From the report and a very pleasant entertainment is prom- of the secretary we perceive that the association is in a prosperous condition. The increase of membership has been quite marked. and the character of the increase is such as to add to the stability and usefulness of the association. The number of members in class 1,011, and the total membership of the and temperance advocates should encourage association 3,380, a gain of 448 members the use of Port Grape and thus aid the since the last annual report. The mortality cause of temperance and moderation. It is record for the year shows benefits paid amounting to \$24,000 in the first class, and 2,500 in the second class, a total of \$96.500. Of this \$16,500 were paid by assessments. and \$10,000 from surplus funds. There were sixteen deaths in all, five of them being in the second as well as the first class.

The financial statement shows the total receipts to have been \$27,741.41, the disbursements \$28,340.06, and \$9,407.86 on hand, of which \$8,000 are in a permanent fund, and \$1,407.36 is a surplus due second class, of the disbursements \$1,200 was for secretary's salary, and \$649.06 for minor

The report of the grand secretary was refeerred to the committee on the state of the order without being read.

The officers for the ensuing year are as follows: Thomas Sterling, G. M. of No. 41; Geo. N. Moses, D. G. M. of No. 5; F. Botsford, G. Sec. of No. 36; James E. Bidwell, G. Treas, of No. 12; E. J. Hill, G. W. of No. 10; W. W. Lee, Rep. to the G. L. U. S. of No. 87. There was an unusually large attendance of members and a large amount of business transacted. The session continued till late at night. The next annual session will be held in Middletown, on the third Wednesday in May, 1879. Our Brothers Lodge, No. 10, Norwalk is

epresented in the Grand Lodge by P. G. E. J. Hill, who was elected Grand Warden. Dime Concert.

The second dime concert at the Frst Methedist Church, under the direction of Mr. S. Ratch, was better than the first, which was considered so fine, and the attendance was larger, taxing the audience room of the church to its fallest capacity. The programme, which we published last week, was made un of a different class of music than that of the first concert, and was well rendered by the performers and delightedly at which time a full attendance is earnestly received by the audience. Previous to the commencement of the pro-

stration of the approval of the efforts of the performers might be allowed, he could see no objection to it, only requesting that phosition comes from Stephen Olmstead, This was the proper thing to do, and the different performances were consequently enthusiastically applauded as they deserved o be. The opening piece, the "Soldiers Chorus," from Guonod's "Faust" was well rendered by a chorus of sixteen voices, conisting of Misses Ida Fox, Allice Sellick, Anna Nickerson, M. Couch, M. Platt, Georgie Bodwell, Lizzie Pierce, Mrs. R. Raymond, and Messrs, A. Thompson, H. P. Price, E. Hill, G. W. Slausen, L. J. Blake, Thomas Pennell, Benj. This same chorus sang well in Pinsuti's "Good sentiment and music both being affecting. Of this chorus it is no flattery to say that it amateur singers that would excel them. flate were artistic, and one of the greatest thus iastically encored at each performance programmo piece was a polka, op. 201, composed by W. Popp, and dedicated to Mr. Eben. For encore he repeated a part of this selection. Miss Kate E. Davis of Middletown was honored with a double encore, to the first of which she sang Rubinstein's Thou'rt Like Unto a Flower." In the second part she sang by request the anthem from Messiah, "I Know That My Redeemer Liveth " instead of "Bird of Love," and for encore Millard's "When the Tide Comes In."

This lady has a sweet, powerful, and highly cultivated voice, which captivates its hearers Mrs. R. Raymond in Millard's "Waiting, sang as sweetly as ever, and Mr. Pennell's violin accompaniment was a novelty that pleased. Mrs. R. has a voice of remarkable sweetness and compass, and in the high notes musical qualities are a marvel. The male quartette "When Evening's Twilight," by Messrs, Hill Price, Nash and Pennell, was good but altogether too short. The mixed quartette "What Phrase Sad and Soft," by Mrs. Raymond, Miss Platt; and Messrs. Hill and Nash, concludes the list of performances, but though mentioned last was in no sense the least in the programme. This quartette is well known to the attendants of

stands confessedly at the head of the American railways. The track is double the entire length of the line, of steel rails laid on heavy oak ties, which are embedded in a foundation of rock ballast eighteen inches in depth. All bridges are of iron or stone, and built the most approved plans. Its passenger cars, while eminently safe and substantial, are at the same time models of comfort and elegance.

The Safety Appliances in use on this line well illustrate the far seeing and liberal policy of its management, in accordance with which the utility only of an improvement and not its cost has been the question of consideration.

from internal ulceration, and Uterine disease, Syphilitic and Mercurial diseases, Dropsy. Dyspepsia, Emaciation, General Debility, and for Purifying the This Sarsaparilla is a combination of vegetable alteratives — Stillingia, Mandrake, Yellow Dock - with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known the diseases it is intended to cure.

Its ingredients are so skilfully com bined, that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience of its usefulness.

of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convineing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known, that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.
