## Junior Class Elects Sherman and Cheska

Mickey Sherman of SAE and Tom Cheska of Sigma Chi were elected Vice-President and Treasurer of the Class of 1968 at Thursday's meeting of the Class Council.

The meeting was delayed for almost a half hour while the of-

Mickey Sherman

ficers waited for the necessary quorum of 65 to be obtained. In all, over 70 persons were present.

Sherman easily overcame three opponents in the Vice-Presidential balloting. He garnered 34 first-ballot votes to defeat Steve Levinson, Scott Cowen, and Jim Palley. Cheska defeated opponents Jim Palley and Barry Kingsbury.

In other business, President Donna Gilmore discussed pro-

jects in which the class is involved--the course critique, the Shakespeare trip to Stratford, the Arrowsmith lecture, and other projects.

Barry Kingsbury explained the efforts that were being made to prepare a course critique. About 300 courses had been selected, he said, on the basis of the generality of their appeal to the students. The only major problem now delaying the project, he said, is the need to have a budget approved.

The Stratford trip will be held on Friday May 5, Miss Gilmore announced. Tickets will go on sale on April 27 and will be sold until

Tom Cheska

May 4 or until all 40 are sold. The cost will be \$4.65 per ticket. See page six

## James Farmer on "New Mood"

James Farmer, former head of the Congress of Racial Equality, described the "New Mood of the Blacks" here Saturday.

Speaking to the local chapter of the Organization of Afro-American Students at Von der Mehden Saturday morning, Farmer expressed a great desire for Negroes to identify themselves, with pride, as Negroes.

Negroes who graduate college, he said, should not forget their less fortunate brothers; rather they should help them gain pride, as an equal people.

"Equal people", Farmer said, meant neither inferior to the white race, as Negroes have been treated in the past, nor superior to it, as some radical Negro leaders believe.

Talking on the same subject,

Dr. Gloria Joseph of the Cornell University School of Education said increasing numbers of Negroes are now attending schools of higher education. OASS chapters, she said, need to better organize themselves to utilize their fullest potential.

Farmer's lecture will be broadcast on WHUS AM and FM next Sunday, April 30 at 10:15 p.m., while an interview with Farmer by WHUS newsmen Bill Palmer was taped and will be heard Monday, May 8 at 9:25p.m.

## Campus Community Carnival

# \$10,000 Goal Set

Today, Alpha Phi Omega service fraternity will sponsor the Nineteenth Annual Community Chest Carnival, "CCC in Gay Paris." This year's goal is \$10,000; all profits will go to charities through out the state.

### HOUSE CAMPAIGNS

Extensive campaigns have been conducted by each house on campus to raise money for CCC. A new high of over \$2000 was achieved this year in house campaigns. Towers 4D collected a new high for an individual house with \$810. Projects conducted during the campaign included such things as go-go dancing, waitressing, making beds, shining shoes, ironing shirts, and cannister collections.

### FRESHMAN FRUSTRATION

Freshman Frustration was an effort by the class of 1970 to raise money through events such as "Throw a pie at your favorite senator", a kissing booth, and a fortune-telling booth. It was similar to a small-scale CCC midway.

### WHUS MARATHON

The Sixteenth Annual WHUS Marathon is being held from Sunday, April 23, 2 p.m., to Wednesday, April 26, 12 midnight--8 hours of constant music. Operation of the turntables will take place in the radio studios only,

over both AM and FM. Sisters of Gamma Sigma Sigma, a service sorority, and brothers of Alpha Phi Omega, will take phoned or in person requests and dedications at booths set up in the Student Union lobby. Students may pome in dedications to their sweethearts, or have their favorite songs played for a minimum of 25¢. The greater the donation, the sooner the requested song will be played. The numbers to call are the following: 429-4726, 429-1602, Ext. 380, and Ext. 670. The goal of the Marathon is \$3000. WHUS executives hope this sum will be exceeded.

### PARADE

The CCC Parade consists of twenty floats, including the Queen's Float, eighteen House Floats, the NEITT Float, Honor Cars, and the E.O. Smith Marching Band. The Queen's Float, designed by Alpha Gamma Rho, consists of a French sidewalk cafe scene, with the Queen on an upper level, and her court on the lower level sitting at round cafe tables. Janet Robinson, CCC Queen and "TEP Does" Queen, is Miss University of Connecticut. She was judged on the basis of poise, personality, appearance, and general beauty, and crowned by Dr. Robert Miller, Assistant Dean of Men, on Tues-

day evening, April 18. Other judges included Miss Jacqueline Seide, assistant dean of women; Dr. Donald J. Hempel, of the Marketing department, and Mrs. Hempel; Mr. Milton Wroblewski, student organizations accountant, and Mrs. Wroblewski. The Queen's court consists of Martha Bell, Diane Bylo, Pat Clay, Sally Morse, Betsy O'Neill, Sharon Putney, Paula Roberts and Carol Vekione. The Queen will be crowned by President Babbidge at the Midway at 11 p.m.

