nothing out there. Answer." To the above the sailor replied from Paso Robles "Am at springs, doing well, working right along. Will leave for New York in three weeks. Weather is rather warm From the above it would appear that the caustic challenge issued by fries just after his defeat of Fitzsimmons will lead to some arrangement for a battle between the aspiring sailor and the new champion. Sharkey is in good condition, and very little work is required to put him on edge for a bruising contest.

Minister Bridgeman Arrives.

NEW YORK, June 13 .- George H. Bridgeman, United States minister to Bolivia, has arrived in New York on the steamer Finance. Speaking of the revo ution which began in Bolivia about the middle of January, Mr. Bridgeman said 'Although the excuse for the revolution was supposed to be a dispute regarding the location of the seat of government it was really in the interest of Colonel Pando, the insurgent leader. The revo lution was ended early in April by a de cisive battle near Oruro, Pando with desperate courage and bold maneuvering plucking victory out of defeat.

Crops Drying Up.

MIDDLETOWN, N. Y., June 13 .-The farmers throughout this county report that their crops are dying as a result of the great drought. There has been no rainfall since April 10, when on that day there was only a slight shower. The meadows are burning up, and the crop of oats, wheat, rye and corn is withering.

Americans Say Their Scheme Will Be Presented.

PEACE CONFERENCE PAPERS STOLEN.

The German Emperor Said to Be Blocking the Work of Arbitration. Kaiser Claims It Is Contrary to His Divine Prercgative.

THE HAGUE, June 13 .- The American delegates last night issued a manifesto to the effect that, although the English proposals have been used as the basis of the arbitration discussion, this does not mean the abandonment of the American plan, which will be presented by the comite de redaction, with their own draft, to the plenary sitting of the third commission and judged on its merits with the rest.

The discussion as to furnishing the newspapers with abstracts of the proceedings developed a remarkable scene M. Beernaert, head of the Belgian delegation, on rising to speak, addressed M. de Staal and in the most pointed manner said that publicity might as well be granted, as certain documents had been published in the newspapers.

"Some of these documents," he said, looking M. de Staal full in the face, were stolen, I have heard, from M. de Staal, but I cannot believe this, feeling sure that the visitors to the Ouddoelen hotel are all far too honest to stoop to theft." M. de Staal received these remarks in silence.

Germany's opposition to arbitration is practically certain to make the peace conference abortive unless there is a quick change of front on the part of the kaiser's delegates.

Just before Embassador White left Berlin for the conference, according to a number of delegates, the kaiser said to

"I cannot accept the principle of arbitration. It is contrary to my divine pre-rogative."

The German delegates have fought shy

of the question thus far in the committee discussions.

America, England and Russia are a unit for the plan before the conference, and an effort is to be made to secure a test vote soon.

The fate of the congress is believed to hang on this question. M. Maartens has gone to Paris to attend the Venezuelan arbitration case.

The English and the American dele gates attended church together Sunday in the English church, The bishop of Hereford preached on the text, "Blessed are the peacemakers."

Achmed Riza Bey, the leader of the

young Turkish party, has arrived here to plead with the delegates the cause of liberty and equal rights for all parts and parties of the Ottoman empire The conference has decided to accede

to Count Munster's request to give the

press daily short bulletins of the proceedings. The committee on the Brussels convention yesterday discussed the clauses upon contributions of supplies furnished in

kind and adjourned until Saturday. Reciprocity With France.

WASHINGTON, June 13.-With the conclusion of the negotiations for a Franco-American reciprocity treaty the French embassador, M. Cambon, will go abroad for the summer. This is likely to renew speculation as to M. Cambon's transfer to one of the embassies of Enrope, although the trip will be made with the expectation of returning in the autumn and continuing in his post as embassador here. The French officials are hopeful that the reciprority negotiations will result in a treaty at an early date and that M. Cambon's term in Washington thus will be rounded out by a series of notable services-viz, the French reciprocity arrangement concluded about a year ago, the intermediary in restoring peace between the United States and Spain and finally a reciprocity treaty supplementing and extending the former

Our Export Trade.

WASHINGTON, June 13. - The monthly statement of the exports of domestic products of the United States shows that during May, 1899, the exports were as follows: Breadstuffs \$19, 638,313, decrease about \$18,500,000 as compared with May, 1898; cattle and hogs \$2,883,745, increase about \$245,000; provisions \$13,000,076, decrease, \$2,474, 500; cotton \$9,610,617, decrease \$2,500, 000; mineral oils \$5,212,928, increase \$641,000; total, \$50,345,679 as against \$73,122,571 for May, 1898. For the 11 months of the present fiscal year the exports amounted to \$667,869,281 as against \$747,565,807 for the corresponding period last year.