House Floats are built to the specification by the individual dormitories at a cost of \$20 entrance fee for the regular float, and \$10 fee for the mini float. Special areas have been designated for the building of floats in Towers, the Fraternity Quadrangle, and West Campus. The judging of floats will take place at Shippee Hall on Route 195. Float judges include a disc jockey from radio station WPOP; Miss Barbara Stevens of the political science department; Mr. William S. Yost, School of Business; and Miss Josephine Dolan, School of Nursing.

The floats will leave their construction areas on Monday afternoon, and gather on Hillside Avenue, to proceed by Westwood Avenue, to proceed by Westwood Avenue, to proceed by Westwood Avenue. See page three

## Bus Hearing In Hartford

Regular bus service between UConn and New Haven, Bridgeport and Stamford is the object of a Connecticut Public Utilities Commission hearing scheduled for this Friday, April 28, in Hartford.

Students are asked to testify at the Friday morning hearing. Petitioning the PUC for the new route is the Arrow Bus Line of East Hartford.

Free transportation from the Student Union to Hartford and back will be provided any students interested in testifying. If the hearing lasts beyond the lunch hour, lunch will be provided by the bus line.

## Hefner's Playboy Ethics 'Line' Topic Today

A brief look at Hugh Hefner and his "Playboy Philosophy" will occur at noon today on the closed-circuit television program Direct Line.

The guest on today's program is Evan Hill, professor and head of the UConn department of journalism. Hill, while rewriting the biography of Hugh Hefner, lived for several weeks in the Playboy mansion in Chicago as a guest of the Playboy editor.

The program is aired over Channel 6 in the lounge of the Student Union.

Hill will be interviewed by a panel of students including Rick

Aronovitz, Paul Loeffler, Jack Lund and host Roger Burke.

Commenting on the program, host Burke said that he hopes several Playboy bunnies will be flying in from Chicago for the occasion, but said the possibility is unlikely since they don't even know he exists.

## Sprague Student Room Destroyed By Sunday Fire

A fire of yet undetermined origin gutted a third-floor Sprague Hall room early yesterday afternoon, entirely destroying the room and personal property of UConn graduate student Pat Kalisz.

Six fire engines from UConn, Eagleville, Mansfield and Willimantic were on the scene after Sheryl Greenbaum, a Sprague undergraduate, turned in the first

alarm to the UConn fire department at 2:58 p.m.

No injuries were reported. There has been no estimate of damage yet. Besides the one room completely wiped out, smoke damage extended to three other rooms, while soot damaged about 15 of the third floor rooms.

Although cause of the fire is yet undetermined, witnesses at the scene suggested either a hair

dryer had exploded or a light had short-circuited. The fire began with papers on the desk and had extensively damaged the room by the time firemen had arrived.

Fire-fighters pitched books, papers, personal belongings and the bureau out the third floor window in an effort to control the blaze, but only a small amount of the belongings in the Sprague room--353--were salvaged.

## Lip Service

Reprinted from the UMass 'Mass Media'

In the absence of an ideal communications system, and a comprehensive guidance program, many UMB students are confused about requirements, University policies, and especially developmental plans. Some of the "student elite" have engaged in "cafeteria criticism" of alleged faculty conspiracies, all of which are founded on irresponsible hearsay.

Sensing the need for direct answers to many questions, Paul Gagnon has provided some of his valuable time to conduct a Deans Forum. The critics, however, have failed to yield their valuable "spiel" time to question Gagnon on pertinent issues and clearing up the gossip. Student Councillors, club members and ill-informed loud mouths have been conspicuously absent.

Little time goes by without hearing a student or a student leader express his concern over the lack of substantiated information with which to deal with growing student problems. They give lip service to their profound interest in the University. They fly into delusions of persecution when faculty action preceeds students knowledge. They don't give up an hour of their time to become informed: not better informed, but informed.

A faculty leader, much less a student leader, will not continually yield valuable time to a small group of students asking the same questions week after week. Gagnon has repeatedly offered to bring any additional faculty member with him for student "grilling." Many students must realize this is too good an offer to be overlooked.

Gagnon is obviously implying that the Faculty has nothing to hide and are willing to bring all issues into open discussion. He has thrown in the gauntlet. Are we capable of picking it up?

## A fact of life

Reprinted from the University of Maryland's 'Diamondback'

The slogan Student Power, not unlike that of Black Power, is more often than not, confusing and vague. As with the term Black Power, Student Power lends itself to many interpretations --as it should. And as Black Power, Student Power sometimes arouses the ire--but mostly the fear--of those who are affected by it.