Plumbers' Strike Settled.

ROCHESTER, June 13 .- The strike of the journeymen plumbers which has been in progress in this city for the past two weeks has been settled, and the men returned to their respective shops. cause of the disagreement was the wish of the journeymen to work eight hours a day and receive pay for nine hours work. Their wishes have been granted.

A DISTINCTION RARELY BESTOWED.

Church May Contest the Placing of Cemeteries Under Civil Control. Lee Divides His Forces and Occupies Strategie Point.

HAVANA, June 13 .- The municipality of Havana has presented to General Maximo Gomez a certificate naming him as an adopted son of the city. In a short letter he thanks the givers for the honor conferred and says that nothing could touch him more than this illustration of the friendship of the people of Cuba, who can always depend upon his loyalty. The ceremony is regarded as a high

honor, which has only been bestowed up-on such men as Marti, the elder Ces-pedes, Calixto Garcia and Antonio Maceo. Gomez, in receiving the distinction, is the choice of the principal cities of the island, all of which have named streets after him. The action is generally approved, except by those who habitually oppose him. They say it is merely flattering a man who is close to the Americans.

The bishop of Havana, Mgr. Santander

y Frutos, called upon Governor General Brooke to advise him as to the attitude the church would take regarding the cemeteries which have been placed under municipal control. He said the ecclesi-astical authorities would reserve their right to bring civil actions later, when the passions and ill feeling now existing shall have died out. General Brooke replied that he was confident all the legal rights represented by the bishop would be fully protected, as it was not the desire of either Cubans or Americans to interfere with vested rights. He assured him also that if under the order issued April 12 any injustice had been done the remedy would certainly follow, but thathealth conditions must be supreme, no matter who owned the cemeteries.

Major General Lee, military governor of the provinces of Havana and Pinar del Rio, has decided, owing to the present uneasiness, to place a portion of the forces under his command at Santiago de las Vegas, where there are excellent barracks. It is the best strategic position in the province owing to the three lines of railways which join there.

Lieutenant Colonel Randall, continuing the disbursement of the American gratuity to the Cuban troops, paid off 219 at La Union yesterday, and Lieutenant Colonel Rafferty has paid off 246 at

Sagua la Grande.
Colonel Moale of the Fifteenth infantry arrived yesterday from Puerto Principe to confer with General Brooke regarding the payment of insurgents in that province. He will return thither shortly on board the Burnside. The principal difficulty is the lack of paymasters, and probably payment in Puerto Principe will not be begun until after Colonel Randall completes his work, when Paymaster Moses will be available. Colonel

Moale does not expect any difficulty there, as the money is badly needed. The Buffalo Strike.

BUFFALO, June 13. — Yesterday morning the freight handlers (housemen) at the New York Central, Lehigh Valley, Wabash and Great Northern docks did not report for duty in obedience to the adopted at Sunday's meeting to strike in sympathy with the men already out at the Erie and Lackawanna docks. At the Anchor line docks 60 union men reported for work, but found ten nonunion men there. They refused to work with them, and the nonunion men were sent away. The union men then went to work. At the Lehigh docks a few men were at work. The outside men have been forced into idleness by the strike of the housemen, and consequently there is very little work being done at the freight docks. The present strike is op-

posed by many labor leaders.

Shipbuilders Win Their Fight. BALTIMORE, June 13.—The Columbia Iron works, the last of the firms to stand out against the striking shipbuilders, acceded to the demands of their men yesterday, and they returned to work today. It is understood that the men were granted a nine hour day, three-quarters of an hour for dinner and will be allowed to stop work at 4 o'clock on Saturdays. The Reeder and Clark companies gave into the men on Saturday, and the men went back to work. The action of the Columbia company ends the strike, which was begun June 1 and was a very quiet one, not a single case of disturbance being recorded. There were about

1,000 men in the strike. Barrow Trial Postponed.

NEW YORK, June 13 .- The trial of George Barrow, the leader of the kid-napers of Marion Clark, will not go on tomorrow, as word was received at the district attorney's office that the child, who is suffering from the measles, would not be able to appear in court. The case will probably be transferred from the supreme court to the court of general sessions, and Barrow may be placed on trial before Judge Cowing next week. No fears are entertained for the recovery of the child.

Lake Shore Superintendent.

CLEVELAND, June 13.-President Newman of the Lake Shore railroad has announced the appointment of W. H. Marshall, formerly of the Northwestern, to be superintendent of motive power of the Lake Shore, vice G. W. Stevens, resigned. Mr. Marshall will also have charge of the car repairs.

Supreme Lodge of A. O. U. W.