But as ambiguous as it may appear, the concept of Student Power operates within some sort of guidelines. Most of all Student Power is a flexing of the muscles. . . muscles that have far too long gone unused which must and which will be activated.

Student Power is also student government in action, but relieved of the petty politics and self-seeking prestige. Without the prettiness, student government can be Student Power and it can become instrumental in making meaningful decisions concerning the future of the University.

Student Power is students sitting on Faculty-Senate committees, which in turn place all students in that realm of faculty-administration policy formulation.

Student Power is being treated not only as Americans, but as citizens of the world. . . the world in which students are expected to lead.

Student Power does entail a definite responsibility in the decision making processes of the University.

And with the talk of Student Power, student rights and student participation in University affairs, the concept of in loco parentis has no place whatsoever.

The so-called guardians of the University must emphatically be told that Student Power is itself a fact of life.

## UT Educates Typical Students?

Reprinted from the University of Texas 'Daily Beacon'

"The students at UT seem well-fed, intellectually dormant, and content to argue about more liberal dormitory hours for coeds and Greeks vs. nonfraternity men, rather than about what is happening in the world around them. They complain occasionally that they don't have enough personal contact with their professors, but when their professors offer extra hours for closer coordination, the students don't show up. Recently a coed attended an informal gathering at an art instructor's home and was fined by her sorority for not going instead to a fraternity mixer.

Although TV, radio and the press repeatedly mentioned the changes in the draft system proposed by President Johnson, the majority of UT students were unaware that anything had been said which might affect them. The changes included drafting 19-year-olds, chosen by lottery, ahead of older men, and abolishing deferments for fathers, men in essential occupations and graduate students (except medical, dental and divinity students). On the question of ending student (2-S) deferments for undergraduates, the President reserved decision, inviting "public discussion" of this "deeply important issue." Yet, even after the recommendations were

published in the campus newspaper, students remained seemingly unmoved.

One exception summed up his fellow students as follows: "They're not interested in anything until it involves them directly. Professors can barely force a student to read a textbook he's going to be tested on, much less get him to read a magazine or a newspaper."

The students are distressingly complacent, disturbingly apathetic, appallingly predictable. Perhaps all the attention paid to the small active minority at Berkeley and universities in the East has given a distorted picture of what the students of today are like. Perhaps today's typical student is what one sees at UT."

Good description of our University? Well, we didn't write it. The above material was taken from an article about Colorado State University in Fort Collins, Colo, in the New York Times Magazine. Only we substituted the UTs for the CSUs which appeared in the original. Unfortunately, the resemblance between the schools was too striking to pass up without commenting on it.

## Probation: Punitive, Not Preventive

Six UT social fraternities were put on academic probation as a result of last quarter's grade averages. Since then one group has been taken off probation and others are being reconsidered. However, the problem of academic or, in reality, social probation remains.

Academic probation results when a fraternity's average falls below the all undergraduate men's grade point average for two consecutive quarters. Groups under academic probation are restricted by the ruling that during this period, no more than ten members of the organization may have dates at one gathering and the group cannot participate in major campus activities, according to the bylaws of the Interfraternity Council constitution.

Of the five fraternities on probation at this time, four had planned a spring formal. In one case, the cancellation of plans means excessive financial loss to the fraternity which had invited speakers, signed contracts for a place and a band, had invitations and menus printed, and had ordered favors. All four who hold spring formals added that they had to gamble about planning the events because they didn't know whether or not they would be on probation until grades came out after winter quarter. If they made plans early they might have to cancel and if they waited, and were not on probation it would be difficult to make all the arrangements in time.

Another fault of the ruling is how the

GPA of the fraternity is computed. As one president pointed out, scholarship lists for each group cannot be changed after the University drop date for courses. This means that the GPAs of men who are de-pledged or for other reasons leave school, and thus are not participants in the fraternity for the quarter are still computed in the groups' averages.

Also, any ten members of a fraternity who have dates can gather at sorority formals, Nahheeyayli concerts, or at a local movie without planning to, and thus violate that portion of the probation ruling.

One important aspect of a fraternity, as several presidents emphasized, is the social side, and when on probation, the group must sacrifice in that area. Probation they believe, as do we, is not a preventive but rather punitive measure.

We question the restriction's validity of purpose. An evaluation should be made of academic and social probationary rules, and perhaps new and better means of preventing scholastic trouble determined.

Fraternities, just like all organizations on this campus are regulated by rules concerning social events. Pages 70 through 73 of the student handbook outline the rules. The groups' rights clearly are infringed by the restrictions in many areas and in the present case, fraternities are just an example of the strict way all organizations are governed.

## What do you think of the jungle?

STACEY LEVER, McMahon. "I think it's a bad idea having all freshmen boys live there. It is old and it's facilities aren't good. It's a nice place to visit but I wouldn't want to live there."