INDIANAPOLIS, June 13.-Three hundred delegates have come to attend the annuel meeting of the supreme lodge of the Ancient Order of United Workmen. They represent a membership of 366,000, scattered all over the United States and Canada. The meeting will continue about ten days.

President of Canadian Pacific. MONTREAL, June 13 .- T. G. Shaughnessy was yesterday elected president of the Canadian Pacific railway, vice Sir William Van Horne, resigned. Horne becomes adviser to the board of directors, a position similar to that held Chauncey M. Depew of the New York Central.

Captain Dies at Sea.

ST. JOHN'S, N. F., June 13.-Captain Forth of the British steamer Dahomey, which arrived here yesterday from Liverpool, died during the voyage and was buried at sea on Friday last.

A GREAT MAN HUNT

Wyoming Express Robbers to Be Hunted to the Death.

"HOLE IN THE WALL" TO BE TAKEN.

The State and Express Companies Have Offered \$3,000 Each For the Outlaws, and a Band of Frontiersmen Will Pursue Them.

CASPER, Wy., June 12.—The "Hole In the Wall," for years a refuge for outlaws, promises to be cleansed of its desperate inhabitants. The daring robber band which looted the Union Pacific express at Rock Creek recently and escaped to the fastness of their dens in the 'Hole In the Wall" in spite of the fact that they were closely pursued over plain and mountain are to be systematically hunted to their death. To this purpose the several railroad managers with interests in this state are organizing posses, and the outlaws will be given no rest. It is expected 200 men will be engaged in the big man hunt.

The state and the express and railroad companies have offered an aggregate of \$3,000 each for the heads of the members of the band. In addition to this head money, in the event of success the men who are arranging for this chase will be armed and fed by the corporations and big cattle companies of this section during the time they are engaged. Thus they are enabled to enlist a typical band of riders, and every man of them a dead shot. Many of them are cowboys, others are old frontiersmen who have fought Indians in the same territory over which they will now pursue the bandits, and still others are the trained detectives the big corporations. The various bands of man hunters will be accompanied by Indian trailers, bloodhounds and pack trains. The men are all to be sworn in as deputy sheriffs and will be in charge of the officers of the several counties in northwestern Wyoming.

A gorge so narrow that two horses cannot walk abreast is the only gateway into the "hole." There are paths over the granite wall for men, but not for beasts. Leading in from Montana, there are two or three obscure routes that eventually enable one to reach the rendezvous of the outlaws, but they are known to but few trailers and Indian fighters. The man hunters in this case, however, who have been hired for an indefinite period, will travel the known trails, and the end of the outlaw reign in the "Hole In the Wall" country is believed to be near.

The six road agents who looted the Union Pacific express box will not oppose this small army of the allies alone. estimated that at least 50 men on whose heads there are prices set and who are wanted in many states are to be found hiding there. Some of them are following the peaceful pursuits of farmers and ranchers and only seek to hide their identity. Many of these men are convicted criminals, and some of them are under sentence of death. It is commonly stated that Bob Taylor, the condemned Missouri murderer, is living there, herding cattle for another murderer, George Balke, who killed his wife at Cheyenne.

Slaughtering Patriots. PHILADELPHIA, June 12.-At the forty-seventh annual meeting of Progressive Friends at Kennett square Wil-

liam Lloyd Garrison bitterly attacked the American policy in the Philippines. His address was on "Imperialism and Betrayal of the Democracy. Mr. Garrison said in part: "A government founded on the principle of the right of the people to choose their rulers

is engaged in the effort to deprive a distant and alien nation of the same right. With opulent professions of love of liberty, it declares that the only possible terms with the Filipinos is absolute subjection. For this end it is taking the same attitude and using the same excuses might has always employed in a contest with right."

After quoting Abraham Lincoln as saying, "No man is good enough to govern another man without the other's consent, but when he governs himself and also governs another that is more than self government-that is despotism," Mr. Garrison continued:

"From Aguinaldo, the enlightened and heroic leader of the Filipinos, comes this responsive utterance, written at Cavite, 1898, at the headquarters of Admiral Dewey:

"'I proclaim in the face of the whole world that the aspirations of my whole life and the final object of all my desires and efforts is no other thing than your independence, as independence means for us the redemption from slavery and tyranny, the reconquest of our lost liberty and our entry into the concert of the civilized nations.

"Little could he have dreamed when he penned those inspiring words that the countrymen of Abraham Lincoln were to outdo in savagery the vanishing Spaniards and to make the name of America even more accursed by his hunted and

butchered compatriots.

"To Aguinaldo, fighting in the same cause for which John Brown died, sustained by the same hopes and aspirations, our sympathies are due, as were the sympathies of all lovers of liberty to John Brown.

"We are a great assassin nation, and the blood of patriots stains our hands. Helpless, as in a nightmare, we cry out in agony, and Christian ears are deaf. In hyprocritically professing to democratize the possessions of Spain we imperialized ourselves."

To Unite England and Ireland. LONDON. June 13 .- At a largely attended meeting of peers, commoners, engineers and others held last evening in the house of commons a resolution was adopted to address a petition to the first lord of the treasury, Mr. Arthur J. Balfour, relative to the projected tunnel between Ireland and England. The Marquis of Londonderry, who presided, read letters from Lord Rosebery, Field Marshal Lord Garnet Wolseley, Lord Charles Beresford and others favoring the scheme on the ground that it would not only unite England and Ireland more closely, but tend to bring the United States and the United Kingdom into more intimate accord. The proposed route is a distance of 25 miles, under 80

William Lloyd Garrison Says We Are. OVATION FOR LOUBET

President of France Has Satisfaction For Recent Outrage.

THOUSANDS OF SOLDIERS ON GUARD.

Revisionists and Socialists Lined the Way From the Elysee to Longchamps - Drowned Discordant Cries When Loubet Appeared.

PARIS, June 12.-President Loubet has had his revanche for last Sunday's outrage at Auteuil. When he drove to Longchamps yesterday to attend the Grand Prix, he was the hero of a great popular demonstration, expressing itself in one form or another along the whole route from the Elysee palace to the race course.

He remained only a quarter of an hour, just long enough to witness the race, and, having congratulated the owner of winner, returned to the Elysee, where he arrived at 4 o'clock without special incident.

The Revisionists and Socialist organs summoned their readers to assemble along the thoroughfares to be traversed by the president and his party, and from the hour of noon thousands of demonstrators set out from Montmartre, Belleville and other working class quarters in big organized bands, all wearing a small artificial red flower in the buttonhole, and marched across Paris, taking up positions along the Avenue des Cha Elysees and the Avenue du Bois de Bou-

They gave M. Loubet a tremendous ovation, confining their cries almost en-tirely to "Vive Loubet" and "Vive la re-publique!" The president did not hear a discordant cry, although there were one or two scuffles before and after he passed between the police and an occasional hot headed anti-Dreyfusard who tried to shout "A bas Loubet!" and was immediately pounced upon by a swarm of po-

Although the visit passed off quietly, the government was prepared for every eventuality, the whole district between the Elvsee and Longchamps literally teeming with troops and police. A policeman was stationed at every dozen yards along the whole route, and there were squadrons of dragoons armed with lances and mounted republican guards at all important points, while through the green foliage of the Bois; on each side of the avenue, could be seen heavy masses of red and blue, denoting the presence of

detachments awaiting orders.

Longchamps resembled a military Battalions of infantry, squadrons of dragoons and republican guards were distributed all around the course. It is estimated that there were 15,000 soldiers

and police under arms. M. Loubet practically drove through a double edge of steel. A line of infantry even stood around the race course be tween the public and the course, on which no one was allowed to walk between the while several republican guards patrolled the course itself.

On arriving at the race course the president drove through the paddock to the presidential box. Municipal guards and

police lined the path across the paddock.
Drums beat and trumpets blared when M. Loubet appeared in the front of the box, and a scene of intense enthusiasm followed, lasting several minutes, with an uproar of shouts of "Vive Loubet!" and "Vive la republique!" which settled finally into a monotozous chant.

M: Loubet and his party were so completely surrounded by guards and police that it would have been impossible for any one to get within ten yards of the steps of the box.

Immense Mica Venture.

COLORADO SPRINGS, June 12 .-The St. Anthony Crystal Mica company of Colorado Springs, composed of Bonanza King W. S. Stratton, who recently sold his famous Independence mine the Venture company of London for \$10,000,000; W. H. Colburn and other capitalists, have obtained a corner on New Mexico's mica deposits. New Mexico has been thoroughly explored by experts in the interests of the company and options extended on every prospect.

Not a Pauper After All.

POUGHKEEPSIE, June 12.-Alexander DeWitt, a familiar figure on the streets of Poughkeepsie, who died a few days ago at the advanced age of 92 years, instead of being comparatively poor, as all his relatives and friends thought, was a wealthy man. Forty thousand dollars of the best securities that money can buy have been found in his effects, some of them with coupons attached from the date of their purchase.

Cable Steamer Arrives.

NEW YORK, June 12.-The British steamer Britannia, Captain Woodcock, has arrived from Faval, from which port she sailed on May 14. The Britannia has been employed taking soundings of the ocean between Faval and Sandy Hook for a projected cable which will probably soon be laid for a German syndicate.

FLASHLIGHT EXPLOSION.