JERRY GORMLEY, Parker House. "It depends on the house you're in. If you're with a good bunch of guys you have a good time."

STU LEVINE, Baldwin Hall. "It's ok. The R.A.'s could be more lenient, but it's a fun place to live."

MIKE SPIER, Putnam. "It should have been replaced 15 years ago before it was built. I'm estatically happy I'm getting out of this place."

BARB GORDINSKY, Hollister A. "I think that if the guys that lived there had more contact with upperclassmen, they'd be more active socially and academically."

### CCC...

From page one

Circle to South Eagleville Road for the start of the Parade. Marshalls will guide the floats, set up the parade, give floats final instructions before the Parade begins, keep the floats together, and control the traffic. The Parade begins at 5 p.m. From South Eagleville Road, the Parade, led by the Honor cars and the Queen's Float, and followed by the House Floats, the NEITT Float, and the E.O. Smith Marching Band, will proceed along Route 195 for judging at Shippee Hall. After judging, the Parade will continue along 195 to the Congregational Church, then along North Eagleville Road to the Fraternity Quadrangle. At the corner of Hillside Road, all will proceed to the Field House except the House Floats, which will proceed to the incinerator for destruction. The parade will be filmed by the University T.V. Center and distributed to television stations in the area.

The following people will occupy the Honor cars leading the Parade:

Car # 1 -- Eric Stone, Executive Chairman of CCC.

Car # 2 -- Jonathan, UConn mascot, Douglas B. Joyner, president of Alpha Phi Omega, and Diane Konlor, chairman of the CCC Marathon.

Car # 3 -- Dr. Robert Miller, advisor for CCC, Dr. Dorothy Goodwin, advisor for CCC, Mr. Philip Barry, advisor for CCC, and Louise Queal, executive secretary for CCC.

Car # 4 -- Jean Randall, president of Gamma Sigma Sigma, Matthew Stackpole, president of ASG, Jane Moon, his date, and Scott Fraser, Vice-president of ASG.

#### MIDWAY

The CCC Midway, consisting of fifteen single booths and an

equal number of doubles, will open on Monday evening at 7 p.m., and will close at 11 p.m. A pentagonal cotton candy booth will be run by Fifth Floor Brien McMahon Hall North, and concessions will be run by the Food Technology Club. Two people are allowed in each booth free to man the booth. Extra personnel must pay. Booths will be judged, and prizes for best men's, best women's, most lucrative, best double, and many others will be awarded. Judges are Dr. John Buck, of bacteriology department; Dr. Charles Boer, English department; and Mr. Joseph T. Ford, marketing department.

#### FOLK CONCERT

The CCC Charity Folk Concert will be held Tuesday, April 25, at 8 p.m. in Von der Mehden Recital Hall. Organized by Miss Judy Ayer, the concert will feature various folk forms such as country and western, blues, bluegrass, and others. Talent from the Storrs area, New York and Boston will highlight this exciting concert.

Tickets at one dollar per person will be sold at the door.

The final event of the Campus Community Carnival this year will be the NEITT, The Third Annual Northeastern Invitational Turtle Tournament. The tourney, sponsored by Seventh Floor Brien McMahon, will be held Wednesday, April 26, 3-5:30 p.m. Students need pay only 10¢ admission to see over one hundred turtles representing dozens of schools along the East Coast racing for trophies. Entrance fee to race a turtle is five dollars. The Tournament will be televised to branches in Hartford, Waterbury, Stamford, and Torrington via UConn's closed circuit television.

GOAL

The goal, for the 1967 CCC IS \$10,000. This goal can be achieved only if support is maintained. To help the cause, the AWS is sponsoring a "Penny-Late Night" for CCC. The penalty will be one cent for every minute a girl is late between midnight and 1 a.m. All girls, therefore, are urged to stay out until one o'clock Monday evening, and spend 60¢ for CCC.

### Our Apologies

A photo of Malcolm Keers mistakenly appeared on page one of Friday's CDC over the name John Nirenberg. Nirenberg, chosen Senator of the week last week, is pictured above.

1. Jane, marry me and everything you've ever dreamed of will be yours.

Tell me.

2. Vacations on the Cote d'Azur!

Uh huh.

3. Penthouse in town!

Go on.

4. Charge accounts everywhere!

Yes.

5. Oversize closets!

Right.

6. And to top it all off, I'll take out a terrific Living Insurance policy from Equitable that will guarantee you and our kids a lifetime of wonderful security.

I knew you had an ace up your sleeve, you naughty boy.

For information about Living Insurance, see The Man from Equitable. For career opportunities at Equitable, see your Placement Officer, or write: Patrick Scollard, Manpower Development Division.

Car # 2 -- Jonathan, UConn mascot, Douglas B. Joyner, president of Alpha Phi Omega, and Diane Konlor, chairman of the CCC Marathon.