One Killed, Seven Injured, at the Launching of the Columbia. BRISTOL, R. I., June 12.-A revised

list of the casualties resulting from the explosion of the flashlight apparatus at the launching of the Columbia late Saturday night shows that several more were injured than at first reported.

The list is as follows: Napoleon Sans Souci, 10 years old, dead; Emilie Siddall, 11 years, both legs lacerated and large wound in his back, condition very serious; George Balfour, 10 years, severe scalp wound; Luke Callan, 8 years, piece blown from one leg, blood poisoning feared, taken to Rhode Island General hospital; George Belmore, 12 years, scalp wound; John Welch, ear split and side of face cut; Isadore Shermika, badly lacerated wound on the knee; John O'Neil, lacerated wounds on left leg.

From a partial examination made it is telieved that a large three sided tin reflector used by the photographers was blown to atoms by the explosion, as pieces of tin have been taken from many of the wounds and other pieces were found imedded in the woodwork near the scene of the accident.

Dr. Williams, the medical examiner, has written to Attorney General Turner asking whether or not he shall order an autopsy on the body of the Sans Souci boy. If he does, the case will be put in the hands of Coroner Spooner for an ia-

Mediation Not Unlikely.

BERLIN, June 12.-The London correspondent of the Frankfurter Zeitung says: "The idea of having the United States mediate between Great Britain and the South African Republic is being favorably discussed in all quietness in important commercial circles here. It is pointed out that at present no power stands so close to Great Britain as the United States, while at the same time the fact that the republican form of government prevails in the United States would make Washington's mediation especially acceptable to the Boers. It is also thought that the prominent social and political position occupied by the descendants of the old Knickerbocker Dutch in the east of the Union would be regarded by the Boers as a factor recommending to them the friendly intervention of the United States as an ar-

Child Smothered by Dying Aunt. WILMINGTON, June 12.-Mrs. Rebecca G. Vandegrift, aged 73 years, living near Middletown, was stricken with apoplexy late last night and fell to the floor. She regained sufficient strength to climb on the bed, and just as her form covered that of 4-year-old Ruth Woods, a grandniece, Mrs. Vandegrift died. The child was in such a position that she could not extricate herself, and she was smothered to death. The bodies were found by Mr. Woods when he returned home at midnight.

COLORED TROOPS FOR MANILA Two Regiments Likely to Be Added

to General Otis' Command.

WASHINGTON, June 13 .- The war department has under consideration an order sending the Twenty-fourth and Twenty-fifth infantry to Manila to re-enforce General Otis. The order has not yet been issued, but arrangements for relieving these regiments are being considered, and it is quite probable that it will be completed in a few days.

Both are colored regiments and saw service in Guba. It is believed the man will be able to withstand the climate of the Philippines better than the other At present these regiments are somewhat scattered. Four companies of the Twenty-fourth are at the Fresidio, California, and the stations of the other companies are two at Fort D. A. Russell, one each at Fort Douglass, Vancouver, Fort Harrison, Alcatraz island, Assinaboine, Dyea and Spokane. these companies were called into service under General Merriam to suppress the riots in Idaho. Five companies of the Twenty-fifth are at Fort Logan, Colo., and the others are one each at Fort Bliss, Apache, San Carlos, McIntosh, Wingate, Bayard, Sam Houston and Huachuca.

Owing to possible troubles with the Indians, if these posts are left entirely without garrisons, other troops, no doubt, will be sent to occupy most of them. Officials of the department are considering what troops are available for this purpose. Some of the posts are now occupied by a troop of cavalry, and possibly that will suffice. Some troops in the departments of the East and the Gulf are said to be available for relief of the western posts by the Twenty-fourth Twenty-fifth regiments. The sending of the regiments is part of the plan to give General Otis 30,000 men.

A Bride Deserted.

BOSTON, June 13.—A case of apparent desertion and robbery, of which Mrs. Amelia Carter of New York, a Swedish girl and but three days a bride, was the victim, has been reported to the police here. According to the woman's story, Henry Carter, who claimed to be a reporter for a New York newspaper, married her last Wednesday evening at Gustavus Adolphus church, New York. A man who claimed to be a friend of Carter told the bride that it was customary for a wife to give her husband all herproperty, so the next day she took from the bank \$300 which she had saved while working as a domestic and gave it to Carter. She also had decided to transfer \$1,000 which is in a bank in Sweden toher husband, but had not taken the final step. The couple came to Boston Thursday, and on Saturday, after Carter had obtained the woman's watch and some other jewelry, he disappeared, and the woman was left to look out for herself.

Statements Regarding The Hague Conference Denied.

AMERICAN COMMITTEE STATES FACTS

Reported Hostility of Germany to Arbitration and Abandonment of the American Plan of Arbitration Are Baseless Falsehoods.

THE HAGUE, June 14.-In view of the statement published in the United States that Mr. Frederick Holls of the American delegation to the peace conference had cabled to the state department Washington that Germany was opposed to arbitration in principle it may be well to state that Mr. Holls yesterday declared there was absolutely no foundation for such a statement. said that, as a matter of fact, he had not sent the state department a message of any kind since his arrival here and that the cable message forwarded by the delegation had not contained the least justification for the statement published.

"There is no doubt," said Mr. Holls, "that the Germans, in this respect resembling the French and some other Eu-ropean nations, are not as enthusiastic in support of the arbitration principle as are others which should take the lead in the matter, but the German delegates are co-operating loyally in framing the ar-bitration schedule, and nothing has occurred which would justify the publication of any statement as to German hostility to arbitration.

"There is another story which is quite as false and which in the United States may be even more mischievous. I mean the absurd story that we have abandoned the American plan for a permanent arbitration board. The delegation, therefore, has prepared the following state-

'In view of the misleading statements published in America regarding the course of the drafting committee of the arbitration committee and the exact position of the American proposals you may say that the American plan for a permanent tribunal, which has been correctly set forth in the American papers, has been referred with other similar plans to the drafting committee. This committee will report to the full commission on arbitration the exact text of the American proposals as submitted and also the exact text of all other proposals submitted as the drafting committee shall provisionally recommend. The commission on arbitration and afterward the conference will then finally pass on the various projects. The fact that in the drafting committee the English proposals have been used as the basis of discussion does not indicate in the least the abandonment of any other plans. It is not expected that the drafting committee will be ready to report to the commission on arbitration for a week or ten days, and all statements regarding its work or attitude are mere surmises.

British delegation, last evening emphatically confirmed the accuracy of the statement of Mr. Holls. The subcommittee of the Red Cross section met yesterday, Professor Asser

Sir Julian Pauncefote, head of the

of the Dutch delegation presiding, to hear the report of Professor Louis Renault of the French delegation on the extension of the Geneva convention to naval warfare.

The report, in the unanimous opinion of the delegates, is a masterly piece of work. All the essential principles of the original scheme as embodied in the report were agreed to, although several amendments as to details were submit-

Stewart Property Claims Dismissed. NEW YORK, June 14.-Alexander Stewart, who claims to be one of the heirs to the property of Alexander T. Stewart, the dry goods millionaire, and Mary Agnes Carroll, his niece and another claimant to the estate, had their claims dismissed by Justice Scott in the supreme court yesterday. In his decision Judge Scott said, "Upon the case as presented I cannot escape the conclusion that this is a baseless action, begun in the hope that the defendants may find it cheaper to buy off the plaintiffs than to test the action."

General Lawton's Troops Encounter Sharp Resistance.

AMERICAN LOSS REPORTED AS SIXTY

Our Forces Attacked by Hidden Filipinos and Forced to Retire Until Re-enforcements Arrive-The Death of General Luna.

MANILA, June 14.-General Lawton unexpectedly stirred up one of the liv2-liest engagements of the war south of Las Pinas yesterday morning, upon which occasion American field guns were engaged in the first artillery duel against a Filipino battery concealed in the jun-

Companies F and I of the Twenty-first infantry were nearly surrounded by a large body of insurgents, but the Americans cut their way out with heavy loss. The United States turret ship Monadnock and the gunboats Helena and Zafiro

trained their batteries on Bacoor and the rebel trenches near Las Pinas all the Bacoor was once on fire, but the natives stopped the spread of the flames.

During the night an insurgent cannon

was fired three times at the Americans

on the outskirts at Las Pinas. General Lawton in the morning took a battalion of the Fourteenth regiment and two companies of the Twenty-first regiment to locate the rebel battery and then two guns of the Sixth artillery and four mountain guns were planted against it at 600 yards distance.

The rebels had a large gun, from which they were firing homemade canister load-

They also had two smaller guns. Their shooting was most accurate. The first lot of canister Forst directly

in front of Scott's guns, and another shattered the legs of a private in the Fourteenth infantry. Several shots struck the edge of the town.

The country traversed was as bad as it is possible to imagine, being mainly lagoons, mud and water fringed with bam-

As soon as the fighting opened the Americans were attacked by hidden riflemen on all sides, even the amigos, or "friendly natives," in the houses of the town, shooting at them. Two companies of the Twenty-first reg-

iment, skirmishing along the beach, with amigo guides, found apparently a handful of rebels, who retreated. The men of the Twenty-first followe!, and suddenly the rebels opened a terrific

fire on the troops from the sides and rear.