Car # 3 -- Dr. Robert Miller, advisor for CCC, Dr. Dorothy Goodwin, advisor for CCC, Mr. Philip Barry, advisor for CCC, and Louise Queal, executive secretary for CCC.

Car # 4 -- Jean Randall, president of Gamma Sigma Sigma, Matthew Stackpole, president of ASG, Jane Moon, his date, and Scott Fraser, Vice-president of ASG.

#### MIDWAY

The CCC Midway, consisting of fifteen single booths and an

equal number of doubles, will open on Monday evening at 7 p.m., and will close at 11 p.m. A pentagonal cotton candy booth will be run by Fifth Floor Brien McMahon Hall North, and concessions will be run by the Food Technology Club. Two people are allowed in each booth free to man the booth. Extra personnel must pay. Booths will be judged, and prizes for best men's, best women's, most lucrative, best double, and many others will be awarded. Judges are Dr. John Buck, of bacteriology department; Dr. Charles Boer, English department; and Mr. Joseph T. Ford, marketing department.

#### FOLK CONCERT

The CCC Charity Folk Concert will be held Tuesday, April 25, at 8 p.m. in Von der Mehden Recital Hall. Organized by Miss Judy Ayer, the concert will feature various folk forms such as country and western, blues, bluegrass, and others. Talent from the Storrs area, New York and Boston will highlight this exciting concert.

Tickets at one dollar per person will be sold at the door.

The final event of the Campus Community Carnival this year will be the NEITT, The Third Annual Northeastern Invitational Turtle Tournament. The tourney, sponsored by Seventh Floor Brien McMahon, will be held Wednesday, April 26, 3-5:30 p.m. Students need pay only 10¢ admission to see over one hundred turtles representing dozens of schools along the East Coast racing for trophies. Entrance fee to race a turtle is five dollars. The Tournament will be televised to branches in Hartford, Waterbury, Stamford, and Torrington via UConn's closed circuit television.

#### GOAL

The goal, for the 1967 CCC IS \$10,000. This goal can be achieved only if support is maintained. To help the cause, the AWS is sponsoring a "Penny-Late Night" for CCC. The penalty will be one cent for every minute a girl is late between midnight and 1 a.m. All girls, therefore, are urged to stay out until one o'clock Monday evening, and spend 60¢ for CCC.

### Our Apologies

A photo of Malcolm Keers mistakenly appeared on page one of Friday's CDC over the name John Nirenberg. Nirenberg, chosen Senator of the week last week, is pictured above.

1. Jane, marry me and everything you've ever dreamed of will be yours.

Tell me.

2. Vacations on the Cote d'Azur!

Uh huh.

3. Penthouse in town!

Go on.

4. Charge accounts everywhere!

Yes.

5. Oversize closets!

Right.

6. And to top it all off, I'll take out a terrific Living Insurance policy from Equitable that will guarantee you and our kids a lifetime of wonderful security.

I knew you had an ace up your sleeve, you naughty boy.

For information about Living Insurance, see The Man from Equitable. For career opportunities at Equitable, see your Placement Officer, or write: Patrick Scollard, Manpower Development Division.

## Lectures This Week

Ten distinguished lecturers will discuss topics ranging from studies on dogs and cats to the evolution of the brain in separate public lectures this week at UConn.

Dr. Lincoln E. Moses, head of the department of statistics at Stanford University will speak today, at 2:30 p.m. in the Social Sciences Building, on the topic "Statistical Problems of the National Halothane Study."

At 3:45 p.m., Dr. Jacob Perlman, an international economist, will discuss "Technical Assistance and Economic Development." Dr. Perlman, who will also speak in the Social Sciences Building, is a visiting professor of economics.

Professor Edward A. Leonard, of Columbia University will discuss "Development of Non-clotting Surfaces, the Chemical Engineer's Role," tomorrow at 4 p.m. in the Engineering Building.

Wednesday, Dr. John C. Hoy, dean of admissions at Wesleyan University, will discuss "The University and the Disadvantaged," at 8 p.m. in the Commons Building.

David Wheeler, director of the Theater Company of Boston, will discuss O'Neill's "Long Day's Journey into Night," in an English Department colloquia in modern literature, at 4 p.m. in the Humanities Building.

Dr. Robert Squires of the Johns Hopkins University Department of Pathology, will discuss "Studies on Canine and Feline Lymphomas," in a comparative pathology seminar, Thursday at 11 a.m., in the Life Sciences Building.

Also on Thursday, "Nuclear Magnetic Resonance Studies in Liquid Crystal Solvents" will be discussed in a chemistry colloquium by Dr. Saul Meiboom, of Bell Telephone Laboratories, Murray Hill, N.J., at 4 p.m. in the Physical Sciences Building.