The soldiers withdrew to the water's edge, finding what shelter they could, and were picked off rapidly. After their ammunition was nearly exhausted the

two companies retreated, but General Lawton dashed down and rallied the A little group made a desperate stand. General Lawton, Major Starr and Lieutenants Donovan and Connelly taking rifles from the wounded men and firing at the enemy, the general officers bring-

ing down some of the rebel sharpshooters from a tree. Finally their cartridges were all gone, and they were forced to break through the enemy's flank, carrying the wounded

to the main body of the troops.

Lieutenant Donovan, whose leg was broken, floundered for a mile through a bog, leading his men in the face of a

greatly superior force. General Lawton ceased fighting until re-enforcements could be brought up. Two battalions of the Fourteenth regiment and one battalion of the Ninth regiment were hurried to the front, and in the afternoon the battle was resumed.

General Lawton called out the whole force of 3,000 men, and at 5 o'clock he was only able to push the insurgents back 500 yards to the Zapote river, where they are intrenched.

The insurgents resisted desperately and aggressively. They attempted to turn the left flank of the American

The American loss is conservatively estimated at 60.

The India Riots.

BOMBAY, June 14.-The riots which broke out last week in the Tinnevelly district of the Madras presidency be-tween the Maravars and Kullars on the one hand and the Shamuri on the other are assuming alarming proportions. They have already spread over an area of 100 square miles. Several more large villages have been burned almost under the eyes of the troops who were summoned from Trichinopoly. The soldiers scarcely succeeded in saving the lives of the villagers. The risings and burnings continue.

Naval Movements.

WASHINGTON, June 14 .- The Peoria has gone out of commission at Boston. The Marblehead has sailed from Montevideo for Sandy Point and Valparaiso. Ine Detroit sailed from Key West for Fort Monroe yesterday. The torpedo boat Talbot sailed from Annapolis for Norfolk under convoy of the Standish The Piscataqua and the Potomac sailed from Brooklyn, towing the floating drydock intended to be installed at Key West.

Collision Off Long Branch. NEW YORK, June 14.—The Old Do-minion steamship Hamilton, which sailed from New York yesterday, bound to Norfolk and Newport News, ran into the German steamship Macedonia off Long Branch, and it is supposed that the Macedonia subsequently sunk. Three passengers and 19 of the crew were saved and brought to this port. A dense fog prevailed over the lower bay and

along the coast. Reciprocity For Bermuda.

WASHINGTON. June 14 .- Mr. Tow er, the British charge d'affaires, has been authorized to begin negotiations for a reciprocity treaty for Bermuda. This makes four negotiations in progress and covers all the British West Indies except the Windward and Leeward islands. Conmissioner Kasson has begun work on schedules in earnest with the British and colonial representatives and with the French officials.

CUBANS VISIT M'KINLEY. 'hey Urge Modifications In the Debt Paying Decrees.

WASHINGTON, June 14.- The prestfent was called on yesterday by a delezation of prominent Cubans sepresenting the business and property interests of Havana, Matanzas, Cardenas, Cienfuetos and other leading places of who are here to urge modifications in the decrees extending the time for paying debts in Cuba. They were accompanied by Acting Secretary Meiklejohn, who has special charge of these matters and with whom the proposed modifications had been discussed in detail. The party included Messrs. Fiedelo G. G. Pierra, chairman: Ignacio Remierz, Emilio del Junco and Pedro Galbis. Chairman Pierra is an authority on economic affairs in the island. Mr. Galbis is a son of the president of the Spanish bank and is the attorney for the bishopric of Havana. Messrs. Remirez and Junco are prominent Havana lawyers with large real es-

tate and sugar properties.

The president assured the delegation of his desire not to have the business of the island complicated or embarrassed by the machinery of administration. The committee were well pleased with the resuit of their visit, and, having submitted their case, they left here for New York to await the decision of the authorities.

A member of the delegation stated that t represented some \$30,000,000 of invested capital, real estate, sugar plantations, etc., in and about Havana, including the very extensive holdings of the bishopric of Havana, amounting to about

ANGLO-TRANSVAAL OUESTION Arms and Ammunition Being Dis

tributed Among the Boers. LONDON, June 14 .- In the house of ommons last evening Mr. Joseph Chamberlain, secretary of state for the colonies, admitted, in reply to questions, that Transvaal government was distributing arms and ammunition among the Boers in the British colony of Natal and arming its own subjects against Great Britain.