Dr. Klaus Mampell, of the University of Milan, will discuss "Extra-chromosomal Transmission of Tumor Gene Expression in Drosophila," at 4:30 p.m. Thursday, in the Life Sciences Building.

## Mrs. Knobler's Work On Display

Paintings by Lois Jean Knobler are on exhibit at the Fine Arts Center.

The one-man show consists of 20 recent paintings in oil, acrylic and water color.

Paintings by Mrs. Knobler also were selected for exhibition in the American embassy in Uruguay and in an exhibit at the Fogg Museum.

(Photo by Barker)

## Activities

**UNIVERSITY CHORUS:** Will meet today and Thurs. at 4 PM in 101 Music Bldg.

**AM. SOCIETY CIVIL ENGINEERS:** Meeting Wed at 7 pm in Engr. I. Guest speaker: Rep. from Am. Bridge Div., US Steel speaking on Tagus River Bridge, Lisbon, Portugal. This structure has the deepest foundations of any bridge in the world. Refreshments served afterward.

**DOLPHINETTES CLUB:** Meet tonight in Hawley Arm. from 7-9. All members are required to attend.

**PHOTOPOOL:** Meeting tonight at 7 in SU 214.

**ORCHESTRAS:** Meets 7 PM every Mon from 7-9 pm. Armory and Dance Studio.

**MANSFIELD VOLUNTEER:** Bus leaving daily Mon thru Thurs. from SU at 2:30 and returning at 4 and 5.

**CONCERT CHOIR:** Will meet today at 6 PM in 101 of the Music Building.

**HONORS PROGRAM COUNCIL:** Meeting 7 PM Harvey House.

The junior class is sponsoring a trip to the Stratford Shakespearean Theatre on Friday, May 5 to see "A Midsummer Night's Dream." The cost will be \$3.50 for the theatre ticket and \$1.15 for the bus ticket. The bus will leave from the Student Union at 6:00 p.m. and return before curfew. Tickets will be on sale from April 27 to May 4 at the Student Union. For any further information contact Donna Gilmore at 429-1310.

Activities Notices must be handed in to the CDC office (mezzanine floor of the Student Union) no later than 3:00 p.m. on the day before which it is to appear.

Students are reminded that activities do not appear daily and are omitted if there is a lack of space. Notices will run no longer than three days in succession.

Activities Notices should contain, time, place and date of activity.

## Expert On Russian Lit Here Tuesday

A noted expert on Russian literature, Dr. Nadejda Gorodetzky, is scheduled to discuss "New Trends in Post-Stalin Soviet Literature" Tuesday, April 25, at UConn.

Dr. Gorodetzky, who is head of the department of Russian at the University of Liverpool, will deliver the public lecture in English at the Humanities Building at 2:30 p.m.

A prolific author, Dr. Gorodetzky also is honorary president of the Association of Teachers of Russian in Great Britain and is former president of

the British Universities Association of Slavists.

Her visit to Campus is sponsored by the department of Germanic and Slavic Languages with the cooperation of the UConn Alumni Visiting Lecturers Series.

Dr. Gorodetzky, who has written many books and articles on Russian literature also is the author of several novels written in French.

She received her bachelor's, master's and doctor's degrees from the University of Oxford where she taught before joining the staff of the University of Liverpool.

7 p.m. in Von der Mehden on the topic "Education--An Agenda for Action."

The Council also discussed the project of attempting to persuade the Board of Trustees to allow the University to confer honorary degrees. Progress was being made, she said, and she hoped for some action, especially since the Senate has gone on record as supporting the proposal.

## Junior Class...

From page one

et. She asked for volunteers to help staff the booth during that period.

Miss Gilmore also presented that the Class, in conjunction with the Committee on University Reform, would be sponsoring a lecture by Dr. William Arrowsmith, now teaching at Yale. Arrowsmith will speak May 2 at

## Warriors Keep Alive

The San Francisco Warriors kept alive their slender chance of winning the National Basketball Association Championship by upsetting the Philadelphia 76-ers, 117 to 109, in Philadelphia. Despite the loss, Philadelphia leads the best-of-seven final series, three games to two, and can clinch the title by beating the Warriors tomorrow night in San Francisco.

The Warriors overcame the 76-ers in the fifth game by outscoring Philadelphia, 33 to 13, in the final period. Going into the 4th quarter, Philadelphia led, 96 to 84. And a free throw at the start of the period gave the 76-ers a 13-point advantage.

## Coaches Honor Vancisin

Joe Vancisin, veteran coach of the Yale varsity basketball team, has recently been honored by his colleagues in being named to a directorship of the National College Basketball Coaches Association.

The appointment came at the group's annual meeting in Louisville, Kentucky.

Vancisin joins a distinguished group of mentors who are charged with decision and policy making functions on this ruling body. Other directors include: Adolph Rupp of Kentucky; Harold Bradley of Texas; Fred Taylor of Ohio State; Bill Gardiner of Loyola (New Orleans) and Bill Wall of McMurry. Current officers of the group are: president, Henry Iba of Oklahoma State; first vice president Stan Watts of Brigham Young; second vice president John Egli of Penn State and third vice president Steve Balko of Oregon.

Yale has won 140 games and lost 115 since Vancisin became head coach of the sport here in 1956. In the eleven seasons that Joe has served, he has become the winningest coach in the history of basketball at Yale. His predecessor, Howard Hobson, had previously held the record of 121 victories from 1948 through 1956.

Vancisin, a native of nearby Bridgeport, Conn., and a 1944 graduate of Dartmouth College, where he was a basketball and baseball standout as an undergraduate, is also the freshman golf coach at Yale. He is married to the former Elizabeth Ann Butler. He and his wife reside in Branford with their two children, Richard and Susan.

Community Chest Carnival in the Field House. Intramurals will be played in all sports listed. Archery equipment is available at equipment room and targets are set up for general use.

Then the warriors reeled off ten consecutive points and pulled to within three points, 97 to 94. They finally tied the score, 102 to 102, with three and one-half minutes remaining. A technical foul by Rick Barry and a free throw by Nate Thurmond with two minutes and six seconds left put the Warriors ahead to stay, 107 to 105.

Barry topped the Warriors with 36 points. And Tom Meschery sparked the Warriors' comeback with eleven points in the final period. Hal Greer led the 76-ers with 20 points.

### Downing Strong

Al Downing's strong relief pitching and a five-run rally in the fifth inning enabled the New York Yankees to defeat the Boston Red Sox, 7 to 5.

Downing, who blanked the Red Sox for five innings in last week's 18-inning marathon, again stymied the Boston batters. After relieving in the fourth inning, he did not allow a single run, permitted only one hit and struck out seven.

The Red Sox took an early 5 to one lead with the help of Carl Yastrzemski's two-run homer and Russ Gibson's two-run double. But the Yankees' fifth-inning uprising put them ahead, 6 to 5. Elston Howard's two-run double capped the rally, driving in the tying and winning runs.

Yastrzemski and Boston manager Dick Williams were ejected from the game for arguing on pitched balls.

### Losing Streak

The Cincinnati Reds scored four runs in the first inning before a batter was retired and went on to hand the Houston Astros their seventh straight defeat, 5 to 3.

Singles by Tommy Harper, Vada Pinson, Pete Rose, Deron Johnson and Tony Perez produced the Reds' big opening inning against rookie Don Wilson. Reliever Bo Belinsky then blanked Cincinnati on one hit for five innings before the Reds scored their final run off Carroll Sembera on consecutive doubles by Perez and Tommy Helms.

Ron Davis' homer with two on in the second inning accounted for all the Houston scoring.

Starter Milt Pappas was the winner for Cincinnati. But he needed relief help from Ted Abernath over the final two innings.

The Cubs' other four runs came in the fourth inning and were unearned because of an error by Pittsburgh first baseman Donn Clendenon. Adolfo Phillip's two-run single was the key hit in the inning.

Ferguson Jenkins went the distance for the Cubs and struck out ten. He was tagged for homers by Clendenon and Roberto Clemente.

### Rookie Homers

Rookie Norm Gigon's three-run homer -- his first in the major league -- helped the Chicago Cubs beat the Pittsburgh Pirates, 7 to 3.

Gigon connected in the fifth inning off losing pitcher Juan Pizarro, who was making his first start for the Pirates.

UConn's baseball game with Boston College on Saturday was not played due to the poor condition of the field which resulted from the week's rain.

## Lacrosse...

From page eight

conference with the Nichols' coach. Angered by the unusual decision, UConn's Bob Fader, Bob Gustavson and Jim Morgan went on to put UConn's total up to 11. Nichols' last two goals came after the game was long iced for the Ukes.

Thursday afternoon's victory over Rhodey at Kingston, was Jim Morgan's second straight game where he scored six goals and Skip Brooks' second straight game with no allowing a ball into the nets. Connecticut scored quickly tallying six goals in the first quarter and five in the second.

Harvey Stoler was credited with 11 assists and two goals. Bob Gustavson was next in scoring honors with 2 goals and three assists while Carl Wessinger was next with 2 goals. Five Huskie Middles were accredited with one goal apiece as Bruce Filler, Bob Fader, Marc Schumacher, Skip Reynolds and Kevin Barker each tallied. Steve Dixon usually on defense but moved to attack midway through the game tallied UConn's other goal.

Rhode Island scored its three goals in the second half on fast breaks. Coach Osur's and Giamelli's defense stole or easily cleared the ball when it passed the midstripe. Goalie Skip Brooks accounted for two saves, no goals and Tom Cheska accounted for three saves.