In reply to a question by Mr. Henry Labouchere, Liberal, member for Northampton, as to whether President Kruer's request for arbitration by other than foreign powers on all points of future difference had been refused by Sir Alfred Milner at the Bloemfontein conference, Mr. Chamberlain said the Britsh high commissioner for South Africa had been somewhat misreported. Sir Alfred Milner had distinctly refused to arbitrate all questions, but had said there might be some susceptible of settlement in that way, though not by a foreign

Mr. Chamberlain then asserted that since the Bloemfontein conference Mr. Kruger had submitted a proposal con templating that the president of the ar bitration board should be a foreigner.

A Destructive Drought.

BOSTON, June 14.-Reports received from various sections of New England indicate that the present drought is general and destructive. The financial loss to farmers will be excessive, for practically the hay crop in southern New England is a failure in quality and amount, and market gardening in districts adjacent to the larger cities has not yielded paying returns. In northern New England the conditions are vastly better than in Massachusetts, Rhode Island and Connecticut; but, strange to say, the entire coast line is suffering from dryness, while the interior states get a little moisture. On Cape Cod no rain has fallen for 84 days, and excepting a couple of showers not sufficient rain has fallen at any point between Norwich, Conn., and Bangor, Me., during the past month to be measured.

CONDENSED DISPATCHES. The racing season was opened at Ascot

in the presence of many royalties. Dr. Lawson Tait, the pioneer of abdominal surgery, died in London in his hity-fifth year.

The Italian general Gillette de St. Joseph was arrested at Nice, France, accused of being a spy.

Baron Christiani, the assailant of President Loubet, was sentenced at Paris to four years' imprisonment. The chamber of indictments at Paris

decided that there was no case against Lieutenant Colonel Picquart. It was reported that Japan had decided to give back to China all the warships captured during the late war.

tolen Diamond Found In Liverpool NEW YORK, June 14.-Nearly all the jewels, valued at over \$8,000, which were stolen a few weeks ago from the safe at the house of Lawyer Thomas E. Stillman at 95 Joralemon street, Brooklyn, have been recovered. A cable message from the chief of police at Liverpool was received yesterday announcing that the pear shaped giamond, valued at \$4,200 had been found in a pawnshop in that city, where it was pledged for £15.

No More Lounging at Beachside.

For a number of years cyclists have enjoyed lounging in the grove in front of the Beachside Inn at Greens Farms. The spot is probably one of the most charming along the Sound shore. The Inn is on the shore road between Fairfield and Westport, on high ground, almost a bluff, which is covered with trees. The new manager of the inn, Ray Chapman, has consulted with the selectmen regarding the stopping of the wheelmen in front of the inn, with the result that no more loitering is allowed. A constable was on the grounds Sunday, and refused to allow the cyclists o alight from their wheels.

Manager Chapman says that the wheelmen are objected to by his guests, to whose comfort he must be attentive before that of the general public. He a blue and white gown, a pattern of says the grove is private property, belonging to the hotel, and used by his guests as part of the hotel grounds. He adds that the order to wheelmen is not a matter of choice with him, and that besides, many of the wheelmen abused their privileges.

Launch of the Latonia.

The schooner Latonia, built by Lawley of Boston for Dr. H. C. Eno, a member of the Norwalk Yacht club, was launched on Monday. She was designed by C. H. Crane. The dimensions of the boat are: 97 feet over all, 69 feet 6 inches on the water line, 19 feet 6 inches beam and 8 feet 6 inches draught. She is of composite build and her topsides are of mahogany. Below decks she will be finished in white and mahogany. Just aft of the main companionway is a large stateroom with double berths. Forward of this on the starboard side is a small room, and on the port side is a chart room. Forward of these is the main saloon, extending the full width of the boat. Forward of the saloon are large and small staterooms and two berths on the starboard side, and on the port side one stateroom pantry, ice-chest and kitchen.

Captain Charles Day left for Boston on Saturday, and will select a crew and sail the Latonia to Dr. Eno's home in Saugatuck.

The marriage banns of Joseph Garrigin and Miss Whalen, both of South Norwalk were called in St. Joseph's church, for the first time Sunday.

BLUE AND WHITE DOTTED BATISTE GOWN FROM HARPER'S BAZAR

Blue and White Dotted Batiste Gown. Among the most beautiful of summer fabrics is batiste, which this year emulates silk in its variety of pretty color combinations. A very pretty treatment of this material is shown in which accompanies the current number of the Bazar where the design originally appeared. The outer bodice is in three parts, a plain French back, shield front, and the left side front. over which the shield laps. The gown may be made upon a blue lawn or taffeta foundation. The patterns for yoke and high collar are part of the present costume. The front of the batiste waist is slightly gathered at the shoulders, the fullness being drawn in at the waist on each side of the center front, and the fastening is concealed between the gathers at the shoulder and waist line. The sleeves are tight fitting, with flaring cuffs and epaulettes. The foundation skirt is of