These two victories gives UConn a 3-2 record after two early

season losses. With Saturday's convincing victory over Nichols the Uke stickmen will hungrily go after their fourth victory next Saturday against WPI at Worcester, Massachusetts.

## Garry Helms Clemson Shortstop Bats .450 In Atlantic Coast Contest

GREENSBORO, N.C. (AP) - Clemson shortstop Garry Helms continues to pace the Atlantic Coast Conference's batting race.

Helms is batting .450 with 18 hits in 40 trips to the plate while South Carolina's Mike Fair threatens with a .404 average.

However, two other players may be top challengers in later weeks.

John Hetrick of Maryland is hitting .533 on 8-for-15 but is not listed in the statistics because Maryland has played only eight games.

North Carolina's Skip Hall has a .518 average but his official times at bat are slightly below the minimum. He has 14 for 17 in the Tar Heels' 14 games.

## Don't let the low price scare you off.

\$1639\*

That's the price of a new Volkswagen. Some people won't buy one because they feel they deserve something costlier. That's the price we pay for the price we charge.

And some people are afraid to buy one because they don't see how we can turn out a cheap car without having it turn out cheap.

This is how:

Since the factory doesn't change the bug's shape every year, we don't have to change the factory every year.

What we don't spend on looks, we spend on improvements to make more

people buy the car.

Mass production cuts costs. And VWs have been produced in a greater mass (over 11 million to date) than any car model in history.

Our air-cooled rear engine cuts costs, too, by eliminating the need for a radiator, water pump, and drive shaft.

There are no fancy gadgets, run by push buttons. (The only push buttons are on the doors. And those gadgets are run by you.)

When you buy a VW, you get what you pay for.

What you don't get is frills. And you don't pay for what you don't get.

## Huskies In an Uproar Rout URI and Nichols

Tom Cheska

UConn's varsity Lacrosse team extended its win streak to three this past weekend with decisive victories over previously undefeated Nichols College Saturday afternoon and an 18-3 rout over Yankee Conference rival Rhode Island Thursday.

Saturday's victory, the most convincing so far this season, was highlighted by midfield ball control, some fine defensive clears, good backup by the attack and questionable refereeing. Bob Gustavson led UConn's attack with four goals and one assist as the Huskies avenged last year's one point defeat at the hands of Nichols.

Harvey Stoler started the Huskies off by tallying UConn's sole first quarter score. Bob Gustavson put in two unassisted shots and Jim Morgan tallied one with a pass from Harvey Stoler to give UConn a two goal halftime advantage.

The UConn ball control, offensive backup and quick defensive clearing made the difference

in the third quarter as UConn scored four goals to give them an 8-3 third quarter lead. Bob Gustavson scored quickly unassisted to start the offensive plunge. Midfielder Phil Friedman tallied on a pass from Kevin Burke, followed by Marc Schumacher's score with the help of Bruce Filler and Doug Wooley's tally gave UConn a five goal lead at the end of the third period.

Bob Speers', a Nichols midfielder, goal at the outset of the fourth period exemplified the indecisive refereeing that hampered the playing of the game. The shot, which came past oncharging goalie Skip Brookes, hit the pole and bounced back at the same plane, was at first called a tally by the black and white pin-striped uniformed man nearest the cage since he thought the ball remained in the net. After seeing the ball on the field, and the 360 degree angle the ball took to get in its position he changed his decision. The decision on the goal was once more reversed after a

## CAHPER Cites Baley

A University of Connecticut physical education professor who developed a system of isometric (body building) exercises using an adjustable belt, has been cited by the Connecticut Association for Health, Physical Education and Recreation.

Dr. James A. Baley, whose isometric belt is under consideration for production by a sporting goods firm, received the Professional Honor Award from CAHPER. The Award is presented for outstanding contributions to the profession over a period of 15 years or more, in the form of research, publication, leadership and service.

Dr. Baley, who is an assistant professor of physical education at UConn, and CAHPER president-elect, also is the inventor of a device for practicing the "spike" (slam return) in volleyball.

Before coming to UConn, Dr. Baley taught at the University of Southern Mississippi where he developed several national and pan-American champion gymnasts. He was elected "Coach of the South" in 1959 for his contributions to gymnastics in that area.

He has served several State, national and regional professional organizations in various aspects of health, physical education and recreation. In addition, he is the author of two textbooks, "Physical Education and the Physical Educator" and "A Tumbling Manual," to be published by Allyn and Bacon Co. of Boston.

A founder of the Connecticut Gymnastic Assn., he has served the AAU, the National Gymnastics Clinic, the American Association for Health, Physical Education and Recreation, the American College of Sports Medicine and the National College Physical Education Association.
